Despatch from
Sir F. B. Head
to Right Hon.
Lord Glenelg.

My Lord,

Toronto, Upper Canada, 27 February 1837.

With reference to your Lordship's despatch of the 25th August, transmitting the copy of an Address of the House of Commons, dated the 20th of that month, calling for certain information on points connected with the granting of land in this colony, I have the honour to forward to your Lordship the accompanying Returns prepared by the Secretary and Registrar, the Surveyor-General, the Commissioner of Crown Lands, and the Clerk of the Executive Council; which I trust will be found to contain the information required by the Address of the House of Commons.

I have, &c.

REGULATIONS of the LAND GRANTING DEPARTMENT.

REPORT of the Select Committee to whom was referred the subject of Lands granted to U. E.'s and others; together with the Addresses to His Excellency the Lieutenant-Governor; His Excellency's Answers, and accompanying Documents relating thereto; and an Address to His Majesty on the subject.

THE select committee to whom was referred the message of his Excellency the Lieutenant-governor, together with other documents and papers relating to the system of granting and settling the lands of the Crown, sent down in answer to an address of this house, have agreed to the following report:

Report of the Select
Committee to
whom was referred
the subject of Lands
granted to U. E.'s
and others.

Your committee, upon entering on the inquiry, perceived at once that all the information necessary to enable them to do so satisfactorily was not before them, and therefore agreed to and reported an address to his Excellency for more full information, which was adopted and presented on the 16th January last, and to which his Excellency, on the 25th of the same month, replied, that he would transmit the address to His Majesty's Secretary of State, to receive His Majesty's pleasure thereon.

In the absence of the information required in said address, it has not been in the power of your committee to investigate the subject as thoroughly as they could wish, but from the consideration your committee have been able to give, they are of opinion that the bounty of land awarded and granted to the first loyalists in this province, and their sons and daughters when arriving at the age of 21 years, or when married, was considered and understood as a recompense and reward for their many valuable and meritorious services rendered His Majesty during the sanguinary struggle in (what was called) the American Revolution, and for their fidelity and attachment to His Majesty's person and Government; and was granted and awarded upon no other condition than that the head of the family should be resident in the province previous to the year 1798, and should also settle upon and improve some part of his own grant, or become possessed of and reside upon some other lands in the province; in which opinion they are borne out, not only by the practice of the colonial government and by facilities afforded for locating those claims from the first settlement of the province up to the year 1818, but also by such proclamations and instructions of His Majesty's Government as your committee have been enabled to examine.

Taking these to be the grounds and intentions of the original grant, the restrictions and impediments which have been from time to time imposed since the year 1818, your committee conceive are most unjust and unwise, and your committee can regard them in no other light than a breach of faith on the part of the Government; and that, in the opinion of your committee, in point of practice, they have had a tendency, if not been the sole cause, of reducing the value of those grants very materially, thereby affording an opportunity for speculators to avail themselves of large quantities for a mere trifle, and retarding the progress of the country.

That in the opinion of your committee the late Orders in Council respecting these grants are altogether the most unjust and objectionable of any heretofore made, viz.: two years' actual residence, to clear and fence a certain quantity of land, and build a house 18 by 20 feet,

feet, and then only allowing them to be located, even on these terms, in a few of the surveyed townships, and generally in the most unfavourable situations, or on the land remaining to be located, which is but of little value or mere refuse.

That although your committee are aware that the Executive Government profess that the various regulations have been, and are at present made with a view of favouring the original holders of those rights, and to prevent them accumulating in the hands of speculators, yet your committee are compelled to state that, from all the information they have been enabled to procure from persons best qualified to judge of the effect, they have had a direct contrary tendency; and that the more obstacles and impositions are imposed by the colonial government, the more will facility be afforded for speculation in those claims, and the more their value will be reduced in the hands of the original owners. And your committee feel it to be their duty further to remark, that if what is professed by the Government were the real object, they are at a loss to conceive how the late regulations could by possibility have that effect, particularly in excluding them from locating in townships favourably situated, &c.; and they have good reason to believe that it will be viewed as altogether unjust and partial, (as it really appears to your committee to be,) as creating a distinction between those grants and applications to purchase the lands of the Crown, and calculated to weaken the faith of the subjects of His Majesty in the justice of the Government. That in the opinion of your committee all restrictions and impositions should at once be removed from all grants to the first loyalists and their sons and daughters, and also to those who served in the flank companies in the year 1812, and in the incorporated militia during the late war; and that it would conduce much to the prosperity of the province if the system of selling lands at auction, and at stated periods only, were abolished, and Crown lands sold at a moderate valuation to be fixed upon, and that agencies or boards be established in the several districts, for the purpose of affording full and correct information to all persons desirous of locating or purchasing the lands of the Crown, and to locate and sell the same as occasion might require, thereby saving much expense, inconvenience and delay; and that in order that the system of selling and granting lands should be based on the most permanent footing, and on such principles as best to suit the localities and interest of all parts of the province, and be conducted on the most simple and economical plan, it is highly desirable that it should be regulated by statute law, in the framing of which would not only be combined the wisdom of the Executive, but also that of the Legislative Council and House of Assembly, together with their local knowledge and experience of the wants and interests of the several parts of the province. Your committee also herewith report an address to His Majesty, which they recommend for the adoption of your honourable house.

ADDRESS to His Excellency for Information on the subject of Lands to U. E.'s
and others.

To His Excellency Sir John Colborne, K. C. B., &c. &c. &c.

May it please your Excellency,

WE, His Majesty's dutiful and loyal subjects, the Commons House of Assembly of Upper Canada in provincial Parliament assembled, humbly request your Excellency to lay before this House, with as little delay as possible, all such communications and instructions from His Majesty's Government, since the first settlement of the province, as relate to the conditions and regulations for the location of, and obtaining patents for lands in this province by U. E. loyalists and militia, discharged officers and soldiers, pensioners, and all persons entitled to grants of land; and also as relate to the purchase of lands by individuals; together with a full and detailed statement of the present system of granting and selling lands of the Crown to the above description of persons, showing the prices, regulations and conditions upon which the above several descriptions of persons are permitted to obtain lands from the Crown.

Commons House of Assembly,
28 November 1833.

Archibald M'Lean, Speaker.

ANSWER.

Gentlemen,

I WILL direct the information which is requested in this address to be laid before the House of Assembly.

Answer.

MESSAGE from His Excellency the Lieutenant-Governor, with Documents relating to Claims of U. E. Loyalists, &c. &c.

J. COLBORNE.

THE Lieutenant-governor transmits to the House of Assembly copies of the documents applied for in their address of the 28th November; and with reference to the annexed Order

Message from his
Excellency with
Documents relating
to U. E's. &c.

No. 1.
Regulations of the
Land Granting
Department.

in Council of the 8th November, acquaints the House that, whilst it has been found necessary to check a description of traffic that conveys to speculators in land a great proportion of the rights of U. E. loyalists to free grants, and retards the settlement of particular townships, the interests of the U. E. loyalists and their descendants, and militia claimants, have in every respect been consulted, in the provisions of the Order in Council adverted to; in conformity to which, U. E. loyalists may receive patent deeds for their grants, either by residing on their land, or by improving them, without actual residence; or they may obtain the full value of the lots assigned to them, by authorising the commissioner of Crown lands to dispose of them at his public sales.

The Lieutenant-governor requests the attention of the House to the instructions issued to the commissioner of Crown lands during the last two years, and to the accompanying forms of location tickets, Nos. 1, 2, 3, attached to the general regulations of 1789, on which free grants of land have been made; and also to those issued by the surveyor-general since the Order of 1818, for the performance of settlement duties, has been rescinded.

Government House, 12 December 1833.

(1.)—RULES and Regulations for the conduct of the Land-Office Department.

Council Chamber, Quebec, 17 February 1789.

1. Every board appointed or to be appointed by the Governor in any part of the province, for the more easy accommodation of persons desirous of forming immediate settlements on the waste lands of the Crown, shall consist of not less than three members, and if composed of more, any three of them shall be a quorum for the business intrusted to the whole board.
2. Every such board shall be empowered to receive applications for grants of parcels of the waste lands of the Crown, within the extent of their trust, until the first day of May, in the year 1791, when the authority shall be determined, unless continued by a new appointment; every such application shall be by petition to the Governor in council, stating the quantity, and the situation of the land prayed for, and the merits and pretensions of the petitioners. And all His Majesty's good and faithful subjects, and all others worthy of being admitted as such, shall be considered as proper objects of his bounty and grace, and within the sphere of this trust.
3. It shall be the duty of every such board to hold stated and periodical meetings, made publicly known, to give free and easy access to petitioners, and to examine into their loyalty, character and pretensions, and upon these and all points requisite to take sufficient and satisfactory proofs by affidavit, deposition or otherwise; and, to avoid discontents, all petitions and applications shall be taken up in the order of their being preferred, where there is no special cause for a different course of proceeding.
4. The safety and propriety of admitting the petitioner to become an inhabitant of this province being well ascertained to the satisfaction of the board, they shall administer to every such person the oaths of fidelity and allegiance directed by law; after which the board shall give every such petitioner a certificate to the surveyor-general, or any person authorised to act as an agent, or deputy-surveyor for the district within the trust of the board, expressing the ground of the petitioner's admission. And such agent or deputy-surveyor shall, within two days after the presentment of the certificate, assign the petitioner a single lot of about 200 acres, describing the same with due certainty and accuracy, under his signature. But the said certificate shall nevertheless have no effect, if the petitioner shall not enter upon the location and begin the improvement and cultivation thereof within one year from the date of such assignment, or if the petitioner shall have had lands assigned to him before that time in any other part of the province.

tions for conduct
of Land-Granting
Department.

Regulations of the
Land-Granting
Department.

5. Every such board shall, at the end of every three months, or as soon after as opportunity offers, transmit to the office of the Governor's secretary, the petitions of that period, and a copy of the certificates given thereon; and when a petition contains a request for a greater quantity of land than the surveyor-general and his agents or deputy-surveyors are authorised, by the fourth and seventh articles of these regulations, to assign, upon certificates given by the said boards, they shall report the ground of such claim and pretensions, the consideration of which is reserved to the Governor and council; the board transmitting with the petitions of every period, a list expressing the names of the petitioners and the date of their certificates, and the quantum of the locations.

6. The boards shall, from time to time, forward like lists to each other every three months, or as soon after as opportunity offers.

7. The respective boards shall, on petitions from loyalists already settled in the upper districts, for further allotments of land under the instructions to the deputy-surveyor-general of the 2d of June 1787, or under prior or other orders, for assigning portions to their families, examine into the ground of such requests and claims, and being well satisfied of the justice thereof, they shall grant certificates for such further quantities of land, as the said instructions and orders may warrant, to the acting surveyors of their districts respectively, to be by them made effectual in the manner before mentioned; but to be void nevertheless, if prior to the passing the grant in form it shall appear to the Government that such additional locations have been obtained by fraud. And, that of these, the boards transmit to the office of the Governor's secretary, and to each other, like reports and lists as hereinbefore as to other locations directed.

8. And to prevent individuals from monopolizing such spots as contain mines, minerals, fossils, and conveniences for mills, and other singular advantages of a common and public nature, to the prejudice of the general interest of the settlers, the surveyor-general and his agents, or deputy-surveyors in the different districts, shall confine themselves in the locations to be made by them upon certificates of the respective boards, to such lands only as are fit for the common purposes of husbandry, and they shall reserve all other spots aforementioned, together with all such as may be fit and useful for ports and harbours, or works of defence, or such as contain valuable timber for ship-building or other purposes, conveniently situated for water carriage, in the hands of the Crown.

And they shall, without delay, give full and particular information to the Governor or commander-in-chief for the time being, of all such spots as are hereinbefore directed to be reserved to the Crown, that order may be taken respecting the same.

And the more effectually to prevent abuses, and to put individuals on their guard in this respect, any certificate of location given contrary to the true intent and meaning of this regulation is hereby declared to be null and void, and a special order of the Governor and council made necessary to pledge the faith of Government for granting of any such spots as are directed to be reserved.

9. The surveyor-general's office, for the purpose of combining the strength of the settlers and rendering them mutually assistant to each other, shall lay out the tracts or townships to be granted as nearly contiguous to each other as the nature of the country will permit; exercising all due care to give them certainty in the descriptions of their boundaries and locations, observing in each township to lay out town-plots, glebes, and other spaces for public uses, and certain equal portions at the corners thereof, to remain unlocated by any certificates to be given to individuals, by the authority of either of the boards above mentioned, the grant of such portions of every township so to remain to the Crown, being reserved to the future consideration of the Governor and council, or as His Majesty shall be pleased to command respecting the same.

10. The dimensions of every inland township shall be ten miles square; and such as are situated upon a navigable river or water shall have a front of nine miles, and be twelve miles in depth; and they shall be laid out and subdivided respectively in the following manner, viz: *

And the surveyor-general's office shall prepare accurate plans according to the above particulars, which shall be filed in the council-office, to be followed as a general model, subject to such deviations respecting the site of the town and direction of the roads as local circumstances may render more eligible for the general convenience of the settlers; but in every such case, it shall be the duty of the surveyor-general, and his agents or deputy-surveyors, to report the reasons for such deviation to the Governor, or commander-in-chief for the time being, with all convenient speed.

11. The surveyor-general's office shall prepare a plan of each district of the province, exhibiting thereon every tract granted under certificate of location, and there shall be added to it from time to time all tracts hereafter to be pledged, or promised, or granted; and as often as a petition shall have the proper sanction for the patent therein prayed for, the surveyor-general shall without delay file in the council-office his returns of survey, with such clear description of the tract as shall enable the attorney-general to prepare the draft of the patent or grant intended to be engrossed for the great seal.

12. The clerk of the council shall put the same returns of survey into the hands of the attorney-general, who shall return them with his draft of the patent into the office of the Governor's secretary, to be there stayed, or thence issued, as the Governor may see cause to direct.

13. The

13. The surveyor-general's office shall consult the best means and give correspondent orders to its deputies for preventing unnecessary expense in the surveys, the Crown's interest requiring that the patentee receive no more, nor any other tract, than it shall appear from the patent to be the intention of the Governor to grant him, and the patentee having cause to be contented if the descriptive words in his grant shall enable him to locate and discover with due certainty what tract he is to take; and it being manifest that after such actual surveys as shall be requisite to ascertain any particular township or tract, the description of another contiguous thereto, or depending thereon, will not require any field work previous to the grant thereof—all subsequent grants in contiguity and succession, properly described in the returns of survey, being connected with or dependent upon the accurate description and ascertainment of the first tract surveyed.

