TORONTO

FALL & WINTER CATALOGUE NO. 44

NEW GOODS ARRIVING TOO LATE FOR THEIR PROPER POSITION IN THIS CATALOGUE

CHALET SKI BINDING

A new adjustable top set ski binding which is simplicity itself. Is quickly attached to the ski and adjusted in a few seconds. Has only one size plates, taking in the full range of ski boot sizes, besides adjusting to any width or peculiar shaped boot, and any ski of narrow or wide model without the danger of causing the harness to break through the side of the ski. It has in its favor some advantages not to be found in even the high priced or imported bindings, and despite this it is, so far as we know, the lowest priced adjustable binding on the market.

No. **15447**—Mens' Per set **\$2.25**
 No. **15448**—Ladies Per set **\$2.25**

BOKER SKI KNIFE

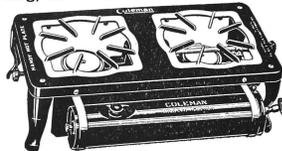

Genuine Boker Ski Knife. Black polished handle, shackle for leather thong. This Knife has one round hole leather punch, ski-scraper, screw driver, bottle opener, corkscrew and spike. A 24" leather thong will be supplied on request at no extra charge.

No. 5 COPPROTECT STEEL SHOT

No. **10008**—Price per tube **.10**

THE NEW WEBLEY MARK II SERVICE AIR RIFLE 177 OR 22 CALIBRE

The WEBLEY Service Air Rifle Mark II is a super air rifle—It is built for high performance, possessing velocity and penetration at distances far in advance of any other air rifle.

A beautiful weapon that will make immediate appeal to the Target Shooter.

When you run over the exclusive features of this rifle, as shown below, you will appreciate what an outstanding advance has been made in air rifle construction.

**177
CALIBRE
IS THE
MOST
POWERFUL**

**MARK
II
IS THE
LATEST
IMPROVED
MODEL**

PERFORMANCE—Extremely accurate for target practice and deadly at long range on crows, rabbits, etc.

INTERCEPTING SEAR—A unique point is the provision made in the air chamber for the interposition of the Patent intercepting sear which makes it impossible for the barrel to snap down should the trigger be pulled before the barrel is locked in firing position. This is real "safety-first"—preserving the barrel from injury and the user against accident.

LENGTH OF BARREL and Sight Radius—Owing to the barrel of the WEBLEY Rifle being super-imposed a greater length is possible without interfering with the balance. This extra length also enables a longer sight radius to be obtained.

Length of Rifle overall	41½"
Length of Barrel	25½"
Length of Rifle with barrel detached	26"
Distance between Leafsight and Foresight	20"
Distance between Peepsight and Foresight	26"

WEIGHT OF RIFLE—6 lbs. 7 oz. At least 1 lb. lighter than other of similar pattern.

VELOCITY—Super Velocity hitherto unknown. Improved rifling to suit higher velocity.

BALANCE—Perfect balance is obtained by the barrel being super-imposed on the air chamber, thus avoiding muzzle heaviness.

SCREW GRIP—Although the Rifle is of the "breakdown" barrel type, the breach joint has been made 100% airtight by the introduction of a patent screw grip which forces the face of the barrel on to the joint washer, and at the same time ensures the return of the barrel to the correct position after each loading.

PISTON—A new and improved type, using a piston ring instead of a leather washer.

FINISH—The Air Rifle is highly finished and all metal parts are treated by the special Webley bluing process.

NEW REMINGTON MODEL 34—22 CALIBRE REPEATING RIFLE

And here is another brand new Remington at an amazingly low price, much lower, in fact, than you would expect to pay for a rifle of this type with so many outstanding features.

It has been designed especially for all round shooting, meaning that it is suitable for small game shooting and general target purposes. It is built of the finest materials, of sturdy construction and will shoot any of the existing types of rim fire cartridges on the market. Its accuracy compares favorably with the best target rifles.

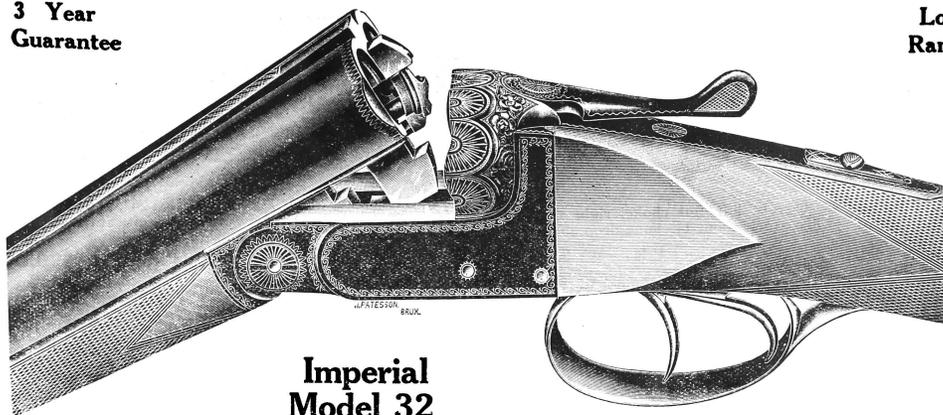

This new model is beautifully finished with stock and fore-end of rich, dark American Walnut and it balances as well as the higher priced arms. The rifle is equipped with a speed lock action. The Bolt, bolt handle and trigger are chromium plated resulting in remarkable smoothness of action.

SPECIFICATIONS: Take down. 24 inch round, barrel. Military type stock. Automatic shell ejector. Chromium plated bolt, bolt handle and trigger. Chambered to take without adjustment .22 Short, .22 Long and .22 Long Rifle, regular and Hi-Speed cartridges. Tubular magazine holds 22 Shorts, 17 Longs or 15 Long rifle cartridges. Shotgun style steel butt plate. White metal bead front sight; adjustable rear sight. Positive Safety. Double locking lugs. Length overall 42¾ inches. Weight about 3½ pounds.

No. **10399** Price, each **\$18.75**

**3 Year
Guarantee**

**Long
Range**

**Imperial
Model 32**

A. L. & W. Imperial is a most unusual gun. A high grade gun in the low priced field, all mechanical parts are honed, polished and fitted by master gunsmiths, its quality design, finish and general workmanship are of the highest order, being strengthened at all vital points, including heavy double lugs, side barrel lugs, and Purdy style extension rib lock, these considerably strengthen the gun, and at the same time give the shooter the greatest security. This gun is exceedingly strong, yet not cumbersome.

Fifteen Vital Improvements in the Model 32 Imperial Shot Gun

- No. 1 and 2—Special heavy double locking lugs, usually supplied only on expensive guns.
- No. 3—Flat table breech for strength and ease of cleaning.
- No. 4—Side Lugs—Prevent wearing of locking bolts, through eliminating side vibrations.
- No. 5—Purdy style cross bolt.
- No. 6—Rugged extractors.
- No. 7—Flat face on barrels for easy loading.
- No. 8—Matted top rib.
- No. 9—Well fitting, nicely finished top lever.
- No. 10—Automatic safety.
- No. 11—Correctly designed triggers.
- No. 12—Long type trigger guard.
- No. 13—Short hinge breech beautifully engraved.
- No. 14—Push down fore-end, as used only on expensive guns, fine hand-checked fore-end and stock.
- No. 15—Finish: Blued, highly polished.

Smoothness of operation—Has been brought about by fine fitting and polishing of parts.

Great precision and Long Range—due to barrels, lugs, ribs, etc., being clamped and welded in one piece, and to the special bore with Progressive Cone Type Choke, gas pressure is increased at the correct time to give you many extra yards, having a 2¾" chamber for long range shells; clean kills can be made consistently at 60 to 80 yards.

Strength—It is built with a special view to resist the most powerful smokeless powders, and has been given proof test No. 4 by the Belgian Government at Liege. This is the heaviest given to any gun regardless of price. Government proof certificate attached to each gun.

