TOAST

THE KING

Swate Derry who when Kings would woo,
Still turned a dif auric'lar,
For av the things she hated, Kings
She loathed the most partic'lar.

But shure 'twas quite another soight
When Idward came from Leinster,
Wid royal grace and smoilin' face,
To court the chilly spinster.

Wan glance she stowle an' thin her sowle
Was bowed in swate submission,
"Bedad," ses she, "my King Oi see,"
An' yielded at discretion.

—Punch.
