Doubtless there are other good brands of flour, but **Pillsbury's Best** is always and everlastingly the best and can be depended on.

This is not the result of chance, but of knowledge, skill and experience.

From the selection of the choicest Dakota hard wheat, throughout every detail of the milling, nothing that makes for quality has been left undone. No modern method has been neglected.

Beware of imitations and copies of this brand, which are frequent, but when brought to our notice are squelched by the strong hand of the law.

The following illustration is a reduced fac-simile of the outside pages of a folder placed in each and every package of the flour giving reasons why
