106—108, Reade Street, New York, City; or 45—51, Wabash Avenue, Chicago (Ill).
Please mention "TANGLED VIOLIN PUZZLE".

The Tangled Violin Puzzle.

A famous Violin Player, after performing in a certain city, suddenly missed his violin. He was inconsolable. Some one had stolen his beloved Violin! A few days later the instrument was mysteriously returned to him, but in the tangled condition of the enclosed. His first care was to separate the bow from the violin. How did he do it?

The Note the Professor sang when he got back his violin!
