INTRODUCTION.

Although we did not commence taking our information for our 1895 Toronto City Directory until October 1st, which is two weeks later than usual, through being able to make use of the typesetting machines to a certain extent, we are able to deliver our book within a day or two of our earliest issue for some years, and we expect in the future to do still better when the machines are made more perfect and proficient. The burning of the Globe Printing Co's building and plant has delayed us a few days as some of our machine type was lost in the fire, but fortunately none of our information matter.

For the benefit of those who are not in a position to judge for themselves we think it right to again remind them that there is no city on this continent to compare with our beautiful City of Toronto for its size, even as regards its morals, notwithstanding the fact that it has been proved that boodling to quite an extent has been indulged in by those who should well feel ashamed of themselves; there is no doubt the same thing exists in most places and will exist so long as the greed to get the mighty dollar by some short route exists.

Our City is still growing as will be seen by referring to the number of names inserted this year, although there may appear to be a discrepancy between our report and that of the assessment commissioners. While the assessors' report showed a falling off in the population for 1893 from the previous year our Directory issued January, 1894, showed an increase of about 9,000, it isexplained to a certain extent in this way, their information was taken in the early part of the year and when many were away from the City, while ours was taken after the close of the World's Fair at Chicago and very many had returned.

This year the assessors show a larger increase in their annual report from the same reason.

We are glad to be able to state that there is a falling off in the number of vacant and unfinished houses, but there is a slight increase in the number of vacant stores and offices. We give the figures from actual count in November, 1893, as follows : vacant houses 4062, stores and offices 652, unfinished buildings 191—total 4905. November, 1894, vacant houses 3845, stores and offices 728, unfinished buildings 101—total 4674. With these figures before our newspaper publishers and others who have been stating that there are or ever has been 8 or 10,000 vacant houses in this good City will cease their misrepresentations. Our street Directory is so complete that any person can ascertain just what number there are and where they are. We take the liberty also of mentioning here that many of these vacant houses are unfit and have been for many years unfit and unsafe to be occupied and should be pulled down, at the same time we would still advise builders to use great caution and not to build for the present unless for special orders.

We are glad to be able to state that notwithstanding the cry of hard times with many, our Toronto City Directory still holds its popularity with the people and there is no falling off, either in our circulation or in our orders for advertisements as the business public who advertise with us are well aware of the fact that they receive better value for the amount of money invested with us in that line, than from any other source.

We have 74,620 names in our Directory this year, this multiplied by three will give us a population of 223,860, yet there are some parties who will not believe that we have 200,000.

Thanking all of our patrons and those who have assisted us in securing our information, we heartily, although a little late, wish you the compliments of the season.

Yours truly,

THE MIGHT DIRECTORY CO. OF TORONTO (LTD),

SCHOOLS, COLLEGES, ETC.

The public schools are governed by a Board of Trustees, each of whom is elected for a term of two years, the election taking place at the time of the municipal elections. There are four representatives on the board from each ward, half of whom retire at the end of each year. See page opp. 1696 and 1705.

The school buildings of Toronto are of a very high order, being well built, heated and ventilated, and having the best sanitary equipment known.

The public school system is under the supervision of two inspectors, and has about 600 teachers (including principals.) The total amount paid out for salaries for the year 1893 was $305,023.10 ; for new buildings and sites, $4,705.54 ; for fuel, $20,518.00 ; for repairs and alterations, $18,029.83, and for school maintenance, other than these, $48,872.12, making a total expenditure of $397,148.59 for the year. Value of public school buildings, furniture, etc., $1,420,905.

SEPARATE SCHOOLS.

The separate schools are also governed by a Board of Trustees, but only two are elected from each ward, making twelve in all. They are elected for two years, one-half retiring at the end of each year. Nominations are made the last Wednesday in December, and in case of a contest the elections take place a week later.

The total number of separate schools in Toronto at the close of 1894 was 19, including three high schools, in which tuition is free the same as in the lower schools.

There are 85 teachers employed, to whom $20,407 were paid in salaries in 1894. The expenditure on capital account in 1894, including the erection of one new school building, was $9,552, against $3,181 in 1893. The fuel bill in 1894 was $2,460 and in 1893, $2,652. For Trustees see page opp 1696 and 1706.

