Dear Sir,

If we could meet you face to face, we would have no trouble in showing that it would pay you to use some of our fac-simile letters. A great many of the most prominent firms in Canada are now doing so to their profit.

Fac-simile letters have stood the test and are now recognized as the ne-plus-ultra of dignified persuasion. This is a fair sample of our work, being one of 5,000 copies of this letter. The cost is not much when used in quantities.

We are prepared to make a contract to address your envelopes, fold, insert and seal your circulars and mail them.

Before doing anything in this line, see us and you can save Time, Labor, Vexation and Money, or call us up, Phone Main 2229, and we will come and see you.

THE up-to-date method of retaining the patronage of your old customers, and also of making new ones, is to communicate with them in the form of correspondence. Our system of re-producing personal letters in typewriting, and inserting the individual name and address in each case, is so perfect, that it takes an expert to detect it from a personal letter. It costs very little more than a printed circular but it brings more business.
