Toronto

Dear Sir

The fiftieth anniversary of the incorporation of the City of Toronto is to be celebrated on Thursday March 6th and it is proposed by the Committee that a salute be fired, and I am instructed to apply to you asking if you will be kind enough to detail a Battery for duty on that day between the hours of 11 and 12. in the morning. The Committee suggest that fifty guns be fired, one for each year of the life of the City. Trusting to be favored with an early reply. I am, dear Sir.

Dear Sir.

Your communication of the 11th inst. addressed to Wm M. Marriel was laid before the Executive committee, and I am instructed to say that they cannot see their way clear to extending the patronage of the committee to your Exposition, as it is not in any way a Civic affair and is to a great extent a private venture. While heartily wishing you every success they feel they would be exceeding their powers as a Citizens Committee in extending their patronage to any undertaking not immediately connected with the Celebration.

Dear Sir

I am in receipt of your favor of yesterday asking for particulars as to proposed Celebration next June, and also requesting me to name a day when our Committee will meet the Railway Representatives - I will send you our proposed programme tomorrow, not having any copies on hand at present, and we will be happy to meet you next Monday - 3rd prox - at any place you may name and at any time between 10.30 and 4. o'clock - Please notify me as to particulars in this latter matter —

In regard to our programme it of course is altogether Conditional, as unless we can secure the full amount of $21,000. we cannot carry it out in its entirety - If we collect a larger amount it is our intention to add to the attractions of the week, and especially are we anxious to advertise the Celebration far and wide - With a generous assistance from the Railways we can make a great success of the affair, and I trust you will do your utmost to identify the interests of the Companies with that of the City in this matter -

After a very lengthy consideration of the matter the Committee have decided that it would not be advisable to alter the first proposed date. There are so many interests to consider in the celebration that were we to make any propositions as to changes in the main features of the programme it would lead to an endless amount of trouble. My dear Mitchell

I see by a report in todays news-
papers that you stated at a meeting of the
Exhibition Committee yesterday that the Semi Centennial
Committee were spending money every day, but were not
making a single effort to raise one cent from citizens -
Now Sir, I think before making a statement of this
kind you should make yourself slightly conversant with
the facts of the case so that you would not require to
draw too heavily on your imagination - Not only have
efforts been made to supplement the grant of $100,000.
from the Council but if we chose to commute certain
matters we could gather into our coffers at once con-
siderably more than one half of the amount required
for our purposes. But we propose to raise a larger
sum from the quarter referred to and now simply
bide our time so that our receipts may be larger -
I cannot see any valid reason why you should
continue to endeavor to throw cold water on
the actions of the Semi Centennial Celebration

as the time of said Demonstration. for
at a large meeting of Citizens, after a full dis
cussion, by a majority of over ten to one —
Surely after this being the case it is useless for
you to continue to belittle the affair and try to
make Citizens believe the Committee is not acting
properly in the matter — I cannot think that you
represent in any way the Management of the Industrial
Exhibition when you endeavor to disparage the
Celebration, as I feel assured they are composed
of too many business men to allow themselves to
imagine for one moment that a failure of the
June Celebration will conduce to the success of
the September Exhibition —
The Semi Centennial is a fixed fact, and
it is the intention of a large number of
Citizens to do their utmost to make
it a success in every sense of the word —
If this result is not achieved those

to blame in the matter will be the
citizens who endeavr to belittle it every
they get a chance -
As the Demonstration is going to take place
in June had you not better withdraw all
hostility to it and extend a helping hand to
those Gentlemen who are devoting time and
energy to advance the interests of Toronto in
this matter - If at assured you will be better
satisfied yourself after success has been attained
than if the present efforts of yourself and a few
other shoud cause a failure -

Dear Sir

Your communication addressed to Mr McMurrich in re Review during Semi Centennial Week has been submitted to the Committee, and in reply I am directed to state that even if so disposed the Committee would now be powerless to change the date as you suggest from Wednesday to Saturday, as to do so would necessitate a complete rearrangement of our programme, and other matters are too advanced to allow of a great change being made —

