GENERAL INFORMATION

Exhibits in all departments must be in place by Tuesday, November 14th, 1 p.m.

No exhibits will be allowed to be removed from the building before Saturday, November 18th, 10 p.m., except with the written permission of the Superintendent.

The Exhibition will open at 1 p.m., Tuesday, November 14th. Each day during the continuation of the Exhibition the Hall will be open to the public from 8.30 a.m. until 10 p.m.

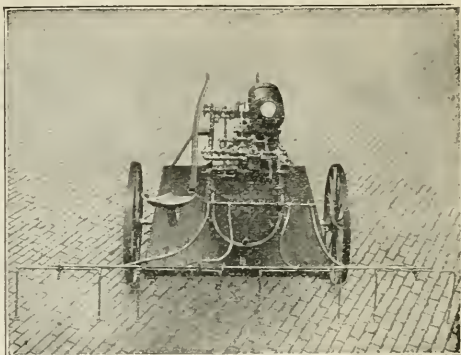

Members of the Ontario Fruit Growers Association, Ontario Bee Keepers Association, Horticultural Societies, Toronto Gardeners and Florists Association, Toronto Electoral District Society, and the Ontario Vegetable Growers Associations, on applying to the secretaries of their respective organizations, will be furnished membership tickets for fifty cents, which will entitle them to admittance at all times during the Exhibition. Until November 14th, the general public will be sold three coupon tickets for fifty cents. General admittance will be; adults 25 cents, children 10 cents.

RAILWAY RATES

Arrangements have been made with all railroads in Ontario, whereby delegates purchasing a first-class single fare ticket to Toronto, will be returned free, if three hundred or more in attendance holding **Standard Certificates**; or for one-third single fare, if fifty or more in attendance holding **Standard Certificates**. Certificates must be endorsed by the Secretary at the Exhibition in Massey Hall before they will be honored by the railways for the return ticket. When purchasing your ticket to Toronto remember to ask for a **Standard Certificate**.

Wallace Power Sprayers Lead

Awarded
Gold Medal at
St. Louis
Exposition

They are a Class
by themselves

Have No Equals

"Junior" arranged for Potato Spraying. We make it any width from 32 in. to 6 ft. Shafts and tongue.

POWER COSTS ABSOLUTELY NOTHING

THEY are automatic machines in which no hand-pumping whatever is needed. (The hand-pump is a weakness which we have completely overcome and discarded long ago.)

The force we employ is Compressed Air, one of the greatest and positively the cheapest on earth. Our machines are built finely enough to perform the work of compressing air to 40 or 45 pounds before being set to work on the liquid at all. After we compress the air we require, we turn them on the mixture and run up a pressure of 200 pounds if we want to. They retain that air for a day or week. The power for this purpose is traction and is obtained from the wheels of our truck or the axles of our cart machines as the horses draw them along. Not one cent's cost for power. In passing along from tree to tree or continuously driving along rows we get an abundant supply.

We have no dead-head pressure but one which possesses the force necessary to produce an actual fog or steam-like spray (anything else is simply sprinkling, and waste of material) and the sustaining resilience requisite for the maintenance of it.

We invite investigation and guarantee every machine sold. This, and the fact that we have the simplest (considering scope) most powerful, least expensive, most economical machines in a number of styles that are not equalled by anything made or offered in this line, and because we supply various attachments of the most practical designs, the use of them enabling our customers to exterminate Mustard etc; treat four to six rows of Potatoes, Tobacco, Strawberries etc. at once, two rows of Grapes at once, Tomatoes, Turnips, all kinds of Small and Tree Fruits; to drive alongside the Apple, Pear, Peach, Plum or other tree rows and thoroughly spray a whole side without halting from one end to the other are reasons why our machines are called "Money Makers" by some of our customers who have been rewarded by from eighty per cent. to a hundred per cent. clean fruit, made the first profit they ever got from their Plantation, paid for their machines out of the advanced prices obtained from their sale of one seasons crop of apples from less than fifteen acres orchard and then have the machine for the balance of its life free. Why other apparatus has either been discarded or returned to vendors and Wallace machines installed in their stead. why Wallace machines are used in nearly every United States Experimental Station, in many of the finest Parks, Institutions, Homes etc., as well as by an ever increasing number of the most up-to-date, progressive and money-making company plantations, managers, individual growers and gardeners throughout this whole continent. It is because of this enormous demand that the Wallace Company are now enlarging their factory to cover one acre more and have had to secure more storage and yard room in order to keep pace with the inevitable increase and do the best they can to meet possible orders for car lots between this and the coming season. They get numbers of this class.

We make aluminum nozzles and are credited with having the very best Grape Spars extant. Get your order in without delay. Don't be hoodwinked by the blustering misrepresentations of would-be competitors but drop me a post card for circular in which you will find illustrations of our machines, hard facts concerning them and a number of letters from Canadian customers in support of our representations. Do it early, NOW. We do not write our own testimonials.

W. H. BRAND, Representative and Salesman, **GRIMSBY, ONT.**

IT PAYS TO SOW THE BEST OF EVERYTHING. DON'T BUY BECAUSE THE PRICE IS LOW.

RULES—Fruit Exhibits

1. Entries close Tuesday, November 7th.
2. Entrance fees in Fruit Department; single entries up to four, 25 cents each; five entries, \$1; all additional entries 10 cents each.
3. Competitors can make only one entry and receive only one premium in each section.
4. All exhibits must be correctly named and properly labelled.
5. The names of exhibitors will not be allowed on the exhibits until the prizes have been awarded.
6. All fruit must be delivered to Massey Hall, Toronto, on or before Monday, November 13th.
7. All articles once in the hall are under the control and subject to the order of the Superintendent in charge of the Department, and cannot be removed or withdrawn without permission, until the close of the Exhibition.
8. Exhibitors are requested to furnish the Superintendent, as soon as they arrive with a list of their entries, so that proper space may be reserved.
9. All packages forwarded prior to the time of the Exhibition should be addressed to Toronto Cold Storage Co., care of P. W. Hodgetts. Such packages will be taken care of, free of charge, till required.
10. Transportation charges to Toronto on all exhibits will be paid by the Ontario Fruit Growers' Association. It is provided, however, that all prize winning packages shall become the property of the Association.
11. All entries must be made on the printed forms accompanying the Prize List. These forms are to be signed and filled in by the Exhibitor and sent to P. W. Hodgetts, Parliament Buildings, Toronto, before November 7th.
12. The entrance fee must in all cases be forwarded with the entry. No entry be accepted unless this is done. Fees may be sent by Post Office Order, Postal Note, Express Order, or in bills by registered letter.
13. All apples exhibited in boxes must be packed in the Standard box of the Association, 10x11x20, (inside measurement). except in basket classes), must be shown in the half-case, 5x11x20, (inside measurement).
14. For County Prizes, see special list and rules.

THE BIGGS UTILITY FRUIT BOX AND PRESS

are what every **FRUIT PACKER** should use

Why the Box?

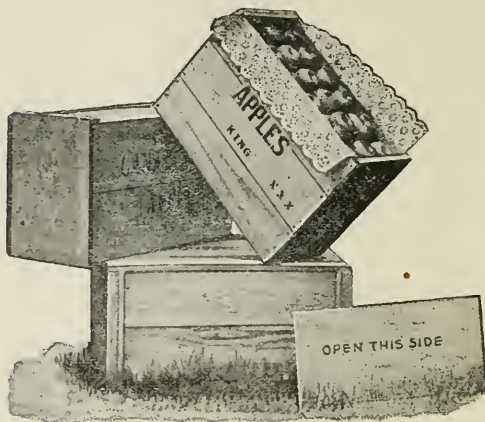

It is strong.

It protects your fruit.

It costs less to pack.

It is handy to open.

It is the only package suitable for clean packing and thereby enabling the use of Corrugated Paper.

Why the Press?

It is Light and Strong.

It will save time.

It is the only Press that is adjustable to press Apple and Pear Boxes of any ordinary size.

It is complete.

Come and see these Goods at the Fruit Exhibit of the Ontario Horticultural Exhibition, in Toronto, November 14th to 18th, 1905.

Note: Don't forget that success in the fruit trade depends upon a SERIES OF GOODS, GOOD FRUIT, GOOD BOXES, GOOD PACKING, and GOOD TOOLS will assist you in this. WHY not have these TOOLS?

