HOME DISTRICT

Mutual Fire kusurance Company,

TO THE MEETING HELD ON THE 5TH JUNE, 1843,

BEING THE SIXTH ANNUAL MEETING.

THOMAS D. HARRIS, President. JOHN RAINS, Secretary and Treasurer.

DIRECTORS,

JAMES BEATY BENJAMIN THORNE, P. PATERSON, Jun. J. B. WARREN, T. J. FARR,

THOMAS CLARKSON, CHARLES THOMPSON, JAMES LESSLIE, B. W. SMITH, JOHN EASTWOOD.

Bank-THE BANK OF UPPER CANADA. Solicitors—STRACHAN & CAMERON.

Office-No 7 City Buildings, King Street.

THE Board of Directors of the Home DISTRICT MUTUAL FIRE INSURANCE COMPANY beg leave to submit to the Members a full statement of the affairs of the Institution, accompanied by the usual explanatory Tables, which they

Members a full statement of the affairs of the Institution, accompanied by the usual explanatory Tables, which they trust will afford satisfaction to those whom they represent.

It will be observed that, during the past year, the Company has sustained losses to the amount of £1492 14s. 3d. To meet these losses it was found necessary to call an instalment of 4 per cent. on the Premium Notes in force, which call the Directors are happy to state was in almost every instance promptly met. An assessment of 2 per cent. was laid on near the close of last year, for losses sustained, but was not paid till after the annual meeting, it is therefore included in the account of Cash received this year.

By referring to Table No. 3, it will be seen that the amount under Insurance goes on steadily increasing, furnishing evidence that the practical operation of the system of Mutual Insurance in this District, has thus far met the expectation of its supporters.

Since the commencement of the Company, August 7, 1837, to May 31, 1842, people since the commencement of the Company.

Since the commencement of the Company, August 7, 1837, to May 31, 1843, nearly six years, the assessments have only amounted to 10½ per cent. which is at the rate of 1¾ per cent. a year. To illustrate clearly the decided advantage to the Insurer of the plan of Mutual Insurance over Stock Insurance Companies, the following Tables are annexed, shewing the actual amount saved by Members of this Company since the Institution first went into operation.

The Directors conceive that they cannot add any stronger inducement than what the above statement exhibits,

The Directors conceive that they cannot add any stronger inducement than what the above statement exhibits, to persons wishing to insure, to become partners in so advantageous a mode of securing their property.

In aiding the different Fire Companies of this City, who have been crippled in their benevolent efforts for want of funds, with a donation towards their necessary expences, the Directors considered they were benefiting the community without injuring the Company. In Great Britain the Insurance Companies maintain well equipped Fire Engines; the expense connected with the maintenance of these Engines is directly defrayed by the Companies, but is without doubt levied on the public, nor does the tax fall very unequally, as at first sight appears, for there are few persons whose property is of any value, allow it to remain uninsured. The business of the Insurance Companies goes on steadily and surely the variations in the rates of Premium are trifling, which unquestionably proceeds from the immense amount under Insurance and the well organized arrangements for the suppression of fires.

In again directing the attention of the Inhabitants of this District to the decided advantages offered by this Company, the Directors cannot but remark that for a merely nominal expense, the Merchant, Miller, and Farmer, can secure their stores, mills, barns, and granaries, against loss by fire and lightning, the last a danger which it is impossible for any person to avert.

The Directors will conclude their Report in the words of a writer on commercial insurance.—"The man who

The Directors will conclude their Report in the words of a writer on commercial insurance.—"The man who risks the loss of his house and stock by fire, because the chances are against such destruction, when he may put himself above the chance at a trifling cost, has little claim to the character of a wise or prudent member of a community in which judgment and prudence are necessary to provide for the wants of the passing day, and to guard against the accidents of evil fortune." All which is respectfully submitted.

THOS. D. HARRIS, President. JOHN RAINS, Secretary.
