# The Animal World ABC.

*A. Antelope — Ant-eater.*

The Antelope is a timid, pretty animal that has its home in Africa and Asia.

The Ant-eater. This strange animal has

A

*B. Bear.*

This is Bruin, the Big Brown Bear that is found in many parts of the World.

B

a long, thin tongue with which it licks up ants and other insects.

*C. Camel — Crocodile.*

C This Camel is found from Arabia to India. It is not a wild animal, but is kept because it is very useful. It can take long journeys across the sandy plains without requiring water.

The Crocodile is a savage creature that lives hard, scaly coat.

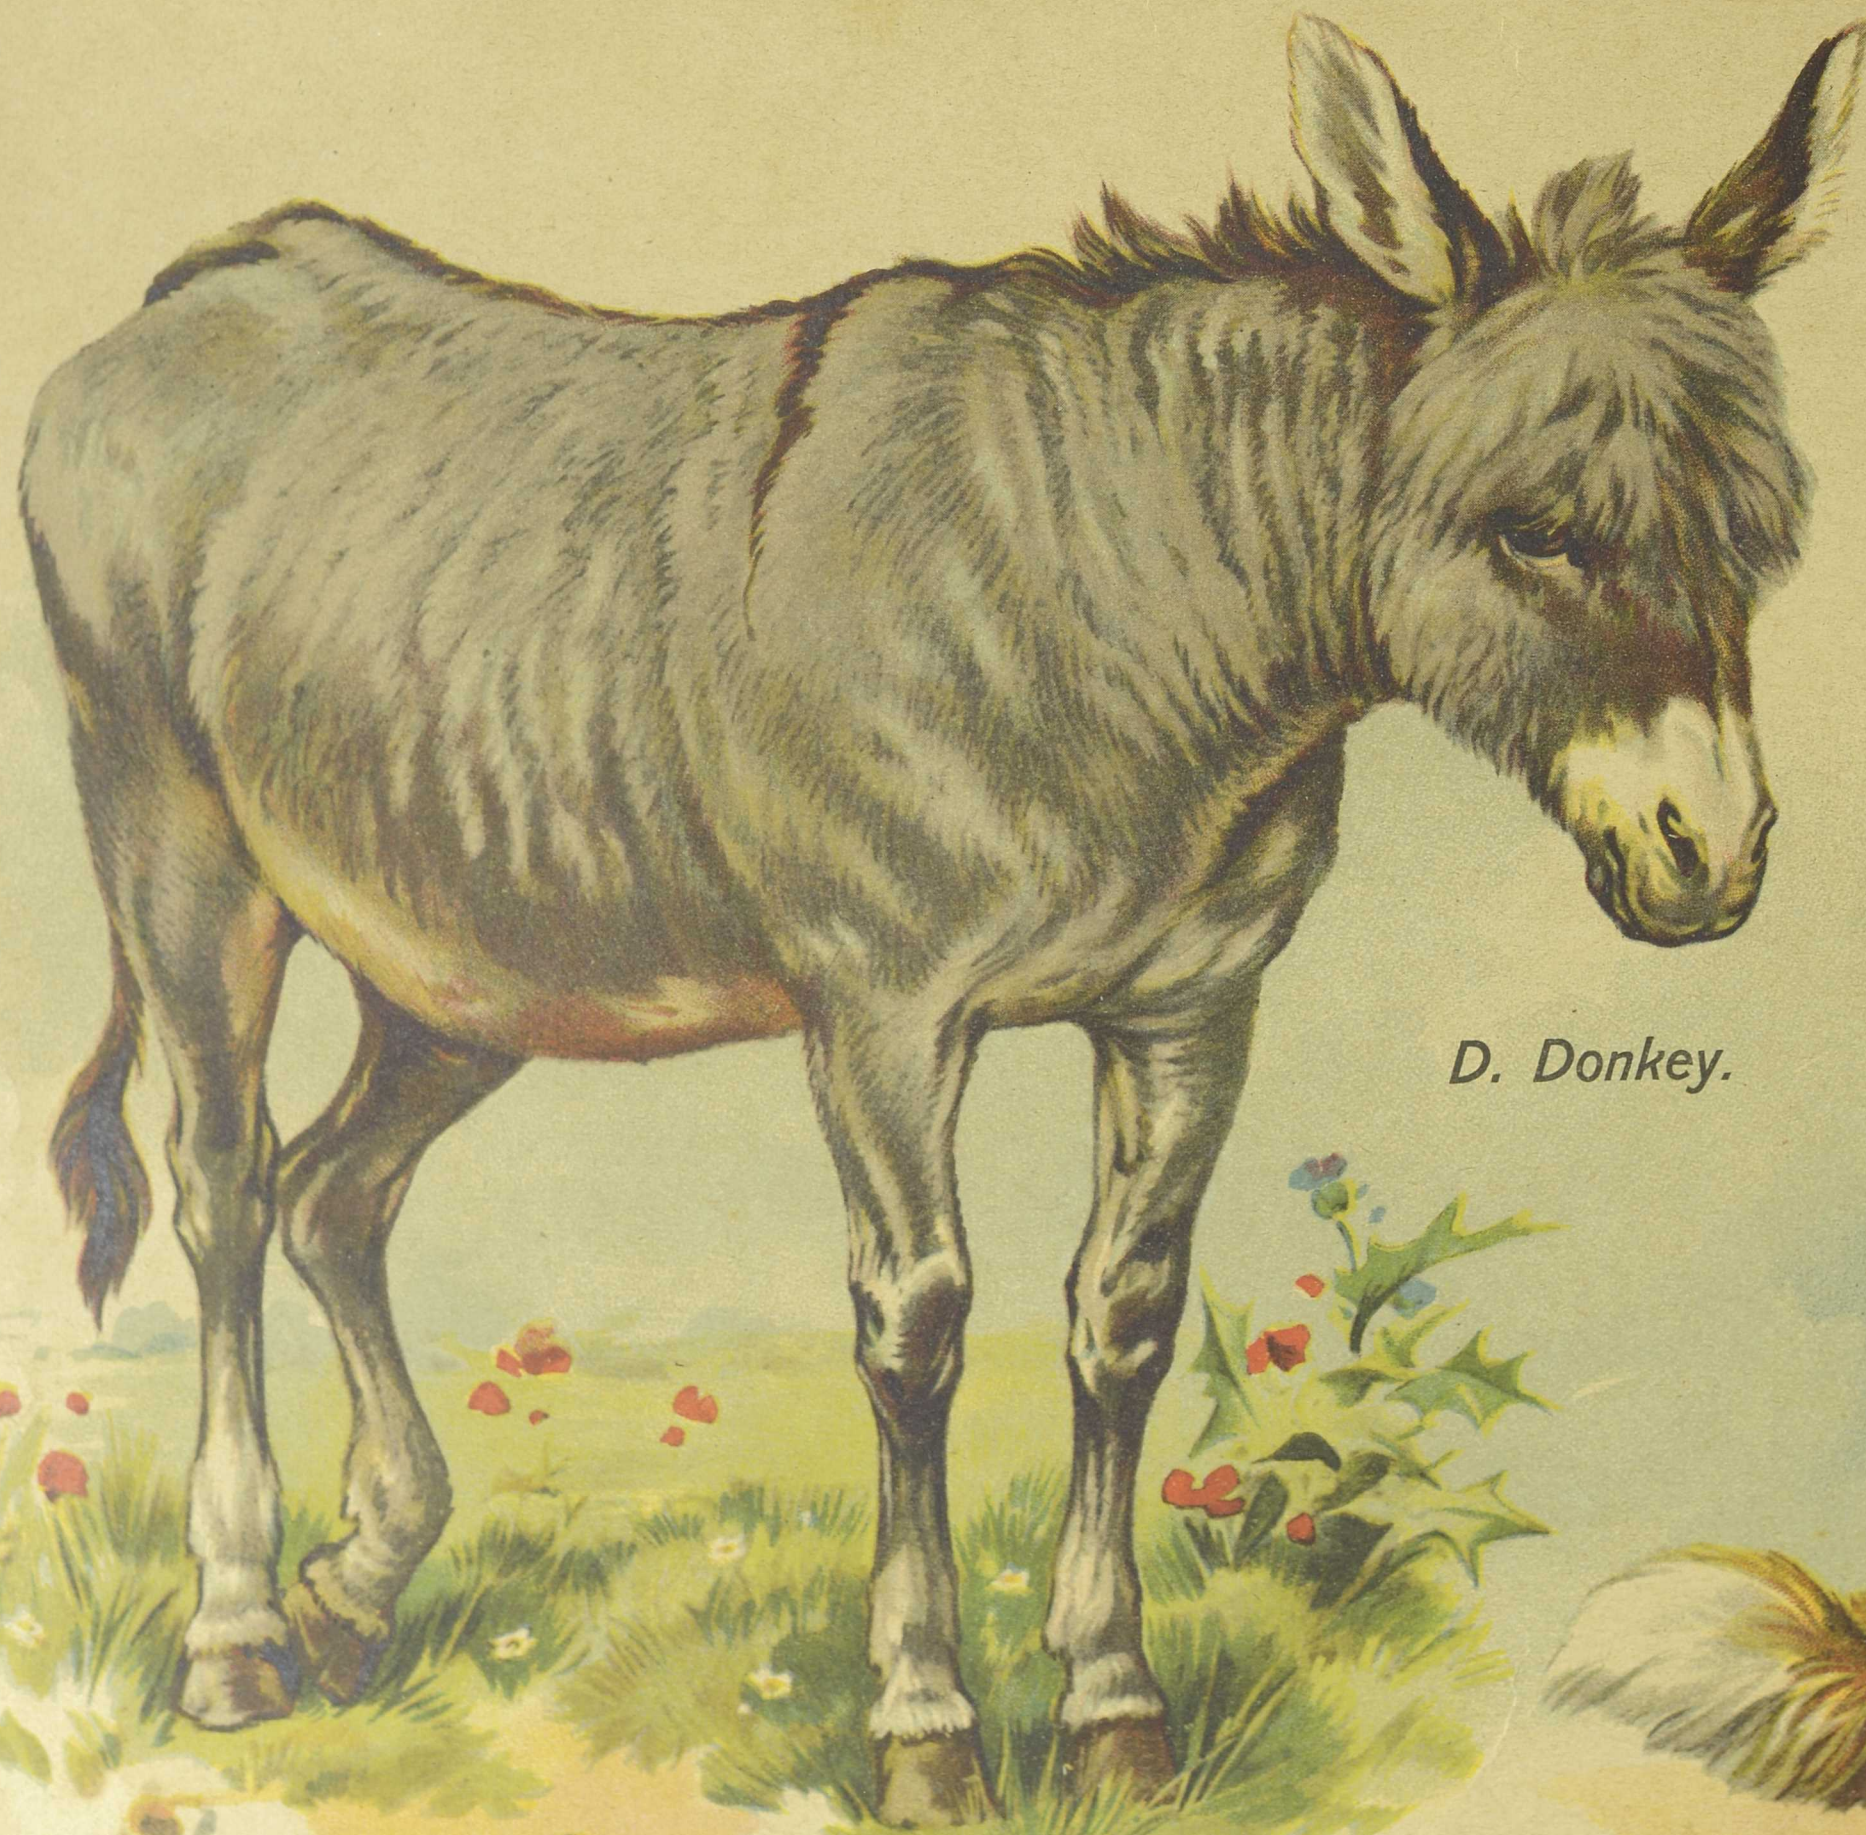

in the rivers of Africa. It has a very

D

We see Donkeys  
here at home, some-  
times in the fields,  
sometimes in carts,  
sometimes on the  
sands.