Manchester Ship Canal

CANADIAN REPRESENTATIVE:
R. DAWSON HARLING
28 Wellington Street E., Toronto

The Port of Manchester is connected with the River Mersey by the Ship Canal, a waterway capable of accommodating vessels of 10,000 gross tons capacity.

Steamers with full cargoes steam right up to Manchester without having to call at any port to discharge part cargo.

Manchester serves a population of 10,000,000 people and has 2,000,000 within its cartage limits. The fruit trade is gradually being centered at this port on account of the special facilities it has for distribution in all directions. Regular services run from Canadian Ports, Boston, New York and Philadelphia, and goods can be landed in Manchester as cheaply as in Liverpool, and cheaper than in Glasgow and Bristol. Freights quoted and all information cheerfully supplied.

143-151 King St. East, - - TORONTO, ONT.

FIFTY YEARS' IN THE BUSINESS

RULES—Floral Exhibits

1. Entries must be made to the Secretary, on or before November 7th, and state distinctly each and every premium they compete for. This rule will be strictly adhered to.
2. All plants and flowers must be correctly and conspicuously named.
3. No exhibit can be staged until the exhibitor has furnished the Secretary with a full list of all exhibits offered, whether for competition or exhibition only.
4. Entries not made according to schedule will be disqualified.
5. All plants and cut chrysanthemums must be staged, and ready for judging, before 12 o'clock noon, Tuesday, November 14th.
6. Carnations will be staged the second day, November 15th, by 12 o'clock noon. Roses, violets, and all made up work, the third day, November 16th, by 12 o'clock noon. The Superintendent will commence sharply each day at 9 a.m., and all exhibits not ready when called for must take their chance for position.
7. All exhibits must be the bona-fide property of the exhibitor, and all exhibits (except made-up work), must be grown by exhibitor and be in his possession three months before date of show.
8. Exhibits will be entered and staged by numbers. Cards corresponding with entries will be furnished the exhibitors, who alone will be responsible for the placing of them. After the awards are made the Secretary will attach the names of exhibitors.
9. No competitor shall receive more than one premium in each section for which he competes.
10. No person except those appointed by the Committee will be allowed to interfere with the judges whilst they are performing their duties.
11. Exhibitor not member of either the Toronto Horticultural Society, Electoral District Society, or Gardener and Florist Association, will be required to become a member of one of the societies on payment of one dollar.
12. Plants must be exhibited in clean pots; all pots where size is specified must be inside measurement.
13. Cut flowers must be exhibited in uniform vases provided by the Association.
14. Each exhibitor will be allowed to place one printed card on each exhibit, all cards to be white, size 5x4 inches, containing name and address only. Exhibitors of groups will be allowed to place one card, 8x10 inches, on each exhibit.
15. The judges are authorized to withhold or modify the prizes if the articles are considered unworthy, also to recommend Certificates of Merit subject to the approval of the Committee. Judges' decisions in all cases shall be final, except it can be proved the printed rules have been violated.
16. Protests must be made to the Committee, in writing, before ten o'clock in the morning after the prize tickets are placed, and must be accompanied by two dollars, to be returned should the protest be allowed.
17. The Superintendent shall have power to exclude all exhibitors and their employees from the Hall during the judging, should he think it necessary.

The Committee of Arrangements desire to impress upon the Exhibitors the importance of carrying out all regulations.

RULES—Honey

1. All exhibitors must be or become members of the O.B.A.
2. All honey and wax must be the product of the exhibitor's apiary. This rule will be most rigidly enforced.
3. All entries must be sent to the Secretary of the O.B.A. as early as possible, accompanied by a fee of 10 cents for each entry.
4. No exhibitor will be allowed to make more than one entry in each section.
5. Exhibitors may sell their honey in unbroken packages, but must keep exhibits intact until the close of the show.
6. A discount of 10 per cent., will be deducted from the total amount of prize money taken by an exhibitor winning \$50 or over in prizes.

Exhibits will be received and cared for by the Superintendent where the owner cannot accompany the same.

Manufacturers of bee supplies are invited to exhibit their goods for which space will be provided.