14. The committee of the council for reporting upon petitions for lands shall lay aside all such as contain no specific quantity or location of lands desired, and from time to time cause a notification of such imperfect petitions to be published in the Quebec Gazette.

15. The faith of Government being to be considered as pledged to all such as have acquired or shall in future acquire certificates of occupation in due course, the surveyor-general's office shall form a schedule of all lots under such certificates in any part of the province, specifying the petitioners' names, the quantum of the location, the place where, and the date, and a copy thereof shall be lodged in the office of the Governor's secretary, another in the office of the clerk of the council, and a copy shall be sent to each of the boards in the different parts of the province, and the like practice shall be continued as to all subsequent certificates, at the end of every three months.

16. And to the intent that there may be as little trouble and as much expedition as possible, with a saving of all unnecessary expense in obtaining grants and patents, and more especially to favour the loyalists and other settlers remote from the capital of the province, the secretary shall from time to time notify in the Gazette all such applications for lands as are so far advanced as to be ready for the great seal.

ORDERED,—That all the boards and officers of the land-granting department govern themselves according to the foregoing rules and regulations; and that the clerk of the council cause the same to be printed, and transmit copies thereof to the different boards, to be made public in their respective districts, and to all the officers concerned.

J. Williams.

IX. The boards shall not issue any certificate for more than one town-lot of one acre, or one town-lot and one town-park of twenty-four acres together, to the same person (being the head of a family) and this only upon condition of his building a dwelling-house on such town-lot and occupying the same, within the space of one year from the date of the certificate. And in cases of competition the boards are to give the preference to such applicants, for whose trades and occupations the respective lots, on account of their situation near the water, or otherwise, may be best calculated; and to such sober and industrious mechanics whose trades are most necessary to the convenience of the township in general. And the boards are to be particularly careful to discountenance frivolous applications, and not to authorise any transfers of unimproved town-lots and town-parks, which only tend to create a mischievous monopoly of the ground. Nor shall any town-parks be granted separately from town-lots, the former being intended for the convenience of the settlers upon the latter; and a failure in the condition upon which the town-lots are granted shall operate the forfeiture of both.

The safety and propriety of admitting the petitioner to become an inhabitant of this province being well ascertained to the satisfaction of the board, they shall administer to every such person the oaths of fidelity and allegiance directed by law; after which, the board shall give every such petitioner a certificate to the surveyor-general, or any person authorised to act as an agent or deputy-surveyor for the district within the trust of that board, expressing the ground of the petitioner's admission: and such agent or deputy-surveyor shall, within two days after the presentment of the certificate, assign the petitioner a single lot of about 200 acres, describing the same with due certainty and accuracy, under his signature; but the said certificate shall nevertheless have no effect, if the petitioner shall not enter upon the location and begin the improvement and cultivation thereof within one year from the date of such assignment, or if the petitioner shall have had lands assigned to him before that time in any other part of the province.

VII. The respective boards shall, on petitions from loyalists already settled in the upper districts for further allotments of land under the instructions to the deputy-surveyor-general of the 2d June 1787, or under prior or other orders for assigning portions to their families, examine into the grounds of such requests and claims, and, being well satisfied of the justice thereof, they shall grant certificates for such further quantities of land as the said instructions and orders may warrant, to the acting surveyors of their districts respectively, to be by them made effectual in the manner before mentioned, but to avoid, nevertheless, if, prior to the passing the grant in form, it shall appear to the Government that such additional locations have been obtained by fraud; and that of these, the boards transmit to the office of the Governor's secretary, and to each other, like reports and lists as hereinbefore, as to other locations, directed.

VIII. And to prevent individuals from monopolizing such spots as contain mines, minerals, fossils, and conveniences for mills and other singular advantages of a common or public nature, to the prejudice of the general interests of the settlers, the surveyor-general and his agents, or deputy-surveyors in different districts, shall confine themselves in the locations to be made by them upon certificates of the respective boards, to such lands only as are fit for the common purposes of husbandry, and they shall reserve all other spots aforementioned, together with all such as may be fit and useful for ports and harbours, or works of defence, or such as contain valuable timber for ship-building, or other purposes, conveniently situated for water carriage, in the hands of the Crown.

And they shall, without delay, give full and particular information to the Governor, or commander-in-chief for the time being, of all such spots as are hereinbefore directed to be reserved to the Crown, that order may be taken respecting the same.

And the more effectually to prevent abuses, and to put individuals on their guard in this respect, any certificate of location given contrary to the true intent and meaning of this regulation, is hereby declared to be null and void, and a special order of the Governor and council made necessary to pledge the faith of Government for granting of such spots as are directed to be reserved.

2.)--ADDITIONAL Rules and Regulations for the conduct of the Land-office Department.

Regulations of the
Land-Granting
Department.

Council-chamber, Quebec, 25th August 1789.

Additional Rules
and Regulations
for the conduct of
Land-office De-
partment.

I. WHEREAS there is reason to apprehend that delays and abuses have arisen in the land-granting department, on account of the distance of the surveyor-general's office from its agents or deputy-surveyors, in various parts of the province, and that some of the said surveyors have, in divers instances, attempted to dispose of the waste lands of the Crown without authority, under pretext of executing the King's instructions to the Governor, relative to the allotments of lands to be made to disbanded troops, and under other colours and pretences: It is therefore hereby ordered and directed, that all surveyors employed by the Government, under instructions from the surveyor-general's office for making surveys and allotments of the waste lands of the Crown, in any part of the province, forthwith make reports to the land-boards of the respective districts, of all allotments made by them (the said surveyors) specifying their authority, that individuals, conceiving themselves secured in the possession of such unauthorised locations as are aforementioned, may be apprised of the error. And the boards are to keep a vigilant eye over all encroachments by individuals upon the waste lands of the Crown, under pretext of such unauthorised locations, or otherwise; communicating such full information as may be requisite for discriminating the case of deceived and incautious settlers, from other intruders, that those who may reasonably expect the favour of Government may receive such indulgences as their cases may be found to require.

II. No allotment whatever shall henceforth be made by any of the said surveyors, except by the written authority, directions or certificate of the respective boards. And as often as such certificate or authority of the board shall come to the hands of the surveyor, to whom the same is directed, it shall be his duty to locate the tract therein mentioned, and give his certificate of location to the intended grantee, at the foot or on the back of the authority of the board accordingly.

And as often as an order of the Governor in council issues for a grant of lands to be made, the clerk of the council shall transmit a copy thereof to the board of the district in which the lands to be granted are situated, to enable the board to give the authority before directed, for the tract being located by the surveyor.

III. The boards are to take care that the orders contained in the tenth article of the rules and regulations for the conduct of the land-office department, of the 17th of February last, relative to the dimensions and subdivision of townships, be duly executed by the different surveyors; and for this purpose, the said orders are here inserted at length for the information and guidance of the board, viz:

The dimensions of every inland township shall be ten miles square, and such as are situated upon a navigable river or water shall have a front of nine miles, and to be 12 miles in depth.

The town-plot in every township shall be one mile square. In an inland township, it shall be situated in the centre thereof; and in a township upon a navigable river or water, it shall be in the centre of the front bordering upon the river or water.

Every town lot shall contain one acre, more or less.

Every town park shall contain 24 acres, more or less.

Every farm lot shall contain 200 acres, more or less.

There shall be a public square or parade in the centre of the town, containing four acres, more or less.

(G.)

There shall be four more public squares or parades of the like extent, at equal and convenient distances from the centre.

(G.)

A square of four acres, more or less, shall be reserved on each side of the centre square, for places of Divine worship, one parsonage-house, one school-house, a court or town-house, a prison, and a poor or work-house.

(B.)

(C.)

(D.) (E.)

A square of four acres, more or less, shall be reserved at each of the four corners of the town-plot, for a common burying ground, hospital, &c.

(F.)

Four squares of four acres each, more or less, shall be reserved for market-places, at the four extremities of the town, in a line with, and at equal distances from the four corners.

(H.)

The eight principal streets leading from the centre square, shall be 96 feet wide. All other streets shall be 60 feet wide. All the squares shall be open at the angles or corners.

An area of half a mile, more or less, in depth, surrounding the town, shall be reserved for works of defence if necessary, or such other disposition as shall be thought proper at a future period.

(A.)

The town-parks shall adjoin and surround the area just mentioned, and shall be 280 feet in number in every inland township, and 218 in number in every township situated upon a navigable river or water.

One town-park shall be reserved for a minister, and one for a school-master, adjoining each other.

(I.) (K.)

The remainder of the township shall be laid out in farm lots, the number of which, in every inland township, is to be 252, and in every township situated on a navigable river or water, 300.

Note.—The letters in the margin refer to the plans above mentioned.

Two farm lots shall be reserved for a minister, and one for a school-master, situated behind the town-parks, to be reserved for them respectively, and in that division of the farm lots which is nearest the town,

In each of the four corners of every inland township, eight farm lots adjoining each other shall be reserved in the hands of the Crown.

In each of the four corners of every township, situated upon a navigable river or water, 10 farm lots, adjoining each other, shall be reserved in the hands of the Crown.

The roads in every township shall be 60 feet wide.

And all streets and roads are to intersect each other at right angles, at the distances and in the directions laid down in the approved plans, filed in the council-office, according to the foregoing particulars, copies of which are to be transmitted to each of the boards for their more ample information.

IV. And, inasmuch as local circumstances may sometimes render a deviation from the foregoing orders, respecting the site of the town, and the directions of the roads, more eligible for the general convenience of the settlers, the boards are hereby authorised to direct such deviations therefrom in the said particulars as the circumstances may require; but the surveyors shall, on no pretence whatever, make any deviation from the general orders in these or any other respects, but by the written authority of the boards.

And it shall be the duty of the boards, in every such case, to report the reasons for their act to the Governor or Commander-in-chief for the time being, with all convenient speed.

V. For the exercise of due caution in the ordering of any such deviations from the general models respecting the sites of towns and the directions of roads, as may be authorised by the boards under the preceding article, it shall be the duty of the boards, as often as one or more new townships are to be laid out, to call in the magistrates, the officers of the militia, and other intelligent planters of the vicinity thereof, or the district at large, as the importance of the case may require, to assist in their deliberations respecting the aforesaid particulars; the majority of whom, and the members of the board present, shall determine the necessity of the deviation proposed, and the proper spot for the town, and the proper directions of the roads in every such township, and the board shall thereupon proceed to authorise and report the same, as directed in the preceding article.

VI. With respect to all townships laid out prior, and not according to the foregoing regulations (many of which townships are now considerably advanced in their settlements), the boards are, nevertheless, to deliberate and fix upon the proper sites for towns, town-parks, glebes for a minister, and school-master, and the directions of the roads in the manner directed in the preceding article.

If the choice shall fall upon lands already located in due form, the consent of the occupants or rightful claimants must first be obtained, by an agreement between them and the inhabitants of the township in general; to facilitate which, the boards are hereby authorised to give them, severally, certificates directed to one of the acting surveyors of their district, for as many acres of the vacant lands of the Crown, in that or any other township, as they shall have relinquished their claims to, by the agreement so made.

VII. As often as the complete execution of the directions, contained in the third article of these regulations, shall be prevented by reason of the necessary space for that purpose being already under promises of grants to individuals, who may be unwilling to relinquish their claims to the same, the boards are to observe the following order, in providing spaces for the general convenience of the township, viz.

1. One or more place or places for the public worship of God.
2. A common burying ground.
3. One parsonage-house.
4. A common school-house.
5. A town-park for one minister.
6. A town-park for one school-master, common to the town.
7. A glebe for one minister.
8. A glebe for one school-master, common to the town.
9. The court or town-house.
10. The prison.
11. The poor or work-house.
12. A market-place.

Proceeding therein, and in the other off-sets pointed out in the third article of these regulations, as far as circumstances may permit.

VIII. As often as the settlements of the farm-lots in a township are sufficiently advanced, in the opinion of the boards, to render the distribution of the town-lots useful for the establishment of mechanics, and the erection of a church, parsonage, and school-house, &c.; the boards are to order the surveyor to lay out the town lots and number the same; after which the boards are to receive applications, and, upon due examination of the character and pretensions of the petitioners, to issue to them certificates for such lots, in the usual manner.

IX. The boards shall not issue any certificate for more than one town-lot of one acre, or one town-lot and one town-park of 24 acres together, to the same person (being the head of a family), and this only upon the condition of his building a dwelling house on such town-lot, and occupying the same, within the space of one year from the date of the certificate; and in cases of competition, the boards are to give the preference to such applicants, for whose trades and occupations the respective lots, on account of their situation near the water, or otherwise,

otherwise, may be best calculated ; and to such sober and industrious mechanics whose trades are most necessary to the convenience of the township in general ; and the boards are to be particularly careful to discountenance frivolous applications, and not to authorize any transfers of unimproved town-lots and town-parks, which only tend to create a mischievous monopoly of the ground ; nor shall any town-parks be granted separately from town-lots, the former being intended for the convenience of the settlers upon the latter ; and a failure in the condition upon which the town-lots are granted, shall operate in the forfeiture of both.

No. 1.
Regulations of the
Land-Granting
Department.

X. Nothing contained in the foregoing rules and regulations shall be construed to prevent the surveyor-general, or deputy surveyor-general, from the execution of their duty and instructions, in whatever part of the province either of them may be present ; nor to extend to the abolition, relaxation, or restriction of the accustomed chain of duty or official intercourse between the surveyor-general's-office and its agents or deputy-surveyors respectively, in any part of the province.

By command of his Excellency the Governor,

J. Williams.

(3.)

At the Council Chamber at Quebec, on Wednesday, 20th January 1790.

Present, His Excellency Lord Dorchester, Governor ; the Hon. William Smith, Esq., Chief Justice ; the Hon. Hugh Finlay ; the Hon. Edward Harrison ; the Hon. John Collins ; the Hon. J. G. C. Delery ; George Pownall, Esq., Henry Caldwell, Esq., William Grant, Esq., Charles De Lanaudiere, Esq., Le Cte. Dupre, Esq.