*D. Donkey.*

*Dog.*

This is our dear old Dog. He is a noble fellow, and his name is Duke.

E

*E. Elephant.*

The Elephant is one of the largest animals. He lives wild in Africa and India. This one is an Indian Elephant. Elephants are very useful animals as they are very strong, and are easily tamed and taught to work.

F

*F. Fox.*

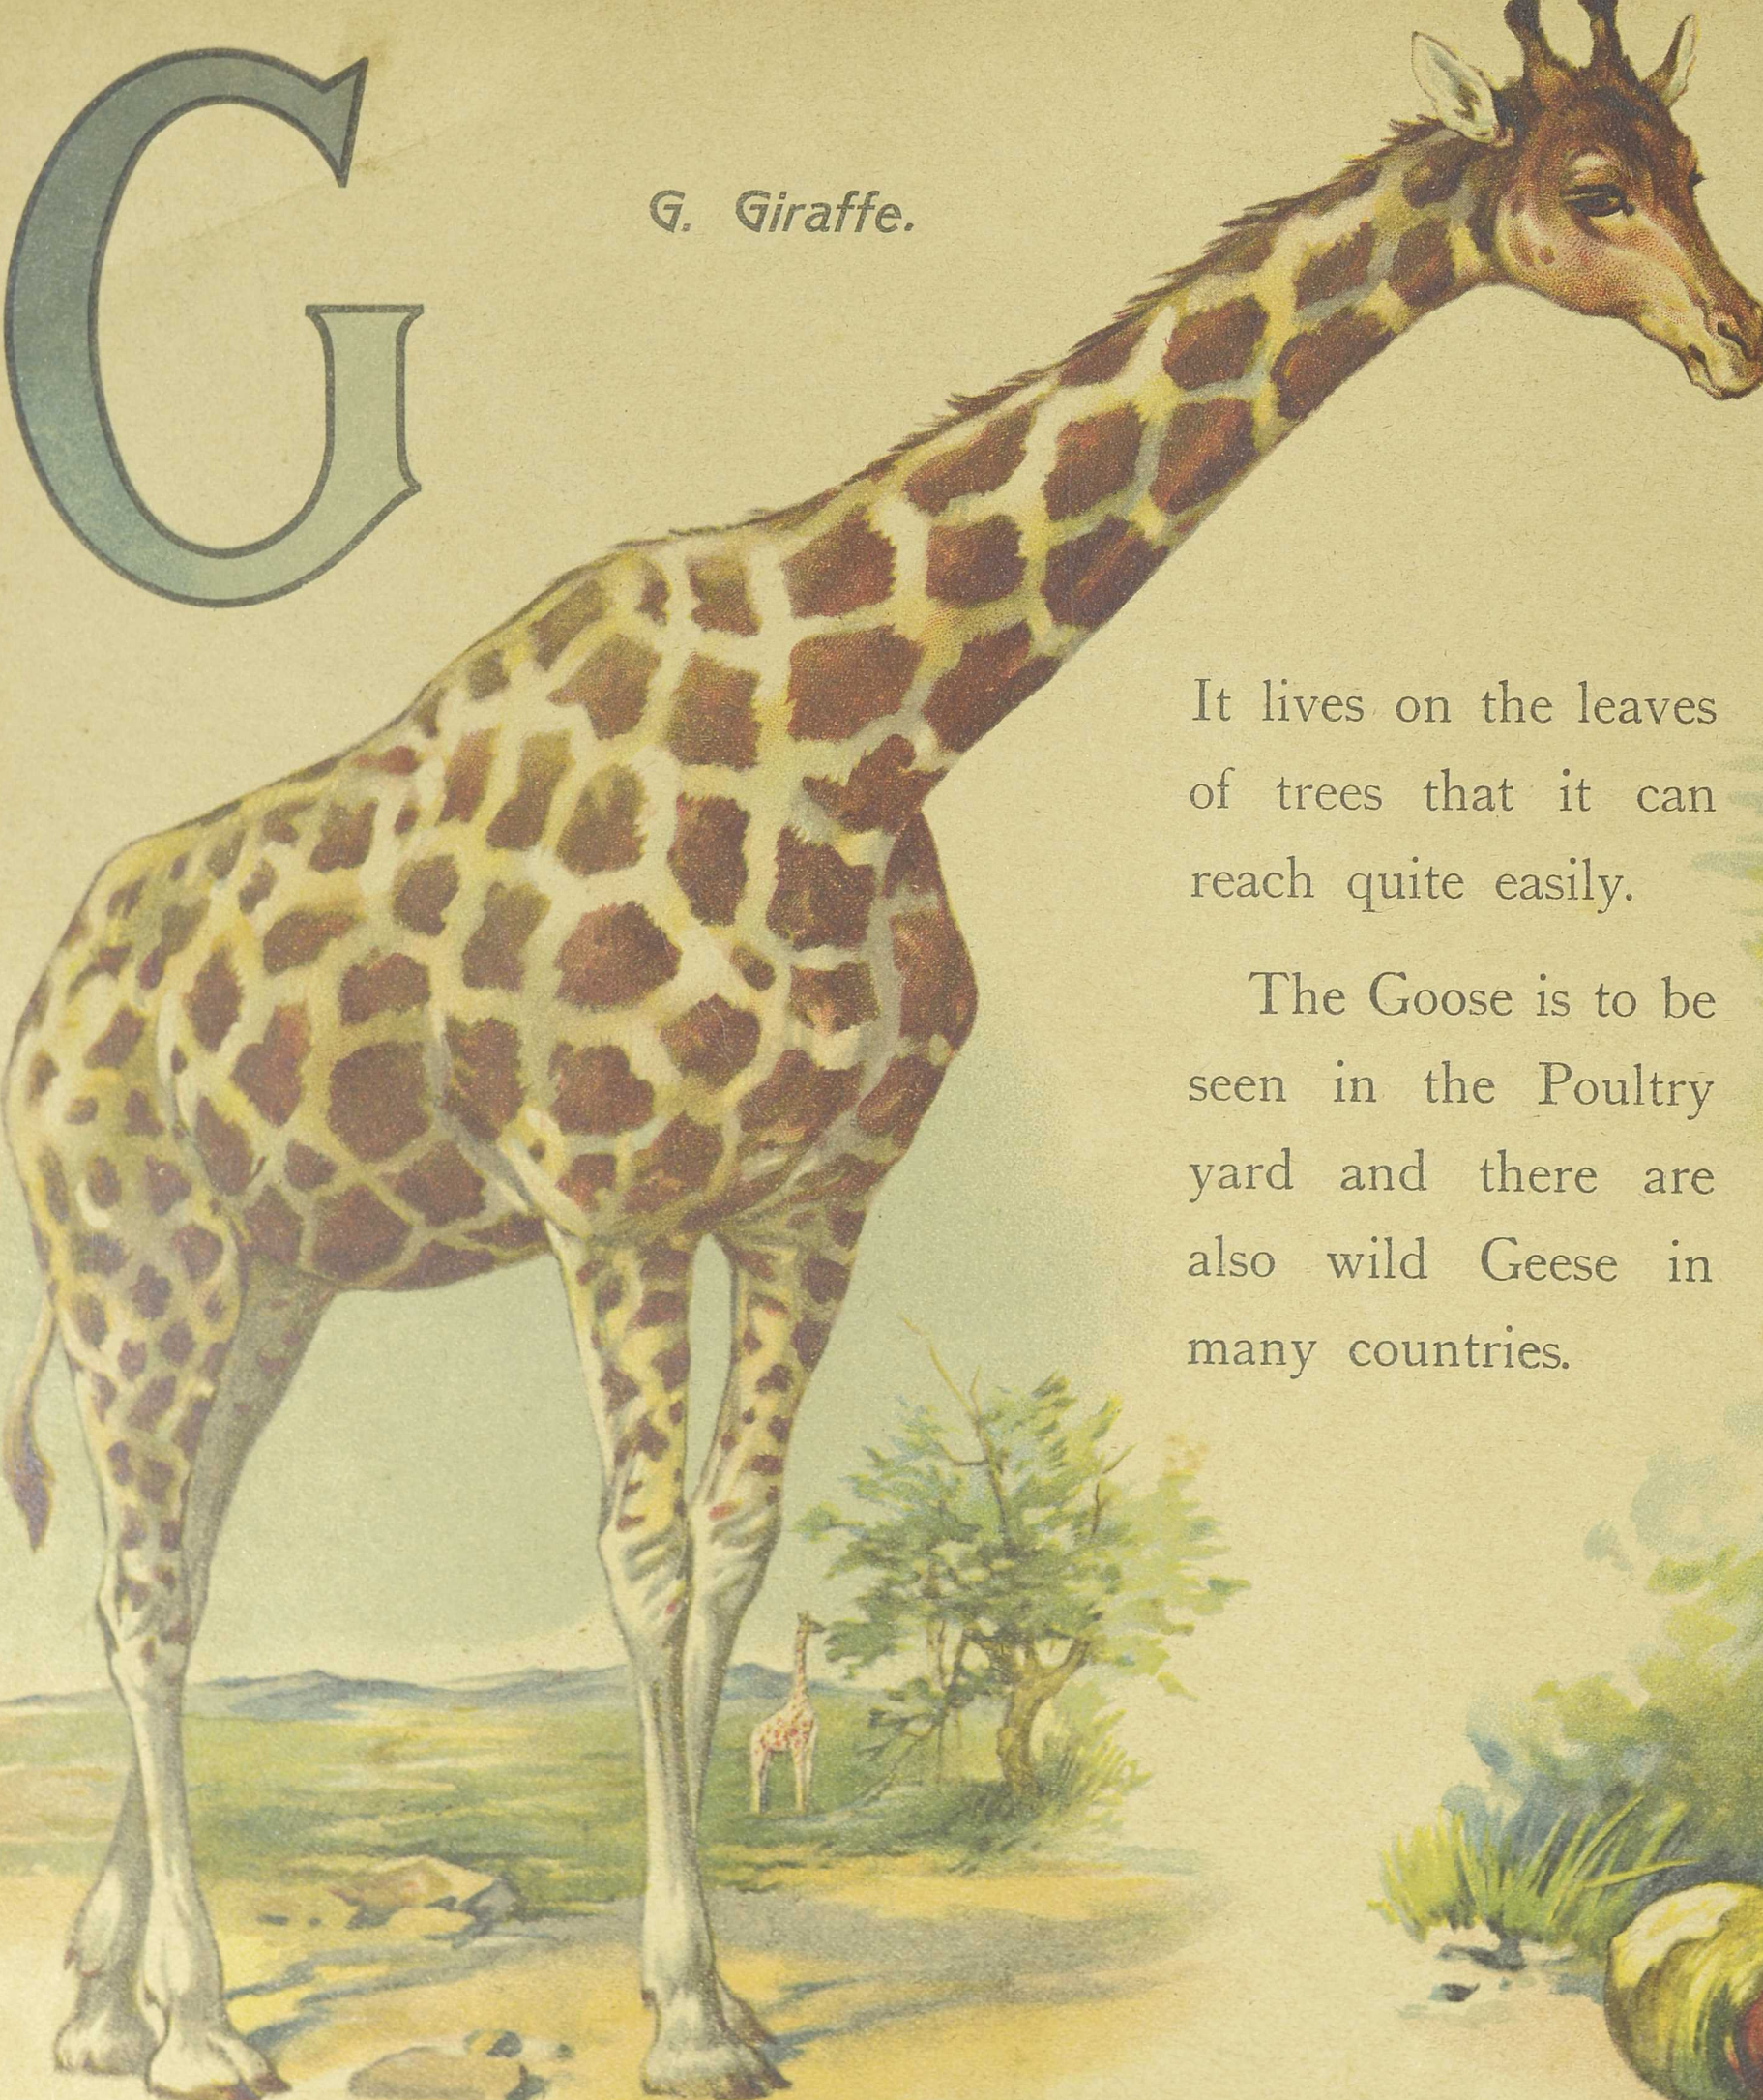

Foxes are found in all parts of the world. They are very cunning creatures, and can run very fast.

