VOL. 1

MONTREAL, CANADA, SEPTEMBER 20th, 1911.

No. 1.

FOOT-PRINTS" comes to see you for the first time. It has been born amid the din of machinery, the pungent odor of crude rubber, and the patient industry of four thousand pairs of hands, who are busy making rubber and felt shoes for the people of Canada. It has set out to reach the man who buys these shoes; to tell him something more about the brands he sells, the factories where they are made, and the people who are making them.

Foot-Prints

THE FIRST MESSAGE

Nothing pleases us more than to have our customers come to see us. We welcome them at any time and are glad to show them through our factories. Whether they come or not, "**FOOT-PRINTS**" carries our message to them, and our first message is one of **GREETING and GOOD WILL.**

We wish to make your rubber and felt footwear department more attractive and profitable for you than it has been in the past, to help you sell more goods and better goods, to help you keep your stock in better condition than before, and to insure for you thousands of well pleased customers, who are buying our goods over your counter.

A GOOD START

To show that we mean exactly what we say, we have begun this year by introducing the following benefits:—

1. Improved quality and new lasts.
2. Prepaid freights.
3. Low net prices.
4. All lines cartoned.
5. Prices guaranteed against reductions.
6. Branch stocks in all large centres.
7. One price to all.

This has been a big year's work, and it has cost us some hundreds of thousands of dollars, but we are being rewarded with orders from thousands of grateful retailers in every part of Canada, who not only appreciate what we have done this year, but who are confident that we are going to give them **the best goods** and **the best service** they have ever had.

Let us simply say that we are not going to disappoint them.

OUR AIM

We sell the product of eight factories and we have twenty-four sales branches. We are building and establishing more. We are specialists. We are determined on **QUALITY** and **SERVICE** to stand first. These are the two foundation stones on which you can build up your business, and we have adopted them as our first principles.

We want not only **your orders**—we want your co-operation in improving the Quality and Style of our goods, and we will welcome from you at any time any suggestions or advice you may have to offer.

WHAT IS YOUR ANSWER GOING TO BE ?

ORDER IN TIME

If you haven't placed your rubber order yet, you should do so at once. Your standing as a Retail Store depends just as much on Quick Delivery as it does on Good Goods. Should you later on, find that you have placed short in quantity or range, our unequalled shipping service and branch stocks will be found invaluable, but **now** is the time to look over your orders and note if you are entirely covered to meet the requirements of your Fall trade.

KEEP FOOT-PRINTS FOR REFERENCE

This issue of Foot-Prints contains a complete price-list covering our different brands of rubber footwear, also prices on rubber heels and soles.

For ready reference we have quoted opposite each price the page number in the catalogue where this style is illustrated.

The succeeding issues of Foot-Prints will contain equally valuable information. Keep them on file for future reference.

NEW SHAPES THE "DERBY"

To live up to our claim to be able to perfectly fit with Rubber Footwear all the leather shoes worn by the Canadian public, necessitates not only a tremendous expense for expert designers and lasts, but keeps these departments working at high pressure all the time.

We are very keen on the subject of style. The radical changes so pronounced in leather footwear this year, have been met with equally severe changes in rubber shapes. The latest addition to our already large range is shown herein.

The Derby last promises to be an active seller. It is specially designed

Made only in the following Brands—

JACQUES CARTIER	DERBY STYLE	GRANBY
MERCHANTS		DAISY

for the high heel shoe so much in vogue to-day and so popular with the young men. Made with that perfect care and precision in keeping with our reputation for quality goods, the Derby is really an ideal style, and should find much favor with the general public.

The illustration shows you the inside line, an exact reproduction from the Derby last. Better than the rubber itself, it will more accurately give you the shape of the leather shoe to be fitted. If you are carrying a line of leather goods of this pattern, your rubber stock will not be complete without the Derby.

RUBBER HEELS

In some of the larger retail boot and shoe stores, the salesmen who sell "shoe-trees." are given a bonus. This extra dollar or two is a welcome addition to the clerk's salary each week, and induces him to talk "shoe-trees" on every possible occasion.

Would not a similar method of

selling rubber heels be equally beneficial?

Rubber Heels have many more salient features than "shoe-trees," and cost much less.

