PREFACE.

In bringing out this the Second Edition of the HAMILTON CITY AND COUNTY OF WENTWORTH DIRECTORY, the Publishers beg to assure the public that no expense nor labor has been spared to render the volume, in every particular, as reliable a guide to the professional, commercial, manufacturing, and farming communities as works of such a character can possibly be made. And, although it is next to impossible to have a compilation of this nature entirely free from errors, it is to be hoped, however, the patrons of the work will, in view of the difficulties experienced in obtaining correct information from so many different sources, grant their kind indulgence and overlook such as may unwittingly appear.

Some new features have been introduced into this book not found in any similar work in Canada, viz., the introduction of several fine wood engravings, with descriptive and historical sketches of the Churches, Colleges, Schools, and other public institutions, and it is trusted such will be found to be of interest to a large class of the community.

A large extra edition of the CLASSIFIED BUSINESS DIRECTORY, with the ADVERTISEMENTS, has been issued for free distribution throughout Canada, thus giving prominence and publicity to the business and manufacturing interests of Hamilton.

In future the Directory will be issued annually, and every advantage taken of any improvement that long experience in works of this character may suggest.

The Publishers desire to present their acknowledgments to the Press of Hamilton, and to many gentlemen both in the City and County, who have readily furnished such information as was desired, which otherwise would have involved much time and expense to procure.

To the Patrons of the work is especial gratitude due for the very liberal support given the enterprise from the commencement.

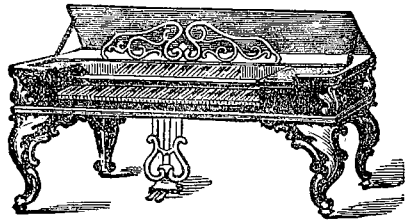
CHARLES L. THOMAS,

WESTERN PIANO-FORTE MANUFACTORY



76 AND 78 KING STREET WEST, HAMILTON.

These instruments will be found equal to any in the Market, and at

Prices Much Lower than Imported Instruments of the same Quality.

EACH INSTRUMENT WARRANTED FOR FIVE YEARS.

☞Professors, Dealers, and the Public Generally, are Requested to Call and Examine.☜

TESTIMONIALS.

The following testimonial was received from J. P. CLARK, Esq., Mus. Bac. :

Mr. C. L. THOMAS,

Dear Sir,—It affords me the greatest pleasure to bear testimony to the excellence of the Piano-Fortes of your manufacture. I have not the slightest hesitation in saying that I consider them to be equal in every respect to those of any makers on this Continent, and I cannot doubt but that you will reap the reward your skill and enterprise deserve.

October 26, 1859. Yours truly, J. P. CLARK. Mus. Bac.

The following testimonial was received from the celebrated Pianist, M. Strackosh:

I certify, with pleasure, that I have examined a beautiful Seven Octave Improved Metallic Framed Piano-Forte of the Western Manufactory, and that this Instrument was very superior in finish, tone and delicacy of touch.

April 3, 1854. MAURICE STRACKOSH.

Those Instruments received Prizes at different Exhibitions, and have never been exhibited without receiving a Prize, among which are the following :

1850.

The first Prize and Diploma at the Industrial Exhibition at Montreal, open to all British America.

1853.

The first Prize at the Provincial Exhibition held at Toronto.

1856.

The first Prize at the Provincial Exhibition held at Toronto.

1859.

The first Prize and Diploma at the Provincial Exhibition held at Brantford.

1860.

The first Prize and Silver Medal at the Provincial Exhibition held at Hamilton.

1864.

The first Prize at the Provincial Exhibition held at Hamilton.

1865.

The first Prize and Diploma at the Provincial Exhibition held at London.

LIFE ASSOCIATION OF SCOTLAND,

FOUNDED 1838.

HEAD OFFCE FOR CANADA, PLACE D'ARMES, MONTREAL.

SECRETARY, P. WARDLAW.

The Annual Revenue is upwards of - - £248,000 Stg.
Cash Profits have been distributed among the Policy Holders to the amount of - - - - 304,000 "

The Reserved Funds at April, 1866, amounted to upwards of

One Million and Fifty Thousand Pounds Sterling.

THE BONUSES IN CLASS A.

Are paid in Money to the Policy-Holder himself, commencing at an an early stage of the Policy.

The outlay required for the Policies has thus for many years been only from 62½ cents to 75 cents (instead of 100 cents) per $1.00 of the Premiums, according to standing, and commencing with those due at the end of the sixth year.

THE BONUSES IN CLASS B.

Form a most important provision for the Policy-Holder himself in old age,

Unless he prefers Bonus additions to the sum assured.

At the Division for 5th December, 1865, there was declared the Large Bonus Addition of £4 per cent. for every Premium paid on each participating policy :

This addition to be payable along with the sum assured, provided the Life attain the average Expectation of persons of his age at entry. (*See Prospectus for Table of Expectation of Life.*) But the Policy-Holder has the option of exchanging the Bonus Addition for the equivalent (when he reaches the average period of life) in a

VALUABLE PROVISION for his own After Life-time by a CASH PAYMENT or ANNUITY.

This Exchange will in no respect affect the Sum Assured, which as well as the right to future Bonuses, will remain intact.

UNDER NO OTHER SYSTEM

can anything like the same amount of benefits be obtained, whether as regards Increase of Sum Assured, or an equivalent in Cash Payment or Life Annuity.

PARENTS, GIVE YOUR SONS A CHANCE.

Educate them for Business.

INTELLIGENT, ENERGETIC, AND PROPERLY EDUCATED YOUNG MEN EVERYWHERE REQUIRED.

THE BRITISH AMERICAN COMMERCIAL COLLEGE AND ITS ACTUAL BUSINESS SYSTEM.

Young Men from every vocation in life, filling important and lucrative situations after graduating and receiving their Diplomas from the British American Commercial College.

A SOUND practical business education is the great demand in the present circumstances of the age. It is not long since this country was a mere nascent colony. It has risen, however, with wonderful rapidity. Canada is now the most populous, wealthy, flourishing and enterprising province of British America. Its agricultural improvements is progressing by gigantic strides, and it is extending the arms of its commerce to every rogion of the earth. Therefore it is that no sleepy, half-measure, all-theory unction will suit the aspirations and practical ideas of a bustling, thriving and prosperous community in their onward course. He who wants to maintain his position and keep pace with the times, must buckle-to in order to prepare himself for his future avocations, and the first step is a course of training adequate to the exigencies of the times aud the end aimed at. It is not even sufficient that the aspirant should go through the ordinary routine course. He must make sure by trial that he can meet the struggle successfully. The old system of copying a set of books will never do in the present state of commercial activity. The book-keeper must be prompt and ready at a moment's call to make his account book entry, to balance, and to render his statement of any and every transaction. He must know how to draw properly checks, drafts, notes and bills of exchange; to determine the responsibility of each party—to make out accounts, balance-sheets, account sales, accounts current, monthly statements,—in short, all business instruments, and to do so with neatness, promptitude and accuracy. If he fails in his first trials, after obtaining a situation, his prospects are damaged, but if he has passed through the GREAT ACTUAL BUSINESS SYSTEM of the British American Commercial College, there will be no fear of his failing, and his footing is gained at once. It has enhanced very much the efficiency of this practical business that there are in Toronto and Ottawa sister colleges, and the students of each of these traffic with the others, just in the same manner as a Montreal merchant may do business with one in Hamilton. This gives to each student a practical knowledge of what he has to do before he ever enters the warehouse or counting house. This is manifestly a great advantage to the young clerk, but it is of vastly greater consequence to his employer, because he procures the services of one who knows *what he has to do* and *how he is to do it* without requiring long directions or tedious supervision.

Since young men so educated are everywhere and every day required, parents should promptly take advantage of the opportunity now offered them.

The British Commercial College by its actual business system, its bank, its emporium, its telegraphing apparatus, &c., &c., supplies all this to every aspirant to success either commercial or social. Besides, every one who graduates with honor at this College may reckon securely on an immediate situation, as the demand for graduates to fill various posts is constant and pressing. It is scarcely to be conceived that any one should for a moment doubt the advantages of such an education: but if any one should have the slightest hesitation, he is invited to call and examine the system and mode of operation.

A circular has been published, giving a detailed account of the system, regulations and terms, and may be had on application at the College Office, corner King and McNab streets.

HAMILTON, C. W.

HAMILTON.

So much has already been written with regard to the City of Hamilton, and its importance as a wholesale market and manufacturing place, that nothing further remains for us, in a work of this character, than to refer our readers to its many wholesale and manufacturing establishments, comprising dry and fancy goods, grocery, iron, steel, hardware, saddlery hardware, crockery, clothing, boot and shoe, drug and medicine, hat and cap, leather and findings, jewellery, paper, wine and liquor, enumerated in the full classified Directory, commencing on page 269 of this volume. The wholesale merchants of Hamilton purchase and import from foreign manufacturers every description of goods, at as low a figure as the Montreal importers, consequently the country merchant in Western Canada can, in a very few hours, get supplies here to keep up an assortment in his stock, without being under the necessity of taking a trip to Montreal or elsewhere, where he is often induced, to save travelling expenses, to purchase beyond his means.

The facilities for the shipment of merchandise and the products of the numerous manufacturing establishments carried on in Hamilton, are unsurpassed; the Great Western Railway furnishing, with its several branch lines, both east of Hamilton, to Toronto and Suspension Bridge, and west to Windsor, every facility and attention to the local as well as through trade. Reference can be made to pages 45, 46, 47 and 48, for a full list of stations and distances on the Great Western Railway, with the various branch lines and connecting railways.

Hamilton is well supplied with Hotels. The Royal Hotel building was erected in 1857, of cut stone, found in the vicinity of the city. It is four stories high, with basement and attics, and contains 186 rooms—total cost, about one hundred thousand dollars. Messrs. Williams and Mugridge are now the proprietors. The house is under the management of Mr. S. Bronson. In all its appointments it is not second to any in Canada. Portions of the ground floor are occupied by the Royal Insurance Co., a private banking house, several stores, and commission offices.

The American Hotel, corner of King and Charles streets is an excellent house, kept by Mr. F. W. Bearman. The house contains a large number of comfortable rooms, and it is intended to add a large wing on Charles street, to contain about thirty additional rooms, with billiard parlor on the ground floor. It is the general depot for all Stages running to and from the city.

The Anglo-American Hotel is situated on the corner of McNab street and Market square, and is kept by Mr. Henry McCracken. It contains a large number of rooms.