WHEREAS there was this day read at the board the following draft of regulations, recommended by a committee of the whole council, in their report dated the 12th instant, on a report of the land committee, dated the 4th December 1789 ; viz.

Second Addition to the Rules and Regulations for the conduct of the Land-office Department.

Whereas the establishment of a uniform, clear, and expeditious course of proceeding in the land-granting department, the late measures for settling the waste lands of the Crown considered, as important to the interests of the Crown as well as the subject, particularly as the means of preventing uneasiness that may arise on a question of so delicate a nature as the extent of the promised faith of Government on the one hand, and the security of the settler or occupant claiming lands on the other ; It is therefore ordered :

I. That the several boards which are or hereafter may be constituted by the government, for the disposal of the waste lands of the Crown, in any part of the province, keep a regular journal of their transactions, prefixing to every day's entries the date and the names of the members present.

Second addition to
the Rules and Re-
gulations for the
conduct of Land-
office Department.

II. That the minute, upon every petition, express the name and prayer of the petitioner, and show the nature of the proof exhibited in support of his pretensions, and the determination thereon.

III. That all orders or instructions given to the boards, be entered at large on their minutes, for preserving a complete record, both of their authorities and proceedings.

IV. That a full and fair copy of such journals be transmitted every three months or oftener, as the case may require, to the office of the governor's secretary, under the signature of three or more members of the board, together with all the petitions therein reported upon, whether granted, rejected or recommended.

V. That the copies of the said journal or minutes be accompanied, or followed, by regular returns of the locations made from time to time, by the acting surveyors of the respective districts, under the authority of the boards, expressing the name of the grantee, the number of acres located, the number of the lots, and the name of the township, and the date of the certificate or authority of the board under which the location was made.

VI. That all reports, journals, writings and papers of any kind whatever touching the business of the land-office department, and coming to the council-office, as the proper deposit, be kept by the clerk of the council separate from all the other books, writings and papers in his office, and that they be so disposed of as to make a resort to them at all times as easy and satisfactory as possible ; and that whenever the mass of the land-office papers shall be so greatly increased as to embarrass the daily ordinary researches, they be put up into boxes of convenient sizes, numbered, and that there be a book kept for an alphabetical index, showing in the readiest manner the contents of each box, and that every paper be marked with the number of the box, to the end that it may be restored to its proper place, and confusion be thereby avoided ; and it is committed to the land-committee for the time being to superintend the execution of the latter part of this order, and to report what may be done thereon, for directing such further course as the case may require.

And it is also ordered, that the said book or index be always open to public access in the council-office, and a copy ready for the call of any committee of the council, and especially of the land-committee, together with such additions as may be thereunto made by the increase of the number of boxes.

No. 1.
Regulations of the
Land-Granting
Department.

His Lordship, taking the said regulations into consideration, was pleased, with the advice of the council, to approve the same, and to order, as it is hereby ordered, that they be duly and punctually complied with and carried into execution, whereof the different land-office boards, and all other persons whom it may concern, are to take notice, and govern themselves accordingly.

(4.)

At the Council Chamber, at Quebec, on Wednesday, the 20th January 1790.

Present, His Excellency Lord Dorchester, Governor; the Hon. William Smith, Esq., Chief Justice; the Hon. Hugh Finlay; the Hon. Edward Harrison; the Hon. John Collins the Hon. J. G. C. Delery; George Pownall, Esq., Henry Caldwell, Esq., William Grant, Esq., Charles De Lanaudiere, Esq., Le Cte. Dupre, Esq.

WHEREAS there was this day read at the board the following draft of regulations recommended by a committee of the whole council, in their report, dated the 12th instant, on a report of the land committee, dated the 4th of December 1789; viz.

Third Addition to the Rules and Regulations for the conduct of the Land-office Department.

Whereas it is expedient, on account of the remoteness of the new districts and the variety of other duties, which require the attention of the surveyor-general's office at Quebec, to relieve that office from the burden of executing the order of the Governor in council of the 22d October 1788, for putting certain reduced officers upon an equal footing with those of the late 84th regiment, and to render that labour more easy, by dividing it among the land-office boards in the several districts, where, on account of the residence of the persons concerned, their pretensions may be investigated with accuracy and dispatch, provided a proper course be prescribed to the boards for enabling them, with due certainty, to discriminate the proper objects of the intended bounty of the Government; It is therefore ordered:

Third addition to
Rules and Regula-
tions, &c.

I. That all proceedings by the surveyor-general's office, for executing the aforementioned order of the Governor in council of the 22d October 1788, be discontinued; that the period for admitting claims under that order be extended to the 1st day of May in the year 1791; and that all applications for lands, in consequence thereof, be made to the respective boards which are or hereafter may be appointed by the Governor in any part of the province, in the usual form of petitions to the Governor in council.

II. That upon the receipt of all such applications, the boards investigate the grounds of the pretensions of the petitioners, requiring for that purpose satisfactory proof, by documents, affidavits or otherwise, carried as high as the nature of the case may admit to the following points; viz.

(a) Whether the petitioner, as a reduced officer, was entitled to and has received any lands under the King's instructions of 1783.

(b) Whether, and how far, he has improved the same, so as to render him a proper object of the order.

(c) What quantity of lands he has already received, whether on account of his rank or his family, or by the additional bounty of 1787, or in any other way whatever; and what further quantity he is entitled to, after deducting the tracts already granted to him, under all or any of the foregoing descriptions, in order to receive, upon the whole, an equal number of acres with officers of the same rank of the late 84th regiment.

III. These and all other points requisite being ascertained, the boards are to locate the number of acres to which they shall think the petitioner entitled, as nearly as may be, according to the prayer of the petition, conforming themselves nevertheless to the directions contained in the 8th, 9th, 10th, 11th and 13th articles of the rules and regulations of the 17th of February, and the second, third and all the following articles of the additional rules and regulations of the 25th of August last, all which, as far as they regard the surveyor-general's office, shall be executed by the acting surveyors of the respective districts under the superintendence and orders of the boards.

IV. That as often as any competitions arise, by a diversity of applications or otherwise, for one and the same tract, the boards shall endeavour amicably to adjust the same among the parties interested, and, on failure thereof, they shall hear the different competitors in support of their claims, and decide between them with due impartiality, according to the merits of the case, and where there is no equitable ground of preference to either, the issue shall be determined by lot.

V. That the boards make full and distinct reports upon all the foregoing particulars, annexing copies of the proofs exhibited to them as often as their nature may permit, declaring themselves satisfied therewith, and concluding with a recommendation of the petitioner for a grant of the specific number of acres located by them, to which, under all or any of the considerations aforementioned, and which of them in particular they shall think him justly entitled.

VI. That all such reports be made by the respective boards at the end of every three months or oftener, to the office of the Governor's secretary, by the transmission of a fair copy

copy of the minutes of their proceedings during that period, under the signature of three or more members of the board, together with the petitions reported upon, whether rejected or recommended, subject to the final approbation, disallowance or order of the Governor in council upon every such case; after the receipt of which approbation or order the boards are hereby authorised to pledge the faith of Government to the respective petitioners, for the grants of the tracts therein to be specified, by issuing certificates of occupation to them under their signature, agreeable to such form as the Governor shall be pleased to direct.

No. 1.
Regulations of the
Land Granting
Department.

VII. The boards are to take due care that a sufficient space of country be always previously laid out for comprehending all locations, which, in their judgment, may probably be ordered from time to time, under these or any other orders or instructions, in townships contiguous to each other, and according to the general rules and regulations, in such parts of their respective districts as contain vacant lands of the Crown, the settlement of which shall have been approved of, upon their timely representations to the Governor, to whom they are likewise to state all doubts and difficulties which may occur, with their opinion of the proper course for removing them, that there may be no obstruction to the industry, ease, and comfort of the loyalists.

His Lordship, taking the said regulations into consideration, was pleased, with the advice of the council, to approve the same, and to order, as it is hereby ordered, that they be duly and punctually complied with and carried into execution, whereof the different land-office boards, and all other persons whom it may concern, are to take notice and govern themselves accordingly.

(5.)—EXTRACTS from the Rules and Regulations for the Land Department, dated at Quebec, the 20th of January 1790.

At a Council holden at Quebec, on Wednesday, the 20th January 1790.

Present, His Excellency Lord Dorchester, Governor; the Honourable William Smith, Esq., Chief Justice; the Hon. Hugh Finlay; the Hon. Edward Harrison; the Hon. John Collins; the Hon. J. G. C. Delery; G. Pownall, Esq., H. Caldwell, Esq., William Grant, Esq., Charles de Lanaudiere, Esq., Le Cte. Dupre, Esq.

Extracts from Rules
and Regulations
relating to Land
Department.

WHEREAS there was this day read at the board the following extract from a report of the committee of the whole council, respecting the schedules of locations in Luneburg and Mecklenburg; viz.

Read a letter from his Lordship, by Mr. Secretary Motz, with its enclosures, in these words:

Sir,

Quebec, 9 January 1790.

The 42d article of the royal instructions of the 23d of August 1786, requiring that all persons applying for lands shall take the oaths directed by law and subscribe the declaration mentioned in the said article, I have it in command to signify Lord Dorchester's desire that the committee of the whole council, to whom was referred the report of the land committee on the schedules of locations exhibited by the surveyor-general's office, cause inquiry to be made whether the proper records be extant of all or any of the persons therein mentioned, having taken and subscribed the said oaths and declarations, and that they report to his Lordship whether it may not be advisable, on transmitting the said schedules to the respective boards, to direct them to take course for completing the record of the signatures of all landholders in the respective districts; if it shall be found defective, that nothing may be neglected to clear the way for the loyalists being put into possession of legal titles for their lands, agreeable to His Majesty's expected instructions, as soon as they shall arrive.

His Lordship also commands me to transmit to you divers extracts from public letters, as connected with the general subject of your deliberations upon the present reference, and to signify his desire that the committee make it a part of their report in what way their contents may best subserve the end of giving comfort and tranquillity to the loyalists, and encouraging and strengthening the western settlements and frontiers.

I am, &c.

Henry Motz.

The Hon. William Smith, Esq.
President to the Hon. His Majesty's Council for the
Province of Quebec.

EXTRACT of a Letter from the Right Hon. Lord North, one of His Majesty's Principal Secretaries of State, to his Excellency Governor *Haldimand*, dated Whitehall, 24 July 1783.

AND as a part of that instruction directs that all persons whatever, upon their application for lands, besides taking the usual oaths as directed by law, shall make and subscribe a declaration acknowledging His Majesty in Parliament to be the supreme Legislature of the province, I think it necessary to observe to you that the declaration, however general, cannot extend to taxation, Parliament having, by the Act of the 18th of His present Majesty, intituled, "An Act for removing all doubts and apprehension concerning Taxation by the Parliament

No. 1.
Regulations of the
Land Granting
Department.

Parliament of Great Britain, in the Colonies, Provinces and Plantations in North America and the West Indies, &c." in the most express terms restrained itself from ever imposing any taxes or duties in the colonies, except for the regulation of trade; the produce of which taxes or duties to be disposed of by the provincial assemblies; such being the case, it was judged not only unnecessary, but implying some doubt of the sincerity of Parliament, to make any exception in the declaration; the exception being already made by Parliament itself, in a manner so solemn and effectual, that nothing can add to the security the subjects in the colonies derive under it. These observations you will naturally make a proper use of, should any objection be made to the declaration or the construction of it; and I doubt not but the necessity of guarding against disaffected persons becoming settlers in Quebec will convince His Majesty's loyal subjects of the propriety of that test, by which they cannot be affected or deprived of any indulgence or encouragement, to which they are so justly entitled.

(signed) *Henry Motz.*

EXTRACT of a Letter from the Right Hon. Lord *Sidney*, one of His Majesty's Principal Secretaries of State, to the Right Hon. Lord *Dorchester*, dated Whitehall, 3 September 1788.

YOUR Lordship will, however, understand that it is the King's intention that the new settlers in that part of the province*, who now hold their lands upon certificates of occupation, shall at all events be placed upon the same footing, in all respects, as their brethren in Nova Scotia and New Brunswick, by having their lands granted to them in free and common soccage, with a remission of quit rents for the first 10 years.

(A true Extract.)

Henry Motz.

On the communication from his Lordship in the letter to the chairman, the committee put several questions to the deputy surveyor-general, who reported,

That he believes all persons holding under occupation the certificates issued prior to November 1787, did subscribe the declaration, as well as take the oaths by His Majesty's instructions required; but as to what has been done since that period, under the conduct of the land boards and his country agents and deputies, he can give the committee no certain information, but he supposes it may be obtained by the aid of those boards.

Resolved thereon to be the opinion of the committee,

1. That the several land boards be desired to make the proper inquiries, and to take course for exacting a compliance with the royal instructions, from all persons holding or to hold in future, under occupation certificates, and that they return a list into the office of the clerk of the council, of such as have neglected or shall refuse such compliance, that the grants of title may be suspended as to such as shall wilfully make default.

2. To the intent of informing the settlers of the benevolent design and true use of the royal requisitions, as well as to convince them of the solidity of the plighted faith of Government, and the manner of preserving the evidence of it, it is expedient that there be transmitted to each of the land boards (to be made known in their districts) a copy not only of the report of the land committee, but of the present report thereon.

Signed by order, 12th January 1790.

William Smith, Chairman.

His Lordship, taking the said extract into consideration, was pleased with the advice of the council, to approve of the resolves of the committee of the whole council therein contained, and to order, as it is hereby ordered, that the same be duly and punctually complied with, and carried into execution; whereof the different land-office boards, and all other persons whom it may concern, are to take notice and govern themselves accordingly.

(6.)—EXTRACT from the Proceedings in Council at Quebec, on Monday, 9 November 1789.

Present, his Excellency the Right Hon. Lord *Dorchester*; the Hon. *William Smith*, Esq., Chief Justice; *Hugh Finlay*, *Thomas Dunn*, *Edward Harrison*, *John Collins*, *Adam Mabane*, *J. G. C. Delery*, *George Pownall*, *William Grant*, *Francis Baby*, *Henry Caldwell*, *C. De Lanaudiere*, and *Le Cte. Dupre*, Esqrs.

