PREFACE.

In presenting this new edition of the Toronto City Directory to the Public, the publishers desire to acknowledge the uniform courtesy their Agents have received at the hand of the citizens, in giving information for, as well as patronage to the work.

Every effort has been made on the part of the publishers, to obtain as great a degree of accuracy as possible; and although the work has been unavoidably delayed, the causes have been beyond the control of the publishers. In the first place we had a fire in our offices, which, but slight, did sufficient damage to necessitate a re-canvess of the whole city. Secondly, the Fenian raids left the printing establishment of Messrs. Lovell & Gibson with a very small staff of printers.

The imperfect manner in which the houses are numbered, and the fact of there being several streets of the same name, makes it a very difficult matter to arrive at that maximum of correcntess that is at all times to be desired, and it is to be hoped that some steps will be taken by the City Corporation to have the houses re-numbered, and to find new names to some of the streets.

The Directory contains the Counties of York and Peel, with full returns of all the farmers with Consessions and Lots, House-holders, and Free-holders, besides an Alphabetical Directory, Street Directory, and Subscribers Business Directory, an Appendix, where will be found much valuable information relating to this section of the Province as well as the city: and the publishers here beg to make their acknowledgements for the use they have made of W. C, Chewett & Co's. Almanac, and also to the officers of the various institutions and societies of the city, for the information they so kindly furnished them.

In conclusion they would beg the public indulgence for all errors, and gladly make corrections, and supply omissions in the next edition.

SINGER SEWING MACHINES.

NORRIS BLACK,

No. 18 KING STREET EAST,

TORONTO,

IS now agent for these unequalled machines, and he would assure all manufacturers who require machines for either cloth or leather, that the No. 2 Imperial Singer Machine is the best for use. It will do better work, keep in order easier, and last longer than any other machine offered for sale in Canada. Prices low. SINGER'S NEW FAMILY MACHINE combines all the excellence of the other machines, is neat in design, almost noiseless, is speedy, runs light, is convenient in every respect, and need not be taken apart to oil or clean, and families or dressmakers who may purchase it, will find it a perfect treasure.

Other Sewing Machines agents talk about "World's Fair Prizes," but that is nonsense, as the Singer letter A, old style, was not invented at the time of the World's Fair, though it took the prize last fall at New York State Fair, where the competition was more extensive and more keen than it was many years ago in London or Paris. These considerations should decide all in favor of an improvement upon the letter A machine by the Singer Company themselves. All machines warranted for one year. He is also agent for the New England Wax Thread Machines. A supply on hand. Call and see the Singer Buttonhole Machine.

ARTIFICIAL LIMBS.

Norris Black continues to manufacture the very best artificial legs and arms. Persons requiring limbs should not allow themselves to be carried away by plausible phamplets, and certificates from the United States. The late war has drawn out a great number of new makers, and in most instances nothing more than old worthless ideas passed off as new ones. N. B. has worked for the last nine years at the business, and keeps posted on all improvements which may be made in the manufacture of arms and legs, and he intends to give the benefit of every real improvement that may be introduced, together with what his own practice and experience shows is needed to those who intrust him with work.

Price of arms, $60 to $150; Leg, $70 to $100.

W. HEWITT, CORNER OF YONGE AND ADELAIDE STREETS.

THE TOWNSHIP OF SCARBORO'.

The township of Scarboro' is bounded on the north by the township of Markham, on the east by the county of Ontario, on the west by the township of York, and on the south by lake Ontario. The township is well settled, and its proximity to the market gives it important advantages. The farms appear to be well cultivated, and the occupants to be in easy circumstances. The township is watered by the River Rouge, and several other small streams.

TOWNSHIP OF VAUGHAN.

The Township of Vaughan is bounded on the North by the Township of King, on the East by the Township of Markham, on the West by the County of Peel, and on the South by the Townships of York and Etobicoke. The Humber traverses the Western portion of this Township, giving employment to several First-class Flouring and Saw Mills; the Northern Railway passes through the Eastern portion. The Township also contains several flourishing Villages. The soil is good, and a large quantity of grain and other farm products are raised.

HAIRCLOTH FOR SALE AT W. HEWITT'S.