The City Hotel, James street, near Mechanics' Hall, is now conducted by Mr. Wm. Richardson. The house has been newly fitted up by the proprietor, and contains accommodation for a large number of guests.

The Farmers' Hotel, Cook's Hotel, Victoria House, Volunteers' Hotel, and about twenty others, have excellent stabling, are good houses, and furnish ample accommodation for all visitors to the city, as well to the commercial class as the farming community.

The numerous and extensive factories of Hamilton have been considerably augmented during the past two years, and form to a very large extent one cause of the continued prosperity and wealth of the city.

The following is a brief review of the several establishments:

Agricultural Implements.—One of the largest establishments in Canada, engaged in the exclusive manufacture of agricultural implements is here carried on by L. D. Sawyer & Co, on Wellington street, near Great Western Railway track. The works were originally established by C. McQuesten & Co., and have been owned by the present firm for about eleven years. Threshing-machines, mowers, reapers and straw-cutters are manufactured to the amount of about eighty thousand dollars per annum. Steam power to the extent of twenty-two horse is used, and from forty to fifty hands are constantly employed. The buildings are stone, and are 80 feet front by 250 in depth.

Beef and Pork Packers.—Samuel Nash, corner Market and McNab streets, established in 1862; employs 30 hands, and slaughtered 7,000 hogs during the last season. The Ontario Pork packing house is under the superintendence of Mr. Atkinson, and a large business is done, and from 30 to 40 hands employed.

Bellows Manufactories.—James Dallyn, James street, between Barton and Stinson, established in 1847. This establishment employs an average of six hands, and turns out 300 pairs per annum, also a large number of hand bellows. Another establishment of the same character is carried on by Joseph Dallyn, employing four hands. About 300 pairs are annually made here.

Blank Book Manufactories and Bookbinding.—See page 279.

Boot and Shoe Manufacturers (Wholesale.)—The largest boot and shoe manufactory in Western Canada is here carried on by Sanford, McInnes & Co.; it was established in 1860. They now give constant employment to about three hundred hands; they use a number of machines, requiring a twelve horse-power engine to propel. All the

machinery is of American invention and make, and consists of several pegging machines, each of which will peg, on an average, sixty pairs of boots and shoes per hour, rolling machines, splitting machines, heel presses, welt cutters, sole cutting machines, heel rounding machines, and counter skivers. There are several other firms, employing from five to ten hands each.

Wooden Box Manufacturers.—W. & D. Aitchison, established in 1860; employ six hands and an engine of twelve horse-power. There is a planeing machine in connexion with this factory.

Brass Foundries.—H. & R Young, 74 King west, employ a large number of hands, and manufacture every description of engineers and machinists' brass work.

Breweries.—The Spring Brewery, P. Grant & Co., proprietors, situated on Bay street. This firm employs twenty-five hands and a twenty horse-power steam engine, and pays about one-tenth of all the excise duty on beer paid in Upper Canada. They manufacture their own malt, and turn out ale, porter, beer, &c., in great quantities, either in wood or bottle. There are four other breweries, viz., the Ontario Brewery, Leopold Bauer, proprietor; the Crystal Palace Brewery, Geo. Beck, proprietor; the Burlington Brewery, John Bell, proprietor; and the Hamilton Brewery, Joseph Kendall, proprietor.

Broom Making.—A. Easson, corner of King and Caroline streets; established in 1849; now employs about twenty hands, and is doing a large trade. John A. P. McKenna, Henry McStravick, and Thomas Mitchell, each employs a number of hands, the latter doing a very large business.

Brush Manufacturing.—Alfred J. Green, John street, in this line employs about ten hands. Meakins & Sons have been established in this branch of industry a number of years, they employ several hands, and are also manufacturing locks and cabinet hardware. Joseph Burdett employs two hands.

Carriage and Coach Building.—The Burlington Coach Factory, Thomas Macabe and Co., proprietors, is situated on King near Caroline street. Thirty hands are here employed, and 120 carriages of every description turned out annually, beside sleighs, cutters, &c.

The City Coach Factory was established in 1844, by J. P. Pronguey, who now employs about 20 hands, manufacturing coaches, carriages, omnibuses, &c. Toronto coaches are chiefly supplied from this establishment.

Hamilton Coach Factory, established in 1842, by H. G. Cooper & Co., who employ about 40 hands, and build omnibuses, coaches, carriages, buggies, sleighs, &c.

Carriage Axles, &c.—This is a new branch of manufactures lately introduced into Hamilton by John Doty, on York street, between Bay and Caroline, who manufactures axles for carriages, waggons, &c., also all kinds of machinery and mill gearing. Employs from 20 to 30 hands. Steam power, 8 horse.

CARVERS, GILDERS AND PICTURE FRAME MAKERS.—One of the principal establishments of this description is carried on by Marsden & Toms, 50 James street, opposite Mechanics' Hall. They employ a large number of hands. Henry Blandford, James street, near Merrick, is doing a good business in the same line.

CARRIAGE TRIMMINGS.—A depot for the sale of spokes, hubs, felloes, axles, wood screws, paints, varnishes, oils, steel springs, and every article required by carriage and wagon makers has been established in 1866, by Mr. E. McGiverin, at No. 37 King street west.

CHAIR AND BEDSTEAD MAKING.—Joseph Hoodless, established in 1850, manufactures bedsteads, chairs and furniture generally. Employs 10 hands.

JUDICIARY—UPPER CANADA.

COURT OF ERROR AND APPEAL.—Judges, Hon. Archibald McLean, President; Hon. Wm. H. Draper, C.B., Chief Justice of Upper Canada; Hon. P. M. M. S. Vankoughnet, D.C.L., Chancellor of Upper Canada; Hon. W. H. Blake; Hon. Wm. B. Richards, Chief Justice of the Common Pleas; Hon. Oliver Mowat, Vice-Chanclelor; Hon. John G. Spragge, Vice-Chancellor; Hon. John H. Hagarty, D.C.L., Judge of the Court of Queen's Bench; Hon. Joseph C. Morrison, do. do; Hon. Adam Wilson, Judge of the Court of Common Pleas; Hon. John Wilson, do. do.; Clerk and Reporter, Alexander Grant.

This Court was constituted for the hearing of appeals in civil cases from the Courts of Queen's Bench, Chancery and Common Pleas, and appeals in criminal cases from the Courts of Queen's Bench and Common Pleas. From the judgment of the Court, an appeal lies to Her Majesty in Privy Council, in cases over £1000, or where annual rent, fee, or future rights, of any amount, are affected. The Court sits three times a year.

COURT OF QUEEN'S BENCH.—Chief Justice, Hon. Wm. H. Draper, C.B.; Puisne Judges, Hon. J. H. Hagarty, D.C.L., and Hon. Joseph C. Morrison; Clerk of the Crown and Pleas, L. Heyden; Reporter, Christopher Robinson, Q. C.; Clerk in Chambers and Practice Court, William B. Heward; Clerk of the Process, Alan Cameron; Crier and Usher, Andrew Fleming.

The jurisdiction of this Court extends to all manner of actions, causes and suits, criminal and civil, real, personal and mixed, within Upper Canada; and it may proceed by such process and course as are provided by law, and as shall tend with justice and despatch to determine the same; and may hear and determine all issues of law, and also, with the inquest of twelve good lawful men (except in cases otherwise provided for), try all issues of fact, and give judgment and award execution thereon, and also in matters which relate to the Queen's revenue (including the condemnation of contraband or smuggled goods), as may be done by Her Majesty's Superior Courts of Law in England.

COURT OF CHANCERY.—Chancellor, Hon. P. M. M. S. Vankoughnet, D.C.L.; Vice-Chancellors: Hon. Oliver Mowat, Hon. John G. Spragge; Master, Andrew N. Buel; Taxing Officer, Geo. Hemmings; Accountant, Robert John Turner; Registrar and Reporter, Alexander Grant; Special Examiners, John Hector, Q.C., and William Vynne Bacon; Usher, John Oliver.

This Court has the like jurisdiction as the Court of Chancery in England in cases of fraud, accident, trusts, executors, administrators, co-partnerships, account, mortgages, awards, dower, infants, idiots, lunatics, and their estates, waste, specific performance, discovery, and to prevent multiplicity of suits, staying proceedings at law prosecuted against equity and good conscience, and may decree the issue, repeal or

avoidance of letters patent, and generally the like powers as the Court of Chancery in England possesses to administer justice in all cases in which there is no adequate remedy at law.

COURT OF COMMON PLEAS.—Chief Justice, Hon. Wm. B. Richards; Puisne Judges, Hon. Adam Wilson, Hon. John Wilson; Clerk of the Crown and Pleas, M. B. Jackson; Reporter, S. J. Vankoughnet; Clerk of the Process, Alan Cameron; Crier and Usher, Daniel Connell.

This Court was established by the Act 12 Vic. cap. 63. It consists of three Judges, who sit in Term, in the same manner as the Judges in the Queen's Bench, and has the same powers and jurisdictions as a Court of Record, as the Court of Queen's Bench. Writs of summons and capias issue alternately from each Court.

PRACTICE COURT AND CHAMBERS.—One of the Common Law Judges holds a Court during each Term, called the "Practice Court," for hearing matters relating to the adding or justifying bail, discharging insolvent debtors, administering oaths, hearing and determining matters on motion, and making rules and orders in causes, and business depending in either of the Law Courts. Chambers are held each day in Law by the Judges of the Courts, and in Chancery by Thomas Wardlaw Taylor, whose decisions are made subject to the opinion of the Judges, for such business relating to suits therein as may be transacted by a single Judge out of Court. Clerk, Common Law, William B. Heward—Chancery, John Black.

HEIR AND DEVISEE COMMISSION.—Commissioners, the Judges of the Courts of Queen's Bench, Chancery, and Common Pleas, and such other persons as may be appointed by commission under the Great Seal.

Their duties are to determine claims to lands in Upper Canada for which no patent has issued from the Crown in favor of the proper claimants, whether as heirs, devisees or assignees. Clerk, William B. Heward.

COUNTY COURTS.—Presided over by a resident Judge in each County. Their jurisdiction extends to all personal actions where the debt or damages claimed do not exceed £50; and to all suits relating to debt, covenant and contract, where the amount is liquidated or ascertained by the act of the parties or signature of the defendant, to £100; but not to cases involving the title to lands (with the exception of actions of ejectment in specified cases), validity of wills or actions for libel, slander, crim. con. or seduction. An appeal lies to either of the superior Courts of law. These Courts also possess equity powers to the amount of £50, subject to an appeal to the Court of Chancery.