His Lordship intimated to the council that it remained a question, upon the late regulations for the disposition of the waste lands of the Crown, whether the board constituted for that

that purpose were authorized to make locations to the sons of loyalists, on their coming to full age, and that it was his wish to put a mark of honour upon the families who had adhered to the unity of the empire, and joined the royal standard in America before the treaty of separation in the year 1783.

No. 1.
Regulations of the
Land Granting
Department.

The council concurring with his Lordship, it is accordingly ordered, that the several land boards take course for preserving a registry of the names of all persons falling under the description aforementioned, to the end that their posterity may be discriminated from future settlers, in the parish registers and rolls of the militia of their respective districts, and other public remembrancers of the province, as proper objects, by their persevering in the fidelity and conduct so honourable to their ancestors, for distinguished benefits and privileges.

And it was also ordered, that the said land boards may, in every such case, provide not only for the sons of those loyalists, as they arrive at full age, but for their daughters also of that age, or on their marriage, assigning to each a lot of 200 acres, more or less, provided nevertheless that they respectively comply with the general regulations, and that it shall satisfactorily appear that there has been no fault in the due cultivation and improvement of the lands already assigned to the head of the family of which they are members.

(7.)—A PROCLAMATION to such as are desirous to settle on the Lands of the Crown in Province of Upper Canada, by his Excellency *John Graves Simcoe*, Esq., Lieutenant-governor and Commander-in-chief of the said Province, and Colonel commanding His Majesty's Forces, &c. &c. &c.

BE it known to all concerned, that His Majesty hath, by his royal commission and instructions to the Governor, and in his absence, to the Lieutenant-governor, or person administering the government for the time being of the said province of Upper Canada, given authority and command to grant the lands of the Crown in the same by patent under the great seal thereof; and it being expedient to publish and declare the royal intention respecting such grants and patents, I do accordingly hereby make known the terms of grant and settlement to be:

Proclamation to
Persons settling on
Crown Lands.

1. That the Crown lands to be granted be parcel of township; if an inland township, of 10 miles square, and if a township on navigable waters, of nine miles in front and 12 miles in depth, be run out and marked by His Majesty's surveyor, or deputy-surveyor-general, or under his sanction or authority.

2. That only such part of the township be granted as shall remain after a reservation of one-seventh part thereof for the support of a Protestant clergy, and one other seventh part thereof for the future disposition of the Crown.

3. That no farm lot shall be granted to any one person which shall contain more than 200 acres; yet the Governor, Lieutenant-governor or person administering the government, is allowed and permitted to grant to any person or persons such further quantity of land as they may desire, not exceeding 1,000 acres over and above what may have been before granted to them.

4. That every petitioner for lands make it appear that he or she is in a condition to cultivate and improve the same, and shall, besides taking the usual oaths, subscribe a declaration (before proper persons to be for that purpose appointed) of the tenor of the words following, viz. "I, *A. B.* do promise and declare that I will maintain and defend, to the utmost of my power, the authority of the King in his Parliament as the supreme Legislature of this province."

5. That applications for grants be made by petition to the Governor, Lieutenant-governor or person administering the government for the time being, and where it is advisable to grant the prayer thereof a warrant shall issue to the proper officer for a survey thereof, returnable within six months with a plot annexed, and be followed with a patent granting the same, if desired, in free and common soccage, upon the terms and conditions in the royal instructions expressed and hereinafter suggested.

6. That all grants reserve to the Crown all coals, commonly called sea coals, and mines of gold, silver, copper, tin, iron and lead; and each patent contain a clause for the reservation of timber for the royal navy, of the tenor following: "And provided also, that no part of the tract or parcel of land hereby granted to the said and his heirs, be within any reservation heretofore made and marked for us, our heirs and successors, by our surveyor-general of woods, or his lawful deputy; in which case, this our grant for such part of the land, hereby given and granted to the said and his heirs for ever as aforesaid, and which shall upon survey thereof being made be found within any such reservation, shall be null and void, anything herein contained to the contrary notwithstanding."

7. That the two sevenths reserved for the Crown's future disposition, and the support of a Protestant clergy, be not severed tracts, each of one seventh part of the township, but such lots or farms therein as the surveyor-general's return of the survey of the township, shall be described as set apart for these purposes, between the other farms of which the

Land Granting
Department.

said township shall consist, to the intent that the lands to be reserved may be nearly of the like value with an equal quantity of the other parts to be granted out as aforementioned.

8. That the respective patentees are to take the estates granted to them severally free of quit-rent and of any other expenses than such fees as are or may be allowed to be demanded and received by the different officers concerned in passing the patent and recording the same, to be stated in a table authorized and established by the government, and publicly fixed up in the several offices of the clerk of the council of the surveyor-general, and of the secretary of the province.

9. That every patent be entered upon record within six months from the date thereof, in the secretary's or register's office, and a docket thereof in the auditor's office.

10. Whenever it shall be thought advisable to grant any given quantity to one person of 1,000 acres or under, and the same cannot be found by reason of the said reservations and prior grants within the township in the petition expressed, the same or what shall be requisite to make up to such person the quantity advised, shall be located to him in some other township, upon a new petition for that purpose to be preferred.

And of the said several regulations all persons concerned are to take notice, and govern themselves accordingly.

Given under my hand and seal, in the city of Quebec, the 7th day of February, in the 32d year of His Majesty's reign, and in the year of our Lord 1792.

John Graves Simcoe.

By his Excellency's command,

Thomas Talbot, Acting Secretary.

(8.)—PROCLAMATION.

Peter Russell, Esq., President, administering the Government of Upper Canada.

Proclamation
relating to U. E.
Loyalists.

WHEREAS by letters received from his Grace the Duke of Portland, one of His Majesty's Principal Secretaries of State, since the issuing the proclamation of the 31st of October last, it appears that in consequence of a representation made by the Executive Government of this province to His Majesty's Ministers on the exemption of the U. E. loyalists and their children from every expense attending the grants of land made or to be made to them, His Majesty has been graciously pleased to signify his royal pleasure that the first loyalists, and their sons and daughters, shall continue to receive His Majesty's bounty of 200 acres each as heretofore, free from any expense whatever. And that it is to be understood that this mark of the royal munificence is expressly confined to those loyalists only who were actually resident in the province on or before the 28th of July last.

Be it therefore known, that, notwithstanding what has been declared to the contrary in the proclamation aforesaid, all loyalists coming within the above description, whose names have been enrolled upon the U. E. lists previous to the date of this proclamation, and their sons and daughters when of age or married, to whom the King's bounty in lands has not been already extended, may continue to consider themselves entitled to receive from this Government 200 acres of land, free from the payment of fees and all other charges; but that, except to the extent allowed by His Majesty's instructions, neither U. E. loyalists nor their children, can be considered as exempted from the standing fees, it having been ordered that they shall be annexed to every further grant of land, to them as well as to others, be its extent what it may.

Given under my hand and seal at arms, in council at York, this 15th day of December, in the 39th year of His Majesty's reign, and in the year of our Lord 1798.

Peter Russell.

By command of the President in Council,

John Small, c. E. c.

(9.)—EXTRACT from the MINUTES in COUNCIL, of 20th October 1818.

Extract relating to
Land Department.

It is ordered, That no grant of land will issue in future to persons of any description until a satisfactory certificate is filed in the Surveyor-General's Office, that a habitable house is erected on some part of the land to be granted, and a sufficient clearing thereon under fence, in the proportion of five acres per 100.

(10.)—RULES and REGULATIONS for the LAND BOARDS, by Order in Council,
13 March 1819.

(Circular.)

No. 1.
Regulations of the
Land Granting
Department.

Sir,
I HAVE received the commands of his Excellency the Lieutenant-governor to transmit to you copy of an order in council, constituting a land board, of which his Excellency has been pleased to appoint you a member.

By the same command, I inclose for your information copy of a letter from his Excellency's private secretary to Major Rogers, being an answer to certain queries proposed by him as a member of the board in the Newcastle district, and also the form of a certificate of location.

I have, &c.

COPY of a LETTER to *D. M'Gregor Rogers, Esq.*, Chairman of the Land Board,
Newcastle District.

Sir,
I AM directed by his Excellency the Lieutenant-governor to reply to your letter of the 15th instant, in explanation of those particular points on which you, in the name of the land board of the Newcastle district, solicit more precise information than that contained in the instructions transmitted to you by the clerk of the executive council.

In the first place,—With regard to such other persons besides emigrants as the board may be authorized to grant locations to, I am to explain to you, that by such "other persons," are to be understood such able settlers as resided in the district before the late war, and produce due certificates of having done their duty in its defence.

Secondly,—With regard to military claimants. No military claimant, as such, is referred to the board: being to receive their lands gratuitously in the military settlement, any dispensation of that sort must be approved on application to the lieutenant-governor in council.

Thirdly,—The sons and daughters of U. E. loyalists being entitled to gratuitous grants of 200 acres, must apply to the lieutenant-governor in council.

Fourthly,—Persons arriving from the United States, and bringing due certificates of their being British born subjects, are admissible by the board.

Fifthly,—A form of ticket of location will be transmitted to the chairman of the board, in which will be specified the conditions of settlement.

Sixthly,—His Excellency is of opinion that the presence of the chairman is not necessary at every meeting of the board: any three of the members constitute a board, and may proceed to act accordingly.

Seventhly,—The settler should be thoroughly instructed, that in the event of his finding any improvement on the lot to which he may be located, he is immediately to return with his ticket of location to the board, and report the circumstance for the information of the government. Should he fail in this particular, he can expect no confirmation of the grant to him. In this case the board will appoint him another location.

Eighthly,—With regard to the difficulty that may be experienced by the settler in finding his particular lot; his Excellency bids me observe, that in order to remunerate the person who might be employed to point it out to him, the settler must be burthened with another fee; and as in the case of persons located by the surveyor-general's office no such precaution is practised, his Excellency does not perceive the necessity of the regulation.

I am, &c.
(signed) *George Hillier*, Private Secretary.

No. 1.
Regulations of the
Land Granting
Department.

Executive Council Chamber, 13 March 1819.

Present,

His Excellency Sir *Peregrine Maitland*, K. C. B., Lieutenant-governor in Council.

WHEREAS great inconvenience accrues to emigrants desirous to become settlers in this province, from the necessity of presenting themselves at York, before they can obtain a location on the waste lands of the Crown; for remedy thereof, his Excellency the Lieutenant-governor, by and with the advice and consent of the executive council, is pleased to appoint in each of the districts certain persons to form a board, with power to locate any emigrant or other person desirous to become a settler in the respective district, on a lot of 100 acres within the same, under such limitations, restrictions and rules as from time to time may be made for the government of the said boards by any order in council.

The land board in the district to consist of

Rules and Regulations.

THE boards will assemble one day at least in each week, of which public notice shall be given in the district.

They shall examine every applicant, and minute his place of birth, age and time of coming into the province; shall receive and minute a declaration that he has not before received any land from the Crown within it.

Whereupon being satisfied as to his character and the propriety of admitting him to become a settler, the board shall administer to him the oath of allegiance, and deliver to him a certificate to that effect, signed by two members at least, and having entered his name in the township plan, shall, at the foot of the said certificate, assign to such settler the said lot, and deliver the certificate with such assignment, in order that upon the production thereof, with proof of having performed the settlement duties, he may receive a patent grant of the land.

To which purpose the surveyor-general shall furnish the boards with plans of each township, showing the lots therein unlocated.

After the deposit of such plans with the board, no location to be made thereon by the surveyor-general, until he shall have received, on special reference, a certificate from the board that no settler is located thereon.

In case of any apparent occupation or improvement made on a lot vacant on the plan, no location to be made thereon without further order from the surveyor-general.

The land boards may appoint a clerk to preserve a minute of their proceedings and countersign their certificates, upon delivery of which he may receive from the applicant the sum of 7 s. 6 d.

(11.)—ORDER IN COUNCIL, 19th of January 1820, with respect to the Lands to be located by the Militia, who served during the late War.

Executive Council Office, York, 19th January 1820.

Orders Respecting
the Location of
Militia Claimants.

It having been suggested to his Excellency the Lieutenant-governor that a general permission to locate on the waste lands of the Crown would be more acceptable to the militia, than setting apart for that purpose a particular tract in each district, as heretofore intended: Notice is hereby given, that the militia who served during the late war with the United States of America, in the first Flank Companies, in the Provincial Artillery, in the Incorporated Regiment, in the Corps of Artillery Drivers, in the Provincial Dragoons, in the Marine and General Staff of the Militia, will upon due certificate of their respective service from the adjutant-general, receive tickets of location from the surveyor-general for the portion of land ordered by His Royal Highness the Prince Regent, and, upon due proof of having performed the settlement duty, will receive patent grants.

N.B. By express command of His Royal Highness the Prince Regent, the patents will be gratuitous, but the settlement duty in no case dispensed with.

By order of his Excellency the Lieutenant-governor in council.

John Small, Clerk Executive Council.

Militia General Orders.

Adjutant-general's Office, York, 21 January 1820.

THE attention of officers commanding regiments of militia is called to the order in council of the 19th instant, herewith inclosed, declaring the gracious intention of His Royal Highness the Prince Regent of making grants of land to the officers, non-commissioned officers and privates of the different corps therein recited.

All officers, non-commissioned officers and privates of the militia, &c. comprehended in the description contained in the order in council above referred to, will be required to submit their claims for his Royal Highness's bounty to the adjutant-general, who, on being

being satisfied of their correctness, will give to each party concerned a certificate thereof, which will be an authority to the surveyor-general to locate him.

The application of officers on the general staff of the militia should be accompanied by a copy of the general order, notifying their appointment, as should also those of the field officers of the incorporated battalions.

The applications of captains and regimental staff officers should be supported by certificates agreeably to the form A. Those of officers of companies, non-commissioned officers, drummers and privates, by certificates according to the form B.

In order to prevent confusion or disappointment to the claimants, the applications from officers on the general staff and incorporated battalion should be presented at the office of the adjutant-general, between the 25th February and the 24th May inclusive; those from the flank companies between the 25th May and the 24th September; and from the marine and remaining corps, between the 25th September and 24th December 1820.

All applications which are not received in time to be taken into consideration with those of the classes they respectively belong to, will be taken up after the last-named day.

