Just a Tot

LONDON

DEAN & SON LTD., 160a Fleet Street E. C.

JUST A TOT.

Molly was quite a little girl, only two years old. Here she is in the nursery, playing with nurse's umbrella instead of with her dolly and Noah's Ark, of which she has grown tired.

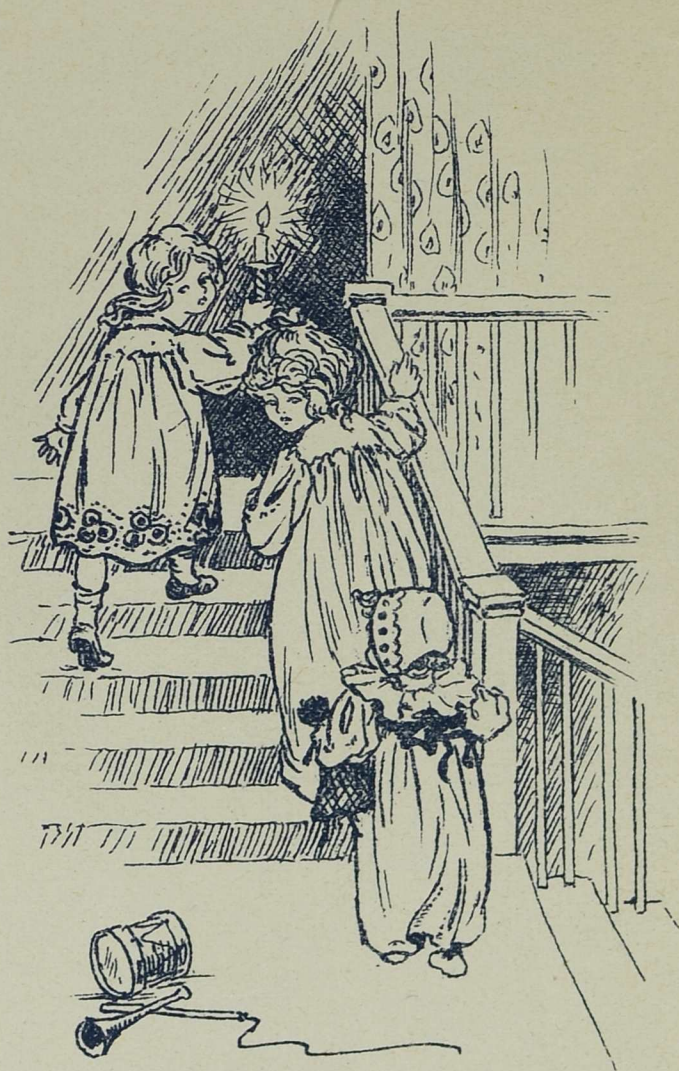

Her brother Fred is very fond of playing at horses, and loves to harness Molly, and race all over the house, urging on his gee-gee by shouting at the top of his voice.

Molly is younger than Fred, and soon becomes so tired, that she is almost ready to drop on the floor.

ORANGES AND LEMONS

Now it is seven o'clock, and time for bed. Molly is taking her dolly with her to bed to keep her company, for she is rather excited.

To morrow will be her birthday,
and she is certain to receive a lot
of nice presents, like those you see
in the picture, since Molly is a sweet
little girl, and everybody loves her.