The date of the Review has been discussed thoroughly, especially after the visit of Captain Hood of the "Royal Scots" who urged the views now expressed by you very strongly upon the Committee as far back as last January — The Committee was

exceedingly anxious to meet the views
the Montreal Corps as far as possible, but
after mature deliberation the conclusion was
arrived at that a change to either Saturday
or Monday / both of which were suggested / would
under the circumstances tend to lessen the
chances of making the whole Celebration a
grand success —

Invitations to the different Corps were issued
some time ago and already several acceptances
have been received, including one from the
"6th Fusiliers" —

Trusting the "Gazette" will lend us its valuable
aid in making the Review worthy the occasion

As to quarters, there is nothing definite decided yet, but the Commissioners will in all probability be set apart for those who choose to camp, while some of the buildings on the Exhibition Grounds will be placed at the disposal of the Regiment spending only a short time here – I feel assured you need not be at all anxious for the Comfort of your men as our Committee will do all in their power towards the visit a pleasant one, and already preparations are being made for a Luncheon after the Review – Something I may have the pleasure of seeing your Battalion here.

Sir,

I beg to call your attention to my letter of the 26th Feby last in which I gave you a list of the Corps which had been invited to take part in the Review to be held here during the coming Semi Centennial week, and requested you to forward the same to the Minister of Militia for his guidance in any proposed grant for transport or pay. To this letter I have received no reply as yet and as the time of the proposed Review is rapidly approaching I beg you will give the matter your early consideration. I may mention that the date of the Celebration has been postponed for two weeks and that the Review is now to take place on Dominion Day. As the success of the Military display will to a great extent depend upon the assistance received from the Government I trust they will not be backward in extending a helping hand. Several Corps from a distance have signified their intention of being present providing pay for transport is assured them, and, as we anticipate an immense number of visitors from all parts of the Continent will be present on that

to witness the Military manoeuvres we are exceedingly anxious that
every opportunity should be given them to see the leading
Regiments of the Country so that a favorable impression
may be the result. We certainly think the Government as
much interested as ourselves in this matter and fully entitled
a favorable reply to our application -
Kindly let me hear from you at as early a date as possible

Dear Sir -

Mr Penson has submitted two sketches of Tableaux differing somewhat from those adopted by the Committee. Mr McCormick & Mr Bishop approve of the change, and as you are on the sub Committee to overlook the work, it will require your endorsation as well — kindly call in at this office tomorrow morning if possible as Mr Penson is very anxious to have the matter decided so that he can go on with his work —

Dear Madame,

I duly received your favor of the 3rd inst. and submitted the same to the Committee on Music. They desire me to say that they have been enabled to make fuller arrangements elsewhere than they could have done by accepting your offer, and while they were unwilling in their desire to secure your services for the Oratorio, they felt constrained to adopt the course they have decided upon in order to strengthen their orchestra.

In reply to yours of yesterday I beg to state that the Semi Centennial Committee propose providing Buildings suitable for quarters for all the Volunteers attending the Review on dominion day - and will have the same lighted for the Corps remaining over night - In regard to washing accomodation the Committee will have basins and water ready for use, but do not undertake to provide soap or towels The Committee has also set apart a sum to be devoted for the purpose of entertaining the men at lunch which will amount to from 30¢ to 50¢ per head according to the number of visitors - This amount will be granted to each Battalion and they must make their own arrangements for subsistence - as this Committee could not undertake to provide Caterers for the number of Corps we trust will be present - However in this matter we will be pleased to give you any information or extend any help which lies in our power - It is the intention of this Committee

to make our visitors, both Military and Civil, as
comfortable as possible, and no pains will be
spared to further this object -
I may also mention that the officers of the 2nd Batt

Dear Sir.

Allow me to acknowledge the
receipt of your favor of this date inclosing
Cheque for fifty dollars - I am sure you will
pardon me when I say that the amount is
very disheartening to the Committee. I have spent
much need money in arranging to have
a brilliant success and receive a large
Crowd at our Rink and this without per-
or remard or expectation thereof - the benefit
of which your Company will be the
largest recipients - and to find you rewarded
our labors at so small a figure is not very
encouraging - I certainly anticipated that
you would have given us at least $500.00.

(2

Might I ask you to ask the Board to reconsider their decision as I am sure when the amount is published each of the other subscriptions on Saturday next it will look really out of place. I notice you have placed us on the same footing as the Industrial Exhibition - there is a yearly matter to which you yearly give the amount of your cheque i.e. £50. as an historical celebration of this kind comes only once in fifty years - perhaps it is the intention of your company to continue the grant to the Committee in their successive each year until the Centennial rolls round. I sincerely trust I do hope your Company will see their way clear to aid us in some way pecuniarily to the extent expended will be of help to the Committee you have

Dear Sir.

Yours of yesterday on hand and noted - The agreement on the part of the Railways was considered in Mr McMurrich's office in the presence of representatives from all the Companies and reduced to writing by Mr Edgar on behalf of said Companies as stated in his letter - This agreement was laid before our General Committee and accepted by them and in lieu of existing contract. One of the arguments advanced in favor of a change of date was the fact that the "Ontario & Quebec" would be running at that time and therefore not only would larger crowds be brought into the City - but, on the percentage basis, the Committee would receive a much larger amount from the new road - The postponement of the Celebration until your line was in running order is certainly a benefit to the "Canadian Pacific," and therefore we think that ordinary fairness would call for the carrying out of the agreement in full even if our Committee received a slight advantage in the matter - That you understood the agreement as we last saw you was apparent when you told us we were going to make a good thing on the business done on the new section of the road as there was nothing to deduct for the corresponding week of last year - We trust you will withdraw the claim now raised for the first time, as it would be manifestly unfair to the Committee to press it - We send you the blue ones as requested - Yours truly

My dear Major Kenneth

I am requested by the Citizens Committee to ask that the members of the 93 Sutherland Regt kindly turn out and take part in the Parade on Monday June 30th as also in the Evening Procession from Fredk Castle for Encampment. On this Triumphal Day it is peculiarly appropriate that your Body should take a prominent part in the same - assembled as you are on the early Birthday of the Queen of England it is appropriate that you

Mr Worship the Mayor

Sir.

In the programme adopted by the General Committee - Monday June 30th is considered the Municipal Day and it is expected that your self as Mayor and the members of your Council - together with all the former Mayors and Ex and Corporation will take part in the Parade - Allow me as Secretary of the Committee to ask you to make the necessary arrangements for the day as early as poss. - Will the City supply badges or will they supply same to members of Council &c.

Will the Members of Council permit Mark. and Quarters and Clerks Mayors Mark in procession as pr Col? If Letter has never been Col. used to regulate

All the remaining members of the Centennial Committee will meet, and I think it would be preferable if all walked - however whatever you decide upon, the Committee will have much pleasure in carrying out. It will be necessary at once to find out - how many will take part in the parade - Your Clerk has a list of names of the present Members - & Councillors tonight I ask you to have a notice sent out to every Member to take part in the parade Let your Mind of them what is to do. Your Co-operation in making this feature of the parade a success will oblige

Dear Sir -

Mr McMurrich has handed me your letter of the 27th inst. to reply to. In regard to Railway fares to, & rates for the semi Centennial week on the lines running into Toronto will be one fare for the double journey - but in addition to that Excursions will be run from all points at much lower rates - Accomodation is being secured at the hotels already and intending visitors will be allotted such as time as the numbers attending to Celebration will no doubt be very great. We have several fine hotels. ideally the "Queens" "Rossin" "Walker" and "American" but all of them will be crowded to their fullest extent. Hoping we may have the pleasure of seeing you at our Celebration -

Dear Sir.

I am in receipt of your favor of yesterday stating that your Company objects to issue a pass on every favor on account advertising and offering the usual trip pass furnishing I do not know what points I desire to travel - how in connection with your office stated. The real value of a pass was that I could at any moment proceed to whatever part of your line I was called to without wasting time in procuring of a trip pass and in that manner I could benefit not only our advertising but also the Railway Companies - a number of parties will come here, only on condition they make satisfactory arrangements in every respect

Of course if your company feels that it would not be of any benefit to them to issue a pass under the circumstances, or that an undertaking such as the Texas Centennial is not of sufficient magnitude to deserve a pass for one of its officers ~~of course~~ it is their own business. Perhaps under the circumstances you had better undertake the distribution of our posters etc. along your line, and by that means we may possibly get along without even a trip pass. If you decide to do this please let me know the amount of printed matter you will require and I will forward it to your address. Trusting to hear from a very earliest convenience —

Dear Col. Jones.

I am in receipt of your letter of enquiry - and in reply thereto regret to say that the Government have decided not to extend any help in the way of transport to Corps attending the Semi Centennial Review. In regard to our arrangements here each Battalion will be provided with building suitable for quarters and light, water and wash basins - but not soap and towels - In lieu of dinner on the day of Review - which, owing to the great number we anticipate will be present, it would be impossible for us to undertake to provide, each Corps will receive a grant of about 60¢ per man - and we will be glad to extend to you any assistance that lies in our power in helping you to procure caterers etc - I may further add that the Officers of 2nd Toronto Garrison propose entertaining visiting Officers at luncheon immediately after the Review -

I sincerely hope both as Secretary of the Celebration Committee and as a member of the "Queen's Own" that we may have the pleasure of welcoming the "Dufferin Rifles" to Toronto on "Dominion day" - I will be able to give you full particulars as to nature of Review, the time of assembling etc. in a few days - With kind regards -

To the President and Directors of the Canada Permanent Loan and Savings Company -

Gentlemen -

I am directed by Wm McMurrich to apply to you for a grant of money towards the Semi Centennial fund - The Celebration being a historic event in the life of this City appeals to the General Public on entirely different grounds from that of an ordinary annual entertainment, and we feel that any objections that may be raised to general subscriptions by your Board will not apply in the case. Toronto is now thoroughly committed to the scheme of the Celebration, and every public and private Body as well as each individual Citizen is deeply interested in the success of the undertaking and we consider, in duty bound to do their share

share towards upholding the honor of the City -
For these reasons we have appealed to all classes,
and, we are pleased to say, with a fair degree of
success - The Banks, recognizing the importance
of the occasion, have responded to our appeal
and several of them have already forwarded their
cheques for one hundred dollars, while the others
are bringing the matter before their Directors with
we are assured every probability of success —
Under these Circumstances we feel assured the
"Canada Romaine" will fully consider our request
and I trust place an appropriation to the credit
of our fund -

I am respectfully to inform you of the great delay that has taken place in the Steamboat Richard Varick, owing to the Fitting of the Boilers, which were intended for the occasion, not being finished in time, and the Engineer not having a sufficient number of Men to work the Engine, and keep up the Steam, at the same time, I have a Boat ready to start with the Passengers, at 6 o'clock this Evening, and shall be happy to receive any Gentlemen who may favor me with their company, on board, at that time, and will endeavour to make them as comfortable as possible, and will return to the City, with the Passengers, on Saturday Morning, at 8 o'clock. Dr Sir & Bro.

Your letter received and laid before our Executive last evening - I am directed by them to say - that this being a Celebration it is confidently expected that every Citizen will do his very utmost and in the most effective manner towards making it a success - It did not occur to the Executive that the Masonic body would refuse to walk with their fellow Citizens in the parade - and knowing the body would not parade except to take part in some public Ceremony - the arrangement in regard to the Corner stone was made & thereby objected in the programme - and it was their thought every difference

was removed. This new difficulty is so novel that we hardly know how to apply - I may say however that the places for all the other ladies have been fixed so that the Masonic body must now come last - Under these circumstances the distance between the main body and yourselves can be regulated by yourselves if you so wish The executive, if desired will arrange for the procession to open out. allowing your body to pass through in proper form to lay the stone. If the above arrangement not satisfactory - please let me know at once so that I can make other arrangements as we are spending $400. on the foundation stone

Dear Sir —

In reply to your favor of yesterday I may state that your letter to Mr McMurrich was handed to me on the hurry of the moment was mislaid, & lost to sight lies at my door. I must apologise for my neglect in the matter and trust you will not be inconvenienced thereby. As Railway rates, the different Companies are now issuing posters with all information, so that you can see in a day or two just what it will cost — But besides these reduced rates there will be two special excursions from Peterboro during the week, and no doubt your Society will be able to arrange one of these Excursions to suit themselves.