(12.)—RULES and Regulations for granting of Lands by Order in Council, 21st November 1825.

In Council, 21 November 1825.

FOR the information of persons arriving in Upper Canada as settlers, the following summary of the rules which His Majesty's Government has thought fit to lay down for the future regulation of grants of land in the province, in conformity to the system which has recently been adopted with respect to other colonies of His Majesty, has been prepared in conformity to instructions from Earl Bathurst.

1. A valuation will be forthwith made of the lands throughout the colony, and average prices will be struck for each district.

2. All the lands in the colony, not hitherto granted and appropriated for public purposes, will be offered for sale at the average prices thus fixed.

3. All persons proposing to purchase lands must transmit a written application to the Government, through the office of the surveyor-general, in a certain prescribed form, which will be delivered to the party applying, by the surveyor-general, or by an officer to be appointed by him for that purpose, in the several districts, on payment of a fee of 2 s. 6 d.

4. All correspondence with the Government, respecting grants of land, must take place through the same office.

5. The purchase money is to be paid by four quarterly, or five annual, instalments, as the party applying may desire, but in the latter case legal interest shall be charged, and shall be payable annually from the time of making the agreement. A discount of 10 per cent. will be allowed for ready-money payments.

6. On payment of the money, a grant will be made in fee simple to the purchaser, at the expense of the Crown, with the usual reservations of mines and minerals, and of white pine timber.

7. The largest quantity of land which will be sold to any individual is 10,000 acres, and when put up to sale, it will be offered in such tracts, not less than 100 acres, as may be directed. Persons wishing more extensive purchases must apply in writing through the

No. 1.
Regulations of the
Land Granting
Department.

Lieutenant-governor in council, to His Majesty's Principal Secretary of State for the Colonies, with full explanations of their objects and means.

8. Lands may also be obtained without purchase, but upon different conditions.

9. Persons desirous to acquire lands without purchasing, will make their application to the Government in writing, through the surveyor-general's office, in a prescribed form, copies of which will be furnished by the surveyor-general upon payment of 2 s. 6 d.

10. The largest grant that will be made without purchase is 1,200 acres, the smallest 100 acres.

11. No grant will be made to any person without purchase, unless the Government is satisfied that the grantee has both the power and the intention of expending in the cultivation of lands a capital equal to half the estimated value, or, in case the grant do not exceed 200 acres, that he intends to reside upon and improve the same.

12. A quit rent of 5 l. per cent. per annum upon the estimated value, will be fixed upon the land granted without purchase.

13. The quit rent will be redeemable within the first 25 years next following the grant, on payment of a sum equal to 20 times the annual amount of it.

14. Until the expiration of the first seven years next succeeding each grant, without purchase, no quit rent will become due upon the lands comprised in it.

15. Every grantee, without purchase, must, at the expiration of the before-mentioned term of seven years, prove to the satisfaction of the Lieutenant-governor in council that he has expended in the cultivation and improvement of his land, a capital equal to half its value, as that value was estimated at the time of his grant, or in case the grant shall not exceed 200 acres, that he has during that time resided on and improved his land: on failure of such proof, his claim to the land shall be forfeited, and the same may be granted to another applicant. It is to be understood, however, that if at any time within that period the condition of expenditure and cultivation shall have been complied with, the patent may immediately issue.

16. No additional grant of land will be made to any person who has not proved, as last mentioned, the necessary expenditure of capital on the lands already granted to him.

17. Persons receiving a grant of land, without purchase, will become liable to pay a quit rent upon the land comprised in such second grant immediately from the date of it.

18. Persons desirous to receive grants of land, without purchase, on terms different from those above stated, must lay before the Lieutenant-governor in council a full explanation, in writing, of the circumstances which they may conceive to exempt them from the fair operation of these general rules.

19. U. E. loyalists, and other persons, entitled to gratuitous grants by the general regulation of His Majesty's Government, are not to be affected by these rules.

The above rules to take effect from the 1st of January 1826.

By order of His Excellency the Lieutenant-governor.

John Small, Clerk Executive Council.

(13.)—EXTRACT from the Minutes in Council, 14th May 1830, respecting an alteration in the Location Ticket to Discharged Soldiers.

THE following form of a location ticket for grants of land to discharged soldiers, was laid before the board, with his Excellency the Lieutenant-governor's remarks thereon.

Location Ticket.

(Not transferable.)

Location Ticket for discharged Soldiers.	Under the authority of an order in council of the granting unto _____ of the township of _____ day of _____ 18 , _____ acres of land, I do hereby assign to the said _____ in the district of _____ in the county of _____ in the district of _____ containing _____ acres, subject to the settling duties required by an order in council of the _____ that is to say, to clear and fence five acres for every 100 acres granted; to build a dwelling house of 16 feet by 20; and to clear one-half of the road in front of each lot; and to file a certificate of the due performance of the same within two years; and after having been actually resident on said lot five years from the date of this ticket, the locatee will be entitled to receive from the Crown a patent for the same.
---	--

Lieutenant-governor's Remarks.

That soldiers who receive grants of land may not be induced to sell their location tickets, it is proposed to make this alteration in the location ticket specified above.

The council fully concur in the alteration suggested by his Excellency.

Sir,

Downing-street, 6th March 1831.

I HAVE the honour to transmit to you the copy of a general order which has been issued 24th February 1831, by direction of the general commanding-in-chief, regulating the sale of land in the Australian colonies to military settlers, and to acquaint your lordship that it is intended to introduce a similar regulation, with reference to grants of land to military settlers in the North American provinces.

I have, &c.

Major General Sir John Colborne,

General Order.

Horse Guards, 24 February 1831.

HIS Majesty's Government having deemed it expedient to substitute new regulations for those at present in force, concerning the system of granting land in the Australian colonies, and under which no land will, in future, be disposed of otherwise than by public sale, it has become necessary to make a corresponding change in the arrangements which have hitherto been in force with respect to the military settlers, and which have been published to the army, in the General Orders, dated 8th June 1826, 16th May 1827, and 24th August 1827.

His Majesty has accordingly been graciously pleased to declare that all the advantages held out to the officers of the army under those orders, as far as relates to the sale of commissions, shall continue and remain in force. And with a view that each individual officer may derive the same benefit from an allotment of land as has been held out in the said orders respectively, His Majesty has been pleased to command, that the following regulations shall be promulgated for the information and guidance of officers who may be disposed to become settlers in New South Wales and Van Diemen's Land, in substitution for those contained in the General Orders above referred to.

The officers of the army wishing to become settlers, shall, like all other individuals, procure lands by purchase at the public sales, but they will be entitled to a remission of the purchase money to the following amount, provided they shall produce testimonials of unexceptionable character from the general commanding-in-chief.

Officers who have served 20 years and upwards, shall have a remission of 300 l.

Officers who have served 15 years and upwards, 250 l.

Officers who have served 10 years and upwards, 200 l.

Officers who have served seven years and less than 10, at 150 l.

Each individual officer who may obtain this remission will be required to give security that he and his family shall reside at least seven years in the settlement. And he will also be required to provide for his own passage to the colony, as well as for that of his family.

By command of the Right Honourable the General Commanding-in-chief.

His Excellency was pleased to lay before the council the following despatch, with its inclosure, from Lord Goderich.

(Circular.)

Sir,

Downing-street, 31 August 1831.

As I have deemed it advisable that all lands should be indiscriminately offered for public competition, it is not intended to continue the practice which has hitherto prevailed, of making grants of land to officers on the half-pay of the army or navy, or to those who have disposed of their commissions under the provisions of the General Order of July 1829, for the purpose of settling in one of the North American Provinces.

I therefore propose that in future, instead of making grants of land to officers, a certain sum shall be remitted from the price of that which they may purchase, proportioned to the rank and length of service of the officer.

The General Order of the 1st instant has been framed accordingly, and you will give the necessary orders to the commissioner of Crown lands to carry these regulations into effect, with regard to officers who may arrive in the province subsequently to the receipt of this despatch.

HIS Majesty's Government having revised the regulations concerning the system of granting land in the British Colonies of North America and Australia, so as to ensure to the officers of the army wishing to become settlers, the combined advantages arising from rank and length of service;

The King is graciously pleased to declare, that officers purchasing land according to the regulations established in the respective colonies, shall, in proportion to their rank and services, be entitled to a remission of the purchase money according to the following graduated scale, on producing testimonials of unexceptionable character, from the general commanding-in-chief:—

Field officers of 25 years' service and upwards, in the whole, 300 *l*.

Field officers of 20 years' service and upwards, in the whole, 250 *l*.

Field officers of 15 years' service or less, in the whole, 200 *l*.

Memorandum.

Admiralty Office, 3 March 1832.

HIS Majesty's Government having revised the regulations concerning the system of granting land in the British Colonies of North America and Australia, so as to ensure to officers of the Army and Navy and Royal Marines, wishing to become settlers, the combined advantages arising from rank and length of service, the Lords Commissioners of the Admiralty hereby signify to the officers of the Royal Navy that the King has been graciously pleased to declare, that officers purchasing land according to the regulations established in the respective colonies shall, in proportion to their rank and length of service, be entitled to a remission of the purchase money, according to the following graduated scale, on producing a certificate of servitude from their Lordships' secretary:—

Commanders, and officers of the Royal Navy above that rank, and field-officers of Royal Marines, of 25 years' standing and upwards, in the whole, 300 *l.*

Commanders, and officers of the Royal Navy above that rank, and field-officers of Royal Marines, of 20 years' standing and upwards, in the whole, 250 *l.*

Commanders, and officers of the Royal Navy above that rank, and field-officers of Royal Marines, of 15 years' standing or less, in the whole, 200 *l.*

Lieutenants of the Royal Navy and warrant-officers ranking as such, and captains of Royal Marines, of 20 years' standing and upwards, in the whole, 200 *l.*

Lieutenants of the Royal Navy and warrant-officers ranking as such, and Captains of Royal Marines, of 15 years' standing or less, in the whole, 150 *l.*

Subalterns of Royal Marines, and assistant-surgeons of the Royal Navy, of 20 years' standing and upwards, in the whole, 150 *l.*

Subalterns of Royal Marines, and assistant-surgeons of the Royal Navy, of seven years' standing or less, in the whole, 100 *l.*

In all other respects, the regulations dated 11th August 1827 remain in force.

(17.)—EXTRACT from the Minutes in Council of the 24th May 1832, with respect to Settlement Duties.

THE Lieutenant-governor submitted to the council a proposal to cancel the present Orders in Council with respect to settlement duties, on the following grounds:

Extracts from
Minutes in Council
relating to Settle-
ment Duties.

There are three classes to which the settlement duties now apply.

1. To officers receiving land under the last regulations, but as they purchase land at public sales, and residence or occupation of the land they may acquire is the condition of their being allowed to locate Crown lands, the performance of settlement duties should not be demanded in such cases.

2. Militia officers, non-commissioned officers and privates, who have served in the province, military claimants, free grants to individuals which may be sanctioned on particular occasions by His Majesty's Government.

3. Children of U. E. loyalists; these grants are confined to lots of 200 acres to each person claiming the right to receive land.

It is therefore proposed to cancel the present orders in council relating to settlement duties, and to dispense with settlement duties in future, but not to permit patents to be issued to individuals who may receive location tickets until it shall be ascertained by the surveyor-general or by the commissioner of Crown lands that a resident settler has been established on some part of the grant.

The council concur with his Excellency, and it is ordered, that the present orders in council relating to settlement duties shall be cancelled from this date, but that no patent shall be permitted to issue to individuals who may receive location tickets, until it shall be ascertained by the surveyor-general, or by the commissioner of Crown lands, that a resident settler has been established on some part of the grant.

No. 1.
Regulations of the
Land Granting
Department.

It is however to be understood that these regulations shall not interfere with the order in council of the 14th May 1830, which applies exclusively to discharged soldiers and sailors, and in respect to whom the period of residence is hereby appointed to be three years instead of five, as prescribed by that order.

(Truly extracted.)

John Beikie, Clerk Executive Council.

Executive Council Office, York, 24 May 1832.

NOTICE is hereby given that the present orders in council relating to settlement duties are cancelled from this date; but that no patent shall be permitted to issue to individuals who may receive location tickets till it shall be ascertained by the surveyor-general or the commissioner of Crown lands, that a resident settler has been established on some part of the grant. It is, however, to be understood that these regulations shall not interfere with the order in council of 14th May 1830, which applies exclusively to discharged soldiers and sailors, and in respect to whom the period of residence is hereby appointed to be three years instead of five, as prescribed by that order.

By order of his Excellency the Lieutenant-governor in council.

(18.)—COPY of a Minute in Council, approved by his Excellency the Lieutenant-governor, respecting Lands to the Children of the U. E. Loyalists, and other privileged Claimants.

Copy of Minutes
respecting Grants
of Land to U. E's.
and others.

In Council, 8th November 1833.

IT was the intention of the Government, in granting the privileges commonly called the U. E. rights, to confer upon the children of those brave men who during the American revolution adhered to the Crown, a lot of land on which they might comfortably reside, as a mark of distinction for their loyal services.

A similar munificent intention influenced the Government in directing free grants of land to certain classes of the militia who served meritoriously during the last war.

From numerous facts, it having become notorious to the council that the benevolent intentions of Government in favour of U. E. loyalists and other privileged claimants are daily frustrated, and the settlement of the province impeded by speculators acquiring by the purchase of their rights vast quantities of land which they are not disposed to part with but at the highest prices:

For remedy of these evils, and to put a final end to a traffic in itself so detrimental to the parties and to the colony,

It is ordered, that in future no such rights will be allowed, except on the condition of actual settlement by the parties found entitled, nor any deed issue unless they have been living on their land for the space of two years, except that such persons as are entitled to land under any of the rights aforesaid, who can satisfactorily prove to the Government the impossibility of their going upon the same, shall nevertheless be allowed to make their location, and receive a ticket from the Crown commissioner entitling them to the price at which the said land so located shall be sold at the public sales, and payable to them according to the usual conditions of such sale.

John Beikie, Clerk Executive Council.

COPY of a Minute in Council, approved by his Excellency the Lieutenant-governor.

In Council, 7th December 1833.

