AUDITORS' REPORT.

To the Reeve and Council of the Township of York:

GENTLEMEN,—Under the authority of By-law No. 1625, passed by your Council, we have audited the accounts of the Township of York for the year ending December 31st, 1895, and herewith present the following financial statements:—

Receipts and Disbursements.
Detailed Statement of Disbursements.
Schedule of School Section Accounts.
Revenue Account.
General Revenue Account and
Balance Sheet.

We have taken considerable time and made a thorough audit in order that the books should be in good shape for the present Treasurer. The Ledger has been ruled off; accounts connected with the Revenue Account have been transformed to same, and balances brought down, thus starting the year with a clean sheet. This has not been done heretofore.

A number of amounts are standing to the debit of former collectors, and as these amounts have been open for some time an attempt should be made to close same. In cases where receipts have been produced showing that arrears have been paid to the collectors, the amounts have been allowed to the ratepayers, consequently an account should be opened in the Ledger, and in all cases where receipts have been produced, the amounts should be charged to and demanded from the collectors.

There are several accounts such as the Upper Canada College Sewer; Toronto and Richmond Hill St. Ry., Metropolitan St. Ry. and Toronto & Scarboro Railway, etc., that should be collected without delay, as they have been standing for some time past.

We would recommend that if possible the Treasurer and Clerk should occupy the same office, as their so doing would greatly facilitate the better management of Township affairs.

We would suggest that the Township endeavor to obtain legislation whereby the books could be audited monthly. In that event any errors could at once be discovered and rectified.

As to the security given by the Treasurer, we report that same consists of bonds guaranteeing the sum of \$40,000, of which \$20,000 is from Guarantee Companies and the balance from a private individual.

All of which is respectfully submitted.
