FOREIGN ORDERS will be received by any of the *BOOK IMPORTERS* in the *EUROPEAN* and *COLONIAL CAPITALS*; also by any *IMPORTING BOOKSELLER* in the *UNITED STATES*.

In consequence of the many disappointments occasioned by *AMERICAN* and *COLONIAL* customers not securing the Books they desire, Mr. NIELD respectfully suggests they should duplicate their orders and mail him in advance.

The saving of a mail would often be the means of securing a coveted treasure.

Remittances from America may be made either in greenbacks and United States postage stamps, International Money Orders, or drafts on London.

Amounts under £1, if sent in greenbacks and stamps, should be reckoned at the rate of \$5 to the £1, or 25 cents to the shilling. Larger amounts should be remitted in sterling.

London and Boston, 1760-1828

It is seldom that so fine and complete a set of the four volumes of this important work is offered for sale. The first two volumes were issued in Boston in 1760 and 1767, and reprinted in London in the following years (a few copies of vol I. having the date in error 1760); the Collection of Papers, now become EXCESSIVELY SCARCE, was published at Boston in 1769, and not reprinted in London, while the fourth volume was published in London in 1828 and not

reprinted in Boston. Hence there is no such thing as a complete Boston copy, or a complete London copy, but all sets must necessarily be mixed.