Style—The style and balance could hardly be improved upon. The graceful walnut stock and fore-end beautifully checkered, the smart clean-cut engraving around the breech add to its generally fine appearance, the balance is perfect and found only in expensive European guns.

Specification: Left barrel full choke, right modified choke, stock about 14 ¼" long, drop about 2¾ inches at heel. Barrel 12 gauge, 30"; 16 gauge, 28"; 20 gauge, 26". Weight 12 gauge about 7 ¾ lbs., 16 gauge about 6½ lbs., 20 gauge about 6¼ lbs.

No. **10069**—12, 16 or 20 gauge Price Each **\$55.00**

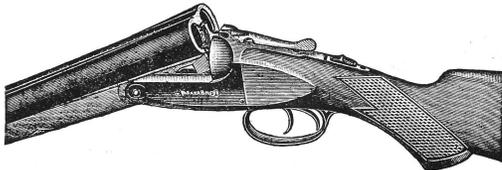

IMPERIAL MODEL 31E—Automatic Ejectors

The new model 31E Automatic Ejector Model is of latest selective ejector type, throwing out only the shell or shells fired. Same specifications as regular Model 32, listed above.

No. **10070**—12, 16 or 20 gauge Each **\$75.00**

DOUBLE BARREL GUNS

THE OLD RELIABLE PARKER GUN

12 Gauge, 30" barrels, left full choke, right modified. Weight about 7½ lbs., stock about 14" long, drop about 2¾".

No. **10055**—Special Price, each **\$78.50**

LEFEVER NITRO SPECIAL

12 Gauge, 30", about 7½ lbs.; 20 Ga., 20", about 6¼ lbs.; 16 Ga., 28", about 6¼ lbs. Stock specifications are—14 inches long with 2¾ inches drop at the heel.

No. **10122** Price, Each **\$38.00**

THE NEW BROWNING OVER AND UNDER DOUBLE BARREL GUN.

As all experienced shooters are aware, the position of two barrels one on the other in the same vertical line, is the most rational one. This solution offers indeed a good many advantages over the usual position of barrels placed together in a horizontal way, namely; the ideal narrowness of the sight line, a free shooting area and lesser feeling of the recoil.

The technical difficulties only have deferred the spreading of this new gun model. But BROWNING has stuck to solving the problem.

SPECIAL FEATURES

The barrels are supplied 30" full choke. All barrels undergo the fourth Belgian official proof with nitro-powder. Barrels are chambered for 2¾" long range shells. Standard loaded shells may be used with satisfaction.

VENTILATED RIB—The ventilated rib is considered a necessity by sportsmen. The ventilating slots radiate the heat, preventing waves from rising in the line of sight, so that the shooter is not inconvenienced.

STOCK—The stock of fine walnut, nicely checkered.

FORE-END—The fore-end is one of Browning's special patents. When taking the gun to pieces for conveyance, the fore-end remains attached to the barrel, and is, therefore, not easily lost. Further, it is very easy to operate.

BREECH—The breech is solid with the trigger-guard—The two breech ends are assembled by a cross-piece, the weapon being of exceptional strength and rigidity.

No. **10045** Price each **\$175.00**

LOCKING MECHANISM—The locking-mechanism is very simple and chiefly consists of a flat bolt acting heavily on the barrels.

EJECTION—Selective automatic, throwing only the shell fired, the ejectors are very strong, coil springs used throughout.

SAFETY—The mechanism is so constructed that firing is impossible when the gun is not completely locked, i.e., when the key is not brought back in the axle plane of the weapon; this is a great security for the shooter. Further the weapon is provided with a non-automatic safety.

FINISH—The metal parts are black burnished to a fine lustre. Line engraving bordering joints, rosettes around screws and pins, give the gun a beautiful appearance.

Weight about 7¼ lbs. 12 gauge only.

I T H A C A

Ithaca Field Grade Gun

Barrels—Smokeless powder steel, proof-tested with a double powder load.

Stock and Forend—Black walnut, oil finished, hand checkered, solid where stock joins the frame to prevent splitting, full pistol grip.

Locks—Same mechanical construction as in higher grade Ithacas, and this lightning lock will improve any man's shooting.

No. **10097** Field Grade Price Each **\$67.50**

I T H A C A

No. 1 GRADE

THE NEW ITHACA, No. 1, will last a century if taken care of. Barrels—Fluid steel, proved and guaranteed.

Stock and Forend—Black walnut, oil finished, hand checkered, full pistol grip.

Engraving—Frame, top lever, forend iron, guard and trigger plate hand engraved; a leaf design of engraving is used on both sides of frame, trigger plate and top lever.

No. **10098** Price Each **\$75.00**

HIGH GRADE ENGLISH DOUBLE GUN

Made by Midland Gun Co., Birmingham

This fine English Double Hammerless Gun has been designed especially for conditions in Canada and is furnished with American standard specifications. The action is of the World Famous Anson & Depley pattern with Purdy pattern Double Locking Lugs and Bolts. This Gun bears the highest proof marks for Nitro Powders, this testing being done at the British Govt. Birmingham Proof House. It is chambered for Long Range Shells having a full $2\frac{3}{4}$ " chamber, is equipped with Automatic Safety, fine Walnut stock and Fore-end nicely finished in Old London oiled and polished style, with standard English checkering. The body or frame of the Gun is mottled case hardened with fine engraving as illustrated. Only due to the new reduced duties on English Guns has it been possible to offer such a reliable and handsome Gun at such a reasonable price.

SPECIFICATIONS:

SINGLE BARREL GUNS

**IVER
JOHNSON
CHAMPION**

**Made
in
Canada**

Iver Johnson Single Guns are now made in Canada of finest materials at reasonable prices. The quality of this famous model is being kept to the high Iver Johnson standard.

All Iver Johnson Single Guns are perfectly balanced and are easy to handle and smooth in operation.

The barrel and lug are forged in one piece from solid bar high carbon steel. This type of barrel guarantees you a barrel to safely shoot any regular factory loaded shells.

The joint pin is large giving long wearing qualities.

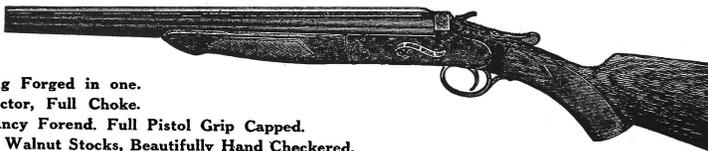

Compensating locking bolt is an exclusive Iver Johnson feature, so constructed as to automatically take up the wear and to safeguard the gun against shooting loose.

Safety Action—When gun is in cocked position it locks the gun against opening or closing.

All guns have automatic ejectors to throw out shells clear of the gun.

No. 10183 —12 gauge 30" full choke barrel	Price, each \$11.75
No. 10183 —16 gauge 28" full choke barrel	Price, each \$11.75
No. 10183 —20 gauge 28" full choke barrel	Price, each \$11.75
No. 10183 —410 gauge 26" full choke barrel	Price, each \$11.75

IVER JOHNSON SPECIAL TRAP, VENTILATED RIB, SINGLE BARREL SHOT GUN

**Front and Rear
Lyman
Ivory
Sights
Blue Frame**

Barrel and Lug Forged in one.

Automatic Ejector, Full Choke.

Trap Style, Fancy Forend. Full Pistol Grip Capped.

Selected Black Walnut Stocks, Beautifully Hand Checkered.

A popular gun for use at Trap and for general allround shooting. Length of stock about 14½ inches. Drop at comb about 1½ inches. Drop at Heel about 2 inches.

No. **10195**—12 Gauge, Barrel 32 inches. Weight about 7 lbs. 6 oz. Price, each **\$25.00**

LEFEVER SINGLE BARREL GUNS—New Long Range Lefever Single Field and Trap Gun

12, 16 or 20 Gauge

The only inexpensive **hammerless** single barrel breech loading shotgun with an automatic safety device such as used on expensive double guns, and an automatic ejector which kicks the shell out when the gun is opened. Has a genuine black walnut stock with full pistol grip hand checkered, hard rubber grip cap and butt plate.

