A REAL MAGIC LANTERN and 75 Colored Pictures **FREE!**

Turn Lonely Evenings into Hours of Pleasure

It was raining hard and the Bepers, who lived on a farm, felt that they were in for a dull, dreary evening. But it happened on that very day the postman brought Bert the new Magic Lantern Outfit which he had earned from the Gold Medal People.

So Bert told Dorothy to slip across the lane and tell their cousins to come over for the evening. While she was gone he set the outfit up on a table four or five feet from a big white sheet which he had pinned to the wall. As the guests settled themselves he polished the optical glasses and the reflector, lit the lamp, turned out all other lights—and started the show.

There were screams of laughter at the side-splitting comic slides, and surprised "Oh's!" and "Ah's!" at the marvellous pictures of far-away places and world wonders. Before they knew it the evening had passed and it had stopped raining.

No stormy nights need be dull. Make up your mind to-day to have this wonderful Lantern and Pictures, and give your own Shows.

Boys! At last, a Real Rifle!

The stock is of solid black walnut with high oil finish. Round barrel of finest manganese steel, drilled and rifled with eight grooves instead of the usual six, giving great power. Turn bolt action with safety device makes accidental discharge impossible. Positively cannot backfire. This rifle will use cartridges of any standard make, .22 calibre, short or long rifle.

Length of rifle 34 inches, weight 3 pounds. Double end cleaning rod and instructions sent with each. Just right for rabbits, gophers, ground-hogs or for target practice. Absolutely the strongest, straightest-shooting and safest Boys' Rifle ever offered—and don't forget that this handy rifle is made in Canada, right here in Toronto.

Note.—According to Canadian law you must be a British subject and over sixteen to

own this rifle. If you are under sixteen, your father or big brother can order it for you. Positively this rifle will not be sent to any foreigner.

This rifle costs half as much again as the one we used to get in the U.S., but it is more than worth the difference. We used to offer the U.S. rifle for selling \$10.00 worth, and this should be \$15.00—but we are so anxious to make it easy for every honest-to-goodness Canadian boy, who is full of pep and a "regular fellow" to possess a real good rifle of his own, that we are cutting \$3.00 off the price, or allowing you to earn this rifle for selling only \$12.00 worth, or for selling \$5.00 worth and paying \$3.50 of your own money.

An umpire's ear-piercing whistle, that you will delight to use, is included, also the printed rules of the game, making the outfit absolutely complete.