TOWNSHIP OF YORK, EAST.

The township of York is bounded on the north by the townships of Vaughan and Markham, on the east by the township of Scarborough, on the west by the township of Etobicoke, and on the south by lake Ontario. This township contains the city of Toronto the county town, besides several smart and thriving towns and villages. It is well supplied with water, giving a never-failing supply for hundreds of mills. The northern portion possesses most excellent farming lands. Their products find a ready market in Toronto, whose merchants stand ready at every corner to pay cash for her wheat, barley, oats, potatoes, &c. This township might become one of the finest in the whole province, possessing as it does a great variety of soil capable of the highest cultivation.

TOWNSHIP OF ALBION.

This township is bounded on the north by the county of Simcoe, east by the township of Vaughan, county York, north west by the township of Caledon, and south east by the Toronto gore. It was originally settled chiefly by English agriculturists. A portion of the township is hilly and broken, but the remainder consists of excellent land. There are numerous streams affording capital facilities for saw and flouring mills, of which there are a great number.

TOWNSHIP OF CALEDON.

Caledon is bounded on the north, by the County of Simcoe, on the east by the Township of King, County of York, on the north-west by the County of Wellington, and on the south-east by the Township of Chinguacousy. Few Townships in Upper Canada have improved of late years, with greater rapidity than Caledon. It contains a fair proportion ef excellent land, and is well watered by the river Credit, and numerous smaller streams. The mountains of Caledon intersect the Township. There are several flouring and saw mills.

TOWNSHIP OF CHINGUACOUSY.

This township is bounded on the north east by the Gore of Toronto and the township of Albion, on the north west by Caledon; south west by Esquesing, County Halton, and south east by the township of Toronto.—Chinguacousy, "The land of big pines," to give its Indian name, is a very fine township containing land of the best description and second to none in the County as a wheat producing section. It is well watered by the rivers Credit and Etobicoke, and several tributaries of the Humber. Chinguacousy contains several flourishing villages; Brampton, the principal, is an extensive mart for wheat and other farm productions. Edmonton and Cheltenham are also prosperous villages.

TOWNSHIP OF TORONTO, WARD No. 1.

Toronto township is bounded on the east by the Gore of Toronto, and Etobicoke co., York; North-west by Chinguacousy; south-west by Trafalgar county Halton, and south-east by Lake Ontario. This township contains a proportion of excellent land, and the soil from its diversity, loam or stiff clay chiefly, is well adapted for farming purposes. It is well watered by the Credit and Etobicoke rivers. The Mississaga Indians, a branch of the great Ojibbway tribe, lately ceded their reserve, consisting of four thousand acres, to the Government. This land is now almost all settled.

BRAMPTON—The County seat of Peel, was incorporated as a separate municipality, in the year 1852, is situated within two miles of the centre of the County, in the township of Chinguacousy, and is a Station on the Grand Trunk Railway 20 miles from Toronto. This town which thirty five or forty years ago did not contain a single inhabitant, and whose population in 1845, was less than one hundred, is now, both in point of wealth and population, the most important place in Peel, and has had its future prosperity placed beyond a doubt, in consequence of its having been selected for the metropolis of the County. Its local trade is decidedly good, and the country in its vicinity being an excellent agricultural one, is capable of the highest degree of cultivation. There are several handsome private residences in the place, a large agricultural implement manufactory and foundry, a number of commodious stores, good hotels, &c. It also contains Episcopal, Roman Catholic, Methodist, Presbyterian and Baptist churches. A Grammar School, a very fine edifice, Common Schools, and in a word, presents the appearance of an enterprising and flourishing town. The County Buildings which are now in process of construction, will, it is expected, be completed by the first of next July. The site on which they are being erected is very judiciously chosen, being on Main Street, on a slightely elevated plateau of ground. The estimated cost of the Buildings, exclusive of the Jail, is $18,385. William Kauffman, Esq., of Toronto, is the Architect, and Kesteven & Storey, the Contractors. Daily mail. Population about 2000.

DAY'S COMMERCIAL COLLEGE, KING STREET,

TORONTO,

(First Door East of the Wesleyan Book-Room.)

