MERCANTILE NOTES

Our Spices are Noted for their purity. "Why?
We put them up ourselves. A trial will convince you of their superior merit.

"The Salt of the Earth"

Higgin's Eureka stood the highest test of any salt in the market. The most profitable for all dairy, cheese, and household purposes. We are Western selling agents through to the Pacific.

Please Note

Any and all packages, barrels, boxes, coffee tins (if crated), bags, etc., charged for by us (not otherwise) are returnable at same prices, if in good order and freight paid.

You can't argue against a popular demand—**Batger's Nonpareil Solidified Table Jellies**—all flavors—are indispensable for the table. Remember the name, **Batger!**

Chase and Sanborn's Coffees have stood the test of years, and the verdict of all dealers handling same is that Chase & Sanborn's Coffees have "doubled our trade." See Public Bulletin No. 29. It will do the same for you. Try them!

Our "STANDARD" blend of Tea is unequalled in this country for style, flavor, aroma, and draw. No combination of high-sounding Indian names will make a good tea. What we need in this country is a tea suitable to our Western palate; a tea that obtains in England or the United States will not answer for us. We claim to know the requirements of the Canadian consumer, and our "Standard" blend fills the bill. Our system of packing is the handsomest in vogue. Handsome counter cans of 50 lbs., or very fine enamelled and Japanese canisters of 90 lbs. Also in 5 and 10 lb. tins. We pack special blends of teas for our customers with their own brands and labels—either bulk or package goods.

Purity in spices should be the aim and object of every retail merchant. Buy ours and secure that aim.

Coupon Pass Books.—We are agents for the National Cash Register Co.'s Pass Books. The system advocated and carried out by means of these books will tend more than anything else to bring your business down to a **Cash basis**. This is no experimental system, but has received the emphatic endorsement of the most reliable business men in Canada. It

will pay you to follow in their footsteps if you are desirous of doing a **cash business**. Write us for sample book with prices.

Remember

We buy from first hands, either from place of growth or direct from manufacturers.

Write for samples and quotations. We give our personal attention to such letters.

We are headquarters for Table Luxuries and Fancy Groceries.

We buy in such quantities as to secure the lowest prices.

Our facilities for doing business are unexcelled, and prompt attention and shipment are given to all orders, our establishment being replete with all modern improvements. Every department is under careful supervision.

Letters, Telegram and Telephone orders have our personal and special attention, and are executed at bottom prices. The interests of our customers are protected.

We hold one of the largest, best assorted, and most carefully selected stocks of Teas in Canada. Teas imported direct from places of growth, carefully selected, and we guarantee satisfaction.

Call and see us when in the city ; we will be pleased to show our goods and quote prices.

WRITE US FOR

CATALOGUES—

They are convenient for reference, and contain a complete list of a grocer's wants.

PRINTED ENVELOPES—

They save you addressing letters.

PRINTED ORDER LISTS—

They save writing in ordering goods.

ADDRESSED POSTAL CARDS—

They will be found convenient for making enquiries for samples, etc.

in Canada : : : : : :

A BUSINESS MAN'S DON'TS.....

Don't give promiscuous credit ; if at all possible don't give any.

Don't be afraid to say NO when you deem the risk too great.

Don't forget to see that your Fire Insurance policy is all right ; see that the premium is promptly paid. Also don't forget to keep your life insured ; your family will bless your forethought later on.

Don't fail to keep your store windows clean and bright, and your shelves and counters in order. It will pay you. People like to deal in a clean, bright, orderly store.

Don't sell a compound coffee or spice as pure. Sell an article for what it is. The New Food Adulteration law is very strict and impartial. Be on the safe side.

Don't keep your fish near your butter or tea ; nothing is so susceptible to odor as these two articles.

Don't keep your teas exposed to the air to gather dust and dirt and all sorts of injurious odors. This article is too delicate to stand such rough treatment, and should be kept in tin.

Don't fail to watch your bills. Take the discount ; it's money **found** every time.

Don't send money by mail when you can do so by P.O. order or cheque. Do your business by cheques if possible ; it is easier for you to trace a possible error.

Don't mail any letter until you are sure it is properly addressed, sealed, and stamped. Our address is TORONTO, ONT.

Don't fail to sign your letters in full, so that if they reach the dead letter office they may be promptly returned to you.

Don't buy from too many houses. It becomes a source of weakness in moments of stringency.

Don't hesitate to drop us a post card when wishing anything in the grocery line. 1c. expended in this way may make \$ \$ \$ \$ for you.

Read this Carefully . . .

INSURANCE

NO feature of business is of more general importance and less generally understood than the subject of Insurance.

The merchant usually places his Insurance in the hands of a local insurance agent, and then takes it for granted that it will be properly attended to. The agent, acting in good faith, collects the premiums regularly, and believes that the Insurance is satisfactorily arranged. Perfect security is thus felt until a fire occurs, when the settlement of the claim is placed by the companies in the hands of a professional adjuster, whose duty, it appears to be, is to act on the strict letter of the contract, rather than the intention of the agreement entered into between the agent of the company and the claimant at the time the insurance was effected.