Enclose a copy of our programme by which you will see a considerable portion of the week — Trusting to see a large number from your town with us during the Celebration week I remain

To Whitbeck Esq Mayor and the Corporation of the City of Lowell –

Gentlemen –

The Citizens Semi Centennial Committee request that you will take such action for the preservation of the Canals and safety of the Citizens and the numerous strangers who will no doubt visit this City during the coming week in connection with the parades as may be necessary. And in connection with the Military occasion & salutes to Lowell and other Cities on similar occasions & which may happen to allow short time, both a whole day and any time of celebration as the rest of the parade. We trust you will take similar steps & have the powder & Guns on hand – We may say that the Shattuck City Guard will have expressed themselves as being quite willing & desirous with their aides –

In connection with the first days parade a number of Historical Tableaux will be displayed, and it is desired thereto proceed along the Canals it will be necessary that a number of Chinese lights

over

wires, fire alarm wires, telephone and telegraph wires should be raised to a minimum of twenty seven feet from the ground. We assume that this matter will be attended to without loss of time, as unless it is done the display of Illuminations will be a failure.

The Committee will be happy to supply all information as to route of each days parade etc. as soon as required.

Sir.

Your letter of the 31st July came to hand this morning. Your draft was present yesterday and I had to refuse it unless I had paid some pecuniary out of my own pocket which I felt assured you did not and could not expect me to do. After Mr Williams had made his arrangement with you - he called and saw me as earlier & met him at the City Bank when he told me what he had done & asked me if I would lend him Sovereigns in the matter. He left I told him that I would do all in my power to get the funds for him, but that being only the Chairman of the Finance Committee I had no power in any way to bind them but would see the matter was brought up before the Committee and urge the Committee to pay the amount. I think this is the only course taken I have had with

Mr Williams in the matter. I was so used up after the Caribbean trip that I left for a rest ~~really~~ soh back to my office last Wednesday - During my absence I find the matter was brought up at the Meeting Committee, and ~~any~~ thing found taken against the payment, on the ground that it was to be manifestly unfair to give your battery men their back pay to the other ~~prisoning~~ Corps $3.50 per month - All these Corps went to the expense of several Hundreds of dollars to accomodate us in our Service - The Committee also certify ~~that~~ Some of the Corps owe $1200 to which they paid themselves out of their expenses for the time they were in the Valley. on receiving as I said $3 per man pass the Committee They also direct you were only to pay each of the day - leaving at 2 PM - this I need scarcely observe However I will lay your letter before the Executive Committee and peril my person to Mr Wallace and the day will no doubt acquaint you with

Dear Sir –

In regard to your a/c rendered to the Semi Centennial Committee for fitting up tables etc. for the 14th P.V.C. Rifles – I am directed by the Committee to state that on enquiry they find the work was not ordered by any of their members, and that it was not originally intended that any more than the allowance of 50¢ per man should be made to each visiting Battalion – Under the circumstances therefore they do not feel called upon to pay your a/c – but should on returns yet to be received from the Railways be satisfactory, and enable us to pay all our ordered a/cs, yours will be settled out of the first surplus – This is the best we can do under the circumstances – In regard to the lumber used in the construction of the tables etc. would that not become our property in case we pay the a/c? Dear Sir –

I am in receipt of yours of yesterday – as to the amount paid you and other caterers for supplying the different visiting Regiments here on Dominion Day, it was at the rate of 50¢ per man and was agreed upon some time previous to the Review – This Committee made no provision for supplying any meals whatever, but simply gave a grant as above stated, and accordingly honored the orders from the Regiments up to that amount, but have not paid any other sums, although in the case of the "7th Fusiliers" a like claim is made by Mr Hoolgrave – This Committee did not anticipate paying for the fitting up of rooms, and as we cannot even draw on our crop Dear at present we cannot undertake any new liabilities – should however our Railway returns foot up to expectations we will be in a position to pay your account, and I think you had better wait for a short time at least before writing to Capt. Dear Sir -

The a/c of $79.00 rendered by the R.C. Separate School Board against the Semi Centennial Committee has been submitted to the Executive and I am directed to state that as the Public School Board engages and pays their own Conductor to instruct the children for the Semi Centennial Concert, the Committee cannot adopt any different course with your Board.

The expenses of the Committee in connection with the School Children's Celebration were very heavy and if they undertook to pay Conductor's salary we would find ourselves [illegible] way behind ——

P. S. Board it was considered that their contribution towards the Semi Centennial Celebration was the amount paid to the Conductor, and this Committee certainly considered your Board would take the same action - I accordingly enclose your a/c and trust you will see the justice of our course
