Drug and Chemical Section

Preater space, better facilities for filling Mail less for drugs. When you want drugs urgent-specially mention the fact when sending in ur order. When an order comes in for a drug, tent medicine or proprietary article which we not stock, we procure it if possible without lay, but if there is any delay, such as sending the States or to Europe, we notify customer fore sending. Drugs and Chemicala are so numbus that we do not attempt to stock them all, uch less quote prices; we carry many thousand nes while we quote prices on only the more genally used. We never substitute ona maker's ods for another when a maker is specially sutioned, but when no mention is made we use r judgment giving what we consider the best the most reasonable price. We do not believe paying a fancy price for simply a well adverted name when we can give better value in ods for less money.

Dispensing is done by qualified druggists, mily receipts are treated in the same manner; alle all are filled with the finest goods, and expensed.

Note.—When the word "Poisoo" is placed after an item, its necessary to have physician's prescription accompanying order, which can be repeated if so marked: nut where it is a very violent and dangerous poison we require such prescription from physician to accompany each order from you, such as strychulne, morphine, ergot, and preparations, arsenic salts (other than Paris green), aconite, red lodide of mercury, cantharides and all poisons in Schedule 1 of Pharmacy Act. We neither self-injurer nor procure them. Female Pills, etc., not sold except on physician's prescription.

avagance in price is cut out.

We do not make a sale of less than five cents the as where the ingredients are in a mixture, it when wanted separate five cents is the nailest charge we make for any item of Drugs. MAILING NOTE.—Send the following amount for postage:

This is simply as a guide in sending money to ty postage on liquids.

Dress Goods and Silks

FASHIONS IN DRESS FABRICS for Fall and Winter, 1906, tend to the darker and more subdued shades. Some beautiful and fascinating effects are obtained in the depth and richness of color tones so cleverly executed and blended in the softest tints of the leading shades. Purity in dye combining to give the colors harmony distinction, as another and very desirable good feature to the materials. Greater than ever in variety, and higher in degree of perfection are the artistic novelty weaves shown in Fashion's School of Dress Ideas.

In Woolens, Si.k and Wools, Silks and Wash Fabrics, the product of the world's best looms with the approbation of Europe's leading style centres contribute to perpetuate our fame in the Dress Goods Department as decidedly always "IN ADVANCE" in this Dominion.

THE LADIES' HOME JOURNAL PATTERNS

Illustrated here are a few of the most popular styles being worn. A very full list is to be found in The Ladies' Home Journal Style Book, a useful publication which we send post= paid on receipt of 35c.

Each pattern is accompanied by a Guide-Chart which shows clearly by diagram, name and number every piece of the pat= tern, and where it belongs.

This is a distinctive feature of The Ladies' Home Journal patterns, and to the inexperienced dressmaker it is invaluable.

EVERYMAN'S LIBRARY

EVERYMAN'S LIBRARY is edited | Scott's Fortunes of Nigel. by Professor Ernest Rhys and the sep-arate volumes have introductions by such well known writers as Andrew Lang, Sir Oliver Lodge, A. C. Swinburne, Prof. Saintsbury, Stopford A Brooke and others.

The book-making of Everyman's Library is the result of the most careul consideration. The paper is opaque and of good tone; the type new and clean; the binding substantial. It offers an excellent opportunity for the gradual accumulation of a library of the best books added in the order the buyer prefers. The wide scope of the series and the rapid rate at which it is enlarged, afford a liberty of selec-tion not hitherto attainable in a uniorm edition at a moderate price.

There are two styles of binding. in cloth with full gilt back, the other in erimson paste grain leather.

A Word About Shopping by Mail with Canada's Greatest Store

VERY Railroad Station and every Express Office bears witness to the fact that our goods are going to even the remotest parts of Canada, and why? We offer no inducements like agencies, commissions, credit or discounts. Now, why does every train in Canada carry, among its load, our blue-labelled parcels? Only one reason, and a sound one—good goods at prices so low as to be beyond competition, and backed by our guarantee of satisfaction.

We handle big quantities, and we have an unequalled Buying Organization. For example, all our European orders from our Factories as well as from our Toronto and Winnipeg Stores, go through our London and Paris Buying Offices. The combined amount of these orders gives our Representatives there a tremendous prestige and power on the market because of the quantities they represent, and because they stand ready to pay spot cash before the goods are shipped; so much so that in many lines we sell to you at a lower price than the merchant pays who buys from a middleman.

Then the facilities in our modern equipped Factories in Toronto and Oshawa for converting, at small cost, the close-bought raw material into the first-class finished article gives us in itself an inestimable advantage over houses who have to pay manufacturers' profits.

The economy of our labor-saving methods makes it possible to work on a small profit. This small profit, together with rock-bottom-buying direct from the mills, gives you as result the "Eaton prices."

Then, again, in buying from us, we offer you the same goods at exactly the same prices as offered over our counters to visitors to our Store, and if you are not satisfied with the goods when you receive them, return to us and we will cheerfully refund your money.

IMPORTANT NOTICE

AILY we receive orders from customers asking that their orders be shipped by mail, but in a number of cases too little postage is allowed for the carrying of the goods by mail. The postage rate on merchandise is 1 cent per ounce, so estimate as near as possible the weight of goods ordered and send sufficient money to cover postage; any balance will be promptly returned in cash. Better send too much than too little. If you do not send sufficient it will be necessary to omit part of your order to cover postage. Only five pounds can be sent by mail in one parcel. After writing out your order take time to read it over carefully before mailing, this may save you the delay and inconvenience of being written to for some information necessary for the proper filling of your order.

See that your name is signed in full, always the same, and proper shipping instructions given. Be careful to state correct amount of money enclosed.

Immediately on receipt of Catalogue make your selections and order at once; lines may be broken later on and we may have to substitute.

When possible make more than one selection, it will avoid delay and further correspondence if the goods you want are out of stock just at the time your order reaches us.

You can help us to fill your order promptly by making your orders out carefully.

Read instructions about shipping on colored sheels.

Flowering Bulbs

If at any time you have the slightest cause for complaint write us fully, and everything will be made right.

The continually growing success which has met our efforts to give our customers satisfaction and pleasure in planting our Flowering Bulbs, has led us to make greater strides this year towards procuring none but the finest bulbs. These include the best varities of Tulips, Hyacinths, Daffodils, Narcissus, etc. Any of these being planted in the fall will bloom indoors in midwinter, making the most beautiful show, when all outdoors nature is bleak and cold. Nearly all of the Bulbs offered here were imported by us direct from the most reliable Bulb Farms in Holland.

We have taken the greatest care to select only bulbs that are easy to cultivate, and which will give satisfaction.

Bulb Orders received from September 10 until October 31. All bulbous plants should be kept well watered during growth and when blooming.
