WATCH ANALYSIS

21-Jewel Watches That Are Constant Timekeepers Give Railroad-time Accuracy.

CONSTANCY must be the predominating feature of a timepiece—**CONSTANT**, unvarying accuracy.

Two watches that are to be depended on for this quality of stability are the famous 21-jewel "**WALTHAM**" and the peerless 21-jewel "**UNITED BUREN**."

If the reputation of a watch stands for anything, the "**WALTHAM**" has the confidence of hundreds of thousands of men, while there is no name more synonymous with the qualities of "dependability" and "satisfaction" than the name "**UNITED**."

Both watches have their twenty-one jewels hand-set, and both watches are adjusted to five positions (which makes for perfectly smooth running at any angle) and to extremes of heat and cold. The "**WALTHAM**" is American-built; the "**UNITED-BUREN**" Swiss-built (and no watchmakers surpass the Swiss, their art is inimitable).

Here's an analysis of the two 21-jeweled movements (**WALTHAM** and **UNITED-BUREN**) How eloquently every part bespeaks the "last word" in watch designing!

The "**WALTHAM**" at \$31.00.

The plates are constructed of solid nickel. Exposed winding wheel and escape wheel are of hardened steel. Breguet hairspring. Compensating balance. Patent regulator. There are 21 jewels in adjustable settings. The 21-jewel movement in 18 size is \$31.00.

The "**UNITED-BUREN**" at \$15.00.

Plates constructed of solid nickel. Hardened steel exposed winding wheels and escape wheel. Compensating balance. Breguet hairspring. Patent regulator. 21 jewels are set in adjustable screw settings. This 21-jewel movement in 18 size (with a two-year guarantee) is \$15.00.

Watches of such high-class construction are bound to satisfy even the man who demands unflinching correctness in a time-keeper that will last a lifetime.

THE UNITED WATCH AND JEWELRY CO., TORONTO.

UNITED

The \$5.00 "U.B." is in solid nickel case, 7 Jewels.

The \$7.50 "U.B." is in the best quality sterling silver, 7 Jewels.

The \$9.50 "U.B." is in the best quality Empress-Alpha gold filled case and has our permanent guarantee—"always right or your money back."

One silk fob with safety chain attachment and best quality gold filled charm accompany each of the above watches free. Watches and fobs are made in both ladies' and men's sizes.

WALTHAM

\$5.50—Nickel case, 7 Jewel.

\$8.00—Silver case, 7 Jewel.

\$12.50—Gold filled case (Alpha or Empress) 15 Jewel. Ladies' or men's sizes. Add \$2.00 to Waltham quotations if fob is required.

A Watch of Efficiency

"UNITED"

7 and 15 Jewel Models

\$5.00 to \$9.50

THE UNITED-BUREN watch stands right up among those few leaders which vary only by seconds.

Jewelers pronounce it a remarkable time-keeper regardless of cost. Those who carry it consider it the equal of any watch. It has built a sound reputation for close timing.

Its movement is modeled like the finest of the highest priced makes.

Here's a description of two 15-Jeweled movements (**Waltham** and **United**). Every part representing "the best by test" in watch making.

WALTHAM

Plates constructed of solid nickel, hardened steel exposed winding wheels. Compensating balance. Brequet hair-spring. 15 Jewels, (Amethyst).

UNITED "U.B".

Plates constructed of solid nickel, hardened steel exposed winding wheels. Compensating balance. Brequet hair-spring. 15 Jewels, (Amethyst). Plates nicely damaskeened. Non Magnetic. Pendant set.

Moderate profits to the manufacturer secures large sales for the UNITED.

There is no handsomer watch than the UNITED. It will give a generation of service.

For the sake of making your money buy its utmost ask to examine the UNITED before buying.

With reasonable care we will guarantee the "U.B." for 2 years.

The Meaning of "Gold-Filled."

BY far the greater number of men and women who buy gold watches choose a gold-filled case.

Gold-filled means two layers of solid gold stiffened with a layer of metal alloy between. It makes a firmer case than solid gold, and it costs much less.

If the two plates of gold are heavy enough, they will wear a lifetime. But you see the temptation to irresponsible manufacturers to roll the gold layers to a mere film and increase the center layer of base metal.

Fortunately, there is a way you can protect yourself—a way you can be absolutely sure of wearing qualities. The "United" filled case is made by a house of known reputation, who stand behind every article they sell, not alone for two years or five, but for all time.

"United" gold filled goods are of the very best quality, and will give a generation of satisfaction.

"United" gold filled goods are made up to a standard established for fifty years with the fine jewelry trade.

1531—Gold Filled, Finest Quality, 15 Jewels, Men's Size..... \$17.50.
1532—Gold Filled, Finest Quality, 15 Jewels, Ladies' Size 17.50.

A Woman Wants What She Pays For

IN buying a watch, or anything else, a woman is practical.

She has an eye for style and beauty of design; but she insists on value, and gets it wherever there is a standard to judge by.

She demands a reliable make of watch. She asks for it by name—but she doesn't know, perhaps, that the name refers only to the works. The place she is in danger of being fooled is in the watch case—where standards are frequently cheapened in a way that doesn't show on the surface.

Now she can be sure of absolute integrity in bullion value, in assay and in workmanship of her watch case if she will look for our marks inside the cap of the case.

These trademarks are her safeguard. They are standard with the fine jewelry trade and have been for fifty years.

How to Order from this Catalogue.

ORDER EARLY.—By doing so you are sure of getting all your order promptly.

WRITE DISTINCTLY, using our order form if possible. Use our number shown opposite each article and give page number as well when ordering. It will help us and make sure that your order is being correctly filled.

YOUR NAME AND ADDRESS in full (using Mr., Mrs. or Miss) must appear on each order. Many orders reach us lacking either or both. Customers, when writing about unsigned orders, will aid us in identification by mentioning some of the articles ordered.

KEEP A COPY OF YOUR ORDER.—Check goods received with your copy. Sometimes items may have to follow later, in which case a slip is enclosed with the goods.

CASH WITH ORDER.—Cash must always accompany the order, as we do not like the principle of sending goods C.O.D. This saves much trouble and confusion during the busy season, and we can fill orders better.

HOW TO SEND MONEY.—Remittances may be made by Registered Letter, Postal Note, Post Office Order, Express Order or Bank Draft, and small sums in stamps.

WE PAY THE POSTAGE on goods listed in this catalogue to all points in Canada, Australia, United States, Newfoundland, England, Ireland and Scotland.

SAFE ARRIVAL of all packages. If Watches, Jewelry, etc., are not received in a reasonable time, send exact copy of order, date sent, stating amount of remittance, kind of remittance (draft or money order), and the same will be investigated immediately.

CORRECTION OF ERRORS.—We take the utmost care in filling orders, always striving to please our customers. In case an error is made, we desire to be informed of the fact, and promise to make such corrections as will be satisfactory. Customers will please be particular to always mention the P.O. from which order was sent, and always give order number.

SHOULD YOU RECEIVE AN EXTRA COPY of our Catalogue, or have no use for this one, kindly hand it to someone who would likely be wanting some of our goods.