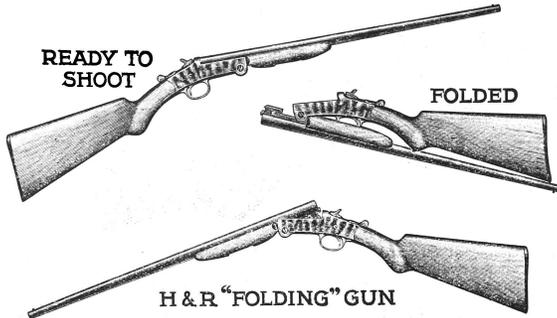

The forearm wood is black walnut hand checkered, and, like the walnut stock, highly finished with Duco. This, forearm is the trap gun type which fills the hand and keeps the hand off the barrel. The forearm may be snapped on or off with one hand and the barrel quickly taken off the stock and frame.

The stock length is approximately 14 inches, the drop about 2½ inches. Gauges, lengths and weights are: 20 gauge 28 inch, about 6 lbs., 16 gauge, 28 inch about 6¼ lbs., 12 gauge, 30 inch about 7 pounds, and **every barrel is proof tested with an excessive load** to make doubly sure it has the necessary material and strength to be safe for ANY standard factory load.

Every Lefever single is carefully choke bored to give the closest, hardest long range pattern. The Lefever is a standardized gun, and must remain standardized in order that it may remain an inexpensive, a SAFE and durable gun.

No specifications other than those mentioned can be furnished. No. **10161** Price, each **\$24.85**

HARRINGTON & RICHARDSON SINGLE BARREL GUNS

LIGHT WEIGHT 410 GAUGE FOLDING GUN

Instead of taking down in the usual way for easy carrying, the barrel of the H. & R. Folding Gun swings around against the stock without becoming detached from it. This construction eliminates the chance of "forgetting the fore-end" and makes getting ready to shoot with the folding gun a much simpler and quicker operation. The ball joint which permits this motion locks the barrel in the folded position and also in the normal loading position, requiring only a slight additional pressure to swing the barrel into the folded position for carrying.

The Folding Gun is fitted with a fine black walnut stock and is made with an automatic ejector only.

Barrel 26" Long Full Choke, Weight about 5¾ Lbs.
No. **10170**

Price, each **\$16.50**

H. & R. SINGLE GUN LONG RANGE CHAMBERED FOR 3" SHELLS LIGHT WEIGHT MODEL

With the more general use of small gauge loads the H. & R. Gun Company have specially designed a new light weight Gun in 410 gauge. This new Gun is designed for the new 3" shells which give an excellent pattern and long killing range. The weight is about 4¾ lbs., it has a 26" barrel, full choke, Black Walnut Stock and Fore-arm, and is equipped with Automatic Ejector. When light loaded shells are required 2¼" & 2½" may be used with satisfactory results.

No. **10169** Price, each **\$15.00**

ACTUAL SIZE
OF LONG
RANGE SHELL
AS USED IN
GUN ABOVE

H. & R. HAMMERLESS SINGLE BARREL GUNS

12-16-20 OR 410 GAUGE

In design, proportion, workmanship, wearing quality, finish and shooting, the H. & R. "Hammerless" outclasses all other Single Barrel Shotguns.

The barrel is bored from a forging in which the locking lug is integral with the barrel and the barrel pivot is backed up its full length by the solid metal of the frame, so that looseness cannot develop.

Instead of a heavy, slow swinging hammer, a light military type striker is used, which travels less than ¼ of an inch, thus making the action the fastest used on any shotgun.

The arm is opened and cocked by the easy moving top lever, the operation of which also automatically sets the safety.

Pistol grip stock and semi-beavertail fore-end are proportioned to meet the ideas of experts with the result that the H. & R. Hammerless Guns fit the shooter correctly and make accurate and rapid shooting easy.

Equipped with Automatic Ejector.

Weight 6½ to 7¾ lbs. according to gauge.

10175 —12 gauge 30" full choke	Price, each \$17.50
10175 —16 gauge 30" full choke	Price, each \$17.50
10175 —20 gauge 28" full choke	Price, each \$17.50
10175 —410 gauge 26" full choke	Price, each \$17.50

THE NEW VICTOR SINGLE GUN WITH NICKLE PLATED FRAME

The Victor Single Gun combines splendid shooting qualities with refinements of finish and design. The graceful proportions of the Genuine Walnut Stock and Fore-end and the superior style of the full capped Pistol Grip distinguishes this Gun from all others in its class. The barrel is made of fine high pressure steel, full choke. The Fore-end is full size to permit a firm comfortable grip. Action is positive and immediate. New style Automatic Ejector which snaps out the empty shells, rebounding safety hammer. Automatic Take-up for wear. 12 gauge only with 30" barrels.

- No. **10168**—Automatic Ejector Price, each **\$15.00**

STEVENS BOLT ACTION .410 BORE SHOTGUN

Barrel—24-inch. Tapered Round Barrel, Chambered for 2½-inch Shells, Full Choke, Crowned Muzzle, Take-down.
Action—Bolt Action, Safety Firing Pin. Chromium Plated Bolt and Trigger. To remove bolt from receiver hold back trigger and slide bolt back and out of receiver.
Stock—One piece Walnut Finished, with Finger Grooves in Fore-arm. Steel Butt Plate.
Sights—Shot Gun Front Sight and Matted Receiver.
Ammunition—Any standard factory loaded shell, either shot or ball. .410 Bore 2 or 2½-inch shell.
Weight—About 5¼ pounds.

The No. 54 .410 bore is an ideal shotgun for the beginner, either man or woman, boy or girl, as the recoil is extremely light.

- The .410 bore shot shell is effective at 30 yards and with ball loads is effective at 75 yards.
- No. **10166** Price, each **\$9.85**

No. **10355** Price, each **\$43.00**

GENUINE MAUSER RIFLES

THE ORIGINAL MAUSER SPORTING RIFLE

Manufactured by Mauser at Oberndorff-on-Neckar, Germany

Possesses the well-known genuine Mauser repeating action clip-loading system, specially adapted to sporting purposes.

It is furnished with all the latest up-to-date Mauser improvements, such as the automatic cocking arrangement, and flange on the bolt plug to guard the shooter's face against any escaping powder gases in the event of a defective cartridge case. In the genuine Mauser rifle there is no detachable bolthead, the locking lugs are consequently solid with the bolt. It is, therefore, impossible to fire the rifle with the bolthead missing, and equally so unless the lugs are properly seated in their respective recesses.

The sporting rifle weights about 7½ lbs., is a sporting weapon of considerable ballistic properties, as may be judged from the particulars of firing tests of which details are given further on.

The Magazine, holding five cartridges, is situated beneath the action. At the bottom the magazine is closed by a plate which is flush with the stock, and prevents the admission of moisture, impurities, and other foreign matter. The loading of single cartridges can easily be effected by hand. Single cartridges have only to be placed on the platform and pressed into the magazine. The magazine may thus be replenished to its capacity at any time and at a minimum expenture of time and trouble.

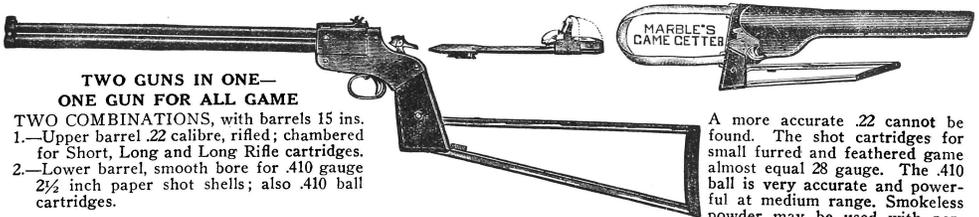

30-06 Calibre Rifle

Fine walnut stock with cheek piece, 24-inch round barrel, rubber butt plate, checkered pistol grip, sling swivels, silver bead front sight with sight protector, 300-yard leaf rear sight.

