TELEPHONE DIRECTORY

TORONTO

AND SUBURBS.

Entered according to Act of the Parliament of Canada in the year 1905, *by* THE BELL TELEPHONE COMPANY OF CANADA, LTD., *at the Department of Agriculture.*

To Telephone Subscribers and the Public.

All employees of The Bell Telephone Company of Canada whose duties require them to enter the premises of subscribers or others, are required to wear a badge similar to that illustrated above. The public is hereby notified to require all persons who desire to enter their buildings or premises for purposes in connection with the Telephone, to exhibit their badges and note the numbers of the same. Any person claiming to be an employee of the Company who is without this badge should be refused admission, and the Local Manager be notified at once by Telephone.

EXCHANGE SERVICE.

GENERAL INSTRUCTIONS.

To call the Central Office, remove the Telephone from the hook, and hold it to the ear, until an answer is received from the Exchange. Give the Operator the name of the Exchange and the number of the Subscriber's station required, giving the figures of the number separately, as **"one-four-two-nine,"** instead of **"fourteen-twenty-nine."** Keep the Telephone to your ear, and the Operator will connect you with the party called for and ring his bell, unless his line is found to be busy, in which case she will notify you of that fact.

When you have finished talking hang up your telephone. The act of hanging up the telephone gives a positive signal to the operator to disconect your line. BE SURE, THEREFORE, NOT TO HANG UP YOUR TELEPHONE UNTIL YOU HAVE COMPLETED THE CONVERSATION.

If the attention of the Operator is wanted in order to make another call, or for any other purpose, move the hook up and down slowly three or four times. This flashes a lamp signal in front of the Operator, and she will respond by answering on your line.

Answer the calls on your bell promptly.

Face the Transmitter with the mouth about one inch from the opening. Speak naturally, distinctly, and not too rapidly.

Do not use the Telephone during a thunderstorm.

RULES AND REGULATIONS.

☞ DESTROY PREVIOUS LISTS.

The right of the Subscriber is to use the instruments and connecting lines where the Company may place them, but not elsewhere, under such rules as the Company may from time to time prescribe. He shall not extend their use to other individuals, except his servants upon his business; nor shall they be used for any tolls or consideration to be paid by any person other than the Subscriber; nor does this confer on him the right to use any other instrument.

A Subscriber is not allowed to remove or otherwise interfere with the wire connections or parts of any Telephone apparatus leased from this Company.

Moving of Instruments.—The Telephone is first located by the Company where the Subscriber directs; if, afterwards, the instrument is required to be moved, such removal will be done by the Company at the expense of the Subscriber. Subscribers wishing their instruments moved will please fill out the blank form in the back of this book, and send it to the Local Manager. The instruments will then be moved as soon as possible.

Numbers.—Subscribers are requested not to advertise Telephone Numbers, but simply the word "Telephone," as it may be necessary to change such Numbers.

The use of profane or improper language over the lines is strictly forbidden.

Complaints regarding inattention on the part of employees of the Company, or of interruptions to Exchange service, should be made to the **Trouble Department, Telephone Main No. 1000,** and, if not properly attended to, to the **Local Manager.** If the matter is not then satisfactorily arranged, notice should be sent to the **Ontario Department Office, Hamilton,** or to the **Head Office, Montreal.**

LONG DISTANCE SERVICE

From Toronto

To Stations in Canada and the United States.

To Make a Long Distance Call—

First call for "Long Distance." When the Long Distance Operator answers, give the number or firm name, the initials and name of the particular person desired, the city or town, and the initials and name of the person originating the call.

Long Distance Charges—

All rates quoted are for conversations of three minutes or less. For overtime beyond the initial period of three minutes, charge will be made by the minute at the rate of about one-third of a single message rate for each additional minute.

Where messenger has to be sent, the initial toll rate must be paid in addition to messenger service, if party calling does not wait one hour for connection. If delay exceeds one hour, call may be cancelled on payment of messenger service charges.

When a particular person is desired, the name must be given to the Operator, otherwise charge will be made from the time connection is established with the Telephone desired, whether the party required is obtained or not.

Night Rates.—From 6 p.m. to 6 a.m., a night rate, of about one half the day rate, is in effect over the Long Distance lines of this Company. In no case is the night rate to be less than 25 cents, unless the day rate is less, in which case the night and day rates will be the same.

Written Messages of twenty words or less will be transmitted to points in Canada at the regular conversation rate (day or night). The regular minute overtime will be charged for each five additional words or fraction thereof.

Reversal of Charges.—All charges will be made against the originating office except those messages for which the receiving party expressly agrees to pay. The assent of the receiving party to a reversal of charge must be obtained before the connection is established. No messenger charges shall be reversed.

Complaints.—Complaints regarding unsatisfactory Long Distance Service should be made to the Toll Line Department, Montreal.

Offices on lines of connecting Companies in Canada are designated by a †.

For List of Rates to the principal stations in the United States, see pages 17 and 18.

All rates are on three minute basis, and subject to change without notice.

Few Subscribers realize how the observance of the rule,

ANSWER THE CALLS ON YOUR TELEPHONE PROMPTLY,"

will add to the comfort and efficiency of the service.

The Telephone

Costs Less and Serves Better than a

MESSENGER,
SERVANT,
HORSE or
BICYCLE.

It never Eats, Sleeps or Gets Lazy.

Residence Telephone Service

Saves your Wife much Time and
Many Steps;
Lengthens Your Day;
Reduces Your Worries;
Saves Your Temper;
Lessens Your Dangers.

Nothing else gives the same satisfaction.

The Residence Telephone

Shops in all Weathers,
Corrects Mistakes,
Hastens Deliveries,
Saves Time.

Your Wife will appreciate all these advantages.

Do you Use Your Neighbour's Telephone, instead of having one of your own?

If so, you are injuring his business and neglecting your own.

Realize these two facts and . . .

. . . Order a Telephone Now.

SIMPLICITY!
DIRECTNESS!
DISPATCH!

The advantages of a Telephone communication are, that you **handle the business yourself,** and if the person you wish to talk with is within reach, you get an **immediate answer.**

You come in direct contact with the service, and know the character of it, and the cause of delay, if any. If the person you desire is not present, you are so informed. If his Telephone line is busy, you are so informed. In fact, you are in touch with the service from beginning to end.

It is the **SIMPLICITY, DIRECTNESS** and **DISPATCH** of Telephoning that makes it so attractive to the public.

If you wish to have your Telephone moved, fill out and send to Local Manager, the Bell Telephone Co. of Canada, Ltd., 37 Temperance Street, the following order:
