We claim for our Organs and Pianos, that they are the FINEST IN TONE, POWER and BRILLIANCY, and thorough Workmanship, neat designs and finish.

CANADA ORGAN AND PIANO COMPANY,
HAYTER STREET, TORONTO.

(OVER).

CANADA ORGAN & PIANO COMPANY.

We would respectfully present to our friends a few testimonials, which we have selected from a large number received from our Agents and others, testifying to the superior quality of the instruments manufactured by us.

PETERBOROUGH, 9th April, 1874.

Canada Organ and Piano Company.

GENTLEMEN,—Having had considerable experience in Organs, and the sale of them, for several years past, I have great pleasure in heartily recommending yours to all parties wanting such instruments.

They are fully equal to the best American, and superior to any Canadian make in use in Canada. The cases are well made, out of excellent material, the ornamentation is chaste and elegant, while the inside work is finished in a complete and substantial manner.

The full, rich tones, as well as the durability of the Instrument, should, and I trust will, commend it to the favour of all who desire a first-class family organ

Wishing you all the success your enterprise is entitled to,

I am, truly yours,

R. W. ERRETT.

PETERBOROUGH, 9th April, 1874.

R. W. Errett, Esq.

DEAR SIR,—The No. 16 Organ, by the "Canada Organ and Piano Company," which purchased of you some months ago, gives perfect satisfaction. It is a superior Instrument; for variety and delicacy of tone, for sweetness and power, I know not any superior. I can conscientiously and cordially recommend it to all who desire elegance and taste.

I am, dear sir,

Yours truly,

WALTENN BEAL.

BRANTFORD, April 7th, 1874.

Canada Organ and Piano Company.

DEAR SIRS,—I can bear testimony without hesitation to the excellent finish and superior quality of tone of your organs. I am in a position to do so, from the fact that I have in stock organs by several of the leading American makers. And a number of organists of this town, who have played on these and others referred to, pronounce them the best Canadian makes they have seen, and equal to the very best American organs in tone and beauty of finish.

Yours, &c.,

H. BOLTON.

BARRIE, April 14th, 1874.

Canada Organ and Piano Company, Toronto.

GENTLEMEN,—As you have asked our candid opinion, we have to say that your organs, from and including style No. 4 up, please us very much; freedom from reediness being what we admire more particularly.

We have taken particular notice of the improvement in your organs within the last four or five months.

Yours truly,

EDWARDS & LAIRD

BRAMPTON, April 6th, 1874.

Canada Organ and Piano Company.

DEAR SIRS,—In reply to your communication, asking me my opinion of the organs supplied by your company, I can only state that the large number I have sold and am still selling of your instruments, must of itself be a proof that they give entire satisfaction, and I consider them equal, if not superior, to the American makers', and vastly superior to any other Canadian makers' in the market.

Truly yours,

JOHN HAMILTON.

The Canada Organ and Piano Company, Toronto.

LINDSEAY, April 6th, 1874.

GENTLEMEN,—In reply to your letter of the 30th ult., I beg to state that the organs now being turned out of your factory are, in my opinion, just what the intelligent Canadian public require, namely: a first-rate instrument at a moderate price. The reeds are superior in tone to most of the American-made organs, and they are tuned equal to the best; and while the higher price instruments are perfect gems as articles of furniture, the lowest price ones are finished sufficiently well to present a respectable appearance in any lady's drawing-room.

I am, yours very truly,

THOMAS BEALLE

SOUTHAMPTON April 1st, 1874.

DEAR SIRS,—Your organs are giving the best of satisfaction for elegance of finish and their beautiful tone.

Yours, &c.,

W. BENTLEY.

MITCHELL, April 7th, 1874.

This is to certify that I have sold a good number of organs manufactured by the "Canada Organ and Piano Company, of Toronto," and every instrument is highly spoken of, and giving entire satisfaction in every case; and I can sell now their instruments, where they are known, in preference to any other Canadian makers'. I can add over a dozen names in this vicinity to certify to the above.

W. COLWELL.

PARK HILL, April 7th, 1874.

GENTLEMEN,—I believe the organs now being manufactured by you are, in tone and finish, far superior to any instrument now offered in the Canadian market, while they are second to none in tone and style of case. The instruments sold by me in this vicinity have given universal satisfaction; I confidently recommend them to the public.

Yours, &c.,

HENRY MANN.

TARA, March 17th, 1874.

The style of your organs gives great satisfaction; the tone is excellent, comparing very favourably with the Mason & Hamblin and other American instruments. The finish of the case far surpasses any Canadian or American organs of the same price. I wish you all success, and trust you may long continue to turn out good organs.

I am most happy to subscribe myself,

Yours truly,

R. E. MOORE.

SMITHVILLE, April 6th, 1874.

GENTLEMEN,—I have much pleasure in acquainting you that the organ, "style No. 14," received from you on Saturday last, gives unbounded satisfaction, as, in fact, all the instruments you have forwarded me have met with general favour. I have no hesitation in saying that in elegance and beauty of style, power and sweetness of tone, and cheapness, I give them my decided preference to any instrument manufactured in the Dominion.

Yours very truly,

D. W. CAMP.

COLLINGWOOD, April, 1874.

GENTLEMEN,—It is with the greatest pleasure I give my testimonial as regards the beauty and richness of tone and finish of the No. 11 organ you sent me. I am, with many others, truly delighted with it; there is one here in the W. M. Church, from Guelph, \$250, with but 5 stops, which the Minister's daughters, who are very fine players, say, is no comparison to yours, especially for sweetness of tone and elegant case.

Yours truly,

V. R. BAKER.

This is to certify that I am purchasing Organs largely from the "Canada Organ and Piano Company," and purchase from them over one-fourth of their whole manufacture. These instruments give universal satisfaction to our very extended and increasing trade throughout the Country.

143 YONGE STREET, TORONTO.

R. S. WILLIAMS.