SURROGATE COURTS.—These Courts are now regulated by Con. Stat. U. C., cap. 16, and grant administration, subject to an appeal to the Court of Chancery. Clerk, Charles Fitzgibbon, Toronto.

COURTS OF QUARTER SESSIONS.—Chairman, the County Judge in each County, who, with one or more Justices of the Peace, holds a Court of Quarter Sessions in his County four times a year, for trials by jury in cases of larceny, misdemeanor and other offences, and for the decision of appeals from summary convictions.

RECORDER'S COURTS.—In the Cities of Toronto, Hamilton, London, Kingston and Ottawa, the Recorder's Court takes the place of the County Sessions, the Justices for Counties having no jurisdiction in the Cities, the care of which is confided to the Recorder, Mayor, Aldermen and Police Magistrates of each.

Recorders, George Duggan, Toronto; James O'Reilly, Kingston; John E. Start, Hamilton; William Horton, London; J. B. Lewis, Ottawa.

INSOLVENT DEBTORS' COURTS.—The County Judge in each County presides.

DIVISION COURTS.—For the summary disposal of cases by a Judge; but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to actions of debt or contract amounting to £25, injuries or torts to personal chattels amounting to £10, but not to actions for gambling debts, liquor drunk in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom or franchise will or settlement, malicious prosecution, libel, slander, crim. con., seduction or breach of promise, or actions against a J. P. for anything done by him in the execution of his office, if he objects to it. Courts are held once in two months in each Division, or oftener, at the discretion of the Judge. The Divisions are established by the Courts of Quarter Sessions.

CLERKS OF ASSIZE.—Clerks of Assize, the Deputy Clerks of the Crown are *ex officio* Clerks of Assize and Marshals in their respective Counties. In the Home Counties the Chief Clerks of the two Courts officiate alternately. W. Campbell, Clerk of Assize.

DEPUTY CLERKS OF THE CROWN.—The Clerks of the County Courts will be *ex officio* Deputy Clerks of the Crown and Pleas of their several Counties, as the present incumbents vacate by death or otherwise.

DEPUTY MASTERS AND REGISTRARS IN CHANCERY.—These officers are appointed by the Court for each County, as occasion requires.

CLERK OF THE PROCESS.—For sealing and issuing (alternately) all writs of summons in the Queen's Bench and Common Pleas—Alan Cameron. The Deputy Clerks of the Crown in the several Counties also, in like manner, issue the writs for their respective Counties.

CIRCUITS OF THE COURTS.

LAW CIRCUITS.—The Circuits are held twice a year in each County, between Hilary and Easter Terms, and between Trinity and Michaelmas Terms, except in the City of Toronto and united Counties of York and Peel, where there are three in each year.

There are six Circuits, as follows, viz:

Upper Canada Institute for the Deaf and Dumb.

This Institution established in 1858 has been lately removed to Dundurn Castle, the property of the late Sir Allan Macnab. This valuable estate comprises about thirty-five acres of land, the buildings, outhouses, lodges, terraces, lawns, &c., cost $175,000. The resident superintendent expended a great deal of money in the repairs necessary to render the buildings tenantable, not having been occupied for four years. The establishment is now in every respect second to none; every attention being given to the comfort of its inmates. It is kept extremely neat and clean, and the grounds are to be put into first-class order. During the summer season it is designed to open those beautiful grounds to the public for a small admission fee. An excellent band of music will be provided—thus, parties in deriving pleasure from viewing the beautiful lawns, gardens, with a fine view of Burlington Bay and Lake Ontario, contribute in a manner to the support and comfort of those who are deprived of that blessing, hearing and communication of ideas or thoughts by sound. There are 57 deaf-mutes attending the Institute at present. It is supported by grants from County Councils, and a charge of $100 per annum for board and tuition for every pupil whose parents are able to pay.

CHURCHES.

CHURCH OF ENGLAND.—Under a canon of the Synod of Toronto, Hamilton, which had been one parish, was divided in 1859, into three separate territorial parishes, viz., that of Christ's Church, of the Church of the Ascension, and that of St. Thomas Church.

*CHRIST'S CHURCH.—The congregation of this church was organized about 1835, and a church edifice erected in 1837. Rev. J. G. Geddes has been in charge of this parish for thirty-two years, and has been assisted since 1863, by the Rev. Dr. E. Neville. A commencement was made some years since for the erection of a large and handsome church on the site of the old church. This new addition forms at present a part of the former church, and cost already about twenty thousand dollars. The edifice, when completed, is estimated to cost about $70,000. That portion already put up is very handsomely finished, and has elegantly designed stained glass windows. Services at 11 a.m., and 7. p.m.

THE CHURCH OF THE ASCENSION, (*See Engraving.*)—Stands in a very prominent position upon a plot of ground bounded by Maria,

*The Rev. Mr. Geddes, Rector of this Church, being now in England, we are consequently unable to give anything of interest relative to this Church, although one of the oldest in the City.—ED.

CHURCH OF THE ASCENSION.
(*Anglican.*)

Upper John, and Hannah streets. It was opened for divine service in June, 1851, the Rector of the church and parish attached, is the Rev. John Hebden, M.A. The parish was erected under a canon of the synod of the diocese of Toronto, in 1859. The site on which the church immediately stands, was the gift of Richard Juson, Esq., of Hamilton; an addition was made to the site by the purchase of an adjoining lot, on which a school house has been erected. The church is built of native stone, after designs by Messrs. Cumberland & Storm, Architects of Toronto. It is in cruciform shape, with tower in the N. E. angle. Size of church, 76 x 46; of transepts, 23 x 11; of chancel, 12 x 26; dimensions of tower, 13 x 13; height of tower, (which is unfinished) 70 feet; number of sittings, 700. The tower contains a peal of 5 bells, from the celebrated foundry of the Messrs. Mears, of Whitechapel, London, England. Total cost of the church, about $18,000. Services at 11 a.m., and 7. p.m.

CHURCH OF ST. THOMAS.—Stands in the east end of the city, on Emerald Street, near corner of Wilson Street. It was erected in 1856, and was at first a chapel of ease to Christ Church, afterwards made a parish church, when the city was divided into parishes, in 1859. The style of the church is Norman, or what is called early English, and has a very neat and tasteful appearance. It is built of frame, stuccoed, with nave, chancel, vestry and bell turret. Size of church, 70 x 36 feet, irrespective of the chancel; number of sittings, 400. The interior of the building is neatly finished, and the triple window in the chancel is partly of stained glass. Cost of the church about $1750. Service every Sunday, at 11 A.M. and 7 P.M. Sunday School at 9.15, A.M. Present Rector, the Rev. C. H. Drinkwater, M.A., a graduate of the University of Cambridge, England.

ST. JOHN'S CHURCH.—This is a temporary place of worship, situated on the corner of King and Queen streets. Permission to use it for Divine Service was granted originally by the late lamented John Mills, Esq., and has been continued, since his decease, by Mrs. Mills, his mother. The present Minister is the Rev. J. G. D. McKenzie, M. A., who has been connected with the Church for nearly seven years. During that period the building has been twice enlarged at Mr. Mills' expense. It will now contain 160 persons. In connection with the Church there is a flourishing Sunday School, numbering 130 children, with an average attendance of between 80 and 90. The work of the school is conducted by a Superintendant, a Librarian, and ten Teachers.

PRESBYTERIAN CHURCHES.

ST. ANDREW'S CHURCH.—Church of Scotland (*See Engraving.*) The congregation in connection with this church was originally formed in the year 1833. For a time after the formation, worship was conducted in the Court House, Prince's Square.

The Rev Alex. Gale was the first minister, who was called from the

pastoral oversight of Amherstburgh to undertake that of Hamilton. At this period Hamilton was within the bounds of the Presbytery of York, and it was not till toward the end of 1836 that the Synod constituted the Presbytery of Hamilton, which was to comprise the Niagara, London, Gore and Western districts. Mr. Gale seceded in 1844, and was succeeded in the pastorate by the Rev. Alexander Mackid, who was inducted to the congregation in January, 1846. Mr. Mackid at the same time also ministered to Saltfleet,, Dundas and Ancaster. Mr. Mackid demitted his charge in June, 1848, and accepted that of Goderich.

In October, 1850, the Rev. Daniel Macnee became the minister, and after labouring in the Province for three years, returned to Scotland. During the incumbency of these clergymen the congregation worshipped in the wooden structure which now stands on Maiden Lane and Charles Street, which had at various times undergone enlargement.

In 1853 the induction of the present minister, the Rev. Robt. Burnet, took place, and shortly after the congregation agreed to erect the present St. Andrew's Church on James' Street. The foundation stone was laid in 1855 by John Young, Esq., Trustee and Senior Elder of the Church. The erection was completed in 1857, and on the 8th of March of that year was opened by the Rev. Dr. Mathieson, of Montreal, and the Rev. Professor Weir, Queen's College, Kingston.

The main portion of the building is of mountain stone, of plain dressed work; the tower and spire, together with the doorways and other ornamental portions are of Cleveland stone, of smooth finish. It is strengthened throughout by massive buttresses, which give a very substantial character to the exterior. The principal entrance is from James street, by a doorway of most elegant proportions, wrought in an elaborate manner, there is a door also on either side. The spire is 198 feet from the level of the side-walk to the *finale* stone, and eight more to the top of the vane. The tower is a handsome and lofty pile of masonry, tastefully ornamented with carved canopies and pinnacles. This portion of the work was done by George Worthington, Esq. The carpenter and joiner work is of the finest description. The gallery is supported by oak cluster-columns, with carved capitals. It will seat 1000, and is 110 by 64 feet. On each side are five handsome Gothic windows, glazed with diamond-shaped stained glass, imported expressly from Messrs. Chance & Sons, of Birmingham, except a portion from the establishment of C. March, Esq., of Toronto. The seats, both above and below are well arranged and convenient. They are all grained, oak pattern, except the cappings which are solid oak. The pulpit is very handsomely ornamented with carved work. Two hot air furnaces are used to heat the building. There is a large basement story under the whole, which is used as a Sunday School-room.

The carpenter work was executed by Messrs. Simpson & Son, of Hamilton. The painting by Mr. Robertson. The glazing by Mr.

Toms, and the plastering by Messrs. Mercer and McIver. The whole the design of the late Mr. Thomas, Architect of Toronto.

The building cost about forty-four thousand dollars.

Services at 11 A.M., and 7 P.M.