WITH reference to a communication from his Excellency the Lieutenant-governor, together with a letter from Mr. John S. Cartwright, on the subject of U. E. claimants, it is respectfully stated with regard to the first question;

That the council not having any power to interfere with locations already made, understand that the order of 8th November last shall take effect upon all claims of U. E. loyalists that have not been acted upon by the surveyor-general up to that period.

That the order was intended to affect U. E. and militia claimants.

That it does not prevent persons who are desirous of retaining the distinction in their family as intended by the King's Government, and who are residing in the province, from receiving their grants, subject to the order in council of the 24th May 1832, which requires that a resident settler be established on some part of the lot.

That a statement in the petition to the Lieutenant-governor in council, that the parties do not wish to retain the location in the family, and are unable, from being on a farm elsewhere, or from other causes, to occupy their grants, will be deemed sufficient, and entitle him or her to the produce of the lot, when sold by the commissioner of Crown lands.

ORDERS respecting SETTLEMENT DUTY.

No. 1.
Regulations of the
Land Granting
Department.

Orders respecting
Settlement Duty.

In Council, 14th October 1818.

His Excellency the Lieutenant-governor in council was pleased to direct this public notice to be given, that no order for land will in future be made but on condition of actual settlement.

In Council, 20th October 1818.

It is ordered, that no grant of land will issue in future to persons of any description until a satisfactory certificate is filed in the surveyor-general's office, that a habitable house is erected on some part of the land to be granted, and a sufficient clearing thereon under fence in the proportion of five acres per 100.

In Council, 26th April 1819.

PENETANGUISHENE ROAD.

It being desirable to open the road to Penetanguishene, which commences on the north side of Kempenfeldt Bay, his Excellency in council is pleased to order that to such persons qualified to receive grants from the Crown as are able and willing to perform settlement duty, locations of 200 acres will be made, upon their undertaking to begin their settlement duty within one month after receiving the certificate of location, and continuing the same until a dwelling-house be erected, and 10 acres cleared adjacent to the road, and one-half the road in front of the location cleared also.

Ordered, That notice of the above order be published in the York Gazette.

In Council, 18th August 1819.

It is this day ordered, that all locations of land subject to settlement duty made prior to the 1st of this month, be rescinded, and the land otherwise disposed of, if within 12 months from this date, certificate of settlement duty being performed be not lodged with the surveyor-general, and the patent sued out within one month thereafter; and that all locations subject to settlement duty, made since the 1st of this month or hereafter to be made, will be rescinded, and the land otherwise disposed of, if certificate of settlement duty being performed be not lodged with the surveyor-general within 18 months of the date of the order for such location, and the patent sued out within one month thereafter.

Revised 25th August 1819.

In Council, 25th August 1819.

The order in council of the 18th instant, respecting locations subject to settling duties being revised,

It is ordered, that all locations of land subject to settlement duty, made prior to this date, be rescinded, and the land otherwise disposed of, if certificate of the settlement duty being performed be not lodged with the surveyor-general within the time limited within the ticket of location, and the patent sued out within three months thereafter; and that all locations subject to settlement duty hereafter to be made will be rescinded, and the land otherwise disposed of, if certificate of settlement being performed be not lodged with the surveyor-general within 18 months of the date of the order for such location, and the patent sued out within three months thereafter.

In Council, 30th September 1819.

Ordered, that in future the location ticket, with the surveyor-general's certificate thereon of settling duties being performed, and the usual receipts for the patent and surveying fees, and in privileged cases, certificates of exemption from fees, be sufficient authority in all cases to the attorney-general to issue his fiat to the surveyor-general, whose description shall be authority for the secretary of the province to prepare the patent grant.

In Council, 3d November 1819.

Ordered, that it be added in the location ticket to privileged persons, after the words "subject to the settling duties required by the order in council of the 20th October 1818, of five acres cleared and fenced," along the front adjacent to the road.

In Council, 14th December 1819.

Whereas it is desirable to alleviate the situation of poorer classes of settlers by an exemption from any charge on the patent deed, and also to remove all obstacles from the more free accommodation of others with larger grants than have been usually made, his Excellency the Lieutenant-governor in council has been pleased to order that the first-mentioned class of settlers may receive a gratuitous grant of 50 acres, under exclusion from any further grant from the Crown, but with liberty to lease the reserves.

To meet the above gratuity and increased burthen attending the purchase and distribution of land, &c., it is ordered that the scale of demands on the grant of the 100 acres and upwards shall be regulated according to the table, to take effect from the 1st of January 1820.

It is further ordered, that the restriction for sale for three years be abolished, and that deeds may issue on proper certificates of settlement duties being produced. The grantee will

will be required to clear one-half of the road in front of each lot, and the depth of two and one-half chains from the road the whole length of every lot, and erect a dwelling-house.

No petition can be entertained unless accompanied by a written character, or a satisfactory reason shown for such not being produced.

Lieutenant-governor's Office, 21 February 1820.

It having been represented that the settlement duty required by the order in council of the 14th December last is in many cases, from the difficulty of the ground and other circumstances, found too burthensome to the settler, his Excellency the Lieutenant-governor is pleased to direct that the clearing of half the road, and cutting down without clearing a chain in depth from the road along the front of each lot, shall be considered as part of the five acres per 100 required for settlement.

Truly extracted from letter to the chairman of the district land boards of the 21st February 1820.

(signed) *George Hillier.*

In Council, 6th March 1820.

His Excellency the Lieutenant-governor in council is pleased to direct that a location of 100 acres of land on the north side of the road through the Mohawk tract in the bay of Quinté, and on the north side of the road through the Long Woods, on the Thames, may be made to any person having an order in council for land, who will perform the ordinary settlement duty, and make and maintain the whole road in front of his respective lot.

Militia grants in such case will be exempt from all fees, and others will pay only the patent fee of 3 *l.* 5 *s.* 2 *d.* provincial currency.

The surveyor-general to lay off in the new townships, as they come in, four blocks in each township, from 300 to 600 acres each, for the better kind of settlers; also to transmit to the land boards plans of all lands surveyed within their respective districts, without exception.

No location, requiring settlement duty, to be confirmed by patent, without a certificate from the land board of the district in which such location may be situate, that the settlement duty has been *bonâ fide* performed within the time specified by the location ticket.

In Council, 22d March 1820.

Read an extract from a circular letter to the several land boards, dated Lieutenant-governor's office, 21st February 1820.

"It having been represented that the settlement duty required by the order in council of the 14th December last, is in many cases, from the difficulty of the ground and other circumstances, found too burthensome to the settler, his Excellency the Lieutenant-governor is pleased to direct that the clearing of half the road, and cutting down without clearing a chain in depth from the road along the front of each lot, shall be considered as part of the five acres per 100 required for settlement.

Recommended to be published from the Lieutenant-governor's office.

In Council, 9th August 1820.

Ordered, that lessees of Crown and clergy on the north side of the road through the Mohawk tract in the Bay of Quinté, and on the north side of the road through the Long Woods on the Thames, shall make and maintain the road in front of the said reserves, in the same manner as settlers who obtained grants on the north side of the said road in fee simple.

(Copy.)

With reference to the mode of performing settlement duties, to the frequent evasion of them, and to the doubts entertained by many settlers and experienced farmers of any great benefit arising, should they not be fully executed, the Lieutenant-governor suggests the necessity of rescinding the order in council of the 20th October 1818, and of framing another that may be more calculated to produce the improvement to the country expected to result from imposing the present settlement duties.

John Beikie, Clerk Executive Council.

Executive Council Office, York, 20 Nov. 1830.

Notice is hereby given, by order of his Excellency the Lieutenant-governor in council, that in lieu of the settlement duties heretofore exacted, the following settlement duties shall be required in respect of all locations made after this date, viz.:

The locatee shall clear thoroughly the half of the road in width opposite to the front of his lot, by burning or totally removing all the timber, wood and underwood of every kind therefrom. He shall cut down the stumps for the space of 10 feet from the centre of the road,

road, so low that a waggon wheel may easily pass over anything that stands within that space, and he shall sow with grass-seed the road so cleared.

Upon proof that this has been done, and that some person has been constantly resident upon the lot for the space of two years, a patent may issue without other condition of settlement duty. But in cases where the lot has not been so occupied, a patent shall not issue until the locatee, in addition to the road duties above prescribed, shall have wholly cleared the timber from the front of his lot for the space of one chain.

If proof of settlement duties, as above required, with or without residence, be not produced to the surveyor-general within two years and a half, the lot shall be again open to location.

It is further ordered, that the above regulation shall not interfere with the order in council of 14th May 1830, which applies exclusively to discharged soldiers, and in respect to whom the period of residence is hereby appointed to be three years instead of five, as prescribed by that order.

And further, that in respect to all locations made before this date, the grantee shall have the option of performing the settlement duties either according to this regulation, or to the regulations which were in force before the making of this order.

Lastly, it is ordered, that where a grantee has a grant of more than one lot in a township, and resides upon one of them, the settlement duties in respect to those lots on which he does not reside shall consist of the road duty, and the clearing the chain in front of the lot, as above mentioned.

Sir,

Government House, 15th October 1833.

With reference to instructions which have been lately received from His Majesty's Government, regulating grants of land to military claimants, I am directed by the Lieutenant-governor to acquaint you, that no free grant will be sanctioned by the local government to military claimants not included in the classes named in the accompanying document, except to non-commissioned officers and privates discharged in these provinces.

I have also to communicate to you, that with a view of preventing the traffic which it is understood has been carried on to a great extent in the purchase of U. E. loyalists' rights by speculators, with much inconvenience to particular townships, the following regulations will be observed :

All detached lots in townships not open for general location or lots forfeited for non-residence and at the disposal of His Majesty's Government, will be reported by you to the commissioner of Crown lands, who has received instructions to sell them by auction.

A list of the townships open for location will be reported by you every quarter. In these U. E. loyalists, or sons and daughters of U. E. loyalists or provincial public claimants, or non-commissioned officers or privates of the regular army, entitled to land, may be located, subject to the conditions specified in the order in council which will be transmitted to you.

Having had under my consideration the regulations which are at present in force for the disposal of lands in His Majesty's North American provinces, I am of opinion, after having consulted those who are the most competent to give an opinion on the subject, that some of the clauses or heads of instructions by which the commissioner of Crown lands is now governed are liable to considerable objection. I allude more particularly to those clauses which have reference to the disposal of Crown lands on a quit rent of five per cent. on the estimated value. I altogether disapprove of this system; and I therefore desire that the practice may be immediately discontinued.

I enclose for your information and guidance a copy of the new regulations which I proposed to establish for granting lands in the North American provinces, and if upon consideration you should be of opinion that they are liable to no serious objection, I am to desire that you will forthwith convey the necessary directions to the commissioner of Crown lands, in order that they may be brought into immediate operation.

REGULATIONS for granting Lands in the North American Provinces.

No. 1.

For the information of persons desirous of proceeding as settlers to His Majesty's provinces in North America, the following summary of the rules which have been established for the future regulation of grants of land, has been prefixed by the direction of His Majesty's Principal Secretary of State for the Colonial Department.

No. 2.

The commissioner of Crown lands will at least once in every year submit to the Governor a report of the land which it may be expedient to offer for sale within the ensuing year, and the upset price per acre at which he would recommend it to be offered; the land so offered having been previously surveyed and valued in one or more contiguous tracts of those most adapted for settlement, according to the local peculiarities of the province, and in proportion to the number of deputy-surveyors who can be employed.

No. 3.

The lands to be laid out in lots of 100 acres each, and plans of such parts as are surveyed to be prepared for public inspection, which plans may be inspected in the office of the surveyor-general, or in that of his deputies, in each district, on payment of a fee of 2s. 6d.

No. 4.

The commissioner of Crown lands will proceed to the sale in the following manner: He will give public notice in the Gazette, and in such other newspaper as may be circulating in the province, as well as in any other manner that circumstances will admit of, of the time and place appointed for the sale of lands in each district, and of the upset price at which the lands are proposed to be offered; that the lots will be sold to the highest bidder; and if no offer should be made at the upset price, that the lands will be reserved for future sale in a similar manner, by auction.

No. 5.

The purchase money will be required to be paid down at the time of sale, or by four instalments with interest; the first instalment at the time of sale, and the second, third, and fourth instalments at the intervals of half a year.

If the instalments are not regularly paid, the deposit money will be forfeited, and the land again referred to the sale.

No. 6.

Public notice will be given in each district in every year, stating the names of the persons in each district who may be in arrears for the instalment of their purchases, and that if the arrears are not paid up before the commencement of the sales in that district for the following years, the lands in respect of which the instalments may be due will be the first lot to be exposed to auction at the ensuing sales; and if any surplus of the produce of the sale of each lot should remain, after satisfying the Crown for the sum due, the same will be paid to the original purchasers of the land who made default in payment.

No. 7.

The patent for the land will not be issued, nor any transfer of the property allowed until the whole of the instalments are paid. The lands sold under this regulation are not to be chargeable with quit rents, or any further payment beyond the purchase money for the expenses of the patent.

No. 8.

Persons desirous of buying land in situations not included in the tracts already surveyed must previously pay for the expense of survey, and the price must of course depend upon the quality of the land and its local situation.

Government House, York, 13th November 1832.

I am directed by the Lieutenant-governor to acquaint you, with reference to the regulation sanctioned by him respecting the claims of U. E. loyalists to free grants of land, and to the location of officers of the navy and army entitled to a remission of the purchase money at which their land may be valued in proportion to their periods of service, that U. E. loyalists and their children or heirs entitled to land, may be located in any township in which there are waste lands at the disposal of the Crown, provided that they will reside on the lots which they may select, or place on them resident settlers, but his Excellency cannot authorise you to admit the claims that may be preferred by land speculators holding location tickets, or the purchasers of U. E. loyalist rights (as they are termed), for it is obvious that the interests of the province may be much injured were such a description of persons allowed to get possession of blocks of land in the new townships which his Excellency is anxious to see filled with settlers who will bring their lots into immediate cultivation. Thus, if the purchasers of U. E. loyalist rights could select their land, the opening of new townships to emigrants would be the signal for their taking up the most advantageous locations with a view of retaining them till their value would increase.

Communications relating to the Location of U. E. Rights.

With respect to location of officers, the Lieutenant-governor is of opinion that they should be allowed to select their lands without purchasing them at a public sale as directed by the late regulations, but this permission he thinks should be withdrawn six months after their arrival in the province. This arrangement will afford every officer an opportunity of fixing on his land and of removing to the location without incurring a risk of being disappointed in his purchase after he may have removed his family to the township pointed out to him by the surveyor-general.