No. **10255** Price, each **\$75.00**

MARBLE'S GAME GETTER GUN Chambered To Shoot Long Range 2½" Shells

TWO GUNS IN ONE— ONE GUN FOR ALL GAME

TWO COMBINATIONS, with barrels 15 ins.
1.—Upper barrel .22 calibre, rifled; chambered for Short, Long and Long Rifle cartridges.
2.—Lower barrel, smooth bore for .410 gauge 2½ inch paper shot shells; also .410 ball cartridges.

A more accurate .22 cannot be found. The shot cartridges for small furred and feathered game almost equal 28 gauge. The .410 ball is very accurate and powerful at medium range. Smokeless powder may be used with perfect safety and slight recoil.

IMPORTANT FEATURES:

- Single Trigger**—Striker is adjustable to either barrel instantly.
- Hammer**—Rebounds to safety notch after firing.
- Receiver Lock**—Trigger guard is pulled back to open breech.
- Folding Stock**—Is held rigidly in position by sliding lock

Sights—Rear sight has stationary Buckhorn with large U notch, also Leaf with small U notch, and Folding Peep with 3-32 inch aperture.
Front sight has 1-16 inch gold head.

SPECIFICATIONS: Frame, drop forged. Finished, blued. Stock, formed from sheet steel, nickered. Grip plates walnut. Holster; finest strap leather.

Ammunition which may be used with the Game-Getter

No. **10465**—15" Barrel, Complete with Holster Price, each **\$35.00**

 29 inches.
 Weight—9 lbs. 7 oz.
 Diameter of barrel (outside) at
 muzzle, ¾ in.
 Distance between foresight and
 aperture backsight, 3¼ in.
 Balance—¾ in. in front of
 trigger.

Here is a new and more modern B.S.A. Rifle
 for .22 bore marksmen.

The barrel and action are exactly as fitted to the world-famous B.S.A. No. 12 Rifle, but the fixed portion of the backsight is now an integral part of the body. The sturdy construction of the back sight ensures perfect rigidity—there is not the slightest trace of backlash in the windgauge or elevating movements. Very careful attention has been paid to the design of the new pistol grip, and upon test by some of the leading small bore riflemen in the country it proved ideal. It is very comfortable, and the special lever facilitates the quick working of the action in time limit competitions.

The cheek-piece is an addition which has been called for repeatedly by small bore riflemen, and makes possible the holding of the rifle snugly and firmly.

This new B.S.A. Rifle has a particularly handsome appearance, as a glance at the illustration shows. Special attention has and is being paid to the bore of the barrels and very fine shooting is being done. This new model has been subjected to exhaustive tests to ensure that its accuracy is unsurpassed; that it is perfectly balanced and easy to handle.

No. **10462** Price, each **\$45.00**

GIBBS' GUARANTEED TRAPS

Gibbs' guaranteed Traps are the only first class coil spring traps on the market. Compare the ease with which they may be set and their gripping power with any other traps in the same numbers. Gibbs' Traps are better. Don't confuse them with any other make.

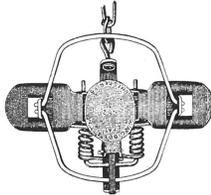

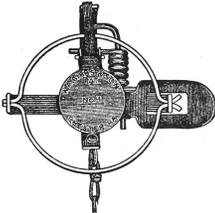

GIBBS' "TWO TRIGGER" TRAP

The Trap that saves its cost. Two traps in one. Do not need to be set to drown. Every strike a catch; absolutely no wringing off; holds by leg and over body. Made in one size only. For Mink, Muskrats, Marten, etc.

No. **11000** Price, each **.65**
Dozen **\$7.00**

GIBBS' "SINGLE GRIP" TRAPS

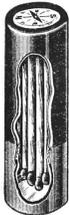

Gibbs' "Single Grip" Traps have better gripping power, are quicker in action and easier to set and handle than any other traps now on the market. They set flat and occupy less space than long spring traps. Springs are strong enough to operate the trap quickly under snow and covering material. Breakage occurs much less often than when flat and long spring traps are used. Made in sizes to catch any animal from weasel to wolf.

- No. 0—For weasel, house rats, gophers, etc.
 - No. 1—For Muskrat, mink, marten, etc.,
 - No. 1½—For mink muskrat, skunk, etc.,
 - No. 2—For fox, woodchuck, 'possum, etc.,
 - No. 3—For lynx, fisher, coyote, wildcat, etc.
 - No. 4—For beaver, otter, wolf, badger, etc.

NORTH WOODS SAFETY MATCH CASE

Combining Waterproof Match Case
Directional Compass
Burning and Magnifying Glass

An indispensable convenience for hunters, fishermen, boaters, campers and sportsmen in every field.

Light weight match case absolutely waterproof. It floats. Matches always visible through the end.

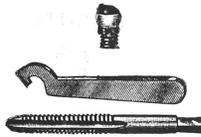

Everybody enjoys a compass. It's mighty useful in locating direction. Burning glass will start a fire in emergency. It's fine for magnifying.

Case is in two colors, one half bright red. Easily located if dropped.

No. **11161** Price, each **\$1.50**

SHOTGUN SIGHTS

FOR SINGLE BARREL SHOTGUNS ONLY

Bi-color Front for Single Guns

No. **10543**—Bi-color Front Sight for Single Barrel Shotguns, complete with tap and wrench **\$1.50**
(Packed one in an envelope)

MARBLE'S SHOTGUN SIGHTS

Bi-color Front for Double Guns

Ivory Rear Sight and Reamer for Double Guns

The chief and great advantage of the "Bi-Color" sight is that it will not break off as very often happens with an all-ivory sight. It can be seen in any light.

The Rear Sight should be placed at about the centre of the barrels, or from 12 to 16 inches from the muzzle sight, according to the length of gun and shooter's eyesight—never more than 18 inches. The rear sight keeps one from aiming too close to the gun rib, which prevents a clear view of the bird and causes under shooting. Good alignment cannot be secured without a rear sight.

FOR DOUBLE-BARREL GUNS ONLY

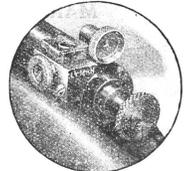

- No. **10544**—Bi-color Front, Ivory Rear and Reamers **\$2.00**
- No. **10545**—Bi-Color Front Sight **1.00**
- No. **10546**—Ivory Rear Sight **.75**
- No. **10547**—Front Sight Reamer **.25**
- No. **10548**—Rear Sight Reamer **.25**

Note.—When ordering rifle sights, be sure to give maker's name, model, calibre and length of barrel of the rifle for which the sight is to be used.

NEW LYMAN RECEIVER SIGHT FOR

- Winchester Model 60
- Savage Model 3
- Remington Model 33

1. Requires no cutting of the stock.
2. Securely mounted by two mounting screws.
3. Has quick, easy, graduated, adjustable features for windage and elevation.
4. Is furnished with special Lyman detachable disc with sand blasted face, eliminating light reflection.
5. Gives long distance between sights so essential for most accurate shooting results.
6. Allows full freedom of bolt action, including quick removal of bolt.
7. Location of sight at extreme rear of receiver is most convenient for all shooting positions.
8. Strong and rugged, holds perfect adjustment in use.

The graduations on the elevation and windage slide are .02" apart. The No. 55 is especially designed for each different make of rifle. On all No. 55 sights there is a locking knob on the elevation slide except in Lyman No. 55 made for the Winchester 60, in which case, the elevation will be locked by a lever.

No. **10527** Price with disc and mounting screws **\$3.00**
No. **10529** Tap and drill extra if specified **.75**

RIFLE SIGHTS

MARBLE'S IVORY BEAD FRONT SIGHTS

Bead diameter
1/16"

Carbine Style
Bead Diameters
1/16" or 3/32"

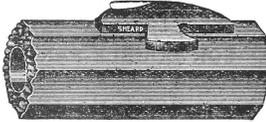

Dead Diameter
3/32"

Gives a clear white bead which can be seen distinctly against any object, in any light. The contrasting black neck of the sight makes the bead all the more prominent FOR ANY STANDARD MAKE OF RIFLE OR CARBINE.