KNOX CHURCH (CANADA PRESBYTERIAN)—Corner of James and Henry Sts.—This is the oldest Presbyterian congregation in the city. It was organized in the year 1833, under the name of St. Andrew's Church, as a congregation of "the Presbyterian Church in Canada in connection with the Church of Scotland." Its first pastor was the Rev. Alex. Gale, who afterwards removed to Toronto, and its first place of worship was a small building on the site of the present St. Andrew's Church. The disruption in Scotland in 1843 having been followed in July, 1844, by the disruption of the Synod in Canada and the formation of the Synod of the Presbyterian Church in Canada, otherwise known as the Free Church, Mr. Gale and the large majority of his congregation decided to connect themselves with the latter body. By this act the congregation found their right to their place of worship disputed, and to prevent interruption and litigation, they resolved in November of the same year to abandon it. For a short time they occupied the Secession Church and afterwards a Methodist Church on John Street, through the courtesy and kindness of the Trustees of these congregations. Their present place of worship was completed in the year 1846, and has since, during a period of 21 years, been occupied by the congregation, under the designation of Knox's Church. As then completed, it was a substantial edifice of cut stone, in the Roman style of architecture, and capable of accommodating at least 800 persons. In the year 1847, Mr. Gale removed to Toronto to assume the duties of his professorship in Knox College, and the Rev. Ralph Robb was soon afterwards settled over the congregation as his successor. Mr. Robb was removed by death in 1850, and the Rev. George Patton Young was called to be his successor. In 1853, Mr. Young removed to Toronto to fill the position of Professor of Exegetics, &c., in Knox College. In the following year the Rev. Robert Irvine, D D., was called to the vacant congregation and accepted the charge. It was now in a very flourishing condition, and the Church so full that it was judged advisable for a number of families to separate from Knox Church and form a new congregation. The result was the organization of McNab street Presbyterian Church, to which the Rev. Dr. Inglis was called as pastor. The congregation of Knox Church still continuing large and constantly increasing, it was resolved in the year 1856 to enlarge the church by the addition of a large transverse wing, running across the whole eastern end. A commodious stone manse, immediately adjoining the church and fronting on Henry St., was erected at the same time. The value of the whole church property is $25,000, and the church, as thus enlarged, is capable of accommodating not less than 1200 persons, and although the style of architecture is a little plain and old fashioned, it is one of the most com-

fortable in the city. Dr. Irvine having accepted a call to Philadelphia in July, 1864, the church again became vacant. In the summer of 1865, the Rev. A. B. Simpson, its present minister, was called to become its fifth pastor. Although it has passed through many changes and some trials, and although its former members are to be found in all parts of this country, and many of them in other churches in this city, it is now in a very flourishing condition, numbering more than 350 families and more than 400 members.

HOURS OF SERVICE.—Sabbath School at 9 a.m., John Alexander, Superintendent. Service 11 a.m., 6½ p.m. Wednesday evening at 7½ o'clock.

THE CENTRAL PRESBYTERIAN CHURCH is situated on the corner of McNab street and Maiden lane, and was erected in 1857-8 by the Congregation which formerly worshipped on Merrick street, and which was then designated the United Presbyterian Congregation. The building is a large elegant structure of white pressed brick, the front elevation surmounted with two turrets. Its length is 126 feet and its width 72, and it is seated to accommodate 1,500 persons. The basement story, which is nearly all above ground, is fitted up for Lecture Room and Sabbath School Room, Committee Rooms and Pastor's Study. The entire cost of house and ground, about $33,000, has been paid by the Congregation, which, during the last ten years, has raised for religious purposes more than $70,000.

The Congregation was first organized about 25 years ago. Their first Pastor, the Rev. J. Dalrymple, remained but a few years with them, leaving behind him a fragrant memory. They next procured the services of the Rev. J. Hogg—now of Guelph—who labored faithfully and successfully among them three or four years. In 1856 the present Pastor, Rev. W. Ormiston, D.D., was settled over them, since that time the progress of the Congregation has been marked and most encouraging. The membership is now 530. The Sabbath School large and prosperous, and all the public services well attended.

The Seat Letting.—Takes place on the first and second Mondays and Thursdays of May and November, from 7 to 9 o'clock each evening. All seat rents are payable in advance.

McNab Street Presbyterian Church.—The congregation now worshipping in the McNab Street Church was organized in August, 1854, with about forty members, divine service being held in the Mechanics' Hall. A commodious house of worship, capable of holding about 400 persons, was built and opened in February, 1855, and in May of the same year the Rev. David Inglis was inducted as their first pastor. It was soon found necessary to enlarge the church accommodation, and in April, 1856, the foundation stone of the present spacious church was laid by the Hon. Isaac Buchanan. It was completed and opened in June, 1857. It is built in the gothic style of architecture, of the beautiful stone obtained from the mountain in the rear of the city; it is massive in its structure and commanding in its position. Its dimensions are 114 feet in length, including the tower, by 66 in breadth, and, with the galleries, will comfortably seat nearly 1300 persons.

Congregational Church.—Corner of Hughson and Henry streets. The denomination of Christians to which the above church belongs appeared in Great Britain at the early dawn of the Reformation. In England, Ireland, Scotland, the United States and other parts of the world, they have more than seven thousand churches in fellowship with one another; and of churches formed on the same plan, bearing other designations, there are at least twenty thousand more. The Congregational Church in this city was formed in 1835. The first pastor, Rev. David Dyer, now of Albany, N. Y, was sent to this country by the London Missionary Society. Under Mr. Dyer's auspices, the old frame church which stands to the rear of the lot was erected 30 years ago, and was then one of the handsomest churches which Hamilton could boast. After Mr. Dyer's removal, the church had Rev. P. W. Wastell, from Guelph, as stated supply for one year. Mr. Wastell was succeeded by Rev. John Osborne, in whose time the church was not in fellowship with the other Congregational Churches in the Province. Shortly after the resignation and death of Mr. Osborne, the church was, by voluntary consent of the members, dissolved, and a new church formed under the

pastorate of Rev. R. Robinson, now of Owen Sound, C. W., who was succeeded in 1853 by Rev. Edward Ebbs, now of Aurora, Ill., who resigned in June, 1858.

The present pastor, Rev. Thos. Pullar, who was for many years minister of the Congregational Church, North Albion Street, Glasgow, Scotland, commenced his stated labors in the fall of 1858, and was inducted into the charge of the church on the 4th October, when the foundation stone of the new church edifice was laid. It is a simple and elegant brick building calculated to seat 450 persons, having a gallery at one end, well ventilated and beautifully illuminated. It is fitted up with every convenience in the way of school and lecture rooms, vestry, &c., and warmed with a very efficient heating apparatus. It has a handsome front and a porch entrance by a flight of steps from Hughson street. Internally it is tastefully and commodiously furnished and is well adapted for both speaking and hearing. It is free of debt, the last remains of which were cleared away in June, 1865. The congregation has raised for local and general religious purposes, during the last eight years, not less than 18,000 dollars. The following notice of the last anniversary, in June, 1866, will indicate the present position of this church.

"The seventh anniversary of the opening of the Congregational Church, Hughson street, and the eighth of the pastorate of the present minister, were celebrated by appropriate services on Sabbath, the 24th June. No special collections were made, as the church edifice is free of debt. A meeting of the members was held in the evening, when, after the usual business, the pastor gave an address on the progress of the church, especially during the past year. About a fourth part has been added to the membership of last year, and the church has enjoyed peace and harmony among themselves and affectionate relations with their pastor.

"On Wednesday evening, the 27th, the annual financial meeting of the congregation wes held, when it was reported that during the past year the sum of $2,030 had been raised by the congregation, being an average of more than twenty dollars annually for each contributing member. The two last years have exceeded in amount of contributions and general progress any two during the present pastorate except the first, when a very large sum was raised to erect a new church edifice. Besides a presentation last January of one hundred dollars to the pastor, a handsome permanent addition has been made to his salary. A balance, under the head of incidental expenses, of $88, due the treasurer, was met by a contribution on the spot. During this year a Ladies' Working Society has been instituted, which is largely attended and productive of good results; and the pastor's Bible Class was attended by 70 persons. Arrangements were made for increasing the Missionary Fund, and the Sabbath School was reported as larger and more prosperous than on any former occasion."

Mr. Wm. Edgar, Superintendent of the Sabbath School.

Hours of divine service on the Lord's Day, from May till October, at

11 a.m. and at 6½ p.m.; from October to May at 11 a.m., and at 3½ p.m.; on Thursday evenings at 7½ p.m. Sabbath School, summer at 2½ p.m., winter 2 p.m.

BAPTIST CHURCH—Organized 23rd December, 1843.—Recognition services were held at "Thornton's School House," on 7th January, 1844, when *twelve* persons were recognized as "the Baptist Church of Park street, Hamilton." Rev. Alfred Booker, one of the twelve, being Pastor, he having for twelve previous years been Pastor of the Park street Baptist Church, in Nottingham, England. The original chapel was 38 × 50 feet, a plain but comfortable brick building, with stone basement for Sabbath School, &c., cost over $2,000 and was completed in 1846. Mr. Booker continued the Pastor until his death, which took place on March 12th, 1857, by the memorable accident at the Railway Bridge, Desjardins Canal; he was returning home from holding service with a branch church, at the village of Wellington Square. The church then numbered nearly one hundred communicants, and was free from debt. After Mr. Booker's death the following Reverend Gentlemen successively became Pastors of the Church: Rev. Jno. Burke, Rev. Jno. Bates, Rev. Jno. Crawford, Rev. Freeman G. Brown, Rev. R. J. Wilson. In 1862, during Mr. Brown's Pastorate, the chapel was rebuilt at a cost of about $4000; size 38 × 73 feet, with basement and gallery. The new front is a very neat specimen of architecture, in semi-Gothic style, of pressed brick, with cut stone base, sills, capping and pinnacles. Will seat comfortably about 400. Present membership, 164.

The Trustees are P. W. Dayfoot, Wm. Fell, Joseph Robbins, W. D. Booker, Jas. C. Bent, D. E. Roberts and Thomas Mason.

The present Pastor, Rev. Geo. Richardson, commenced his labours on 1st Dec., 1866, and is well settled in the affections of his charge. Public service every Sabbath, at 11 a.m., and 6.30 p.m.

Sabbath School in the afternoon, at 2.30. Average school attendance, 272. Week lecture, Tuesday, at 7.30, p.m. Prayer meeting, Thursday. Business meeting on Wednesday, before the last Sabbath in each month, all held at the same hour.

WESLEYAN METHODISTS.

The following sketch is from the Hamilton *Spectator* of May 8th, 1866:—

"To this body is due the honor of being the first christian denomination which attempted permanently to occupy the ground here. In the year 1824, the first church erected in what is now the City of Hamilton, was built by them, and that church, the present King-street Church, greatly improved and resuscitated during late years, remains to-day a record of their earnest christian zeal in the promotion of mission effort in the earlier history of the Province. At that time the church was connected with the American Episcopal Methodist body; but in four years afterwards it separated, and became an independent Canadian branch.

In 1833, the year of the union of the Canadian Methodist Church with the British Conference, the population of Hamilton was but one thousand souls, and the Methodist Church was comprised in one single class, led by Mr. David Springer, and under the ministrations of the Rev. James Evans, and the Rev. Edwin Ryerson, since deceased. In the early part of that year a revival occurred, the membership was increased to 140, and the first Sabbath School ever established in Hamilton was organized in the old King-street Church. In 1840, the division between the British Methodists and the Canadian Methodists occurred and the former at once commenced the erection of the present John-street Church, securing in the meantime the site of a building which had been erected by the American Presbyterians some time previously, but which, from troubles arising out of the rebellion, had ceased to be used by any denomination. In this they worshipped, under the pastorate of the Rev. John G. Manly, the Rev. Ephraim Evans being Superintendent of the District, until 1841, when the John-street Church having been completed, they took formal possession of it. The King-street Church becoming too small for the congregation which continued to worship in it, the present McNab-street Church was commenced by them, the corner stone having been laid in April, 1846, and the walls erected and covered in during that and the succeeding year. In 1847, however, the reunion of the British and Canadian Methodists happily took place, and as a bond of union, the King-street congregation transferred themselves to the John-street Church, suspending for a time the completion of the new building under erection on McNab-street. The entire Methodist body of the city worshipped at the brick Church until 1851, when, although galleries had been put into it in the meantime, it having become too small, the McNab-street Church was completed, and finally opened for Divine service on 1st of December of that year. The Revs. John Carrol and John Breden were the first pastors of the new Church. About the same time a Bethel Church was erected at the foot of Hughson-street, the large business done at the Port of Hamilton, in those days, warranting the expectation that an important work could be there carried on. But the completion and opening of the Great Western Railway, affecting as it did seriously the lake business, militated against the success of the Bethel Church, and it was abandoned. In 1859 the John-street Church was greatly enlarged, and about the same time the old Pioneer Church on King-street was rebuilt—that is, so much improved as to be entitled to be called so—and reoccupied, and a year or two afterwards the Main-street Church was erected.

"The Centenary Church building is of what is called the Romanesque style of architecture, somewhat similar to Dr. Ormiston's Church, and is built of red pressed brick with cut stone dressings. It is 136 feet long by 66 feet wide, with a vestibule in front of 72 feet 6 inches wide in which are the stair cases leading to the galleries. The basement story, which will be fitted up for sabbath school and week evening services,

and for class rooms for the more select meetings of the membership of the church, will be almost entirely above the ground, a feature which cannot be too much commended. There will be large galleries in the building. The seats in the main body being arranged so that the side pews will face the pulpit. It is estimated that the building will seat comfortably thirteen hundred persons, making it the largest Protestant Church in the city. The cost is estimated at between $27,000 and $32,000. The Ministers at present in charge are Revds. E. B. Harper, Alex. Sutherland, and E. Robertson."

Church of St. Mary of the Immaculate Conception (See engraving).—This fine building is of the gothic style of architecture, and was designed by the late Mr. Kartum, who, unfortunately, died before its completion. It is built of red brick, with white brick arches and cut-stone facings; its shape is cruciform; length one hundred and fifty feet, breadth sixty feet, breadth of transept seventy-five feet. From the north west angle rises a massive tower, which serves as a belfry, the brick and stone work of which reaches one hundred and twenty feet in height, while the north-east corner is ornamented by a small octagonal tower of two-thirds of that elevation. The interior of the Church is finished in the same style, with groined vault and gothic ornaments. The Chancel is separated, on each side, from the Vestries by a lofty screen work, the design of which, as well as that of the High Altar, is very beautiful and reflects great credit upon the architectural taste of Mr. Perrault, under whose direction the interior of the Church was finished. In Mary's by the late Vicar General McDowell, who was the first resident 1838 a small frame church was erected upon the present site of St. Roman Catholic Priest of Hamilton. Previous to that date the few Catholics of the place were occasionally assembled in private houses by the different Priests who, in the earlier history of the country, from time to time visited the place. In 1847 the Very Rev. Mr. McDowell was succeeded by the Rev. E. Gordon, now Vicar General of the Diocese of Hamilton. The latter gentleman soon found it necessary to enlarge his Church, and this he did by building two extensive wings, which afforded accommodation to the congregation, which rapidly increased until it numbered between five and six thousand souls. In 1856 Hamilton was created an episcopal see under its present Bishop, the Right Rev. John Farrell, who in the commencement of his administration was obliged to make use of the old Church as a *pro tem.* Cathedral, until it was destroyed by fire in the summer of 1859. This was a terrible loss, for the insurance had expired some days before. To supply the Congregation with a suitable Church required a great effort, but that effort was promptly made by the Bishop and his people, and the result is the present Church, which is the largest and most expensive in the city.

New Connexion Methodist.—This Church is built of wood, and

is situated on Main Street, near Nelson. The Society was formed in 1831 by Elders Ryan, Smith and Jackson. The Church building was erected in 1833, but improved and enlarged subsequently, during the ministration of the Rev. T. Goldsmith. For a number of years the Church was unfortunate in its ministers—many of them breaking off their connection with it, and allying themselves with other denominations. However, of late years the Church has made progress. It is under the pastoral care of the Rev. J. Cleaver. Services are held at 11 a.m. and 6½ p.m. on Sabbath days, and 7½ p.m. on Thursdays.

WESLEYAN GERMAN CHURCH—Corner Nelson and Rebecca streets, opened January, 1862; built of brick, and capable of seating about 250. Services on Sundays, 10 a.m. and 6½ p.m. Prayer meetings on Wednesdays at 7½ p.m. Rev. Charles Allum, pastor.

PRIMITIVE METHODIST CHURCH—At present on John street, between Gore and Henry. This denomination is about building a new Church on the corner of Gore and Hughson streets, which it expects to occupy by next September. Services on Sundays, 10½ a.m. and 6½ p.m. Sunday School in connection. Rev. Jonathan Milner, pastor.

METHODIST EPISCOPAL CHURCH (AMERICAN)—John street, between Gore and Henry. Built of wood, and capable of seating 250. Services every Sunday. Rev. Geo. Abbs, pastor.

EVANGELICAL ASSOCIATION.—Church on Market street, between Caroline and Hess. Built of brick, and capable of holding 250. Was built in 1861. Services on Sundays, 10½ a.m. and 7 p.m. Sunday School at 9 a.m. Rev. Philip Winkler, pastor.

MOUNTAIN MISSION.—Brick church. Services at 2 p.m. Rev. Dr. Inglis.

JEWISH SYNAGOGUE.—King street West, between James and McNab; Mr. Gross, President; Mr. Roos, Vice-President. Services on Saturdays at 8 a.m., 4.30 p.m., and 6.30 p.m.

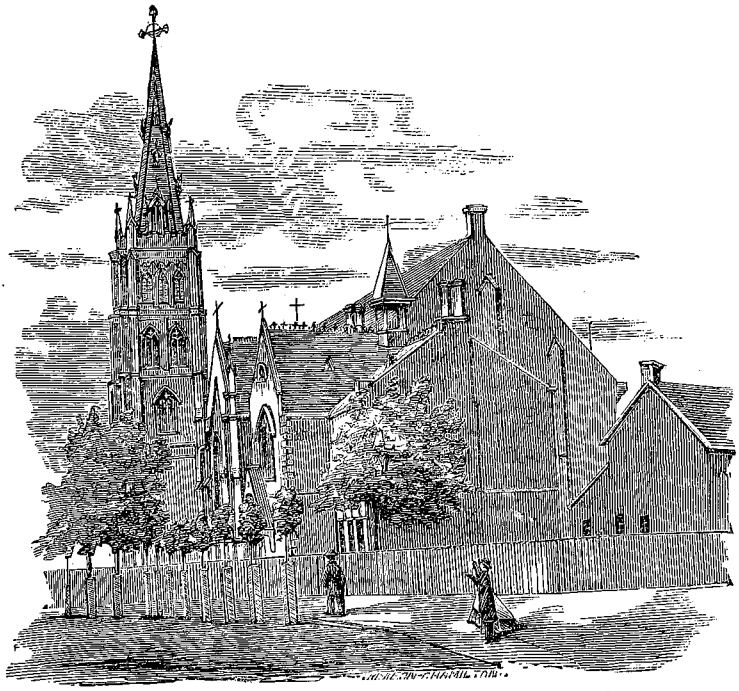
BAPTIST CHURCH (colored)—McNab street, between Cannon and Mulberry streets. Rev. Robert Jones, pastor. Sunday services, 11 a.m. and 7 p.m.

METHODIST EPISCOPAL (colored)—Rebecca street, between John and Catharine streets. Rev. L. C. Chambers, pastor. Sunday services, 11 a.m. and 6½ p.m.

BRITISH METHODIST EPISCOPAL (colored)—Rebecca street. Services on Sundays, 10½ a.m. and 6½ p.m. Sunday School at 3 p.m. Rev. T. M. Kinnaird, pastor.

NEWSPAPERS AND PERIODICALS.

BANNER OF FAITH.—A biblical monthly, published by D. Oliphant,



CHURCH OF ST. MARY OF THE IMMACULATE CONCEPTION.

(*Roman Catholic.*)

and printed by T. & R. White, of the "Hamilton Spectator" for a company of disciples. It is now in its second year.

THE CANADA CHRISTIAN ADVOCATE.—This paper was commenced at Cobourg in 1845, the first number being issued on the 2nd of January of that year. It was started as a private enterprize by Revds. T. Webster and J. H. Leonard, but devoted to the interests of the Methodist Episcopal Church in Canada. It was purchased by the general conference of the church, and removed to Hamilton in 1847; Rev. T. Webster, who had edited the paper when under private control, being the first editor appointed after it became church property. Mr. Webster held the position till 1850, when Rev. G. Shepard received the appointment and occupied the editorial chair till 1858. At the general conference held that year, Rev. G. Abbs was elected to fill the office, but resigned the year following, when Rev. S. Morrison was chosen to fill the place. This gentleman resigned in the spring of 1863, when Rev. G. Abbs, the present incumbent, was again appointed. The *Advocate*, though the property of the M. E. Church, is free from sectarian bigotry, the great object being to make it a first-class religious and family newspaper.

