Natural PALMS Preserved PALMS

All our Palms are native tropical plants, and are so prepared by a chemical process that they will not fade, but retain all the grace and beauty of the living palm.

They require no care or water, and are not affected by heat, cold, gas, steam, or any atmos-

pheric influence.

They are entirely free from dirt and moisture, consequently are the best, cheapest and most practical articles for decorating homes, hotels, churches, stores, restaurants, etc.