G

G. Giraffe.

It lives on the leaves of trees that it can reach quite easily.

The Goose is to be seen in the Poultry yard and there are also wild Geese in many countries.

This strange, long-necked animal comes from Africa.

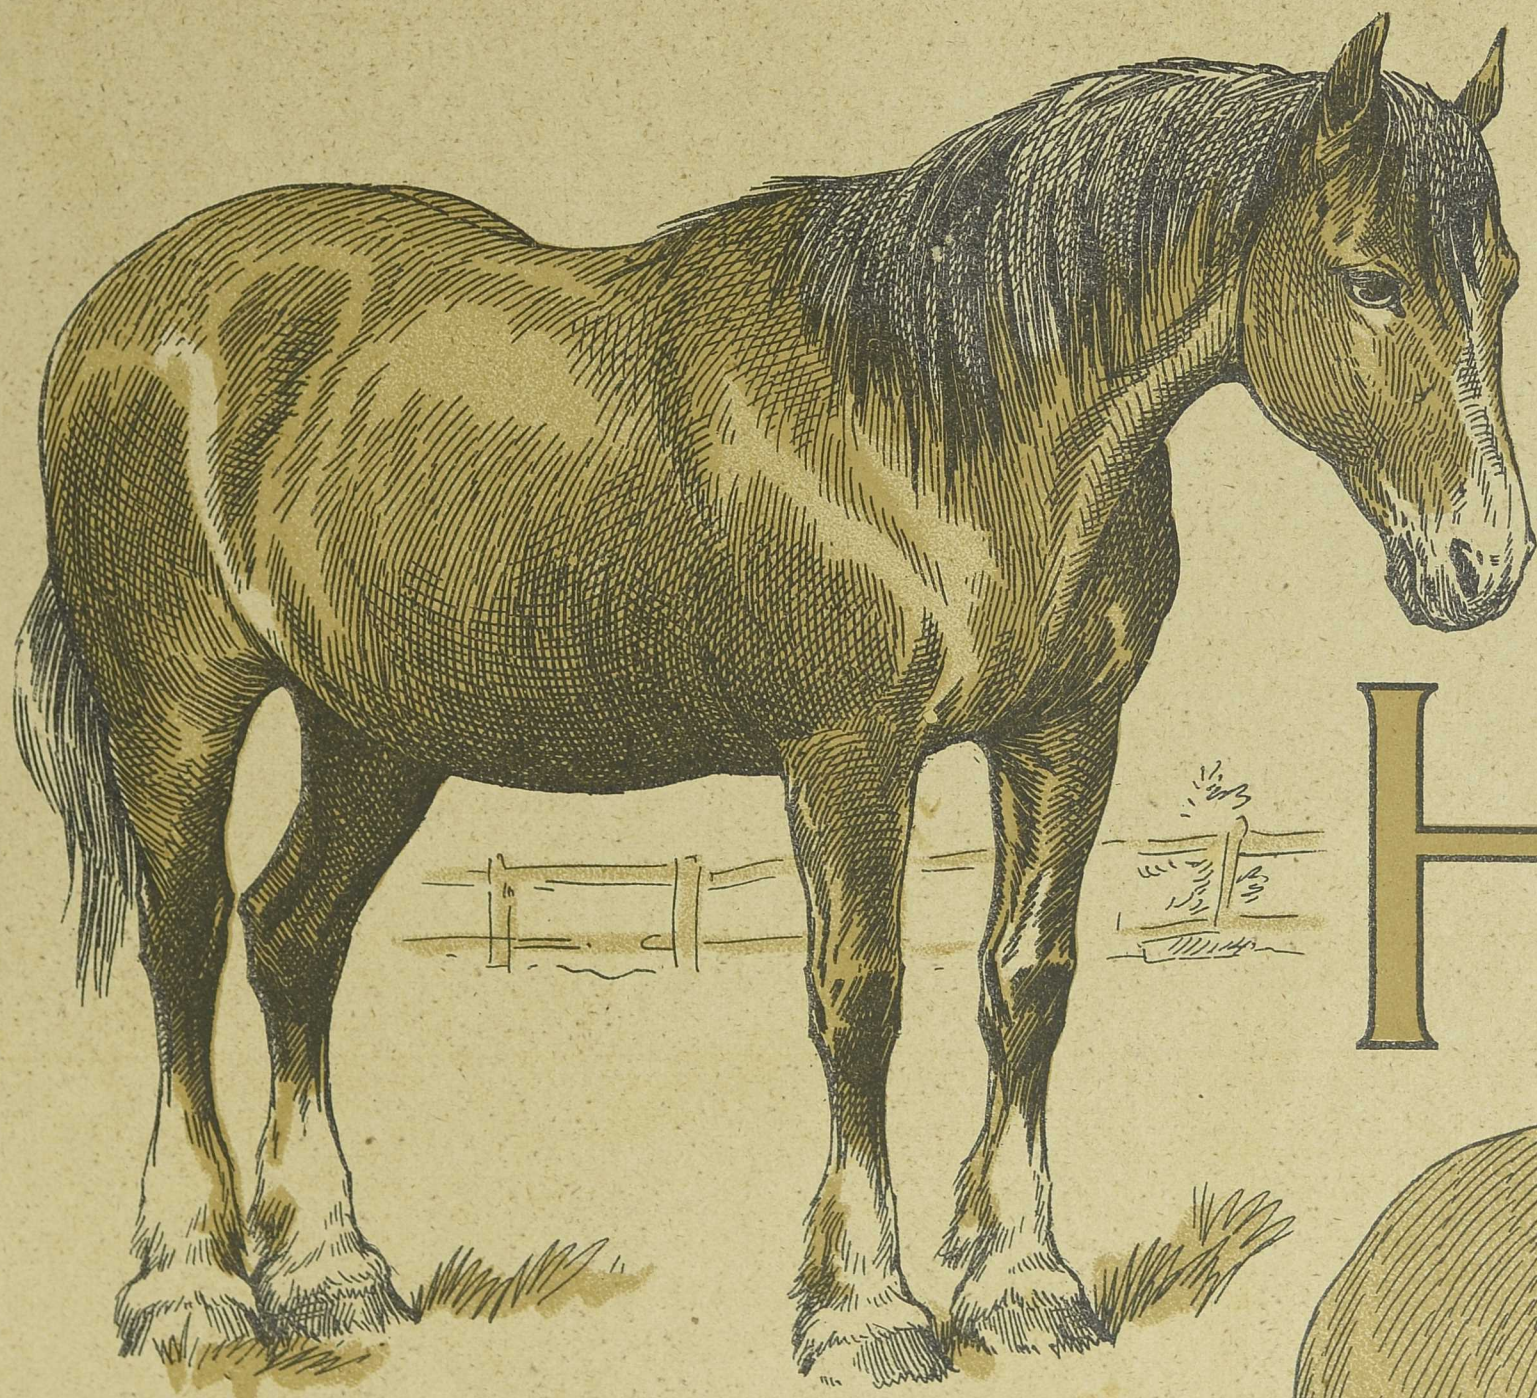

Goose.

Guinea Pigs are kept as pretty pets. South America is where they first came from.

Guinea Pig.

*H. Horse.*

The Horse can truly be called the friend of man. He works for him in many ways at all seasons of the year.

The Hippopotamus lives by the banks of the rivers in the hot parts of Africa. It spends most of its time in the water.

*Hare.*

The Hare is a timid animal, very fleet of foot.

H

*Hippopotamus.*

# I

*I. Ice Bear.*

The Ice Bear or Polar Bear is found  
in the cold North, amidst the frozen seas.

The  
Ibex is  
an  
animal  
of the  
Alps.

*Ibex.*

# J

*J. Jerboa.*

This funny little animal has its home  
in Africa and Asia.

# K

*K. Kangaroo.*

The Kangaroo is  
an Australian animal.

It can spring a distance  
of over fifteen feet.