THE CRAFTSMAN.—This is a semi-monthly periodical conducted by T. & R. White, and an able staff of contributors, printed at the office of the Hamilton *Spectator*. It is devoted to the diffusion of Masonic light and literature, for the improvement of the craft and the advancement of the Order. It is now in its first volume, and since its commencement has met (and deservedly) with unexampled success in Upper and Lower Canada, as well as a very large circulation in the Maritime Provinces. A publication of this character had become a necessity to the craft of Canada. Although many worthy and excellent magazines and other Masonic periodicals have been and are still published in the United States, the craft in Canada were desirous of having a publication of a home character. This desideratum is obtained in the *Craftsman*. Its articles are sound, conservative, entertaining and instructive, and its pages are laden with the gems of Masonic literature and kindred sciences, such matter as improves with time, and affords healthy food for the minds of the craftsmen as well as others. Terms one dollar and fifty cents per annum.

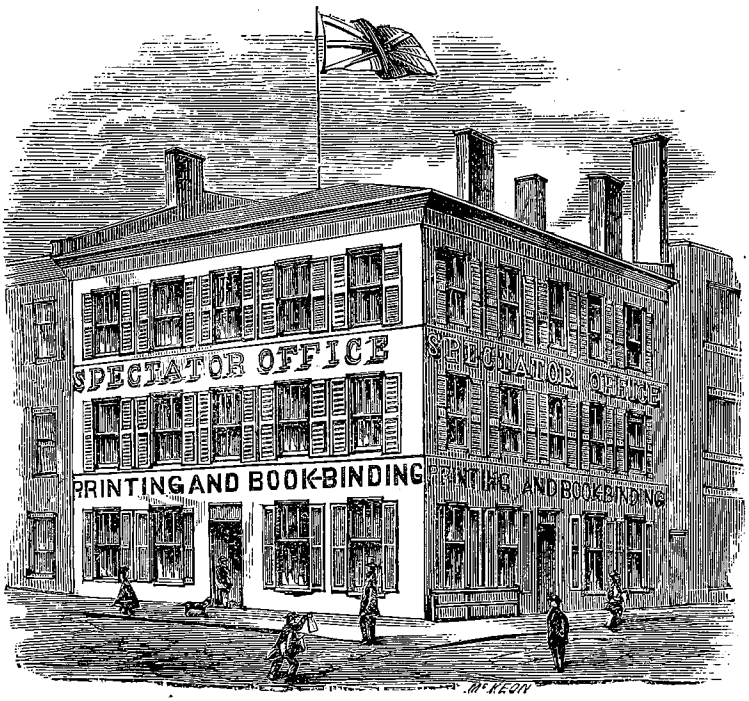
THE HAMILTON EVENING TIMES, which now ranks among the most popular, flourishing and influential journals in Canada, was established as a morning paper by Thomas Gray, Esq., in January 1857, on the basis of the *Daily Banner*, published by Messrs. Nicholson, Hand & McIntosh. In February, 1860, it was changed from a morning to an evening paper, under the editorial management of George Sheppard, Esq., but from various causes it failed to secure the success its proprietor anticipated. In 1861 it passed into the hands of Messrs. Jones & Holbrook, who continued its publication till January, 1862, when it was

purchased by the present proprietors, Messrs. C. E. Stewart & Co. By the judicious expenditure of capital in the purchase, a large addition of new stock, the introduction of a steam power press, the organization of the whole establishment on a sound business basis, and the employment of some of the ablest political writers in the province, new life and energy was infused into every department of the establishment, and the consequence was an immediate, rapid and vast increase in the circulation of the paper, and a large augmentation in its advertising patronage and jobbing business, which must have been in the highest degree satisfactory to its energetic and enterprising proprietors. The circulation was in a short time increased from four hundred copies, daily, to two thousand, and this increase has been steadily augmenting until it has attained at the present time a daily circulation of no less than four thousand copies, which is more than twice as many as that of any other journal west of the Metropolis of Upper Canada. Its daily and weekly circulation extends to every village and hamlet in the western peninsula of Canada. The equipments of the *Times* establishment, type, presses and furniture embrace all the latest styles and improvements, and its conveniences for book and general jobbing business are not inferior to those of any printing establishment in the country.

The total weekly circulation now amounts to nearly thirty thousand copies, and is still rapidly increasing, thus furnishing an admirable medium to business men for advertising.

THE MESSENGER.—This periodical was established in 1865, and is issued on the 1st and 15th of each month. It is devoted to the advocacy of the Temperance cause, and contains reports from all parts of the Temperance field. J. W. Ferguson, M.D., Editor. Terms, 75 cents per annum. Address drawer 69, Hamilton.

"THE SPECTATOR—(See engraving of *Spectator* Buildings).—The *Spectator*, which is the leading paper of the city of Hamilton, was first established in 1846, by the late Robert R. Smiley, in the moderate conservative interest, and by the energy and tact of its proprietor, soon became the most popular newspaper in the western peninsula. Its circulation and influence increased rapidly, and at the time of Mr. Smiley's death, in 1855, it was justly regarded as a most successful newspaper enterprise. It then passed into the hands of Mr. John Smiley and Mr. William Gillesby, who conducted it for a short time together. Mr. Smiley retired, in 1857, and his place was taken by Mr. Robertson, the paper continuing to be published by the firm of Gillesby & Robertson, until 1862, when Mr. Gillesby became the sole proprietor. These frequent changes, and the increasing competition of the Toronto papers, affected the position of the *Spectator*, and it lost somewhat of the *prestige* it had enjoyed under Mr. Robert Smiley. In 1864, Messrs. T. & R. White, formerly of the *Peterborough Review*, became its purchasers, and, by a liberal expenditure of money, have



"SPECTATOR" BUILDINGS.

restored it to its old popularity. Its circulation has more than quadrupled in their hands, and all through the western counties, especially, the *Weekly Spectator* enjoys a most extensive circulation, and commands an undoubted influence. Large additions to the establishment have been made by the Messrs. White, the paper was put into new type by them almost immediately after assuming control of it. Their job-room has been greatly enlarged and refitted with new and large fonts. The establishment enjoys an extensive job printing patronage, which is steadily increasing, and the paper may be said again to have fairly entered into the list of successful newspaper enterprises.

HOSPITALS AND ASYLUMS.

THE CITY HOSPITAL.—This institution is at the foot of John street, on the banks of the Burlington Bay, and contains about forty beds. Its medical management has recently undergone important reforms, so that it is now one of the best conducted and most efficient of hospitals in the Province. The patients are confided to the care of a Board of six attending physicians, one of whom visits the various wards daily, and one resident surgeon. It is open to all medical students and practitioners, at the usual visiting hours, free of charge. The hospital is supported by city taxation, grants from the Great Western Railway, and the Provincial Government; and its financial management is confided to a Committee appointed by the City Council. Patients, except in cases of emergency are admitted on the order of the mayor, or on the order of a member of the hospital committee. Henry Strange, M.D., resident physician; T. Luckens, superintendent.

HOUSE OF REFUGE, situated on Cherry Street, south of Hannah· Wm. Skinner, Superintendent.

HAMILTON MILITARY HOSPITAL, situated at the head of Charles street, the property of the late Peter Hamilton, Esq., and is admirably adapted, from its healthy situation, for its present purposes.

GREAT WESTERN RAILWAY ROLLING MILL.—The extensive rolling mill, erected by the Great Western Railway in 1864, is 170 feet in length, 100 feet in width, 35 feet in height to the eaves, and running from thence to about 70 feet in the centre of the roof. The roof is formed of trussed beams and slated. One engine of 400 horse-power is used, together with two smaller engines of twenty horse-power each. There are six boilers, four of which are thirty feet long and thirty inches in diameter, and one forty inches in diameter. The saws are four feet in diameter, and make 1,000 revolutions per minute. The cooling bed for hot rails is formed of an inclined plane of rails laid at intervals of three feet. The large engine is a high-pressure vertical engine, with forty-two inch cylinder, three feet stroke, and makes eighty revolutions per minute; the fly-wheel is 24 feet in diameter, and weighs thirty-five tons. The small engines are horizontal, coupled to the same shaft by cranks at right angles, and their cylinders 10½ inches in diameter, with 20 inch stroke. To manufacture 4,000 tons of new rails will consume about 5,000 tons of coal. The Company employ about 150 men in the mill, and have four rail-heating furnaces, and two double puddling furnaces. The machinery for the mill, viz: engine, mill train, furnaces, and saws were manufactured for the Railway Company by Messrs. Goldie, McCulloch & Co., of the Town of Galt. Messrs. Gartshore & Son, of Dundas, manufactured the powerful shears, rail straighteners, turning lathe, &c. There is also a large steam hammer (5 tons), made by Morrison, of Newcastle, England.

TOWNS AND VILLAGES.

COUNTY OF WENTWORTH.

TOWN OF DUNDAS.

An Incorporated Town, in the Township of West Flamboro', and County of Wentworth, situated at the head of the Desjardins canal, and on the line of the Great Western Railway, five miles from Hamilton, 79 from London, 44 from Toronto, and 49 from Suspension Bridge. It has daily mails, with Money Order Office. Dundas is increasing annually in the importance and number of its manufacturing establishments. Many of these are propelled by water power exclusively, while some use water and steam power—especially the larger works. Situated as it is, Dundas must still grow in importance as a manufacturing town; every facility is here afforded for the ready shipment to any part of Canada of its products. One of the most important establishments is the

DUNDAS COTTON FACTORY.

These large Cotton Works were established by Joseph Wright, Esq., in 1859, but are now being incorporated as the "Dundas Cotton Manufacturing Company," with a capital of half a million dollars. These Cotton Works were the first established in Canada, and, steadily increasing since 1859, have now overcome the great difficulties which beset the introduction of a new industry. Mr. Wright has succeeded in educating and attaching to the works a large number of trained hands of the most efficient yet inexpensive kind; the wages account now comparing favourably with that of any similar works in Great Britain.

These works have at present 108 looms working and 7,000 spindles. The weekly productions are 25,000 yards grey cotton cloth, 6,000 lbs. cotton yarn, and a total weekly production of 12,000 lbs. The machinery and equipments are of the very best finish and character that could be obtained in England or the United States, combining every modern improvement.

