Any stronger coming to our good city is struck with the total water of architectural arder in our patch editions. The Monse of Amendaly but half French Cathedral and off cluster and architectural red in our patch editions. The Monse of Amendaly but half French Cathedral and off Cluster have no perturnance; and, with the exception of the Poisson-good Cathedral, there is not a bailedge to be for one Casmel. I see the Roman Catholic Birtop has printed for the small street in front of Mrs. Bay is to which no one conde object; but, in return, or Zaras for a plan of the Falses, that will prever really commented to the city. A building, for instance, in the right of the Falsenon in Fairs, middle of the Seepinery Garden, would be the first on their continent; and if all 1900 one 2020,000 is to be expended, what matter a few hundreds ray young Architect purposely to Lendon and Fairs, the citizens generally would look inversal to the overcion of his Falses with much pleasure—Qualet Gerette.