# L

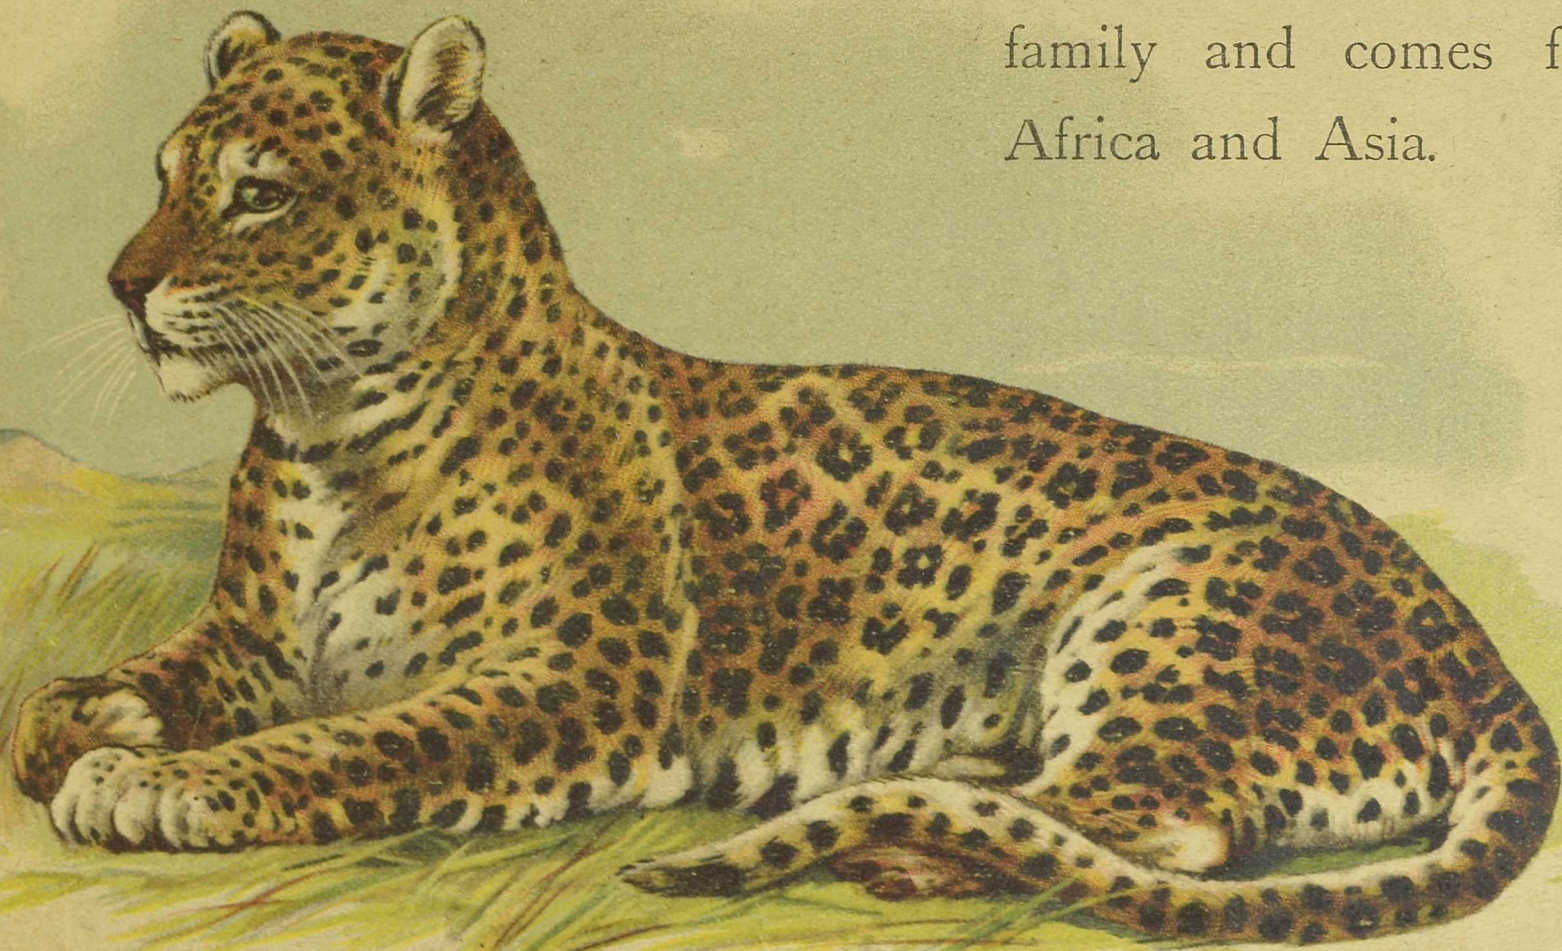

*L. Lion — Leopard.*

The Lion is called  
the King of Beasts,

he belongs to the Cat  
family and comes from  
Africa and Asia.

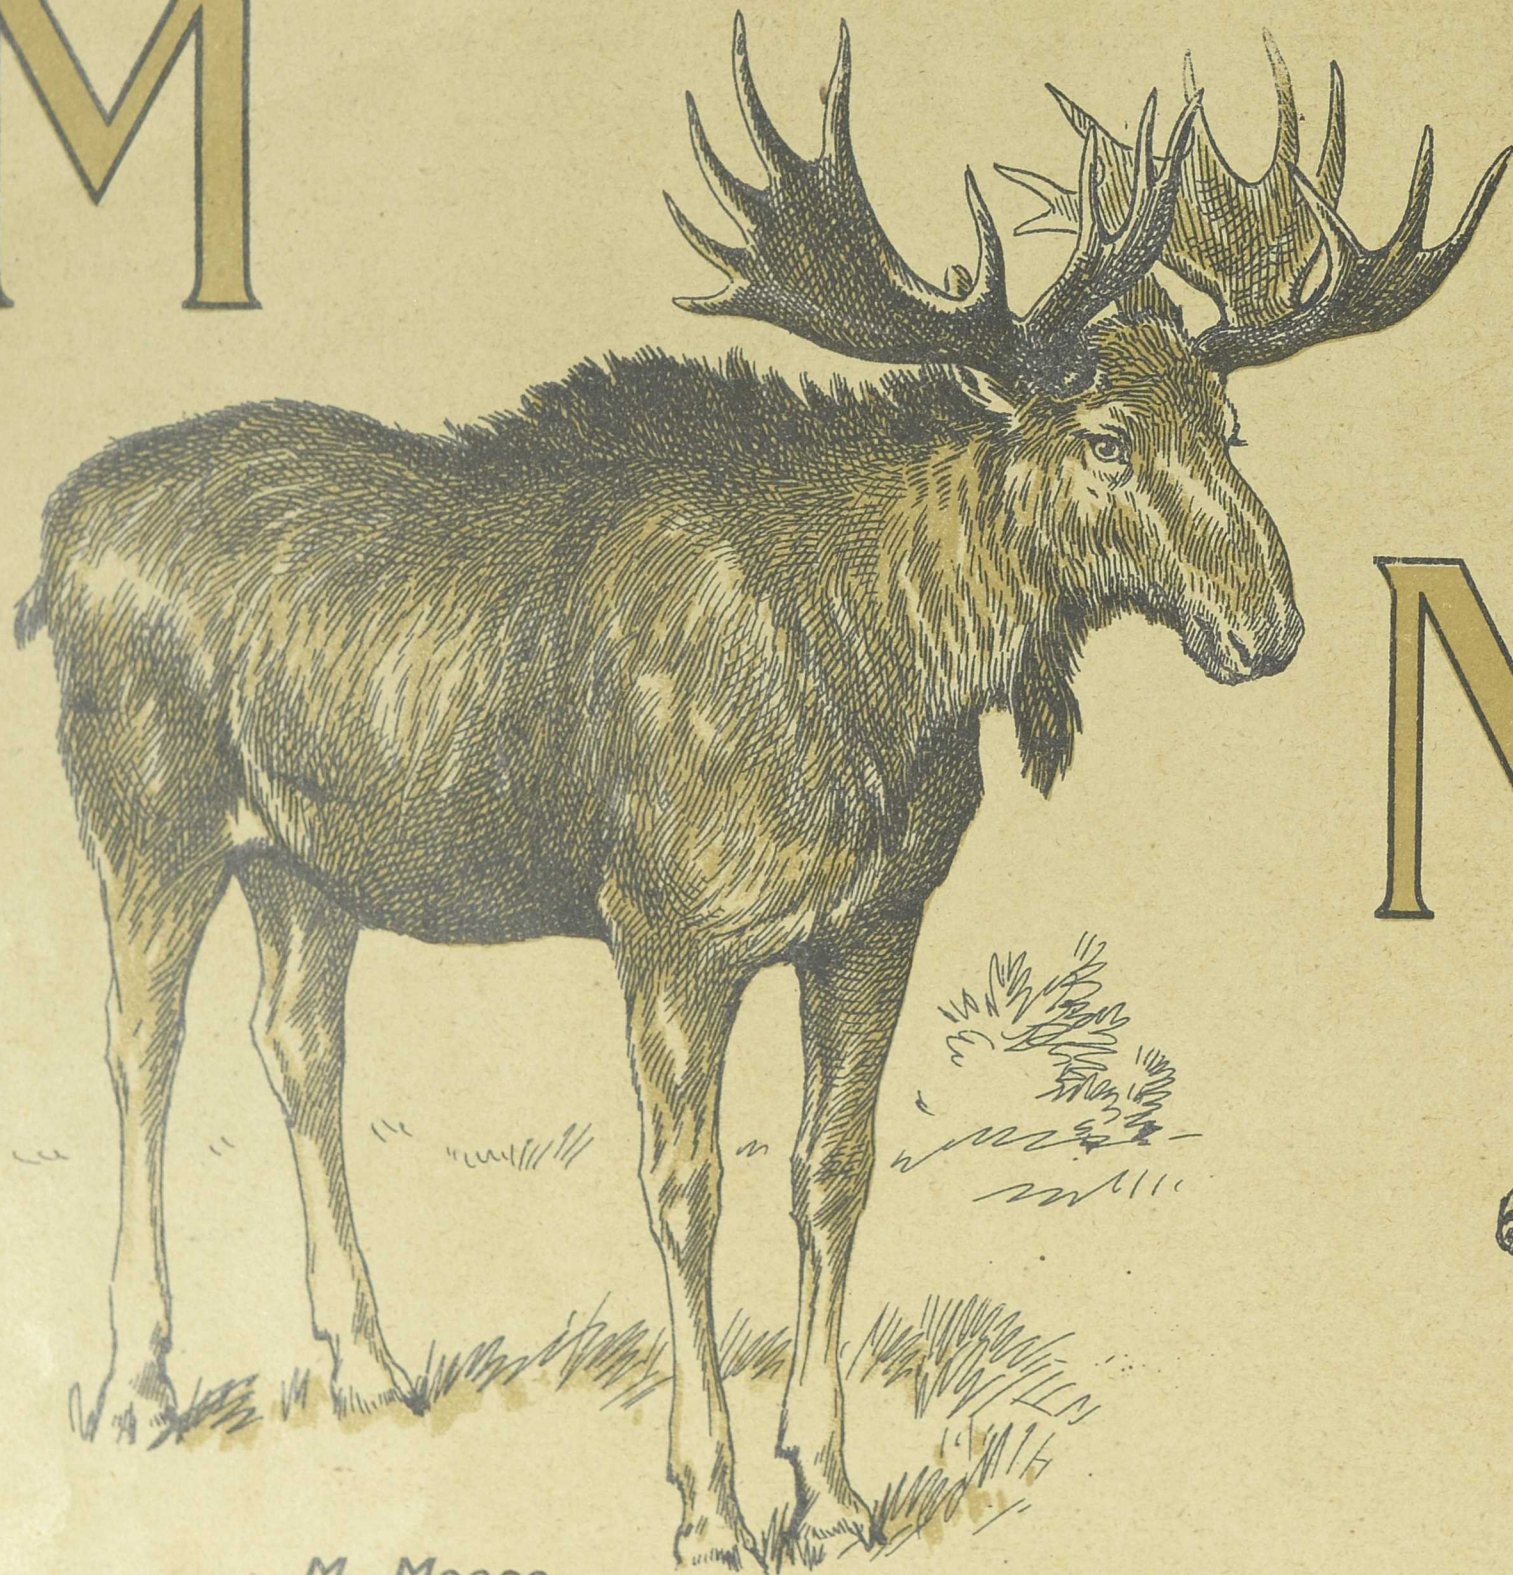

The Leopard is also a great cat  
and lives in the same countries as the Lion.

# M

*M. Moose.*

The Moose is the largest of all deer. It is also called the Elk. It is a native of Northern Europe and North America.