On many such occasions the conditions on the policy have been resorted to, and legal technicalities pointed out to prove therefrom that the policy was voidable, etc., etc., and a compromise settlement suggested, which has, in too many cases, been carried out, resulting in serious loss and injustice to the claimant.

We know that difficulties to the companies at times occur through fraudulent claims being made; but such occurrences do not justify the reversal of an accepted principle and the treatment of claimants as

if anxious to take advantage of the companies rather than simply desirous of being fairly paid for their actual loss.

You have only to glance through our daily journals to see cases carried, on the technicalities alone, through all the courts of law before obtaining justice, a course of procedure that but few could afford, and hence many compromises have been effected, unknown to the general public.

Be careful to have your policy worded so as to cover in general terms **all** the goods you carry in stock, and have the whole of your insurance named in **ONE SUM**. Do not have special lines of goods insured for separate amounts. This is a source of frequent loss, and should be avoided.

The object of this notice is to guard our friends against such results, by urging them to have their policies carefully examined and satisfy themselves beyond a doubt that the intention and object aimed at when effecting the insurance is clearly and fully expressed in the written portion of the policy, and that all their policies in this particular are concurrent.

If you are not sufficiently familiar with insurance to do this, get some competent person in whom you have confidence to do so for you.

We will be glad to assist our friends, either in arranging their policies or in adjusting their claims in case of loss.

We are in hearty sympathy with the idea that a competent officer in connection with the Board of Trade should be appointed for this purpose, and on whom claimants could rely to assist them in making up their claims for losses by fire, when overtaken by such a disaster.

Our liability ceases when goods are delivered to carriers
for shipment.

MICHEL LEFEBVRE & CO.

MANUFACTURERS OF

ESTABLISHED 1849

PURE VINEGARS.—Warranted free from any added acids. Michel Lefebvre & Co's Vinegars are strictly and absolutely pure.

They are represented as, sold, delivered and warranted **Pure**, the best for pickling, curing, and other household purposes, unequalled as antiseptics or for toilet, etc.

Our Vinegars are manufactured "**in bond**," under the direct supervision of the Inland Revenue Department; only the healthiest ingredients are used, producing an article of natural strength and flavor, and entirely **free from any added acids** or other harmful matters.

No acids, no mixing, no blending, no harmful preparations; only good, honest, pure vinegars.

MIXED PICKLES.—Equal to any imported. Selected Fresh Vegetables in Pure Vine ar. In glass and in wood.

JAMS, JELLIES and PRESERVES.—Fresh fruits with granulated sugars, for the household, hotels, boarding houses, clubs, colleges, convents, asylums, etc. For travelling, hunting, fishing, yachting, excursions, pic-nics, etc. For commerce: Specially prepared for confectioners' and bakers' use. In glass, tin and wood.

Leading dealers from ocean to ocean handle Michel Lefebvre & Co's goods.

PARAGON TEA BLENDING MACHINE

T. CROMPTON
Patentee

Patented in Canada, 23rd June,
1892, No. 39185.

Patented in the United States
1st August, 1893
No. 502283.

ADVANTAGES OF THE PARAGON TEA BLENDING MACHINE

IT DOES NOT BREAK OR IN THE LEAST
INJURE THE TEA

the mixing receptacle being a revolving cylinder and the interior arrangement, through which the tea runs, being secured to it, and both revolving in unison, there is no possibility of breaking the tea.

IT SAVES TIME IT PREVENTS DUST
IT SAVES LABOR IT MIXES PERFECTLY
THE LIQUOR FROM SAMPLES TAKEN FROM ANY PART
OF THE BLENDED TEA IS UNIFORM

It works quickly; only a few seconds are necessary to mix from the smallest quantity to six or seven pounds.

By the use of the PARAGON you can make your own blends perfectly and cleanly, and increase your tea sales.

It is highly important that the blending be intimate, and the clumsy, imperfect method of hand mixing will not do. Neither will stirring devices, operating upon the egg-beater or flour sifter style, as the dried leaves are very fragile and are easily broken up, which is very objectionable. The true principle is blending by a tumbling process, and it is upon this principle that the present device is contrived. The cut shows tin drawer. We have substituted a scoop, which is more conveniently handled, and much more satisfactory.

We have placed the machine at a low figure, that
it may be within the reach of all

Machine, style of cut to mix up to six or seven pounds, **PRICE, NET, \$6.50**

The machine is strongly made and not liable to get out of order. Sample may be seen in sample room of The Eby, Blain Co. Ltd.

For sale by - - T. CROMPTON, Patentee, MIDLAND
and The EBY, BLAIN COMPANY, Ltd., TORONTO
