## 4 PER CENT DEBENTURES

The Society issues Debentures for periods of 3, 4 and 5 years in sums of \$100.00 and upwards, bearing interest at FOUR PER CENT. Interest coupons are attached to each Debenture and are payable half-yearly on the First of January and July in each year. The money bears interest from the day it is received by the Society.

Prudent Investors will find these Debentures a suitable and profitable means of investing sums of money large or small, whether private or trust funds, as the security is absolute, the Society's funds being almost entirely invested in first land mortgages.

Executors, Trustees and Municipal Councils are authorized by law to invest trust funds in the Debentures of this Society.

On Debentures for periods less than 3 years the rate of interest is 3½ per cent.

Both the deposits and debentures are first claim on the total assets of the Society amounting to \$2,000,000.00.

Full information will be furnished on application either personally or by letter to

---

The Publishers in presenting the sixteenth edition of their Business and Farmer's Directory of the counties of Halton, Waterloo and Wellington, have endeavored to merit the approval of the public, by presenting a work that will be found one of the most complete of the kind, ever published in the district.