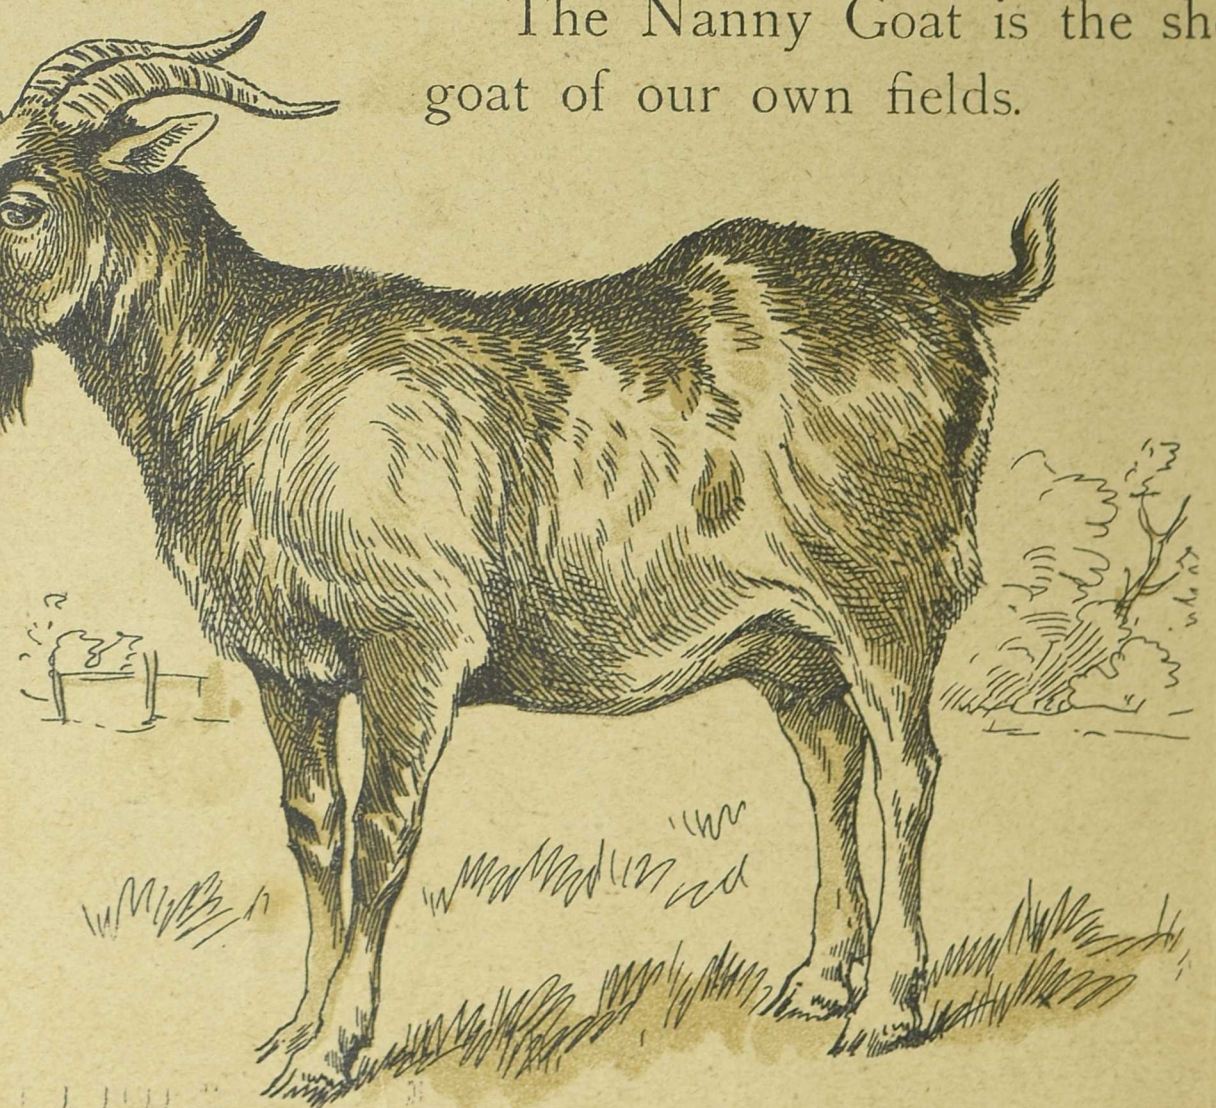

The Marmoset is a pretty little monkey of the hot parts of South America.

# N

*Marmoset.*

The Nanny Goat is the she goat of our own fields.

*N. Nanny Goat.*

O

The Ox is very valuable to the Farmer. It is the animal from which we get beef.

The Ostrich is a great African bird. It cannot fly but runs very fast with its powerful legs. Ostriches are kept on large farms and their feathers are sold for a great deal of money.

O. Ox — Ostrich.

P

*P. Peacock.*

The Peacock  
is a very  
beautiful  
bird. It

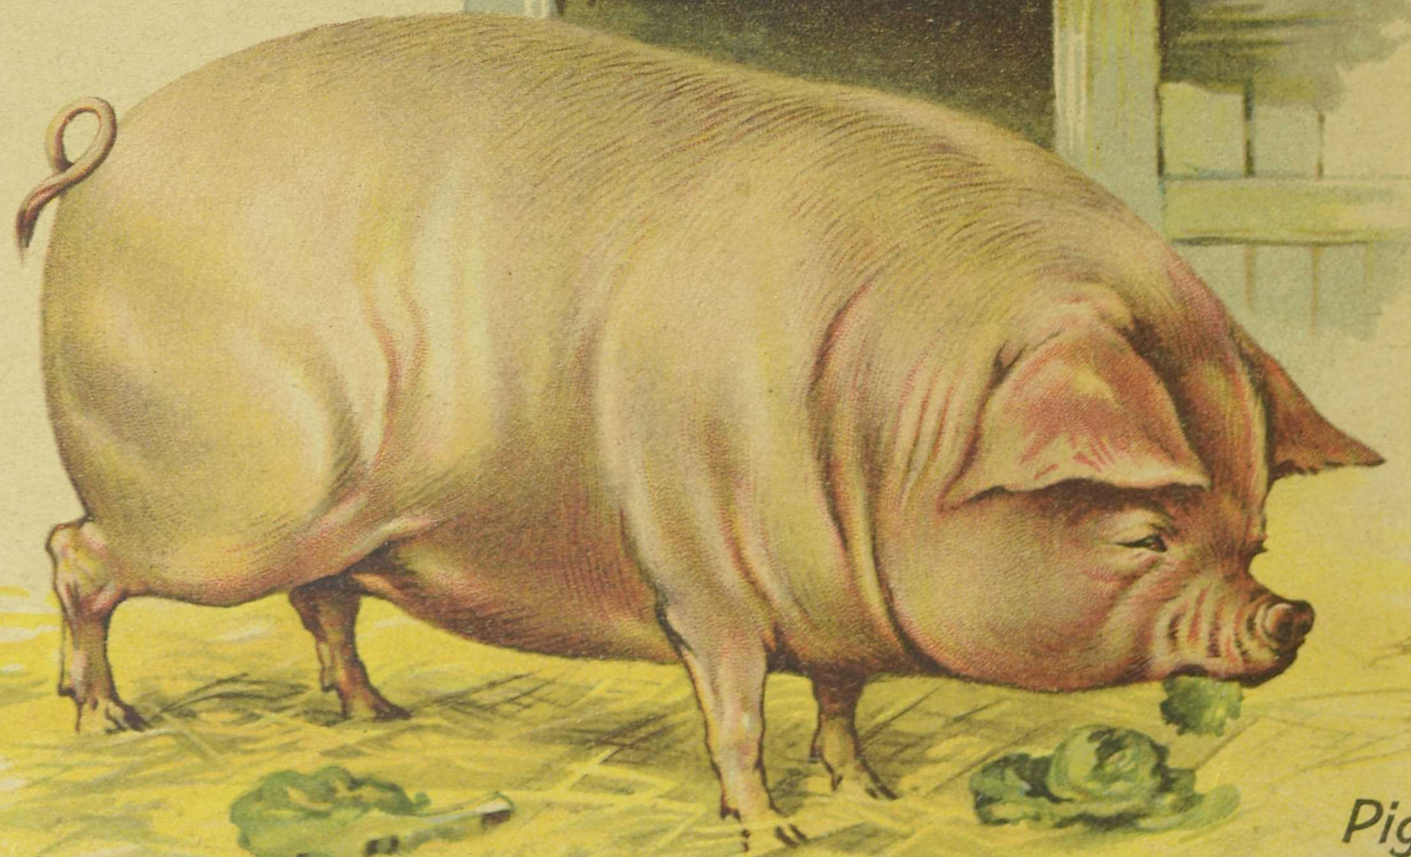

lives wild in  
Asia, but  
there are  
tame  
Peacocks  
in most  
parts of  
the  
world.

Q

*Persian Cat.*

This Pussy is a Persian Cat  
and one of the prettiest Cats to be seen.

*Pig.*

The Pig is kept on all farms and by many cottagers.

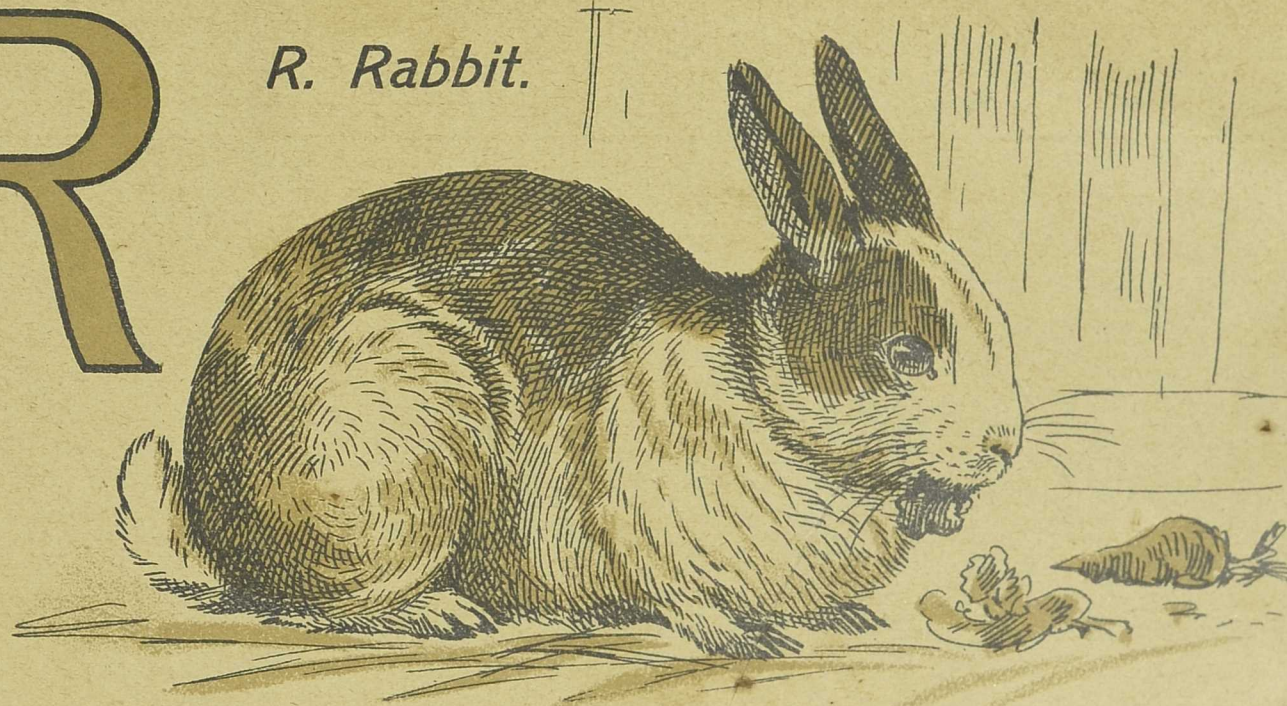

*Q. Quail.*

This is a brown bird, and very good to eat. There are plenty of Quails in Egypt and the East.

