KEY TO THE NONE SUCH & MINDREADER

Show the Bill of Fare on first pages to someone and ask him to select any one picture. Turn to the following pages in order, asking whether the chosen picture is on the right or left page.

When the picture appears on any numbered page, remember the number, and in going through the book add the page numbers on which the picture appears. Referring again to the first pages, you will find the picture selected bears the same number as the sum you have added in your mind. The finding of the chosen picture may be made to appear very difficult, and in that way you will help to mystify your audience.

Yours for pleasure,

MERRELL-SOULE CO.

RASPBERRY STEAMED PUDDING

Stew one package of Raspberry Pie Fruit in $1\frac{1}{2}$ pints of water for 20 minutes. Brown in the oven enough bread to make $1\frac{1}{2}$ pints of crumbs and roll to a powder. Then mix in two cupfuls of granulated sugar, 1 teaspoonful of salt, 2 teaspoonfuls of baking powder. Add this to the fruit with 1 tablespoonful of butter and 2 eggs well beaten. Put in well buttered pudding tins, allowing space for the pudding to increase one-third in size. Steam for two hours. One-half this recipe will serve eight people.

PEACH, APRICOT OR RASPBERRY SHORTCAKE

Stew 1 package of Peach, Apricot or Raspberry Pie Fruit in one pint of water for 20 minutes. Take 2 cupfuls of flour, 4 teaspoonfuls of baking powder, $\frac{1}{4}$ teaspoonful of salt, and sift. Add $\frac{1}{2}$ cupful of butter, mixing thoroughly. Moisten with $\frac{1}{2}$ cupful of milk or enough to make a soft dough. Roll dough about an inch thick and bake until light brown. Split open, butter well and sprinkle each layer with sugar. Then fill and cover with the fruit, reserving the extra juice as a sauce. Serve hot with whipped cream. Will serve nine people.

DIRECTIONS FOR TWO PIES

Add one quart of water and boil slowly for about 20 minutes. Let cool before placing in the crust.