- No. **10500**—Rifle style, 1/16" bead. Price, each **\$1.50**
- No. **10501**—Rifle style, 3/32" bead. Price, each **1.50**
- No. **10502**—Carbine style 1/16" bead. Price, each **1.50**
- No. **10503**—Carbine style 3/32" bead. Price, each **1.50**

Note.—when ordering rifle sights, be sure to give maker's name model, calibre and length of barrel of the rifle for which the sight is to be used.

MARBLE'S SHEARD "GOLD" HUNTING TARGET SIGHTS

This sight is guaranteed to show up well in the darkest timber, under any and all circumstances, and not to "blur". Will show the same color on different coloured objects; will stand rough work and improve the shooting greatly. Made to fit nearly all sporting and military rifles, carbines, target revolvers and pistols, Luger and Mauser automatic pistols.

When ordering Sheard Front Sight for Mauser and Mannlicher Rifles, send sight now in use on rifle as sample to make sure that correct sight is sent.

- No. **10532**—Sheard Sight, with medium bead.
- Price each **\$2.00**

MARBLE'S DUPLEX SIGHT

COARSE BEAD FOLDED

COARSE BEAD UP

You can "draw a bead" in dim dawn, hazy brush, dazzling sun or jack-light's flare with this wonderful universal sight. Fine or coarse in one compact unit. The 1/6" gold

bead is for target practice and game in ordinary light or on snow. The 1/8" White Enamel Bead is for all game in dubious light.

Base No. 3—For Winchester 1894; .25-35, .30-30 and .32 Winchester Special.

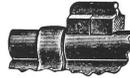

Base No. 3—For Marlin 1893; .38-55 H.P.S.

Base No. 5—For Marlin 1893; .25-36 H.P.S., .30-30, .32 and .32-40 H.P.S.

Base No. 5—For Savage 1899; .25-35, .30-30, .300 and .303, except Featherweights (.22 H.P., 250-3000 and .300).

- No. **10534** Price, each **\$2.00**

MARBLE'S SPECIAL FRONT SIGHT

1/16 Ivory Bead

This sight is designed for Winchester Model 94, 30-30 and .32 special calibres only. One of the most practicable carbine sights ever designed.

- No. **10508** Price, each **\$1.50**

LYMAN COMBINATION FRONT SIGHT

Adapted to all guns taking regular rifle type of front sight. Can be used for combination hunting and target work. Use protected globe against target or light background, and instantly adjustable ivory head for hunting and against dark background.

- No. **10504** Price, each **\$2.50**

MARBLE'S ADJUSTABLE LEAF SIGHT

Made to Fit American Standard Rifles

The leaf is firmly held in position by the spring on the long flat part when either up or down, and can be instantly put in either position. When folded down it permits a free use of peep and front sights.

The notch-piece is held at elevation desired by the screw at its side, and is also reversible. The "V" shaped notch is for use with Rocky Mountain Front Sight. The half-round notch is for use with Bead Front Sight.

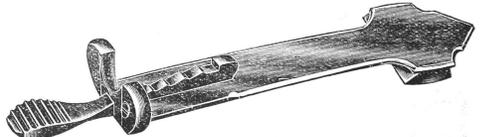

In addition to its utility as a middle sight it serves as a check to detect any deviation in the alignment of the other sights.

Mention model and calibre when ordering.

- No. **10535** Price, each **\$2.00**

WINCHESTER ROCKY MOUNTAIN REAR SIGHT

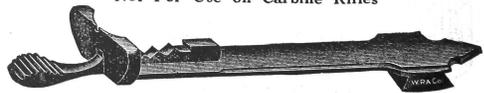

Not For Use on Carbine Rifles

- No. **10540** Price, each **\$2.00**

WINCHESTER SPORTING REAR SIGHT

Not For Use on Carbine Rifles

- No. **10539** Price, each **\$2.00**

RIFLE SIGHTS

MARBLE'S SPORTING REAR SIGHTS

Improved and designed to contain all possible advantages of an open rear sight. Answers a steadily increasing demand for this style of sight.

The reversible notch disc, with white enamel diamond, gives choice of two 'U' and two 'V' shaped notches of different sizes. Disc held in place by a screw. Adjustment in height is secured by means of a double step elevator and a sliding notch blank. Screw driver point on elevator.

SEMI BUCKHORN CARBINE SIGHT

For Winchester Carbines, all calibres: Savage .22 H.P., .250-3000 and .300 H.P. Rifles; and all makes of .22 calibre rifles having standard slots in barrel for rear sight. When used on Remington .22 calibre or Winchester .22 Self-Loading, a front sight 1-16 inch higher than regular is required.

No. **10541C** Price, each **\$2.50**

SEMI BUCKHORN RIFLE SIGHT

For Winchester, Savage, Marlin, Remington (except Auto-loading H.P.); and other rifles having standard slot in barrel for rear sight.

No. **10541R** Price, each **\$2.50**

MARBLE'S FOLDING REAR LEAF SIGHT

Folds down on barrel when not in use, and therefore permitting the use of a peep sight, and has one adjustable disc having four notches, two

U-shaped, and two V-shaped, of different sizes, with a white diamond of hard enamel on one side.

No. **10542** Price, each **\$2.25**

Note.—When ordering rifle sights, be sure to give maker's name, model, calibre and length of barrel of the rifle for which the sight is to be used.

LYMAN ADJUSTABLE RECEIVER SIGHTS WIND GAUGE ADJUSTMENT

No. 48 Lyman Sights for Winchester Model 54, Remington Model 30 Express, and Mauser Bolt Action Rifles. Click adjustments give change of point of impact of 1 inch at 100 yards. The aperture has the built-in, turn-down peep feature, and can be furnished with detachable disc if desired. Tap and drill for receiver sights supplied if desired.

No. **10528**—Sight only with screws. Price, each **\$15.00**

 No. **10742**—30 calibre and up..... Price per bundle **.35**

MARBLE'S ANTI-RUST ROPES
 For Shotguns and Rifles.

When saturated with oil these "ropes" exclude all air and moisture and make it impossible for the barrels to rust or become pitted. They are longer than the barrel and larger than the bore. This insures a constant pressure of oil against the entire circumference of the bore. One oiling will last for a year.
 For shot guns, 12, 16 or 20-gauge; for rifles, state calibre.
 No. **10745** Price, each **\$1.00**

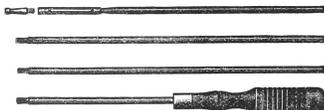

CLEANING RODS, ETC.

ONE-PIECE CLEANING RODS

All 26 inches long.
 No. **10550**—22 and 25 calibre, steel, coppered Price, each **.10**

BRASS RIFLE ROD

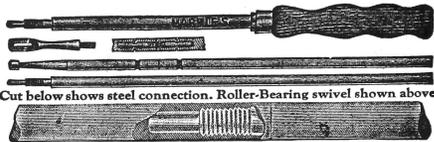

Jointed brass rifle rods, with slotted end for cloth, and threaded tip for brush, any calibre, in canvas bag. No. 10674 brushes will fit this rod.

Brass wire brush with twisted brass core and shank, any calibre, will fit all standard Cleaning Rods and pull through.
 No. **10674** Price, each **.15**

CLEANING RODS, ETC.
MARBLE'S JOINTED BRASS RIFLE ROD

Cut below shows steel connection. Roller-Bearing swivel shown above.

See That Steel Connection!

