In Business,

Sir:-

To increase your own business and at the same time decrease your competitor's, you must secure some new customers.

Mailing Fac-simile type-written letters, same as this, or other advertising matter, only to the names now on your books is good, and no doubt induces them to buy more, but this method will not secure new customers.

We can help you to new customers. HOW? Come and see us, or write, and we will explain our methods.