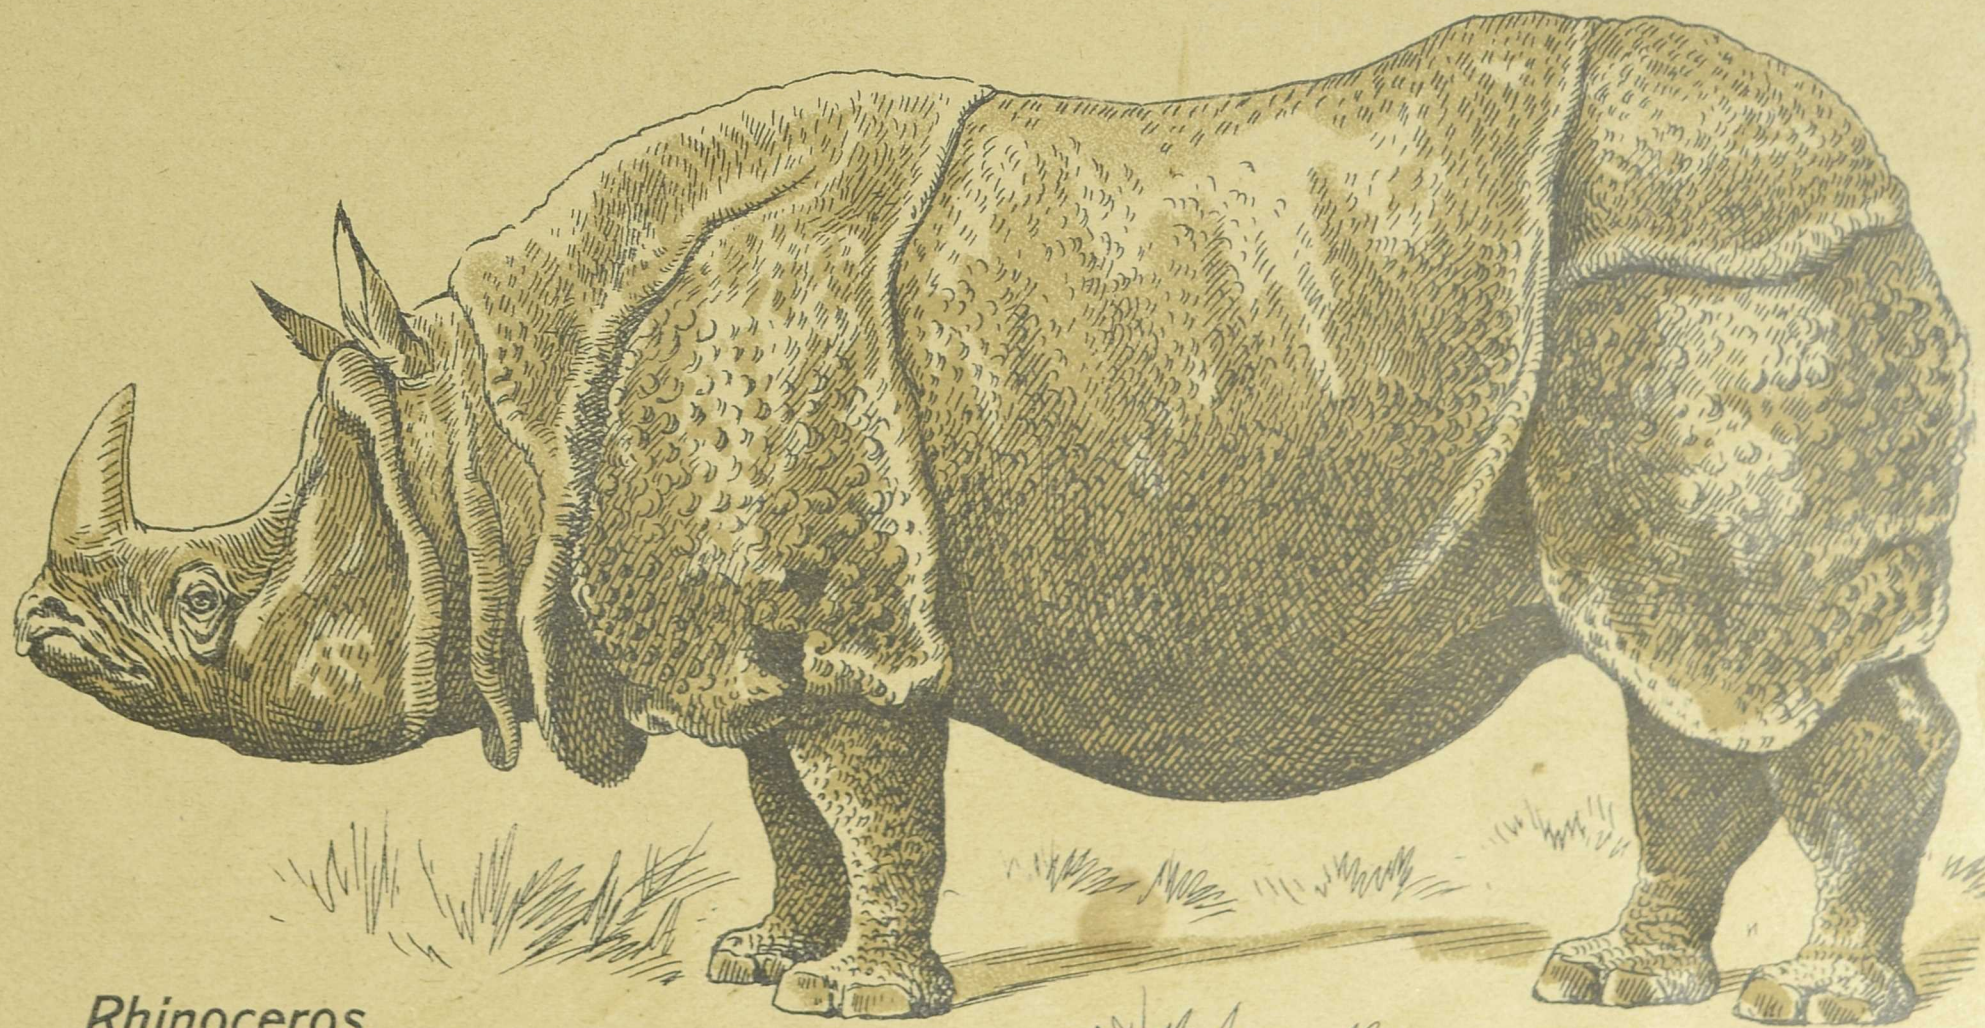

R

*R. Rabbit.*

This is a tame Rabbit, but there are great numbers of wild ones in the woods and fields.

The Rhinoceros is an African and Indian animal. It can gallop very fast, and is a terrible foe when angry. The Indian Rhinoceros has one horn on its nose, and the African has two.

*Rhinoceros.*

S

*S. Sheep.*

The Seal is a peculiar animal which spends most of its time in the sea. It has no legs, but fins. One kind of Seal is hunted for its fur.

Sheep give us wool, and mutton; their skin makes excellent leather, and their fat is turned into tallow.

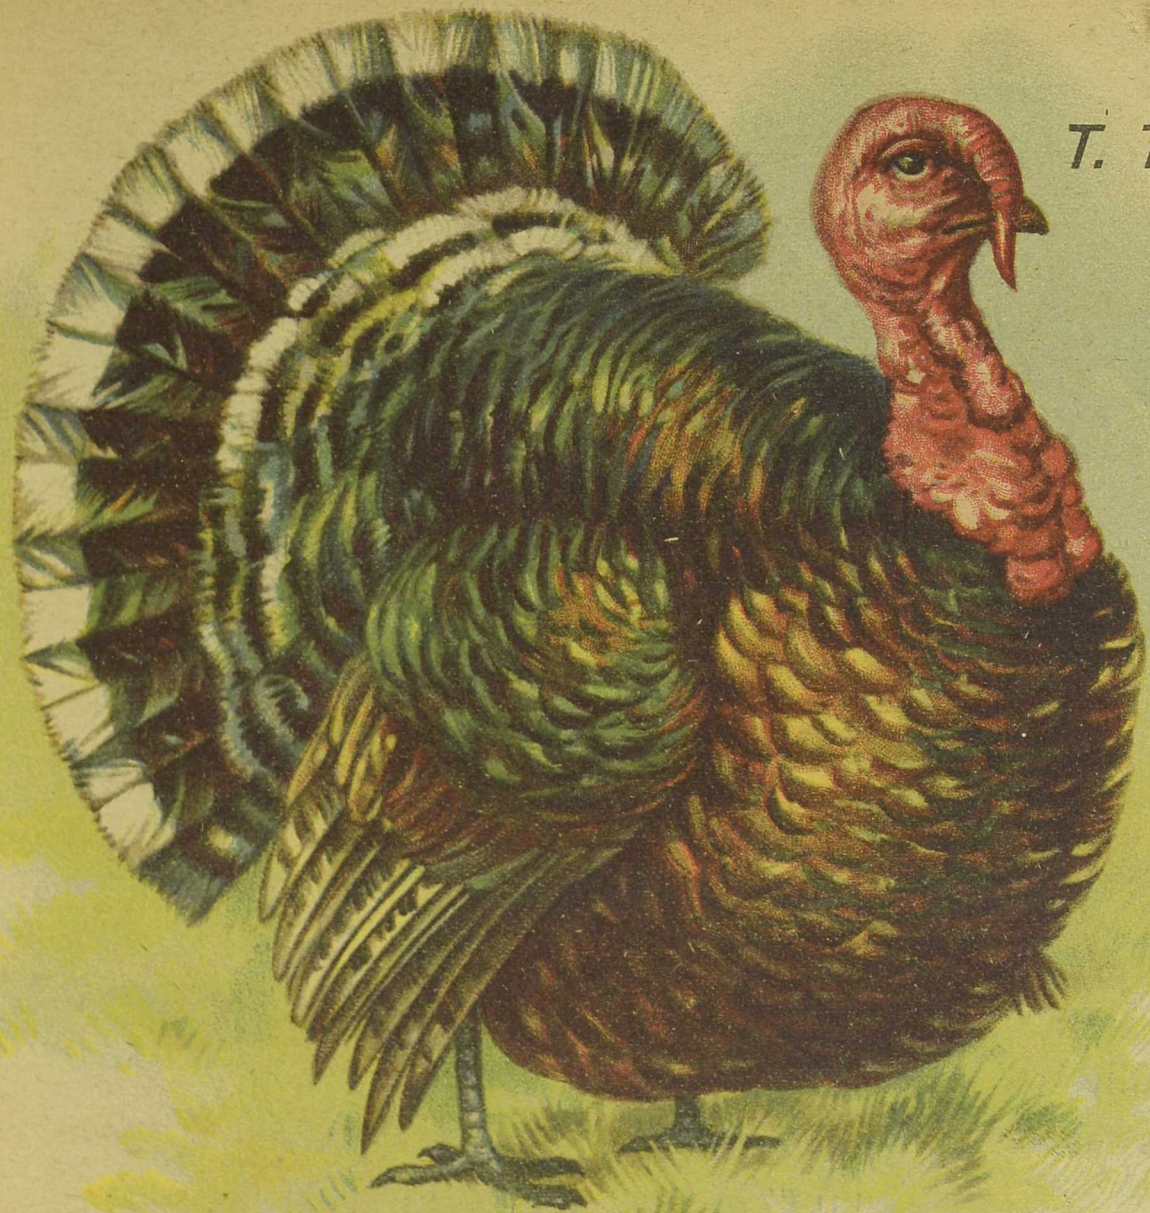

*Squirrel.*

The Squirrel is a pretty little creature that lives among the trees. It builds a nest, and collects a store of nuts for the winter.

