

War Changed Things

1914-1918. Changed.

FORMERLY Canada borrowed money "abroad."

Canada paid interest to "outsiders."

War changed things. Outsiders have need of their own money.

Therefore Canada must borrow from YOU to carry out the plans of readjustment and reconstruction she has on hand.

War-Savings Stamps are the most convenient form of security for the investment of small or large sums.

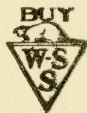

Any Bank will exchange the interest cheques on your Victory Bonds, at par, for War-Savings Stamps.

By doing this you accomplish two things:

You help finance your country.

You add to your store of savings.

War-Savings Stamps can be bought at Banks,
Money Order Post Offices, and wherever this
sign is displayed.