CONDUCTED ACCORDING TO BRITISH PRACTICE, with such modifications suited to the requirements of the business community of North America.

Young men attending this College are instructed in the various systems of Book-keeping now in use in the most eminent mercantile houses in Great Britain Canada, and the neighboring States, by a Practical Accountant of twenty years' experience, acquired both in England and America—an advantage afforded by no other Commercial College in Canada.

The course of instruction embraces Mercantile Book-keeping, by Single and Double entry, Bank Book-keeping., Commercial Calculations, Commercial Correspondence, (including the principles of English Composition) Commercial Law, Business Penmanship, Telegraph and Phonography.

REFFEREES:—Mr. Day has much pleasure in referring to the following gentlemen:—

Revd. H. J. Grasett, Alex. Murray, Esq., of Moffatt, Murray & Co; A. R. McMaster, Esq., of McMaster & Brother; George Michie & Co., David Buchan, Esq. Bursar University; J. Lesslie, Esq., Postmaster; W. Fitch, Esq, of Howland and Fitch; Adam Crooks, Esq, Q.C., M.A., LL.D.; L. W. Smith, Esq., Barrister, D C.L; Rev. H. Lloyd, Canadian Baptist, Toronto; Hon. Isaac Buchanan, M.P.P.; R. Juson, Esq, Adam Brown, Esq, Joseph Lister, Esq., A. Macallum, Esq., B B., Principal of Central School Hamilton; Duncan Bell, Esq., Montreal; W. Trent, Esq., New-market; Rev. Dr. Green, Wellington Square, Chairman of County Board of Public Instruction, Halton; Rev. T. L. Davidson, D.D., St. George.

For further information, please call on or Address, (enclosing letter stamp,) the undersigned.

JAMES E. DAY.

THE IMPROVED METHOD OF BOOK-KEEPING,

(By Single and Double Entry,)

TAUGHT ONLY AT DAY'S COMMERCIAL COLLEGE.

THIS system approved by the best accountants in Great Britain, and adopted by the most eminent mercantile houses there enables those who keep accounts to avoid mistakes or to discover them soon after they are made, as well as affording those who adopt it, the means of protecting themselves alike from the mistakes of inadvertence and the ingenuity of fraud.

The superiority of this system is especially evident in the mode of balancing; an operation which, by other plans of book-keeping, is the work of weeks, is, by this method, reduced to the labor of a few hours.

This method affords what has long been wanted, and which never could be obtained from the old Italian and the usual Balance sheet, a *perfect system for checking and proving the correctness* of the posting, as well as for *detecting errors*, and *preventing false entries in the books.*

The attention of Merchants, Manufacturers, &c., is respectfully called to the advantages of the above system. The single entry system in particular combines *simplicity, conciseness* and *accuracy*, and insures every advantage to be derived from double entry, without the labor and voluminous writing attached to the latter. This system is well adapted for retail merchants.

Merchants, Manufacturers, &c., furnished with forms and a code of instructions for writing up a set of books.

For terms, &c., address, (enclosing letter stamp,) or enquire personally of, JAMES E. DAY, Accountant, Toronto, (formerly of London, England)

JAMES E. DAY, Accountant.

COMMENDATIONS ADDRESSED TO THE AUTHORS.

FROM MR. JAMES WEMYSS, Accountant for twenty years in Sir William Forbes & Co.'s, Edinburgh.—"I have carefully examined your system of Book-keeping, and it gives me much pleasure to say that I consider them *most complete and satisfactory in all respects.* Your plan never fails to secure, in this house, a *perfectly correct balance* SHEET every half year. Merchants manufacturers, and others adopting your system might depend upon a result no less satisfactory. Having been an Accountant in this House for twenty years it may, perhaps entitle my opinion to some aditional weight."

FROM MESSRS. HIVES & ATKINSON, LEEDS.—"We think your system of Book-keeping admirably adapted to give general satisfaction, and to prove of great utility to those who adopt it, as *combining simplicity, conciseness and accuracy;* and under the simple form of single entry, ensuring every advantage to be derived from double entry, without the labor and voluminous writing attached to the latter."