The view of joint shows size of rod for .30 calibre and larger rifles. Note the size—which gives needed strength. It will not break off in the rifle. It is as rigid as a one-piece rod. Made in 30" length. Furnished with jagged and slotted tips, packed in cloth bag.
 No. **10555**—22 and 25 calibre Price, each **\$1.75**
 No. **10555**—28 calibre and up Price, each **\$1.75**

MARBLE'S FIELD CLEANER

The cleaner is the same as Marble's Rifle Cleaner. Made for all calibres of rifles. In ordering give make and calibre of rifle for which you desire to use the cleaner.
 No. **10558** Price, each **\$1.25**

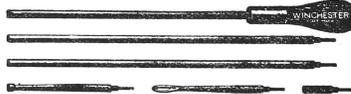

MARBLE'S RIFLE CLEANER

The sections are made of a number of discs cut from softest brass gauze. They are separated by small fibre discs and strung on a spirally-bent spring-tempered steel wire.
 The sections are smaller than the bore of a rifle or revolver, therefore the spiral core forces only one part of each section against the bore, with the result that the cleaner may follow the twist—reach into every angle of the rifling and rapidly remove all lead, copper, rust or powder residue.
 No. **10560** Price, each **.80**

WINCHESTER RIFLE CLEANING ROD

For Rifles of .30 Calibre or Larger

WINCHESTER JOINTED STEEL CLEANING ROD

The rod is 44 inches in length. The third tip is made to accommodate a universal rifle brush, or any brush having the same thread. This rod is suitable for use in rifles of .30 calibre or larger, and will be found highly satisfactory in every way. Riflemen who have tested it pronounced it the most substantial and practical jointed rod ever offered. The rod is packed in a cloth bag.
 No. **10666** Price, each **\$3.00**

CLEANING RODS, ETC.

Price each **.15**

MARBLE'S SHOTGUN CLEANER

Made to Fit All Standard Rods

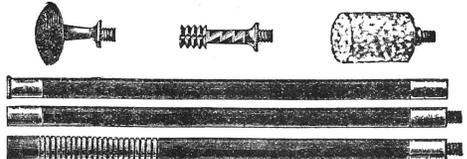

The sections are made of discs cut from softest brass gauze. They are separated by fibre discs and strung on a spirally-bent spring-tempered steel wire.

The sections are smaller than the bore, therefore the spiral core forces only one part of each section against the bore and gives equal pressure from chamber to choke. When sections become worn on one side they can be turned. Cleaner lasts a lifetime.

Made for 12 or 16 gauge guns.
No. **10562** Price, each **\$1.25**

ENGLISH GUN CLEANING ROD

Genuine English Rosewood, hand-made, cleaning rods, 35" long. The finest cleaning rod procurable complete with wool swab, jagged end and wire brush, 12 gauge only.

HOPPE'S NITRO-POWDER SOLVENT

No. 9

Hoppe's Nitro Powder Solvent No. 9 keeps gun and rifle barrels free from powder residue, metallic fouling and rust. It has been doing just that for twenty years—doing it so well that it seems as though almost every sportsman uses Hoppe's Nitro Powder Solvent.

No. **10770**—2 oz. bottle **.65**

NEW METHOD GUN BLUER

Rusty rifles, shotguns and nickel plated revolvers can be perfectly blued in five minutes with New Method Gun Bluer. Easily applied with a brush, no heating is necessary and it will not injure the finest steel.

The most inexperienced layman secures satisfactory results with this bluer. It will take years off the age of any used gun.

Large size can, enough to blue five guns.

No. **10805** Price, per can **\$1.50**

NIMROD LEAD REMOVER

For Leaded Guns and Rifles.

Is not a nitro powder solvent, not a so-called gun cleaner, but a preparation developed by us for taking out lead only.

No. **10815** Per bottle **\$1.00**

MARBLE'S NITRO-SOLVENT OIL

In New Containers

3 oz. can

6 oz. can

3 oz. can displaces 2 oz. bottle

A solvent is combined with a lubricant and other ingredients to make an oil that will dissolve and remove powder residue and leave the barrel and works lubricated.

Marble's Nitro-Solvent Oil should be used alone—no other oil is necessary when the cleaning is finished.

It stops corrosive action by neutralizing the acids of the residue before or after they have penetrated the steel. It removes and prevents rust. Contains no acid. Will not congeal. Cleans and polishes varnished finishes.

Because of the solvent properties the oil does not dry up quickly and will not gum. This makes it a perfect lubricant for reels, motors and light machines.

No. **10775**—3 oz. can Price per can **.50**

No. **10775**—6 oz. can Price per can **.90**

ITHACA GUN OIL

A Big Can of Oil

Four ounces of Ithaca Gun Oil, one-third more than usual, an oil which has kept guns free from rust since 1925 when they were last oiled and stored away as a real oil test. Ideal for cleaning and oiling all types of fire-arms and fine machines.

No. **10768** Price per can **.35**

WINCHESTER METAL PREPARATIONS

No. **10760**—Gun Oil, 3 oz. Per can **.40**

No. **10762**—Gun Grease Per tube **.25**

No. **10764**—Rust Remover Per tube **.40**

PARKER CELLULOID OIL CAN

The Parker-Hale Valvespout Celuloid Oil Container (made in England).

- (1) The stopper cannot be lost.
- (2) It has a metallic valve which hermetically seals the outlet.
- (3) A half-turn of the nozzle opens or closes it.
- (4) It is more serviceable than any other type.
- (5) It saves oil, time and temper.

It is strange that the world should have waited so long for such a simple yet practical and useful device. The morality among oil cans that have lost their stoppers is prodigious and the loss of oil from unstoppered spouts and the loss of time cleaning up the consequent mess, is not only too well known to oil users. Filled with Young's celebrated gun and rifle oil, which can be refilled when emptied.

Size—2 3/4" diameter, 3/4" thick.
No. **10790** Price, each **.75**

NO. Y. T. I

STEEL SHOTGUN SHELL BOX

A strong serviceable shell box, yet inexpensive, holds 6 boxes shells, waterproof, strong lock and fittings, weight 1 pound 5 oz.

JOSTAM

"ANTI-FLINCH" RECOIL PAD

No Kick Coming when Anti-Flinch Recoil Pad is used on your shotgun. Best grade of LIVE red rubber vulcanized on black hard rubber base plate. Oblong holes through soft rubber, slanting at an angle of 45 degrees in line with stock, eliminates upward whip of muzzle and takes up the recoil. Maintains balance of gun for second shot. Leading trap and game shooters are using it.

Latest Improvement in Recoil Pads

	1 inch Thick	Length Inches	Width Inches
Small		5	1 3/8
Medium		5 1/2	1 3/4
Large		5 1/2	2

No. **11100** Price, each **\$4.00**
 The above pad fitted to any gun, and stock polished.
 Extra **\$3.00**

THE HAWKINS' RECOIL PAD

Saves Your Shoulder
Improves Your Score

Used exclusively by world famous shooters, such as Mark Aric, Frank Hughes, Sam Sharman, Walter Warren, Fred Etchen; Frank Troeh and many other shooters of known ability.

The truss formation between the two walls forces the gun to move straight back and not up or down when pressure is brought upon it.

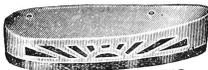

The Hawkins' Recoil Pad, 1 1/8" thick, made of soft pliable red rubber. Top vulcanized to a black hard rubber base. 12 gauge size, 5 1/2" long.

16 or 20 gauge size, 5" long, also used for high power rifles.

No. **11106** Price, each **\$3.75**

The above pad fitted to any gun, and stock polished.

Extra **\$3.00**

ITHACA RECOIL PAD

Absorbs the Shock

One of the best designed recoil pads for absorbing shock. The recoil is evenly absorbed and the arch reinforcement is directly back of the point where the greatest strain comes. It will stand up well and give excellent service. Finest quality red rubber top with black rubber base. One size only 1 3/4" x 5".

No. **11108** Price, each **\$3.00**

The above Pad fitted to any gun, and stock polished, extra **\$3.00.**

JOTSAM "LEADER" RECOIL PAD

Lace-on Style

Made of chocolate-color bordered calf-skin leather of extra fine quality, with curved base of molded sponge rubber cemented firmly to the leather. Finest leather recoil pad on the market. Made in the following sizes only:

No. **11127** Price per carton of (135) birds **\$2.00**

PRACTICAL OUTDOOR BOOKS

By the Best Authorities

.45 each

"The Outdoor Lovers' Library" of handy pocket volumes (5 x 6 inches) on the eight subjects most dear to the lover of great outdoors. The authors are all outstanding authorities on their subject, and each book contains 60 or 70 pages of invaluable information and instruction, boiled down and concise. As interesting as a novel. Every devotee of the Rod, Gun or Camp should possess this complete little outdoor library. A veritable encyclopedia, which is mighty pleasant to read.