The Real Estate consists of several acres on Main and Rosina streets, Dundas, on which are erected:—The factory of white brick, 240 feet in length, of handsome structure and design, from 2½ to 4½ stories high, slated roof, with iron window sills and heads, with isolated fire-proof engine and boiler houses attached. Complete Gas Works buildings and

Archibald McKeand, Fire, Life and Accident Insurance Agent, 2 King Street, Hamilton.

apparatus adjoining the factory. Comfortable two-story red brick dwelling house and premises, with business office attached, fire-proof vaults, &c. Large white brick warehouses nearly fire-proof, stabling and premises. Town lots on Rosina Street, with dwellings for factory hands.

The works are driven by a water-wheel equal to 40 horse power, and two steam-engines of 80 horse power, specially constructed for Mr. Wright by Messrs. John Gartshore & Son, to save fuel, being high pressure (exhausting into condensing) engines, using the same steam over again. The premises and machinery are, in every respect, complete, and in perfect order and repair. About two hundred hands are constantly employed.

OFFICERS AND DIRECTORS: President, George Taylor, Esq., manager Bank British North America, Hamilton; Vice-President, James B. Grafton, Esq., merchant, Dundas; Treasurer, Robert Milroy, Esq., manager of the Ontario Bank, Hamilton. Directors: George Taylor, Esq., James B. Grafton, Esq., Robert Milroy, Esq., John Gartshore, Esq., Joseph Wright, Esq. Trustees for real estate: George Taylor, Esq., Robert Milroy, Esq., John Gartshore, Esq. Secretary during organization: B. B. Osler, Esq., Dundas.

THE CANADA SCREW COMPANY.

Officers:—President, Hugh Moore; Vice-President, Peter Patterson; James McMahon, M.D., Secretary; J. P. Billington, Treasurer and Manager. This company was organized in February, 1866, for carrying on the manufacture of wood screws on an extensive scale. The works were originally commenced by J. P. Billington, Esq., the Treasurer and Manager of the Company, who deserves a great deal of credit for the introduction of an undertaking of so much magnitude in Canada, there being but a very few successful establishments of the kind in the world, and this the only one in British America. The company has a commodious brick building, four stories in height, with a rear building two stories, the whole being 50 feet front by 100 feet in depth. The machinery is of the most beautiful description, and has been made on the premises from original drawings. The works now have the capacity of turning out about two thousand gross per diem and give constant employment to fifty hands.

AGRICULTURAL IMPLEMENTS.

A very large business, employing about thirty hands, is carried on in this branch by John Forsyth, Esq. The works were established in 1855. A large number of separating, threshing machines, mowing and reaping machines, ploughs, cultivators, iron pumps, &c., are turned out annually. 15 horse steam power is used.

In this line, also, Mr. James Scott employs twenty-five hands, and an engine of 16 horse power. The works were established in 1862.

Archibald McKeand, Fire, Life and Accident Insurance Agent, 2 King Street, Hamilton.

Card Clothing.

This is a new branch of industry commenced in Dundas in 1866, by John Forsyth, Esq., who employs six hands; five horse steam power is used to propel twenty machines, using 60 sides of leather weekly. The card clothing made here is used as well for cotton as woollen machinery, and is considered equal in quality to the best imported.

Dundas Edge Tool Factory.

Mr. J. Hourigan commenced business in 1859, and employs 18 hands, 30 horse water power and 12 horse steam power. Axes, and reaping and mowing machine knives are the chief articles made here.

Flouring Mills.

The Wentworth Flouring Mills, established in 1844, owned and carried on by John Wilson, Esq., 50 horse steam and 50 horse water power is used to propel four run of stone. The mill has the capacity of turning out 600 barrels a week. Lately an Oatmeal Mill has been erected in connection with the Flouring Mill with a capacity of 450 barrels per week. Eight hands are here employed. The Dundas Mills, water power, established in 1833, are carried on by James Coleman, who employs ten hands in the mill, and is also engaged in the manufacture of staves, barrels, &c. The mill contains six run of stone, and has the capacity of manufacturing one thousand barrels per week.

Iron Foundries and Engine Works.

One of the most extensive works in this line in Canada is conducted by Messrs. Gartshore & Co., who employ about one hundred and fifty hands and thirty horse steam power. The foundry was established in 1838. Here are manufactured marine, portable and stationary steam engines, French Burr mill stones, Swiss bolting cloths, grist and saw mill machinery, oil stills, tanks, locomotive castings, and a late improved iron water wheel; castings have been made by this firm of 17 tons weight. The engine for the new iron Car-Ferry Boat for the Great Western Railway Company at Windsor, and also that for the Hamilton Water Works were manufactured by Messrs. Gartshore & Co.

Machinists' Tools and Woodworkers' Machinery.

Messrs. McKechnie & Bertram, established in 1861, manufacture every description of machinists' tools, and wood workers' machinery. The firm have received several first premiums for their machinery. They employ 20 hands, and 6 horse steam-power.

Morocco, Glove and Wollen Yarn Manufactory.

The Dundas Morocco Factory, was established in 1860, by W. E. Parmenter, who employs 25 hands and an engine of 15 horse-power in the manufacture of Morocco leather, of which about $25,000 worth is

Archibald McKeand, Fire, Life and Accident Insurance Agent, 2 King Street, Hamilton.

turned out annually. The Dundas Tannery, formerly owned by Mr. Thomas Howe, is also in the possession of Mr. Parmenter, and used as a glove leather manufactory, to which is being added machinery for the manufacture of woollen yarns, a 15 horse-power engine is also used here, and about 15 hands employed. Mr. Parmenter has also a glove factory in Exchange buildings, opposite the Market, where he gives employment to 50 hands in the manufacture of gloves, mitts, gauntlets, &c., of a very superior quality; the business in this line amounts to about $20,000 per year.

Paper Mills.

The Gore Paper Mills were established in 1834, now owned by Mr. John Fisher; the machinery is propelled by water power, and twenty hands are kept employed. Every description of book, news, and wrapping papers are made here.

Wood Workers' Machinery.

Messrs. Littler & Maw have lately commenced business in the machinery line, and turn out wood workers' machinery of every description, also a new hub morticing machine and spoke lathe. Their premises are on King street; seven horse steam power is used by this firm.

Woollen and Cotton Machinery.

John Forsyth, Esq., is largely engaged in this branch of manufactures, employing in this line, and the manufacture of agricultural implements, thirty hands and twenty horse steam power. The premises occupy an area of one and a half acres, situated on Hatt street.

Woollen, Cotton and Flax Machinery.

Messrs. Aitkin & Post, in 1866, established machine works, where they manufacture woolen machinery, such as carding machines, jacks and twisters. In cotton machinery, spinning frames and looms. In flax machinery, looms that will weave seamless goods; they also manufacture shafting, pulleys and hangers. Steam power to the extent of 5 horse is used, and twelve hands are kept employed.

Woollen Goods.

The Dundas Woollen Mills were at first established in 1864, by Messrs. Crossland & Brown; lately a Company was organized who are carrying on the works under the management of Mr. Thomas Brown. The mills contain fifteen double and two single looms, turn out about 3,500 yards weekly, 120 hands are employed,; 50 horse power steam and about the same water power.

An establishment for the manufacture of wire work was commenced in 1860, by Timothy Greening, who manufactures wire cloth of every description. Four hands are employed.

Archibald McKeand, Fire, Life and Accident Insurance Agent, 2 King Street, Hamilton.

There is one brewery, established originally in 1840, now carried on by J. Thornton & Co., proprietors. They turn out about three thousand barrels of ale and porter per annum.

Drill Shed, arched roof, 183 by 80, situated on King, between Hatt and Market streets. Armory, &c., attached.

Churches.

Church of England (St. James), situated on Hatt street, is a plain and substantial stone edifice, and is capable of accommodating six hundred persons. Rev. F. L. Osler, M.A., Cam., rector of Ancaster and incumbent, Dundas.

Knox Church (Presbyterian Church of Canada), was erected in 1847, of brick, at a cost of four thousand dollars, lately enlarged, and will now seat seven hundred persons. Rev. John McCall.

St. Andrews (Church of Scotland), was erected in 1837, of stone, at a cost of about four thousand dollars, and will accommodate three hundred and fifty persons. Rev. Mr. Herald, pastor.

Park Street Baptist Church and Schoolhouse was built in 1866, of brick. It will seat 300 persons. Rev. John Bates, minister.

Wesleyan Methodist Church, Cross street, corner Park, was built in 1855, of brick, and cost twelve thousand dollars. It will accommodate five hundred persons.

Roman Catholic Church, erected in 1863, of brick, will cost, when fully completed, about ten thousand dollars. It will accommodate about fifteen hundred persons. Rev. Mr. O'Reilly, priest.

Schools.

The Dundas Union Grammar and Common School building was erected in 1856, of brick. The average daily attendance is about 240 pupils. J. H. Hunter, principal; J. McLean, assistant.

The Roman Catholic Separate School edifice is on Sydenham street, and was established in 1858. The average attendance is about 100 pupils. James B. Looney, teacher of male department, and Miss Griffin, teacher of female department.

ANCASTER.

A post village, situated in the north east portion of the township of the same name, 7 miles from Hamilton, and 3 miles from Dundas station, on the Great Western Railway. The village contains several manufacturing establishments.

Card Clothing.

Has been manufactured in Ancaster since 1863 by Eyre Thuresson, Esq., and in establishing this, an entirely new business in this country, Mr. Thuresson had many difficulties to overcome, not the least of which was the procuring of suitable leather for card clothing purposes. He purchased the best leather manufactured in Canada, and after using hemlock tanned leather for four years, came to the conclusion that it was impossible to manufacture a first class card with such material, therefore, determined, although at considerable expense, to use no other than English oak tanned leather, which he is now using to advantage. Mr. Thuresson being the pioneer in this important branch of manufactures, is no doubt, desirous of furnishing to the trade an article that cannot be excelled. The selection of stock is made a matter of special importance, as the durability of the card depends entirely on its quality.

Mr. Thuresson has now at work thirty-eight machines, including Horse Card, Diamond point, Sheet, Fillet, and Doffer ring machines The last named machine possesses a new and attractive interest. Hitherto Doffer rings have been made with a ⅝ inch joint, then pricked and finished by hand, which was, at the best, a very inferior and unseemly finish. The ring is now pieced with a joint 1⅝ inch long, and finished in the machine in a highly superior manner, the advantages of which will be self evident to those who use such articles. They are made of all widths with fractional variations.

Diamond point, or angular wire is now mostly used for Tumblers, Leader-ins, and Feeders. These articles are supplied in any quantity at short notice.