Rubber Heels help to correct the unsightly habit of worn-down or run-over heels. Their resiliency not only make walking a healthy and pleasurable exercise, but give that light, springy, elastic step so necessary to the proper poise and carriage, and by the equal distribution of the body weight over the entire shoe, lessening the strain on certain parts, greatly add to its longevity and shape retaining. For these same reasons, Rubber Heels may be said to be helpful in cases of broken down arches and weak ankles.

The remarkable increase in the sales of Rubber Heels has necessitated the broadening and increasing of our manufacturing facilities. For years we have tested and experimented, until we have produced an ideal high-grade quality heel that will give the maximum wear. The heels depicted herein are actual size.

RUBBER SOLES

We anticipate an unusual demand for Rubber Soles this Season. Persons whose occupations keep them continually in the open, find much satisfaction and comfort in their use. Made

of real rubber they are not only impervious to snow and water, thus keeping the feet dry, but by strengthening the foot-hold, minimize the dangers from wet and slippery pavements.

Better order a few dozen to-day.

VOL. 1.

MONTREAL, CANADA, 20 SEPTEMBRE 1911.

No 1.

FOOT PRINTS ” vous fait sa première visite. Il a vu le jour au milieu du bruit assourdissant des machines, de l’âcre senteur du caoutchouc brut, un labeur opiniâtre de huit mille bras, façonnant les claques et les feutres, que porteront demain les habitants du Canada.

“**FOOT-PRINTS**” se propose d’entrer en relations avec le négociant en détail, de lui faire apprécier davantage ses produits, de l’initier au travail de ses usines et à la valeur de ses ouvriers.

NOTRE PREMIER MESSAGE

C’est avec le plus grand plaisir que nous recevons nos clients. A toute heure, ils sont chez nous les bienvenus, et nous sommes heureux de leur faire visiter nos fabriques. Mais qu’ils viennent ou non, “**FOOT-PRINTS**” leur porte nos messages, dont le premier est un salut amical et l’expression de notre bon vouloir.

Nous désirons rendre plus attrayant à l’avenir, votre rayon de feutres et claques, pour vous en faire doubler les bénéfices. Nous voulons vous aider à vendre plus d’articles, et des articles de qualité supérieure, à maintenir votre assortiment dans de meilleures conditions, et à vous assurer des milliers de clients satisfaits, qui achèteront cette marchandise à votre comptoir.

UN BON DEBUT

Comme preuve de notre loyauté absolue, nous avons fait, cette année, bénéficier notre clientèle des avantages suivants:

1. **Progres dans la qualite, nouveaute dans les formes.**
2. **Fret paye d'avance.**
3. **Nos prix sont moderes et fixes.**
4. **Toutes nos varietes sont expediees dans des boites de carton.**
5. **Nos prix sont garantis contre la baisse.**
6. **Nous avons des succursales dans tous les centres.**
7. **Le meme prix pour tous.**

Foot-Prints

Ces importantes améliorations nous ont coûté, cette année, des centaines de milliers de dollars. En retour, elles nous ont valu, de toutes les parties du Canada les commandes de milliers de détailliers reconnaissants qui, nonseulement apprécient ce que nous avons fait jusqu'ici pour eux, mais surtout ont confiance que nous continuerons à leur fournir la **meilleure marchandise** et à apporter un **soin minutieux** dans l'exécution de leurs commandes.

Disons simplement qu'ils ne seront pas déçus.

NOTRE BUT

Nous vendons le stock produit par huit usines, et nous avons vingt-quatre succursales. Nous construisons et ouvrons de nouveaux établissements. Notre maison s'est spécialisée. Nous comptons sur la **qualite superieure** de notre marchandise, et le **grand soin dans le service** des commandes, pour défier la concurrence. Ce sont là: **Qualite et Soin** comme les pierres fondamentales sur lesquelles peut s'élever tout commerce. Ce sont là, aussi, les principes d'après lesquels nous marchons.

Nous ne demandons pas seulement vos **commandes**; nous souhaitons votre co-opération dans l'oeuvre de perfectionnement que nous entendons apporter à la qualité et aux modèles de nos articles. Toute remarque ou toute suggestion de votre part à ce sujet, sera reçue avec plaisir.