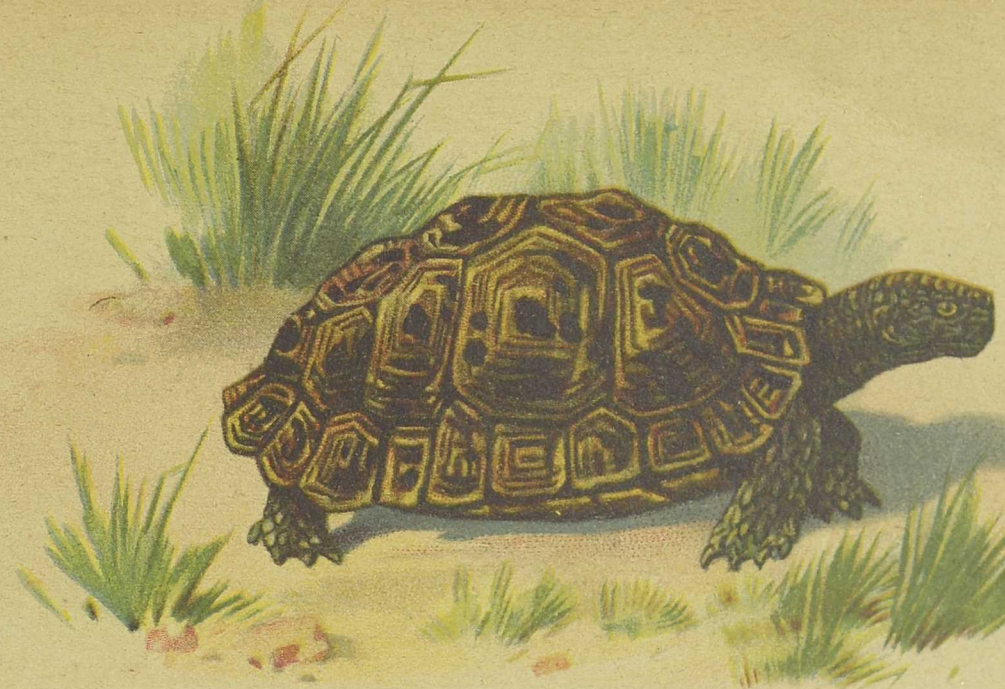

*Seal.*

*T. Turkey.*

*Tortoise.*

The Tortoise lives inside a very large shell. There are many different kinds of Tortoises. This one is a Land Tortoise.

*Tapir.*

You can see the Turkey in our fields and in the poultry yard. It is a large and handsome

bird. It comes from Central America.

**T**

The Tapir has its home in the Malayan countries. It is a very

harmless animal, and lives near water in which it likes to swim.

# U

*U. Urchin.*

The Urchin is also called the Hedgehog. It is a little animal covered with sharp bristles, and it rolls itself into a ball when attacked.

*V. Vole.*

Voles of different kinds are known all over the world.

Water-voles are sometimes called Water-rats.

The Vulture is a huge bird, very

strong. There are various kinds of Vultures and their homes are in very hot countries.

# V

*Vulture.*

# W

*W. Wolf.*

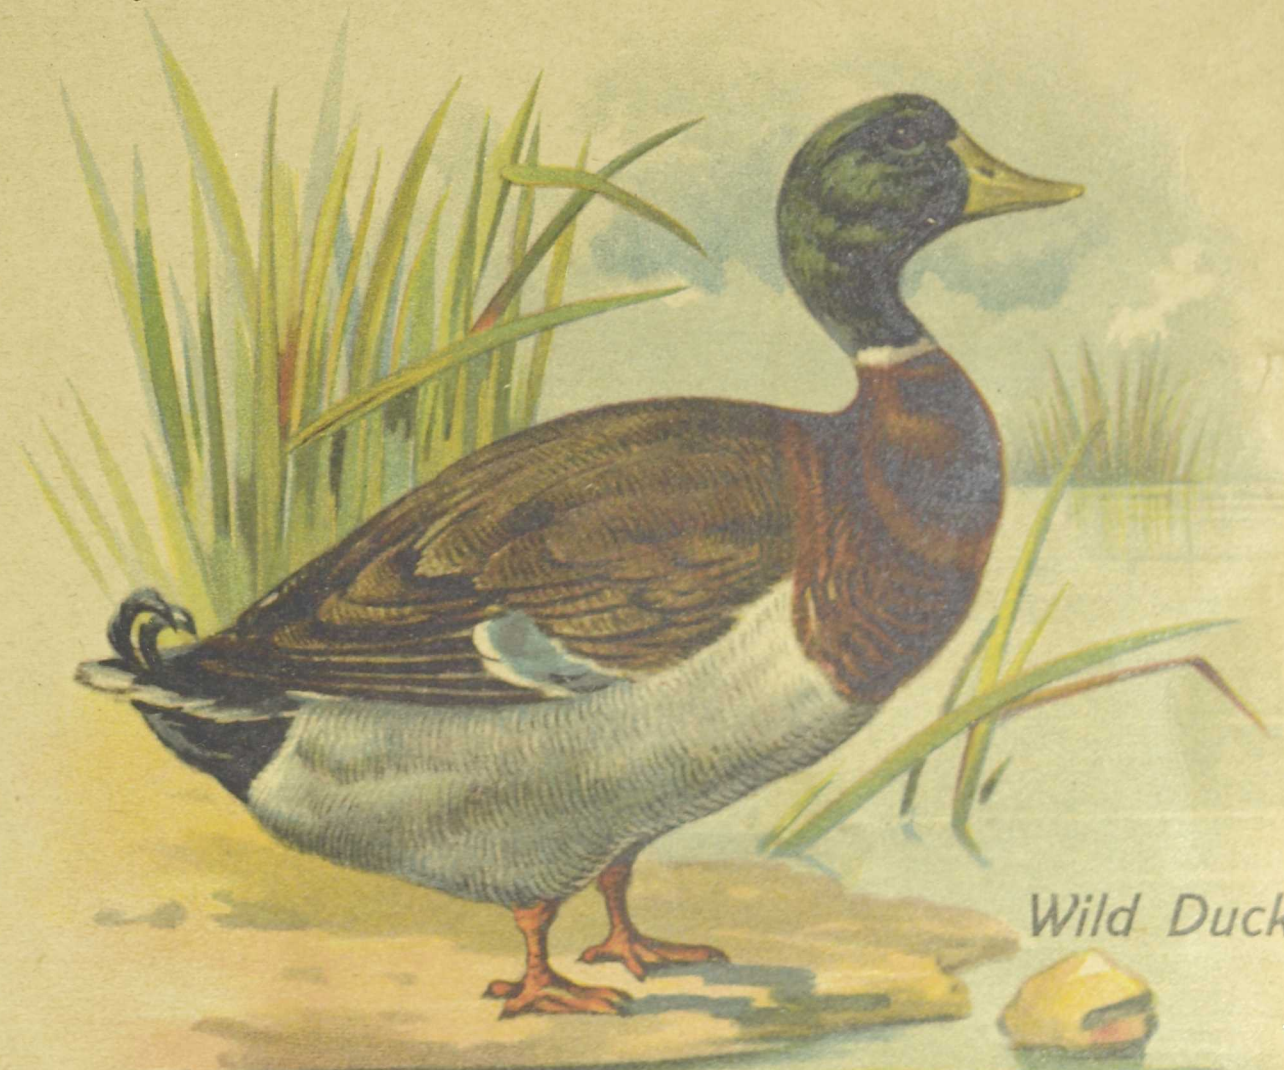

The Wolf is a native of most countries. It is very like a large dog but it is a savage animal particularly when it hunts in packs. It will then attack anything.

*Weasel.*

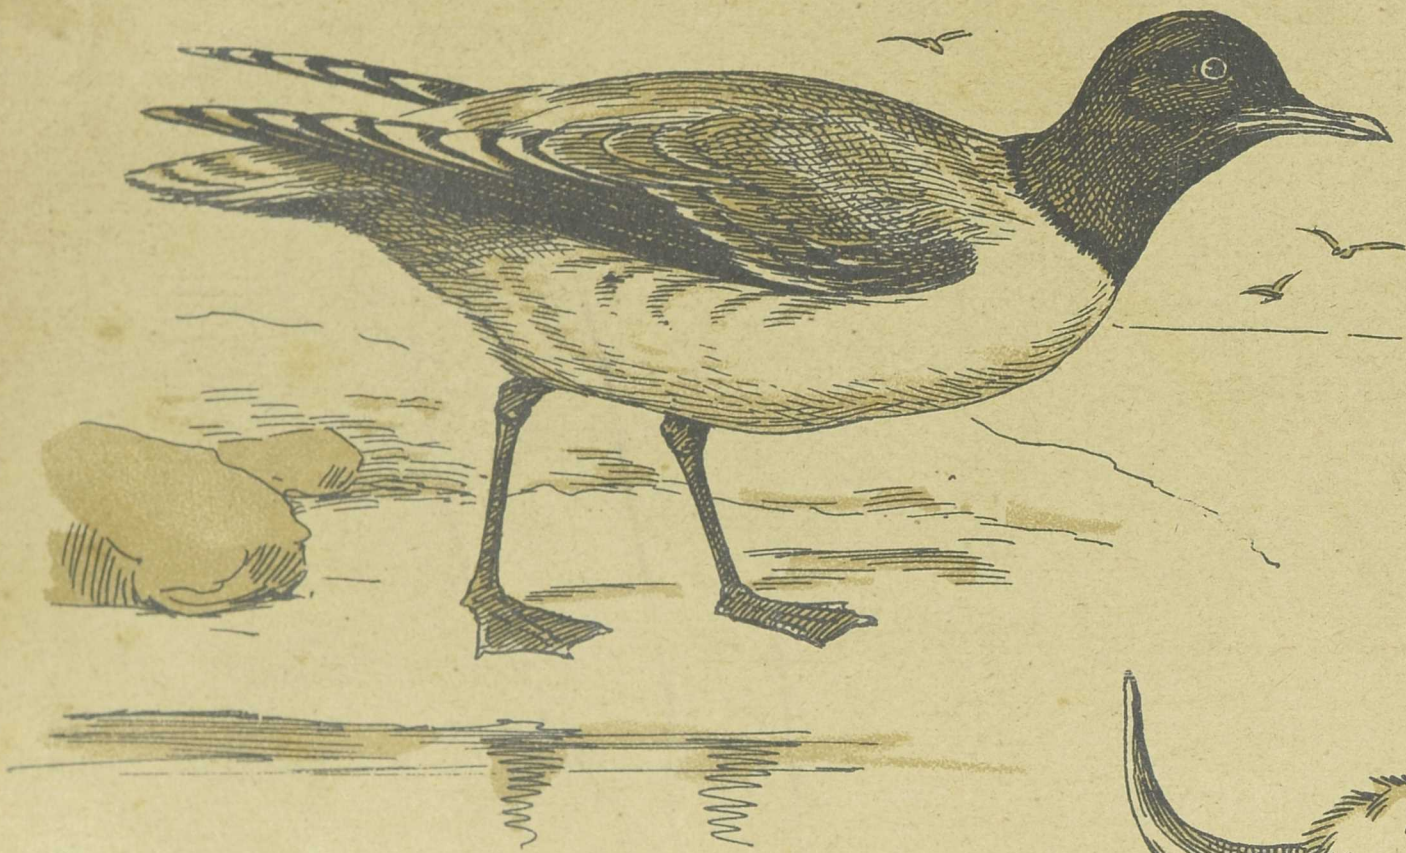

The Weasel is a little animal; for its size it is very ferocious.