Sir,

Commissioner of Crown Lands' Office, York, 20th Nov. 1832.

The persons named in the within application referred to me, are sons of the original settlers in Lanark, and of a very good description to form a new settlement, and I have no doubt that if they are allowed to locate, it is their full intention to reside permanently in the township.

On questioning them I find they gave 30*l.* for the U. E. right, in the full confidence that it would secure to them the original grant; and although it is quite necessary for the Government to discourage the traffic in U. E. rights, still I am inclined to think that the present applicants who, not aware of the intentions of the Government, have expended their means in procuring the rights in question, and in removing to this part of the country, might be so far indulged as to be allowed to locate upon condition of actual residence for five years.

I have further to add, that in the vicinity of Lanark there are no lands fit for settlement at the disposal of the Crown.

I have, &c.

Colonel Rowan, Civil Secretary.

(signed) *Peter Robinson*.

This communication was returned to the Commissioner of Crown lands with the following remarks:

The two settlers may be placed on land which they can purchase, but the Lieutenant-governor cannot think that the U. E. loyalist rights should be acknowledged, except the original holders of the order for land make the application to the commissioner of Crown lands.

Sir,

understood are now in the hands of speculators in lands, his Excellency sees no objection to a lot being granted to any settler presenting an order to you, provided that the settler holding the order will immediately reside on the lot on which he may wish to be located.

This regulation, it is hoped, will prevent land from being taken up in the new townships by the purchase of U. E. loyalist rights, with a view of reserving them till their value may increase, and at the same time it will afford an opportunity of locating settlers, with advantage to the province, who have become possessed of these orders for land.

Sir, Commissioner of Crown Lands' Office, York, 6th April 1833.

In consequence of the communication from the Lieutenant-governor respecting U. E. loyalists, I wrote to Mr. Mount on the subject, and enclose a copy of the letter for his Excellency's information.

It appears by the statement made by David Scott, the holder of the enclosed right, that Mr. Mount does not feel himself authorised to locate U. E. rights upon the surveyor-general's certificate in the present form, although my impression is, that it was not the desire of his Excellency to withhold the location of U. E. rights from actual settlers, as in the present instance, still I feel unwilling to take upon myself the responsibility of sanctioning this location, for fear I may have misunderstood his Excellency's intentions.

I have, &c.

Colonel Rowan.

This communication returned to the commissioner of Crown lands with the following remarks :

The Lieutenant-governor sees no objection to Abel Cole being allowed to place a settler on his lot, provided that he becomes a resident settler.

Regulations of the Land Granting Department.

Sir,

Downing-street, 31st August 1831.

As I have deemed it advisable that all lands should be indiscriminately offered for public competition, it is not intended to continue the practice which has hitherto prevailed of making grants of land to officers on the half-pay of the army or navy, or to those who may have disposed of their commissions under the provisions of the general order of July 1829, for the purpose of settling in one of the North American provinces. I therefore propose that in future, instead of making grants of land to officers, a certain sum shall be remitted from the price of that which they may purchase, proportioned to the rank and length of service of the officer. The general order of the 10th instant has been framed accordingly, and you will give the necessary orders to the commissioner of Crown lands to carry these regulations into effect, with regard to officers who may arrive in the province subsequently to the receipt of this despatch.

EXTRACT of a Despatch from the Secretary of State for the Colonies to the Lieutenant-governor, dated Downing-street, 31 October 1831.

I HAVE the honour to acknowledge the receipt of your despatch, No. 36, of the 5th ult., transmitting a plan of the townships which have been regularly surveyed in Upper Canada, and describing the situation and advantages of those which you would particularly recommend for the location of emigrants.

Extract of Despatch relating to Free Grants.

I shall take an early opportunity of referring to the commissioners of emigration the various suggestions contained in your despatch, and I shall not fail to communicate with you more at large upon the subject.

There are two modes by which emigrants may find the means of supporting themselves upon their arrival in Canada, viz.: working for wages, or settling themselves at their own expense upon land which, if they bring with them adequate means, they may purchase in the same way and upon the same terms as any other person desirous of so obtaining it; but it is clear, that if by the location of proper emigrants, it is meant that lands should be given to them, and that they should be established and for a time maintained upon those lands out of the public revenue, such a system would be utterly inconsistent with and destructive of the whole plan of disposing of land by public sale.

(D.)—No. 3.

EXTRACT of a Despatch from the Secretary of State for the Colonies to the Lieutenant-governor, dated Downing-street, 21 November 1831.

It has been urged, that to compel the *bonâ fide* settler to pay for his land anything beyond the necessary expense of surveying it and marking out the limits, is to deprive him of a portion of his capital, which (if allowed to retain it) he might employ to great advantage. Plausible as this objection is, experience has demonstrated that by yielding to it, and by making free grants, much more inconvenience is incurred than can arise from this alleged defect in the system of sale. If no consideration is to be given in return for land all persons will be desirous to obtain it, and that too in quantities not limited by their ability to turn it to advantage.

It is likewise found practically, that under the system I am now considering, no degree of caution is sufficient to prevent large tracts of land from getting into the possession of persons whose object is not to improve it, but at a future day to dispose of it, when it shall have acquired an increased value from the settlement and improvement of the vicinity; the effect of this being to enable the idle or fraudulent proprietor not only to put his more industrious neighbours to great inconvenience, but also to derive a profit from their exertions to which he has in justice not the slightest claim.

As far as I am acquainted with the history of new settlements, there is no instance in which the practice of making free grants has been followed without leading to the abuse I have described; various regulations have been adopted with a view of guarding against it, but these, though complicated and otherwise inconvenient, have uniformly failed to accomplish their intended object.

EXTRACTS of a Despatch from the Secretary of State for the Colonies to the Lieutenant-governor, dated Downing-street, 1 February 1832.

I HAVE had the honour of receiving your despatch of the 24th November, inclosing the report which had been made to you respecting "the number of labourers and mechanics, who

who might probably find employment in different districts, the prices of provisions and the rate of wages." These papers I have laid before the commissioners of emigration, who will, I trust, shortly be able to publish, for general information, an abstract of the statements upon these topics furnished by yourself and by the governors of the other North American colonies.

If, contrary to all expectation, the natural demand for labour in the province should leave a greater number of persons unemployed than you can find profitable work for on the roads, you may possibly be under the necessity of employing the remainder in clearing and cultivating the land; it would be to be regretted if such a necessity should arise, but even in that case I should not be induced to depart from the general rule which I have laid down by establishing emigrants as proprietors on land of their own, before they are able to support themselves without assistance.

(D.)—No. 5.

EXTRACTS of a Despatch from the Secretary of State for the Colonies to the Lieutenant-governor, dated Downing-street, 1 January 1833.

WHEN, therefore, I approved the settlement of poor emigrants, reported in some of your despatches of last year, and adverted to in your despatch, No. 24, of the 4th of May last, I proceeded on the supposition that the parties could not possibly have been provided for in any other way. I by no means proceeded on an assent to the doctrine suggested in your despatch of the 4th May, that as every industrious emigrant can in two years become an owner of land, it is better for the province that he should commence immediately on his own property.

I object to it as it affects the welfare of the colony, because, as I have stated, to the good of every society a supply of labour and a division of employment must be indispensable. For these reasons I have to desire that in future no one class of emigrants may be allowed to acquire lands on more favourable terms than another, but that all be required alike to make their purchases at sales where the lands shall be put up at a minimum price; and that those emigrants who may not be able to pay the price shall be left to work for themselves at wages until they can earn the means of buying in accordance with established regulations. The only events in which I could sanction an exception in favour of indigent emigrants would be the case of there being no other possible means of providing for their subsistence than by their settlement on land.

Sir,
I HAVE the honour to acknowledge the receipt of your despatch, No. 54, of the 4th of December last, containing various applications for grants of land in consideration of military services performed in Upper Canada. I have no doubt of the merit of the individuals whose cases are thus brought under my notice, but considering the very important grounds on which the present system with respect to the disposal of the Crown lands has been adopted, I cannot sanction a departure from it in order to comply with the requests of the gentlemen whose memorials you have forwarded on the present occasion.

May it please your Excellency,
WE His Majesty's dutiful and loyal subjects, the commons of Upper Canada in provincial Parliament assembled, request that your Excellency will be pleased to lay before this House, with as little delay as possible, all despatches or other communications from the executive government of this province to His Majesty's Government since the first settlement of the province, as also from the King's Government to the government of this province, relating to the granting or sale of lands to any person or persons whatever, together with all orders in council relating to the same subject that are not contained in the documents accompanying the message of your Excellency to this House relative to the granting and sale of lands.

Department.

Gentlemen,

I WILL transmit to His Majesty's Secretary of State for the Colonies this Address of the House of Assembly, and I can see no objection to the information requested being forwarded to the House, with the permission of His Majesty's Government.

Answer.

ADDRESS to His Majesty on the subject of U. E. Loyalist Rights.

To the King's Most Excellent Majesty.

Most Gracious Sovereign.

WE, your Majesty's faithful subjects, the commons of Upper Canada in provincial parliament assembled, beg leave humbly to represent to your Majesty, that a vast number of the most faithful and loyal subjects of His Majesty King George 3, Your Majesty's late father of glorious memory, residing in his colonies, now the United States of America, at the commencement of the American revolution, did unhesitatingly sacrifice, not only their possessions and worldly effects, but also the peace and comfort of themselves and their families, by voluntarily joining the royal standard of His Majesty, and on various occasions during the sanguinary struggle displayed the most uncompromising zeal and fidelity to His Majesty's cause, person and government; fought and bled; and many lost their lives, while almost all spent their best days of vigour and strength; suffered more or less fatigue, privations, and hardships; for which very conspicuous and meritorious conduct His Majesty was most graciously pleased, by his proclamations and instructions, to signify his royal will and pleasure that the first loyalists who had thus distinguished themselves, and who should become resident in the province on or before the year 1798, and their sons and daughters when of age or married, should receive a bounty of lands in any of the townships which they might desire, in proportion to their several grades, viz:—a private, 300 acres; a captain, 3,000 acres; the son or daughter of a U. E. loyalist, 200 acres; to be granted and obtained "free from any expense whatever;" and upon no other condition than that the head of the family should cultivate or improve some part of his own grant, or possess and reside upon some other lands in the province; and it was expressly declared as being intended, in the first place, as a recompense and reward for their valuable services, losses and sufferings, and in the next place, as a mark of His Majesty's royal munificence and favour; and further, it was ordered, that "a course should be taken for preserving a registry of the names of all persons falling under the description aforementioned, to the end that their posterity might be discriminated from future settlers in the parish registers and rolls of the militia of their respective districts and other public remembrances of the province, as proper objects, by their persevering in the fidelity and conduct so honourable to their ancestors, for distinguished benefits and privileges, in consequence of which they have been heretofore denominated and known by the title of U. E. loyalists;—That these grants, or rights of land, were always considered and understood in the shape of a debt due by the government to the several individuals claiming, or in other words, as a reward for meritorious services performed, and for which they considered they held the pledge and faith of government;—That although an order in council was made in this province, in the year 1797, that all claims by the above-mentioned persons for military lands must be made previous to the end of that year, yet the said orders were afterwards rescinded in the year 1806; and it was then ordered (of which public notice was given) that military claimants themselves were again admitted to make application, and upon proving their claim, to receive all their military land as if they had applied previous to the said orders in council, in the year 1797; after which time, the said description of persons continued to receive grants of land according to the gracious intentions of His Majesty, free from any expense or charge whatever, and with very little interruption or impediment, until the 20th of October in the year 1818, when the following order was made and acted upon by the executive government of this province.—"It is ordered, that no grant of land will issue in future to persons of any description, until a satisfactory certificate is filed in the surveyor-general's office, that a habitable house is erected on some part of the land to be granted, and sufficient clearing thereon, under fence, in the proportion of five acres for every 100." We would here beg leave to remark that neither your faithful commons nor the country at large are informed whether these restrictions were imposed with the approbation or direction of His Majesty's Government, or whether the whole matter originated with the executive government of this province, as the lieutenant-governor, in answer to an address of this house of the 16th of January last, almost unanimously adopted, declined affording us that information until he received, of your Majesty's Government, permission so to do.—That, from that time to the present, various restrictions and requirements have been imposed, and many obstacles thrown in the way of obtaining lands, by the Government, varying, it is true, from time to time, but in the opinion of your faithful commons and the country, altogether unjust, objectionable and injudicious; and the present restrictions, obstacles and impositions, the most so of any heretofore adopted by the government—viz: two years' actual residence on the grant in

Rights.

addition to the other duties; and furthermore, we feel it to be our duty to state to your Majesty, that for the last four or five months scarcely any locations have been allowed to be made even on these conditions, and then not without extreme difficulty, inconvenience and delay. Although applications have been frequently made for permission to locate during that time on unquestionable claims, yet, when allowed, they were not permitted to have lands in situations which were anywise favourable, the government, by their late orders, only allowing those grants to be made in a few of the townships surveyed, most of which are unfavourably situated, the good lands being already taken up in other townships, and the remainder of little or no value, and only to a certain extent, even in those townships, while they are excluded altogether from other surveyed townships more favourably situated. We beg leave to submit that those restrictions and obstacles, and particularly the last mentioned, made by the executive government of this province to the free grants of your royal father, are considered and viewed as a breach of faith and pledge on the part of the government, and a violation of the just rights of the individuals concerned, and, if persisted in, when thus submitted and fully explained, cannot but have a tendency to shake the confidence of your Majesty's subjects in the justice and wisdom of your Majesty's councils and government, and that, in the opinion of your faithful commons and subjects generally, these unjust restrictions, impositions, obstacles and proceedings by the government, have tended, and in fact are the sole causes of reducing the value of those grants in the hands of the original owners very materially, inasmuch as many of those entitled, being desirous of settling themselves in the neighbourhood of their fathers and friends, and not being able to locate their rights in such neighbourhood, or adjacent thereto, have purchased and become possessed of other lands on which they have settled and improved; and which they are not willing to leave to avail themselves of a location at a distance from their friends, and in back and refuse townships: they consequently part with their rights, in many cases, for a trifle, and far below what they would be able to realise under similar circumstances, were all restrictions and obstacles removed at once, as they undoubtedly should be, and locations permitted to be made on the same terms as previous to the year 1818, in which case opportunity would not be afforded for persons having money who desire to avail themselves of large quantities of those rights being for sale at low prices, and who, to answer the letter of the various requirements by the orders in council, procure the performance of the settlements and clearings as cheaply as possible; not with a view of making actual and permanent settlements, but merely to comply with those conditions and afterwards hold them at high prices—a hindrance to the prosperity of the country—whereas if these grants were permitted to be obtained with the same facility, and in the same way and manner as previous to the year 1818, the original holders would either locate themselves or demand a price corresponding with other lands in general; and if thus sold for valuable consideration, they would, in general, be bought for immediate cultivation and use, and consequently would be permanently improved, as there would be no inducement to speculators to purchase those lands in preference to any others, as they would bear a corresponding price. We would also beg leave to represent that there are also in this province other classes of persons who have His Majesty's pledge for a grant of a portion of lands, whose meritorious conduct and valuable services entitle them to the favourable consideration of your Majesty, viz.: those volunteers who comprised the flank companies of militia in this province in the year 1812, and those who served in the incorporated militia or provincial corps during the late war between the King's Government and the United States of America, which description of persons equally suffer by the said regulations, according to the quantity of land to which they are entitled—they, in general, having become possessed of lands in like manner as above mentioned.