The Diamond point and the Doffer ring machines are the only two articles of the kind in British America. The power used is water, and twelve hands are constantly employed. One hundred and twenty-five sides of the best English oak tanned leather is used weekly.

The following points, per square foot, have been generally adopted by manufacturers for all ordinary carding purposes, and, unless otherwise ordered, will be filled accordingly :—

No. of wire.	Points in a square foot.
28	34,560
30	41,472
32	48,384
33	55,296
34	62,208
35	69,120
36	76,032

With the enlarged facilities now possessed, Mr. Thuresson manufactures all the varieties of cards required for cotton and woollen works, including sheets from 24 to 64 inches long; common filleting in any lengths ordered; diamond point, long, short, or medium cut fancy. Napier sheets of galvanized zinc, Doffer rings, Hand wool cards, Cleaners, &c.

The best English and American machines have been imported for making these cards, besides what are being made at Ancaster for future use; and the most competent workmen, which liberal payment can secure, are employed to attend them.

Knitting Mills.

The Ancaster Knitting Company was organized in 1866.—President, James Watson; Secretary, Arch. McKeand; Manager and Superintendent, J. G. Crane. The Company employ 110 hands, an engine of 45 horse power, and 10 horse water power additional. A very large quantity of knitted goods is here turned out annually.

The Wentworth Knitting Mills were established in April, 1867, by Adams & Hinton, who employ 30 hands, and use water power only. The buildings and machinery were erected by H. & A. Egleston, the former being 34 by 50 feet, three stories high. An additional set of machinery is about being added.

Woollen, Cotton Machinery and Agricultural Implements.

The Ancaster foundry and machine shop was erected in 1849 of stone, by H. & A. Egleston, who use a steam engine of 15 horse power. This firm manufactures every description of cotton and woollen machinery and agricultural implements. Many improvements have been made by Messrs. Egleston in the manufacture of carding machines, particularly their condensing machine, and nearly all the woollen factories and carding mills in Canada have been furnished by this firm. About 30 sets of carding and woollen machinery are turned out annually. They have lately erected a new woollen factory of stone, three stories high, with a basement; the length is fifty feet by thirty-four feet wide. It contains two sets of machinery for cloth manufacturing and knitting purposes, which is all of their own make.

Flouring Mills.

The Ancaster flouring mills were erected in 1863, of stone, containing three run of stone, and having a capacity for manufacturing 100 barrels of flour per diem. The mills were erected by H. & A. Egleston, at a cost of $10,000.

Leather Manufactory.

The Ancaster tannery, carried on by Jacob Gabel, was established in 1826—the building is stone. Manufactured leather to the value of $5,000 per annum is turned out. Four hands are employed here.

Threshing and Separating Machines.

The Ancaster Threshing and Separating manufactory, originally established in 1846, by Eyre Thuresson, Esq., is now carried on by Mr. W. H. Thuresson, who employs eight hands, and about 12 horse water power.

Churches.

The village contains three churches, the Church of England, frame, was erected in 1827, and will accommodate 300 persons, Rev. F. L. Osler, rector; Rev. Mr. Ballard, curate.

The Presbyterian Church was built of frame in 1830, will seat about 200 persons, Rev. John Lees, minister.

Methodist Episcopal, Rev. Mr. Collamore, pastor.

The Wesleyan Methodist Church was erected about 1830, of frame, and will seat 200 persons—there is no resident pastor.

Miscellaneous.

The sixth division court is held here, L. A. Gurnett, clerk, Arthur Crooks, bailiff.

Ancaster has an excellent school under the charge of Mr. Shire. The average attendance is about one hundred pupils.

WATERDOWN.

An important post village in the township of Flamboro East, situated on Grindstone Creek, 6 miles from Hamilton, and 37 from Toronto. The village was first settled in 1827 by Ebenezer and Absalom Griffin, who purchased the property on which the village is laid out from Alexander Brown, progenitor to the family of the same name at Port Flamboro'. The road passing through the village is called Dundas street, and is two miles from Aldershott post office or Watertown station, on the Great Western Railway, and three and a half miles from Port Flamboro' on Burlington Bay. There are excellent free stone quarries near the banks of Grindstone Creek. The Creek takes its name from

grindstones having been made at these quarries, by a Mr. Allan, about 1814. The Creek affords very good water power, which is made available in propelling the machinery for three flouring and grist mills, a rake, snaith and cradle factory, wood turning factory, and three saw mills, one running by steam. The Waterdown flouring mills are owned by the Hon. W. P. Howland, and were erected in 1860 of stone, four stories high, with a large stone grain warehouse convenient, the whole costing about thirteen thousand dollars. The mills contain four run of stone, and have the capacity of manufacturing one hundred and fifty barrels per diem. There is a stave factory in connection, where about half a million staves are cut per annum; twelve hands are kept employed; and in addition to the water power, a steam engine of forty horse is also used. John Creen's flouring mill was erected in 1845. It contains three run of stone, and turns out about fifty barrels of flour a day. The Ceres Mills, Waagteen, Jas. & Bro., proprietors, manufactures about one hundred and twenty barrels per week. In rakes, snaiths, and cradles, Read Baker employs a large number of hands; his works were established in 1843. The village contains six churches, a school, a large and commodious town hall, erected in 1857, of stone, two stories high, at a cost of three thousand four hundred dollars. The third Division Courts are held here, Jas. McMonies, jr., clerk. Mails daily. The population is 768. The Free Church, Presbyterian, was erected in 1853, of stone, at a cost of $1200; capable of seating 350 persons, Rev. R. M. Grant. St. Andrew's (Church of Scotland), erected in 1850, of frame, at a cost of $800, will accommodate 350 persons, Rev. Henry Edmison. The Church of England was built in 1860, of stone, cost about $1000, and capable of accommodating 350 persons, Rev. S. Houston, minister. The Wesleyan Methodist, erected in 1838, of frame, rebuilt of stone, at a cost of $1400; capable of seating 400 persons, Rev. Messrs. Greener, Ferguson and Hall, ministers. New Connection Methodist, built of stone in 1859, and cost $1000; capable of seating 250 persons; Rev. Mr. Scott, minister. Roman Catholic Church was erected in 1850, of stone, and cost about $1200; capable of seating 500 persons; Rev. Father Ryan, priest; services every two weeks by missionary from Oakville.

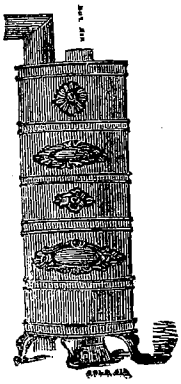
HEALTH, COMFORT, AND ECONOMY.

The Subscriber begs to call the attention of the public generally to a NEW invention called



NORTH'S
PATENT DRUM HEATER,

For which letters patent were issued on the 10th day of April, 1863, and feels fully satisfied that any parties who may see fit to give it a trial will find it greatly to their advantage, in a pecuniary point of view, as it will

Effect a Saving of Half the usual quantity of Fuel, and add materially to their Comfort.

For this admirable invention, the Patentee received the Diploma of the Provincial Association for the said Drum Heater, when exhibited at the Exhibition held at Hamilton, on September 26th, 1864; and since that period many orders have been received from the adjoining counties and towns, as the Heater can be applied with equal advantage and service to stoves where coal is burned as well as wood.

HEALTH, COMFORT, AND ECONOMY!

The following Certificates, from parties who have the Drums in use, will serve to explain their working, and the results achieved :—

Great Western Railway.
Chief Engineer's Office.
Hamilton, C.W., May 2, 1867.

MESSRS. S. NORTH & Co.,

Gentlemen,—After an experience of upwards of two years I can confidently bear testimony to the efficiency of your Patent Heater as attached to the ordinary stoves of the country; I have had it largely introduced in the stations and offices of this Railway, and intend to apply still farther during the ensuing fall. The effect of your Heater is to increase very materially the heating power of any stove and to diminish the consumption of fuel at least one-half.

Yours truly,
GEO. LOWE REID,
Chief Engineer.

Hamilton, May 18, 1867.

For three months past I have used one of Mr. North's Patent Drum Heaters. The heat it saves effects a great saving of fuel, while the uniformity with which every part of a room is heated is another recommendation in its favor. To have, by its means, a room sufficiently heated it is unnecessary to heat the stove to red heat, thereby injuring the air near the stove, while the remote parts of the room have to be heated by radiation, for it creates a current whereby all the air in the room is raised to the degree required—uniform heat in all parts of the room, comfort and enjoyment are the results—at no additional expense, I recommend the "Heater" to those to whom a smaller bill for fuel is an object of any consideration.

ARCH. MACALLUM, M.A.,
Prin. Central School,
Hamilton.

Hamilton, March 7, 1867.

I have used the North Heater in my house for some time past and find it saves nearly, if not altogether, one-half the fuel, besides increasing the heat very materially.

JOSEPH LISTER.

NORTH'S PATENT DRUM HEATER.

The following gentlemen have now the above Heater in use, and can testify to its economical and other advantages :

W. G. Adams, McNab street.
Z. Pattison, wholesale confectioner.
Stanbury & Co., dry goods, King street.
James Reid, King street.

They can also be seen at the Northern or Great Western Railway Stations.

Many other certificates could be given if necessary. All those who have the Drums in use, or have seen them working, feel perfectly satisfied, and are loud in their praise. They are also well adapted for Hot-Air Furnaces, as they will give *at least* one-third more heat from the same quantity of fuel.

They are peculiarly adapted for Churches, Schools, Halls, &c. Their effects are quickly felt in a more striking manner in large rooms that have been found difficult to heat without a very large amount of fuel. They can be used on every description of Stove, cooking as well as others, and the sizes are adapted to rooms in which they may be required.

Rights to manufacture the Heater for Counties or Townships will be sold on reasonable terms, for which, apply to SAMUEL NORTH. Address: Box 540, Hamilton, C.W.

Price from $5 and upwards, according to size; the price, of course, depending upon the size and quality of the material used, and whether of a highly ornamental or plain character.

Parties that are desirous of heating their buildings by hot-air—for which this Drum is adapted—should see this Heater, as it is decidedly the best and most economical one yet invented. The subscriber will be happy to furnish specifications and prices to any parties who will favor him with their address, stating the amount of heat required, &c., &c.

SAMUEL NORTH,
McNab street, bet Mulberry and Colborne.

CAUTION.—Attempts having been made to infringe upon the rights of the above patent, purchasers are requested to take notice that the words "*M. North's Patent, April 10th*, 1865," are affixed to every heater.

☞ Parties infringing on or *imitating* the above patent will be prosecuted according to law.