BOOK 1—FISHING FACTS—By Sheridan R. Jones

The only handbook ever printed which summarizes fishing methods—what tackle to use, how to use it, where to find and how to catch the best-known fresh water fish.

BOOK 2—BAIT CASTING—By Sheridan Jones

Short-rod experts regard this book as the equal in value of most volumes costing \$2.00, and it is planned to help the novice as well as the veteran bait-caster.

BOOK 3—FLY CASTING—By Sheridan R. Jones

A volume as practical as it is up-to-date. The most thorough presentation of long-rod tackle and the art of fly casting that has recently appeared.

BOOK 4—AUTO CAMPING FACTS—By F. E. Brimmer

A modern and practical volume on auto camping by that well-known authority, F. E. Brimmer. This book contains many valuable hints and is most helpful to both the beginner and old-timer.

BOOK 5—THE CAMPER'S MANUAL—By Horace Kephart

Written by the nationally-known authority, who has published more popular and successful books on camping and woodcraft than any other expert alive today.

BOOK 6—WING SHOOTING—By Chas. Askins

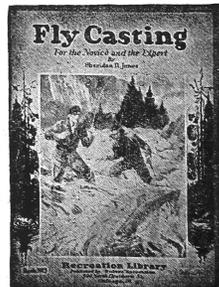

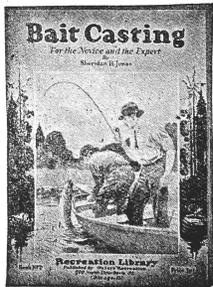

Askins is the most famous student of the shotgun in this country. With a background of scientific knowledge he writes from the standpoint of the practical hunter.

BOOK 7—BIG GAME HUNTING—By Maj. Townsend Whelen

The author of the greatest book ever written on the rifle tells what he has learned in a lifetime of personal experience in the hunting of big game.

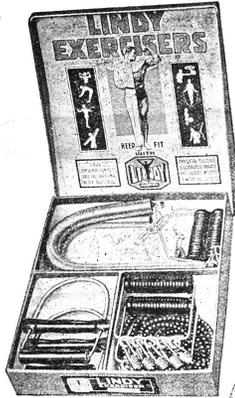

BOOK 8—SHOOTING FACTS—By Chas. Askins

Sportsmen for years have respected the statements of Chas. Askins regarding rifles, guns and pistols. In this book he gives the plain facts of choosing, using and cleaning firearms.

13024 Price, each **\$3.50**

"OLD TIMER"

The trapper's knife that Old Timers swear by, designed by E. W. Conklin, famous Adirondack guide and trapper. He says: "In all my experience I never had a knife that would begin to hold an edge like a Ka-Bar. This trapper's knife is just right. The handle won't slip and it doesn't tire the hand. Blades are absolutely perfect for skinning and are the finest in quality and shape I ever saw." Brass lining, nickel silver bolsters. Length closed 4¾".
13020 Price, each **\$2.50**

A quick Fly-Open-Knife made for years of dependable services. The action is as smooth as the finest automatic gun. Can be opened with one hand without removing mitten. Blade is locked, closed or open. Genuine Buckhorn handle, heavy brass lined, nickel silver bolster. Length when closed 5¼". Russet Cowhide Sheath.
13015 Price, each **\$6.00**

A. L. & W. FOREST KING KNIFE

A. L. & W. BIG CHIEF HUNTING KNIFE
 Stainless

The new A. L. & W. Big Chief Hunting Knife is the most useful hunting knife yet designed. It embodies all the good features of knives, plus the thin blade which will really cut, being stainless. It can be used generally as a good camp knife. This knife is made for us by one of the foremost cutlery manufacturers, in Sheffield, England. Guaranteed to hold a keen edge, this fine knife is a work of art and finely finished. Through a survey of many big game hunters we have found the 5 inch knife the most useful and would recommend the purchase of this size.

Limited Quantity

Quality Field Glasses, Binoculars Etc.

PROTECTO EYE SHIELD

The Most Practical Glare

Protector on the Market

Protecto-Shield is the simplest and most practical glare protector on the market. Protects and shields the eyes from the blinding glare of automobile headlights, both from on-coming cars and from mirror-reflected glare of the automobiles behind—far better than windscreens anti-glare devices. Patented convex shields are scientifically mounted on the upper half of open frames to afford protection from glare without obstructing clear natural vision. No lenses or glass to break.

Does not obscure natural vision; and is always in adjustment. Is a necessity for working or reading under glaring lights. Is safe for the eyes—no glass to break. Is ideal for all outdoor sports—Tennis, Golfing, Fishing, etc.

No. **13138** Per pair **\$1.00**

A. L. & W. PERFECT AXE

**Handle Construction
Leather Washer**

The A. L. & W. Hunter's and Camper's Axe is guaranteed by free replacement that the thin, light, tempered steel handle and genuine leather grip will never break or loosen. The edge, face and claw have no superior. This axe is made of one piece, forged and tempered steel head and handle. Eight reasons why it is superior:

1. The head cannot come loose.
 2. Handle will not break or split.
 3. Side blows, pulling or splitting do not harm them.
 4. They are well balanced.
 5. Thin handle for close quarters.
 6. Comfortable "Lifetime" leather grip.
 7. Always same length for measuring.
 8. Thin blade makes grinding easy.
- The handle is made of leather washers, one on top of the other, similar to hunting knife construction. Width of blade 3 x 1/4 inches at head. Length of blade 5 inches. Size of head 3/4 x 1 1/4 inches. Length over all 13 inches. Complete with heavy leather sheath.
- No. **13192** New Low Price, each **\$2.25**

**DELTA POWERLITE
2- Reflector Electric Lantern**

Embodies two light sources—one giving a sharp penetrating spot beam of 800 feet—the other a broad, brilliant floodlight. Both side and top lights operate from a simple double action switch — finished in baked aluminum enamel, cadmium plated trimmings—side reflector is silver plated, top reflector baked white enamel—size 6½" high, not including bail—diameter of base 4¾" — side reflector 4" diameter — top reflector 3".

Operates on Eveready No. 409 Lantern Battery. When top reflector is used a special lens guard which provides a base for the lantern can be supplied. This guard is ruggedly constructed and simply snaps on. (See illustration above) With the use of an adapter it is permissible to use 4 No. 950 Eveready Flashlight Batteries as an alternative battery. Price of adapter given below.

- No. **13247**—Complete with Battery **\$4.60**
- Lens Guard if Required extra **.65**
- No. **13248-409**—Extra Batteries **.75**
- Fibre Battery Adapter For use with 4-950 unit cells, extra **.75**
- Extra Mazda Bulbs **.15**

WINCHESTER HEAD LIGHTS

The Headlight is a distinctive Winchester product which is adapted to a wide range of uses. It not only can be used for all flashlight purposes, but is particularly adapted for use where the nature of the work requires the use of both hands for handling.

The Headpiece is remarkably light and may be worn over hat or cap. A soft rubber pad insures comfort. The battery case may be carried in the pocket or hooked on the belt. Focusing type throws a beam of light 360 feet.

- No. **13294**—Complete with batteries **\$4.85**

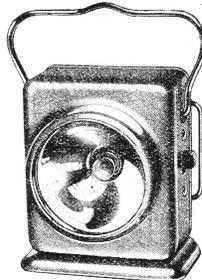

WINCHESTER HEADLIGHT LANTERNS

Some conditions call for an even more powerful Headlight than the three cell. To take care of these the five cell Headlight has been developed. The focusing type throws a beam 1200 feet long making objects at its extreme range clearly visible.