POLICE DEPARTMENT.

This department is under the supervision of a commission of three, consisting of the county judge, the mayor and the police magistrate.

There are seven police stations in all, headquarters being at No. 1.

The force numbers 263 men all told, consisting of 1 chief, 1 deputy chief, 7 inspectors, 1 sub-inspector, 15 sergeants, 12 patrol sergeants, 6 detectives, 4 acting-detectives and 216 constables.

THE FIRE DEPARTMENT

is managed by a committee from the city council, and has on its rolls 1 chief, 1 assistant chief, 2 district chiefs, 1 secretary of department, 1 superintendent of alarm telegraph, 1 assistant superintendent of alarm telegraph, and about 115 men including foreman. There are 15 fire stations in all, the head being No. 1 corner Bay and Temperance

During the year 1893 there were 555 alarms, the greatest number occurring in April and the smallest in August, while the most destructive fires took place in May, when there were but twenty-eight alarms.

In 1886 the Brigade was called out 274 times, the loss in that year being $208,902, whereas for the 555 calls of the year 1893 the loss was but $195,403.67.

WOODEN SIDEWALKS.

The total mileage constructed during the year was 19.87 for which 969,243 feet, b.m., of lumber was used, and 27,721 lbs. of nails.

SNOW CLEANING.

During the winter of 1892-93, 299 miles of sidewalk were cleaned of snow, at a cost of $7,737.92, being at the rate of one-half cent per lineal foot for each cleaning. This work is charged as local improvement against the property.

STREET CLEANING.

Since May, 1892, the asphalt pavements have been cleaned by the patrol or orderly system. While this is a little more expensive, it is in every way the most satisfactory. The number of miles of streets cleaned during the year was 1,302 from which 155,988 loads of sweepings were removed. The amount expended on this service was $70,148.72.

WATER WORKS MATTERS.

FINANCIAL.

The total expenditure for Water Works purposes during the year 1893 (exclusive of the revenue collection and inspection branches, and also exclusive of interest and sinking fund on the debenture debt) amounted to $307,170.28, divided as follows :

Net ordinary working expenses		$166,025 92
Construction account :		
Pipe laying	$40,068 10	
House services	11,817 30	
New engines	55,319 00	
Repairing damaged conduit, including work at Hanlan's crib, etc..... ..	31,435 58	
Investigation *re* new source of supply..	2,504 38	
		141,144 36
		$307,170 28

The net total revenue from all sources was $446,734. The net expenditure on maintenance account was $166,025.92, which, with $224,732 for interest on sinking fund, made a total charge of $390,757.92, leaving a surplus of revenue over ordinary working expenses of $55,976.08.

At the Main Pumping Station the total quantity of water pumped during the year was 6,646,021,488 imperial gallons. The average daily consumption was 18,208,278 gallons, as against 18,246,371 gallons in 1892. At the High Level Pumping Station the total quantity of water pumped during the year was 899,451,584 imperial gallons. The average quantity pumped daily was 2,464,250 gallons, as against 3,588,538 gallons in 1892.

BUILDING PERMITS.

The following table gives the total amount of building permits issued by the City Commissioner from the commencement of the year 1887 to 1895 :

1887..	$1,145,000	1891..	$4,388,900 (Including Parliament Buildings)

DIRECTORY BORROWERS

The patrons of our Directory are frequently inconvenienced by borrowers; not the stranger or private citizen, who steps into the office, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are too mean to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks, unless you send for it before; it is scarcely in its place before another request—*Please lend me your Directory for a few minutes*—The same borrowers tell our canvassers that they have no use for a Directory—SHAME.

NATIONAL ASSURANCE COMPANY OF IRELAND. ASSETS - - - $7,962,638

☞ CAUTION ☜

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting moneys in advance.

Before signing an Order see that it has The Might Directory Co., of Toronto, Ltd., printed thereon

We ask no payment until the work is delivered, and our Solicitors have strict orders not to take payment in any case for either advertisements or subscriptions. Address all correspondence to
