THE STANDARD

Calling your Attention

—TO—

The St. Catharines Standard

Ninety per cent. of the homes of the City of St. Catharines and the surrounding rural and suburban community are entered daily by The Standard.

Over 100 newsboys carry The Standard to all parts of the city. The route boy passes your home daily. Have him stop at your home.

The Standard carries all the business news of the city merchants. The woman who wants to know what is doing in the stores of the city can best find out before going up town by reading the advertising columns of The Standard.

The Standard carries all the latest war news. At increased expense, the telegraph news comes to The Standard hot from the seat of war. The Standard has issued extras when the victories of the Allies have been important enough to warrant them.

The Standard subscription is $3.00 a year by city carrier and $2.50 a year by mail when paid in advance, and $3.00 per year when not so paid.

PREFACE

THE PUBLISHERS, in presenting their Ninth Edition of the CITY OF ST. CATHARINES DIRECTORY, beg to thank the people for the liberal support they have received.

It is hoped that the new Directory will meet with the same favor and stand the test of time, as every means has been taken to render it accurate and up-to-date in every detail known by progressive Directory Publishers. The work will be published by them every year, and they hope merchants and business men generally who want the very best will reserve their orders till they see them.

HENRY VERNON & SON,
Publishers and Compilers.