- No. **13295**—Complete with batteries **\$6.85**

DELTA ELECTRIC LANTERNS

THE NEW DELTA SILVERLITE LANTERN

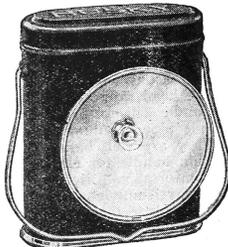

A real high-grade Lantern at a moderate price, beautiful silver enamel finish, silvered reflector, 3¼ ins. high, weighs only 15½ ozs. with batteries installed; bale and handles fold out of the way; carries in the hand, on the belt or in the pocket; projects a powerful bright light. Ideal for scouts, hunters, anglers, tourists and motorists; operates on two No. 950 Eveready unit cells, 3¾" high 3 1/8" wide 2 5/8" deep. Complete with batteries, No. **13242**—Price, each **\$1.90**

THE NEW DELTA HUSKY LANTERN

The "Husky" is a high-grade low-priced utility lantern, of the focusing type, somewhat similar in design to the "Redbird". Operates on two No. 6 Eveready Batteries and Eveready Mazda Bulb No. 1452. Equipped with a strong, rigid handle at the back, in addition to the handy carrying bail shown in illustration. Projects a powerful beam of light for a distance of 600 feet. Size 5½ x 4 x 7¼ inches.

- Complete with Batteries. No. **13243** **\$3.25**

NEW DELTA RED BIRD LANTERN

Dual-Reflection is the greatest Electric Lantern Development of modern times, the result of a unique and scientific combination of two Reflectors. Snap forward the control lever and you get a brilliant floodlight—flip the lever back and you get a piercing 800 foot spot light. Instant action. Operates on 2 standard No. 6 Dry Cells and No. 1452 Eveready Lamp. Body stands 7½" high and is ruggedly constructed of ribbed steel and finished in red enamel with chrome-plated trimmings.

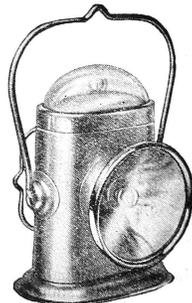

Reflector is ½" in diameter and is finished in mat silver.

- No. **13244**—Complete with Batteries Price each **\$4.50**

THE NEW DELTA JUNIORLITE ELECTRIC LANTERN

The New Delta "Juniorlite" 2-Reflector Electric Lantern—Junior of the big-selling Powerlite is pronounced as the best little electric lantern ever put on the market. The "Juniorite" embodies two light sources—one at the side giving a piercing spot beam of 600 feet, the other at the top giving a broad, wide flood light. Both lights operate from a single double switch. Finished in silver color with bright trim. Side Reflector is 2½" diameter and silver plated brass. Top reflector is white enamel for spreading light. Operates on 2 No. 950 Eveready Batteries and Eveready 2.5 Volt Mazda Lamp, No. 1161.

WOOD'S ARCTIC EIDERDOWN ROBE

WOOD'S ARCTIC ROBE

Is proof against ice, snow and cold? Relaxed in every muscle, toasty warmth to the tips of your toes, you may sleep through winter's fiercest blizzard on an open porch while you dream of blue skies, droning bees and June roses. Protected adequately against every emergency of cold and dampness, go out under the frosty winter stars and let the ozone put new color in your cheeks.

Here are warmth, lightness, automatic ventilation and perfect dryness, every quality you need in a protective robe for camping trips, auto-mobiling, canoeing or home use.

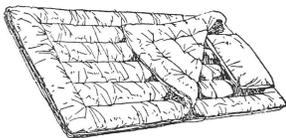

Wood's Robes have proved a boon to the Royal Northwest Mounted Police, Hudson Bay trappers and Arctic big-game hunters as well as United States and Canadian Government forest survey forces. Now let them point the way to winter health in outdoor life for you.

GENUINE HUDSON'S BAY POINT BLANKETS

Have now a world-wide reputation and are acknowledged to be the best blankets made.

"For the Home and the Hunt."

"For Service-Value, They Are Unparalleled"

Justly famous for generations as the favorite of the hunter, tourist, trapper, surveyor, prospector and explorer—Hudson's Bay Point Blankets have also won a new reputation as blankets for the Home. There is a size for every bed, a range of attractive colorings to satisfy almost any requirement. Only the sizes and colors vary; the same traditionally good quality is found in every Hudson's Bay Point Blanket. They turn the wind and the wet almost like a waterproof. They do not soak up moisture. They wash well. They give a lifetime's service. The traveller in the far Northland finds Hudson's Bay Point Blankets best for his bed of spruce boughs and the well-equipped camper prefers them for his cot. Now the city dweller has them for the sleeping porch. Many who sleep with open windows even in winter time would not be without the comfort of Hudson's Bay Point Blankets in the Bedroom. Every home should have one or more pairs. There are some "counterfeits". None is genuine without the company's trademark. "The Seal of Quality."

No. **14118** Price per tin **.40**

PALMER'S SKOWHEGAN PASTE

Care of Footwear

Never place your footwear, especially oil tan, too near the fire, as the heat will quickly burn the life out of the leather. To keep your footwear soft and pliable, clean and dry slowly. After drying give a good application of oil or grease. This, besides softening, helps to make your footwear waterproof.

Our Skowhegan Waterproof Paste can't be equalled for this purpose, as it is a scientific preparation and a real leather food. Good for all leather goods. Put up in neat 5 oz. tins with full directions.

No. **14120** Price per tin **.25**

VISCOL

OUTING CLOTHING, ETC.

NEW "BONE DRY" HUNTING COAT

The thought behind this already popular coat is to provide—

FIRST—All the protection required from snags, wind, etc., and it is accomplished by the use of our famous RED H E A D water-proof duck on the outside.

SECOND—The utmost protection from rain, as we employ a rubberized material as a lining across shoulders, chest and back. Sewed in loosely so as to provide ventilation and the lower coat is lined with the same material thus inside front edges and are blood-proof toward

forming three large game pockets—entrances and at back side seams from outside—which the shooter.

THIRD—A coat lighter in weight than other waterproof coats, thus appealing strongly to the field shooter.

FOURTH—No vest is necessary since shell loops are found, above the usual shell pockets, with capacity for twenty-four shells. Large flaps over the loops keep shells dry quickly accessible, and prevent falling out no matter what gauge. A very sensible coat of RED HEAD quality. Sizes 38 to 46.

No. 14210 Price, each \$8.50

No. 14952

No. **15398** Price, per pair **\$3.50**

APPROVED SKI SPRINGS

An added pleasure to those who enjoy the sport of Ski-ing.

As used by leading skiers in Canada and throughout the world.

"Springs are undoubtedly useful in downhill running, on the flat and, contrary to expectations, a decided asset in climbing, except on long steep ascents. In downhill running, especially on uneven ground, they give the runner a certain feeling of confidence, the ski seeming a part of the foot. This is even more evident in jump-turns and Gelandesprungs, the ski being more easily controlled without any wig-wagging of the back ends so noticeable without the springs. In flat running the springs tend to give the foot a thrust forward when the weight is released from each forward stride. No noticeable strain is felt on the ankle if the strap is properly adjusted."

No. **15800**—Complete with web straps fitted with patent buckles. All necessary fittings, screws and directions.

Price, per pair **\$1.85**

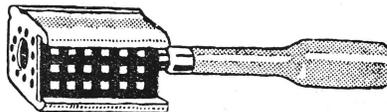

A. L. & W. SKI CLAMPS

A Complete Set of Clamps, consisting of block for the arch, adjustable spreader for the toe, clamps with thumb nuts for toe and heel of skis. They are easily put on or removed and will keep the skis in shape and prevent warping.

No. **15495** Price, per set **\$1.00**

A. L. & W. SKI DRESSING IRONS

Made of Aluminum, with wood handle. Very practical for waxing skis with any sort of wax. Easily heated with meta fuel, length over all about 6".

No. **15700** Price, each **\$3.00**

Meta Fuel for heating above iron, 20 tablets to a package.

No. **15705** Price, per package **.50**