All which is respectfully submitted for the gracious consideration of your Majesty, trusting and requesting that your Majesty will take such steps as you in your wisdom may deem expedient, in order that speedy and ample justice may be done in the premises, and that the just claims and rights of persons of the foregoing description may be duly respected by all persons acting under your Majesty's authority.

Arch. McLean, Speaker.

Commons House of Assembly, 4th day of March 1834.

EXPLANATORY REMARKS.

The dates of the applications or petitions for the lands referred to in this Return, can in few instances be afforded by this department; the dates of the original orders or authorities are therefore inserted in lieu.

The locations by Colonel Talbot and by the Hon. Peter Robinson were generally made some years ago; the Orders in Council quoted in those cases are special orders directing the patents to issue, the grantees having fulfilled the conditions. This remark also applies to some cases of discharged soldiers, located by agents in 1832 and 1833.

All Patents are free of fees, except where otherwise specified.

The sales of the Crown and clergy lands, with the conditions annexed to those sales, are under the superintendence of the Commissioner of Crown Lands.

With reference to the foregoing return, I beg to remark that the purchaser of lands from the Crown became entitled to his patent (without fees) upon the payment of the purchase-money in full, the certificate of the commissioner for Crown lands to that effect being (pursuant to an Order in Council of the 7th December 1830) sufficient authority for the issuing of the same, no settlement duty being required, except upon the purchase of town lots, when the erection of a stone, brick or frame house of not less than 18 by 24 feet was required; this settlement duty has been performed in every case contained in the foregoing return where the purchase was from the Crown; that is to say, where the town lots were the property of the Crown; but such settlement duty was not required before the issuing of the seven certificates on the town lots in Port Credit, agreeably to the wish of the Indians themselves, through their agents or representatives, Messrs. John and Peter Jones; the commissioner for Crown lands, in the sale of Indian lands, being merely the receiver of the money, and having no authority to propose conditions other than the Indians themselves stipulate.

This return likewise shows the authority by and the manner in which such sales were made; in addition, I beg to add the conditions of payment on Crown lands; viz., one-fourth of the purchase-money down, the balance in three equal annual instalments, with interest on each instalment as it becomes due, or until paid; on clergy reserves the tenth is paid down, the balance in nine equal annual instalments, with interest on each instalment as it becomes due, or until paid.

The column "Date of Orders in Council under which certificates issued," has reference to the general Order in Council authorizing the certificate of the commissioner for Crown lands to be received as satisfaction by the Crown officers for the issuing the patents.

No certificate has been issued by this department until the full amount of purchase-money has been paid in cash, neither bond nor any other security whatever being received as payment by this department; the commissioners by such certificate becoming responsible for the amount thereof to His Majesty's Government, to whom particulars are submitted in the half-yearly accounts furnished by this department. Upon the issue of the certificate, the purchaser becomes entitled to a patent free of expense.

Where lands are sold otherwise than by public auction, the date of the Order in Council authorizing such sale is inserted in the column under date of such sale, (in the year 1836,) on consideration that the certificates issued for sales made that year, previous to the 1st of August, are specially referred to in the address of the Honourable the House of Commons.

I send herewith the instructions (in printed form) from the Right Honourable the Lords Commissioners of His Majesty's Treasury, to the Commissioner for the sale and management of Crown lands in the province of Upper Canada.

R. B. Sullivan,

Commissioner for Crown Lands.

Commissioner for Crown Lands' Office, }
Toronto, 3 March 1837. }

INSTRUCTIONS from the Right Honourable the Lords Commissioners of His Majesty's Treasury, to *Peter Robinson, esq.*, Commissioner for the Sale and Management of Crown Lands in the Province of Upper Canada.

WHEREAS His Majesty, by a commission bearing date the 17th day of July 1827, did nominate and appoint you the said Peter Robinson to the office and trust of Commissioner for the sale and management of Crown lands in the province of Upper Canada, and did strictly enjoin you to follow such orders and directions as you might from time to time receive from the Commissioners of His Majesty's Treasury, or from any one of His Majesty's principal Secretaries of State, or from the Governor, or officer administering the government of the province of Upper Canada for the time being. Now we, the Commissioners of His Majesty's Treasury, do hereby require and enjoin you to govern yourself in the execution of the duties of your said office by the following instructions:—

That you do forthwith repair to Canada, and report your arrival to the Governor, or officer administering the government, and lay before him His Majesty's commission appointing you to the said office, and these our instructions for the guidance of your conduct in the execution of the duties thereof.

That you do immediately upon your arrival enter into security, to the satisfaction of the Governor or officer administering the government, yourself in 5,000 *l.* and two sureties in 2,500 *l.* each, that you will diligently and faithfully perform the duties of your said office, and duly account for and pay over all monies which may come to your hands in the execution thereof.

That, as soon as possible after your arrival, you do proceed to ascertain the nature and particulars of all the Crown property within the said province, under the following heads:

Waste lands in those districts of the colony which have not heretofore been surveyed or laid out.

Waste lands in those districts of the colony which have been surveyed and laid out, but no part of which has been granted.

No. 4.
Return of the
Commissioner for
Crown Lands.

Ungranted lands and Crown reserve in those districts where grants have been made.
Lands which have been granted in perpetuity upon payment of quit or other rents.
Lands and reserve which have been granted upon leases for series of years upon reserved rents or otherwise.

That you do make an annual report of the progress you have made in ascertaining these particulars, to us or to the Commissioners of the Treasury for the time being, and also to the Governor, or officer administering the government, of the province of Upper Canada.

That no lands or other Crown reserve arising from lands within the province of Upper Canada be hereafter disposed of or granted, except upon the following conditions :

By actual sale, or in cases of poor settlers by grants, subject to quit-rents in the manner hereafter directed :

That you do from time to time, and at least once in every year, submit to the Governor, or officer administering the government, a report of the total quantity of each district of Crown property, within each district, of the reserve, so far as you may then have ascertained the same, together with your opinion of the quality of each description of property which it may be expedient to offer for sale within the then ensuing year, and the upset price per acre at which you would recommend the several descriptions of property to be offered, obtaining previously a certificate from the Surveyor General of Woods and Forests within the province, that the land proposed to be offered by you does not contain any considerable quantity of valuable timber fit for His Majesty's navy, or for any other purposes, it being the intention that no grant of the land upon which such timber may be growing should be made until the timber is clear.

That if the Governor, or officer administering the government should be pleased to sanction the sale of the whole or any part of the land recommended by you to be sold, at the upset price recommended by you, or at any other price which he may name, you will proceed to the sale in the following manner :

You will give notice in the York Gazette, and in such other newspaper as may be circulating in the province, as well as in any other manner that circumstances will admit of, of the time and place appointed for sale of the lands in each district, and of the upset price at which the lots are proposed to be offered ; that the lots will be sold to the highest bidder, and if no offer should be made at the upset price, that the lands will be reserved for future sale in a similar manner by auction.

That no lot should contain more than 1,200 estimated acres. You will also state, in the notices of the conditions of the sale, that the purchase-money is to be paid by four instalments, without interest ; the first instalment at the time of the sale, and the second, third and fourth instalments at the intervals of a year.

That if the instalments are not regularly paid, the deposit will be forfeited and the land again referred to sale.

In case purchasers of land at any sale, not exceeding 200 acres, being unable to advance the purchase-money by instalments as proposed, you may permit the purchaser to occupy the same upon a quit-rent, equal to five per cent. upon the amount of the purchase-money, one year's quit-rent to be paid at the time of sale in advance, and to be paid annually in advance afterwards ; upon the failure of regular payment, the lands to be again referred to auction and sold ; the quit-rent upon lands so purchased in this manner to be subject to redemption upon payment of 20 years' purchase, and parties to be permitted to redeem the same by any number of instalments, not exceeding four, upon the payment of not less at any one time than five years' amount of quit-rent, the same proportion of the quit-rent to cease. In case, however, the parties should fail regularly to pay the remainder of the quit-rent, the same to be deducted from the instalment paid, and the land to be resold by auction whenever the instalment may be absolved by the accruing payment of the remainder of the quit-rents.

That public notice should be given in each district in every year, stating the names of the persons in each district who may be in arrear, either for the instalments of their purchase or for quit-rents, and that if the arrears are not paid up before the commencement of the sales in that district for the following years, that the lands in respect of which the instalments or quit-rents may be due will be the first lot to be exposed to auction at the ensuing sales, and if any surplus of the produce of the sale of each lot should remain, after satisfying the Crown for the sum due, the same will be paid to the original purchasers of the land who made default in payment.

That no land be granted at any other time than at the current sales in each district, except upon application from poor settlers who may not have been in the colony more than six months preceding the last annual sale.

That settlers so circumstanced may be permitted to purchase land, not exceeding 200 acres each, at the price at which it may have been offered at the last annual sale, and not purchased, and may pay for the same, or by quit-rent computed at five per cent. on the sale price, and thenceforth these persons shall be considered as entitled to all the privileges, and be subject to the same obligations as they would have been subject to if they had purchased the land at the last sale.

In cases of settlers who shall be desirous of obtaining grants of land in distinct districts not surveyed, or in districts in which no unredeemable grant shall have been made, you will, under the authority of the Governor, at any time within the period of seven years from the date hereof, grant permission of occupancy to any such settlers for lots of land, not exceeding 200 acres, upon condition that they shall pay a quit-rent for the same, equal to five

five per cent. upon the estimated value of the land at the time such occupancy shall be granted, and the persons to whom claim or occupation may be made shall have liberty to redeem such quit-rent at any time before the expiration of the seven years, upon the payment of 20 years' purchase of the amount, and at any time after the termination of the seven years upon the payment of any arrears of quit-rent which may be then due, and 20 years' purchase of the annual amount of the rent.

That no patent shall be granted until the whole of the purchase-money shall have been paid; nor any transfer of the property made, except in case of death, until the whole of the arrears of the instalments or quit-rent shall have been paid.

That the purchase-money for all lands, as well as the quit-rents, shall be paid to you or to such persons as you may appoint, at the times and places to be named in the condition of the sale.

You will give public notice that you have received instructions to apply to all persons holding lands from the Crown in perpetuity, upon the payment of quit-rents, as well as to all persons holding lands upon lease for term of years for payment of the rents which may be due from them respectively, to commence from the 1st of January 1827; and you will, at any time within seven years from the date hereof, sell to the proprietor, at 20 years' purchase, any lands held in free and common socage, (but to no other person whatever,) any quit-rent which may be payable by them respectively, provided that all arrears up to the end of the year preceding the time of purchase be previously paid.

If these quit-rents are not purchased by the proprietor within the period of seven years from the date hereof, further instructions will be given in regard to the sale by public auction, or otherwise, as may then be deemed expedient.

With respect to the lands upon lease for terms of years, you are desired on no account to sell the same by public auction if the rent is not more than two years in arrear, until the termination of the lease; but if the rent is more than two years in arrear, and if according to the terms of the lease the same is void in consequence of the non-payment of the rent, you are at liberty to submit to the Governor, or officer administering the government, that any such lots should be sold. If, however, previously to the sale the rent is paid up, you will withdraw the same from the sale, and you will at any time sell to the lessee of such lands as may be held under lease, at such price as the Governor, or officer administering the government, may upon your recommendation approve of, the land so held, all arrears of rent being in every case paid up to the end of the year preceding the sale, but in no case at less than 20 years' purchase of the rent.

You will on the 1st January and 1st July in every year render a complete account of all your sales within the preceding half year to the auditor of provincial accounts, specifying the conditions upon which each lot is sold, and you will at the same period render a complete cash account of the money received and expended by you within the same period, carrying forward to each account any balance which may remain in your hands at the date of the preceding account. And you will on the 1st January, 1st April, 1st July and 1st October, in each year, pay over to the receiver-general of the province any sum which may on those days respectively be in your hands over and above the sum of 500*l.*, which you are permitted to retain for future contingent expenses.

You will not charge the salary and remuneration to which you are entitled under your commission in your accounts, but you will receive the same annually by warrant of the Governor out of the treasure which you may have paid into the hands of the receiver of the province in the preceding year.

You are authorized to incur and defray such contingent expenses for authorities, clerks, treasurer and receiver of rents, office rent, &c., as you may find absolutely necessary, and as the Governor, or officer administering the government, may sanction and approve; provided, however, that the whole of such contingent expenses shall not exceed one-sixth part of the money to be received by you under His Majesty's commission and these our instructions.

That you do transmit to us, or to the Commissioners of the Treasury for the time being, copies of the half-yearly accounts which you may render to the auditor of provincial accounts in Canada, and that the same be transmitted by the first direct conveyance which may offer, after the periods they are respectively rendered.

That in the execution of the duties of the said office you do obey all such orders and directions as you may from time to time receive from us, or the Commissioners of the Treasury for the time being, or from any one of His Majesty's principal Secretaries of State, or from the Governor, or officer administering the government.
