James P. P.

VICTORIOUS EVERYWHERE.

To satisfy those wishing to know where they can procure the best Instruments, we would merely mention the following facts:

At the Provincial Exhibition held in Toronto in 1870, we received the First Prizes for the best Melodion and best large Cabinet Organ; also, the

ONLY DIPLOMA

awarded for Reed Instruments during the last nine years.

At the Provincial Exhibition for 1873, we received all the First Prizes, and the

Only Medal Ever Awarded

TO ANY ORGAN MANUFACTURER at any Exhibition in Canada.

At the Ontario Provincial Exhibition and the Quebec Central Exhibition for 1875, we AGAIN RECEIVED

EVERY FIRST PRIZE.

At the Central and Provincial Exhibitions for 1873, we received EVERY FIRST PRIZE on Cabinet Organs. At both Exhibitions several American firms, including the Eskey and Pelschelt & Pelton Organ Companies, were competitors, also all the most prominent Canadian manufacturers.

In making our keys we use No. 1 Ivory only, and all organs except single reeds have ivory fronts and bushed mortises, thus making a more elegant key-board and a smoother action. In all the other details of Tone, Durability and Excellence of Style we shall pay the same attention as heretofore, in order to have our instruments continue the best in the market.

Every Instrument fully Warranted for Five Years. Satisfaction guaranteed.

W. BELL & CO.

MELODIONS.

No. 8—5 Oct. Reservoir, Single Reel. - \$105 00

2—5 do do do - 120 00

No. 11—6 Octaves, 2 Sets Reels, 4 Stops - \$230 00

THE ORGANETTE.

We call the special attention of the public to the fact that we have copyrighted the above name for instruments of our manufacture containing Seribner's Patent Qualifying Tubes.

This wonderful improvement of reed instruments was brought to its present state of perfection, after many years of careful study and experiment, by Prof. G. W. Seribner, from whom we have purchased the sole right for the Dominion of Canada and Great Britain.

By means of these tubes the tone of the reed is rendered smooth and pipe-like, at the same time the volume and power of tone is nearly doubled. For Churches and Halls, where the thin quality of reed organs has been found insufficient, these instruments will be found to equal a pipe organ of double the expense, and for the drawing-room or parlor, the smooth, flute-like quality of tone will make them the instruments long looked for.

Other makers tacitly admit the superiority of our instruments containing this improvement by withdrawing from competition where our Organettes are exhibited.

CAUTION.

As unprincipled makers in the United States are advertising, in Canada, instruments containing Seribner's Qualifying Tubes, we hereby notify all parties that we hold the sole right for the Dominion, and any party importing or purchasing elsewhere will be prosecuted.