*Wild Duck.*

The Wild duck is a very handsome bird, as you can see by the picture.

# X

## *X. Xema.*

The Xema is a sea bird, and you can see that it can swim because of its webbed feet. It lives in the cold region of the frozen seas.

# Y

## *Y. Yak.*

The Yak is an Ox with very long hair and its home is Tibet. It is

a very useful animal to the people of that country for it is to them what our oxen are to us. I really do not know what we should do without the Ox and the Cow.

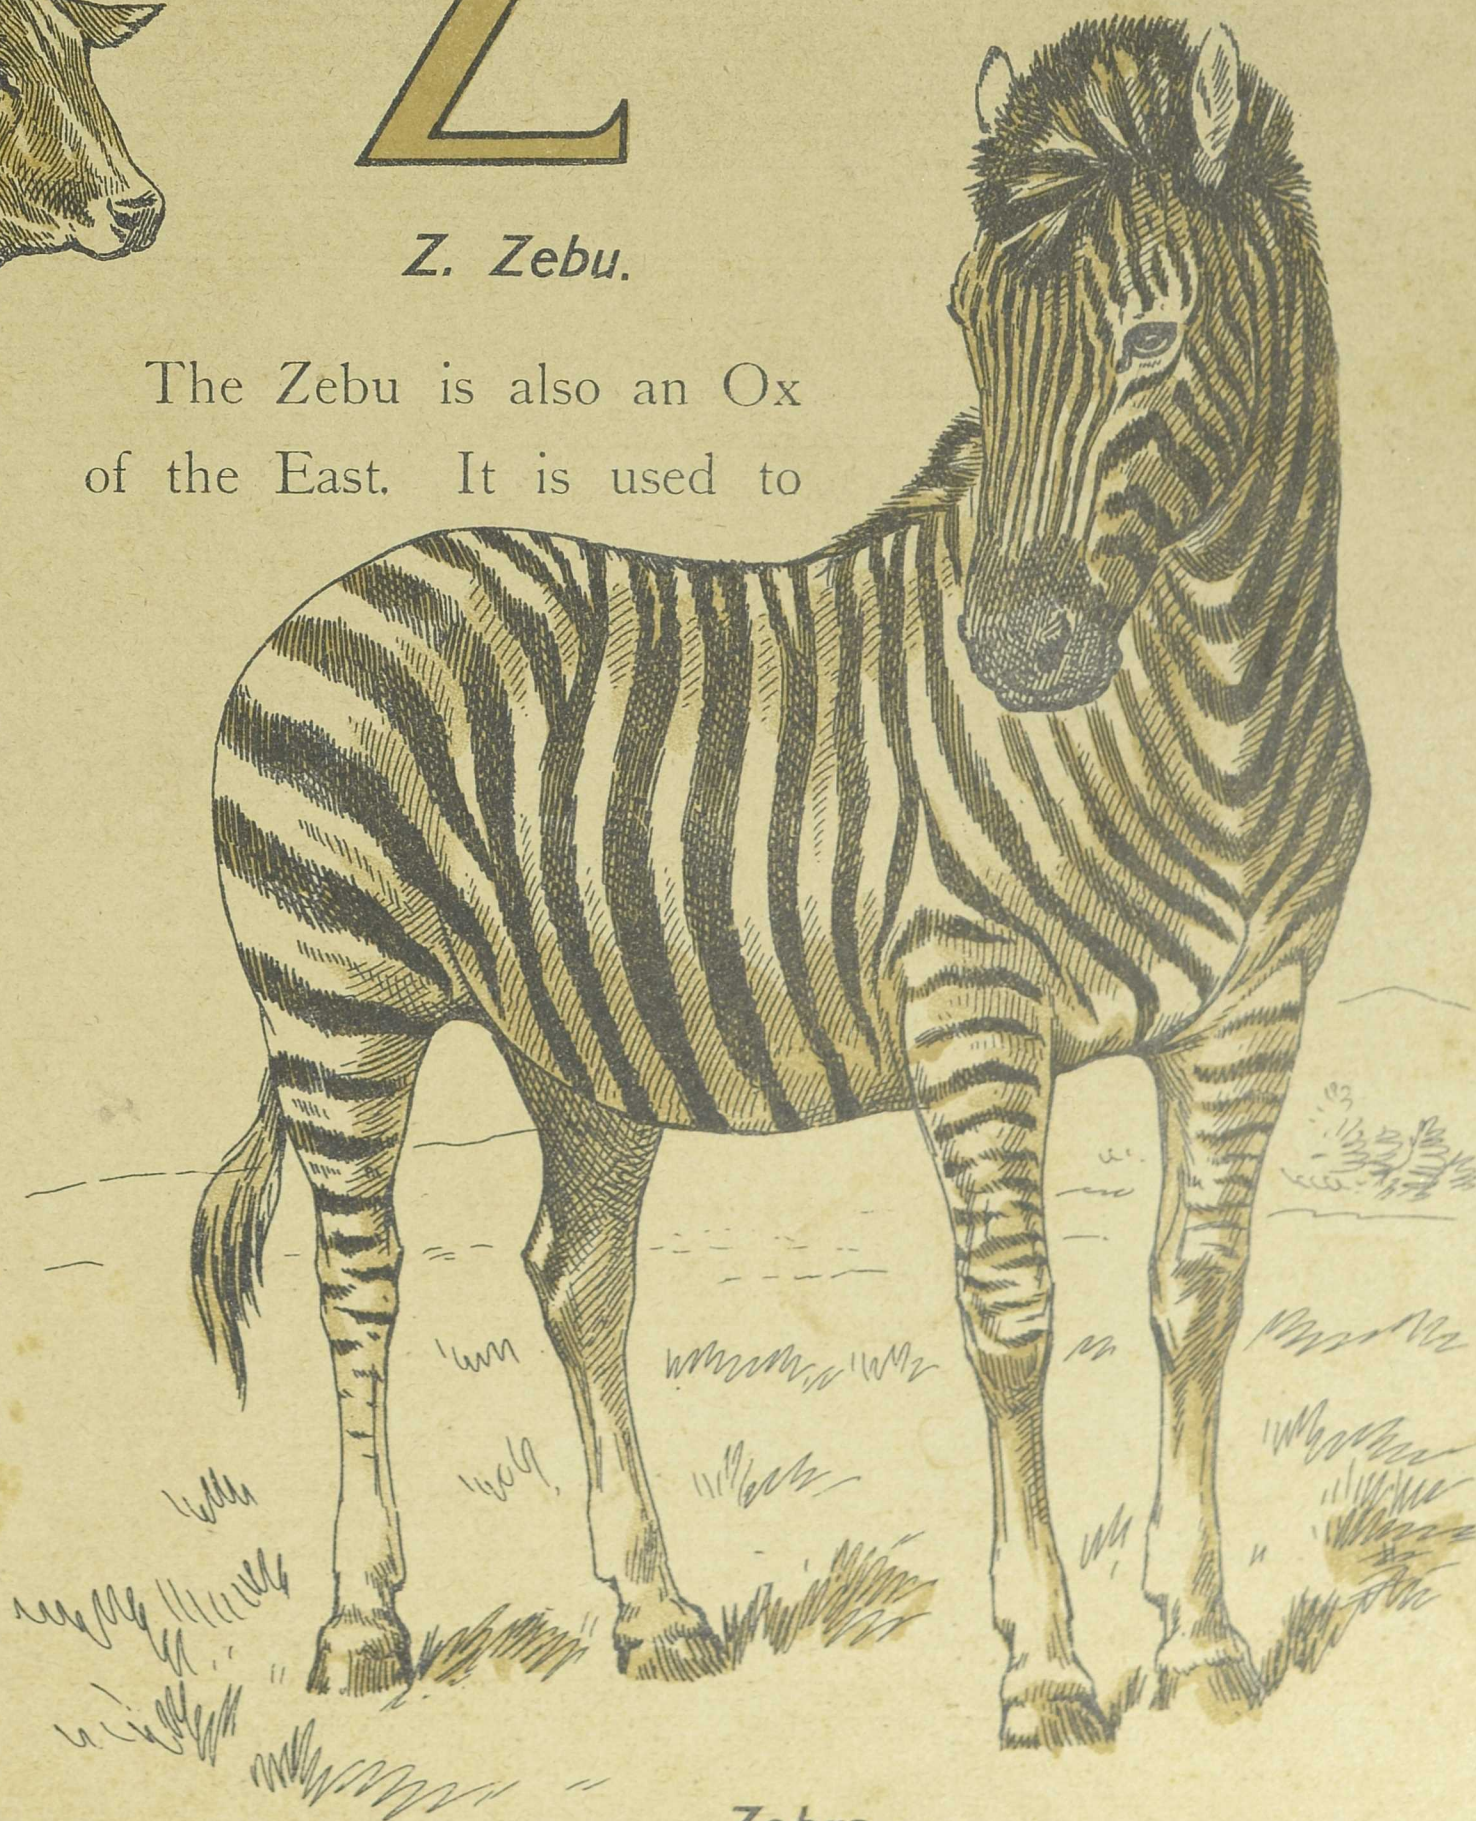

# Z

*Z. Zebu.*

The Zebu is also an Ox  
of the East. It is used to

draw carts, and to pull the plough, and it gives  
milk from which is made butter and cheese. Its  
hide is turned into leather, its flesh is very  
good to eat, and its bones are made into buttons  
and knife handles.

The Zebra is a wild animal of Africa, very  
like a horse. It is strangely marked and is most  
difficult to tame.

*Zebra.*
