PREFACE.

In tendering to the citizens on the line of the GREAT WESTERN RAILWAY, her Branches and Connections, the first edition of the "GREAT WESTERN DIRECTORY GAZETTEER and CLASSIFIED BUSINESS DIRECTORY," the publishers desire to present their thanks to all who have kindly aided them in their undertaking, and cheerfully to acknowledge their indebtedness to the liberality of their patrons for the "material aid" necessary for the successful prosecution of the enterprise.

The value of a work of this kind depends chiefly on the "rapidity" with which its details are collected and presented to the public; and being fully advised of the intricate character of the enterprise, "the Business Man" anticipates only that degree of perfection which the nature of the case admits, in short, he will be quite surprised if the Millenial Day of "Perfect" Directories precedes the establishment of a Southern Confederacy.

This work will be published bienially. The second edition will be published near the close of 1862, and will embody the details of all matters of interest; the experience of the past will be incorporated in the future, and no effort will be spared by the publishers to constitute the next issue a still more valuable Index of Reference.

An incorporated and flourishing town, situated on the Welland Canal, in the township of Grantham, and county of Lincoln. St. Catharines is beautifully situated on table land, above the valley, through which the canal winds its way, and is surrounded by a section of country which has been termed the garden of Canada West. It is also celebrated for its medicinal waters, which have been successfully brought before the public by Mr. Stephenson, of the Stephenson House; and during the summer months it is the resort of a great number of travellers from all parts of the world, in search of health and pleasure. The Stephenson House is second to none in Canada or the United States, and the landlord is a host in himself. The house is fitted up with a chaste elegance adapted to the taste of the most fastidious. The Welland House is a tip top house, and mine host is a gentleman. The other hotels are all very good indeed. All kinds of manufacturing is carried on here to a considerable extent. station on the Great Western Railway and the Welland Railway; distant from Niagara Falls 12 miles, Thorold 4 miles, Hamilton 32, and from Windsor, the western terminus of Great Western Railway, 216 miles. STEPHENSON HOUSE,

E. W. STEPHENSON, PROPRIETOR,

st. Caumarines, C. W.

This House is situated in the most pleasant part of St. Catharines, and celebrated for its Mineral Waters.

THE Waters, which are raised from an Artesian boring of nearly 600 feet through limestone rock into the substratum beneath, have borne the test of many years, from a large number of diseased persons, and their value recognized in the vicinity, that no one is now found to call in question; and were it not for their abuse in quack advertisements, thousands of well-attested Certificates to this effect could be launched into the world.

It is only from the well-ascertained fact of their being every way capable of rivaling every other Spring of the same character in America, that capital has been embarked, and this effort now made to bring them into universal notice and repute. The medical men who have visited the Bathing Establishment, and have employed the Concentrated Water, either in their own cases or those of their patients, have unanimously accorded their highest enconiums upon the excellent arrangement, comfort and cleanliness of the former, and the marked beneficial effects that have uniformly succeeded the employment of the latter, or both, in all diseases to which their use was applicable.

Before saying anything more we subjoin the Analysis of the Spring, made by Prof. CHILTON, of New York, July 27th, 1853—from one pint.

(Specific Gravity, at 60 degrees Fahrenheit, 10.347.)

Chloride of Calcium 2,950.40 Chloride of Magnesium 1,289.76 Chloride of Sodium 781.36 Proto-Chloride of Iron 1376	Iodide of Magnesia
Sulphate of Lime	

This is the composition of the Water in its natural state, as delivered at the pump and employed at the Baths; but the bottled Water contains all the Medicinal agents, after the separation of the common salt, in a vastly increased proportion. To descant here upon the remedial effects of those very important chemical elements would truly be a work of supererogation. I need only to allude to the large quantity of IODINE, BROMINE, and PROTOXIDE OF IRON, to insure a recognition of the claims of this preparation at the hands of every thinking and scientific man.

The large quantities of chlorine which this valuable water contains, make it decidedly the most important Mineral Water yet discovered, not only as a remedy for typhus and chronic affections of the liver, scarlatina and malignant sore throat, but as a gargle in putrid sore throat, a wash for ill-conditioned ulcers and cancerous sores, and as a local bath in diseases of the liver. A small quantity of this water added to a bath will effectually remove tan, freckles, cruptions on the flesh, salt rheum, scurvy, &c.

Bathing in these waters has been attended with such magic effects, that hundreds of invalids laboring under the following diseases, viz: Scrofula, Dyspepsia, Liver and Kidney diseases, Gout, Rheumatism, Neuralgia, Lumbago, want of action in the Digestive and Urinary organs, Sea-sickness, Paralysis, &c., &c.,—have during the present season, been attracted thither. A place, till recently, unknown to most people, has been already thronged with the victims of disease—not one of whom but has cause for rejoicing in the restoration of health, the complete removal of the cause of disease. and a vigor and energy of constitution hitherto to them unknown. A Bathing-House has been erected, and fitted up in a style and extent sufficient to gratify the most fastidious, and accomodates a large number of visitors. There is, besides, a spacious and comfortable Hotel, suited to minister to the wants and comforts of all, whether in pursuit of pleasure, or what is infinitely of more concern, the restoration of health—without which pleasures please not, however sweet they be.

HAMILTON, C. W.,

Is situated on the south-western extremity of Burlington Bay, and a station on the Great Western Railway, in the Township of Barton and County of Wentworth. It was laid out in 1813, and occupies a space extending back from the bay to the base of the mountain, a distance of about

a mile and a half. Hamilton affords every facility for a large mercantile and manufacturing business, which is carried on to a large extent. The Great Western Railway has its head office here; the Gore Bank has its head establishment here, and the Bank of British North America, the Commercial, Upper Canada, Montreal and Toronto Banks, have each a branch in the city. The city is well lighted with gas. Magnificent water-works have been constructed at a cost of \$800,000, which supplies the city with abundance of water. The buildings are mostly very fine and costly, and are chiefly of stone and brick, and some have a very imposing appearance. A very large wholesale business is done here in the dry goods, grocery and produce line. In summer, daily lines of of steamers run between Hamilton, Toronto, Kingston and Montreal, and by means of the Great Western and Grand Trunk Railways, these points are accessible at all seasons of the year; distant from Niagara Falls 431 miles, Toronto 39 miles, London 76 miles, and from Windsor 153 miles. Mails daily. Population, by Census, 1861, 19,072.

CORNER OF KING AND WELLINGTON STREETS,

HAMILTON, C.W.

Extra Pickling, White Wine, Malt, and Cider Vinegars always on hand.

Analysis of Charlton's White Wine Vinegar by Prof. Croft.

B. E. CHARLTON, Esq., Hamilton.

Toronto, February 29, 1861.

Dear Sir,—1 have examined the specimen of Vinegar manufactured by you, and sent to me for analysis, and find it to be a perfectly pure and wholesome article, containing nothing besides Acetic Acid* and a small quantity of coloring matter.

The amount of pure Acetic Acid contained in 100 parts of the Vinegar is 6 1-10, hence it is equal in strength to the best French Vinegars, and can be employed for the same purposes.

I remain, yours truly,

(Signed)

HENRY CROFT.

THE "SPECTATOR,"

A POLITICAL,

Commercial and General Aewspaper,

PUBLISHED AT HAMILTON, C.W.,

By WILLIAM GILLESPY.

The "Spertntor"

Is now the OLDEST UPPER CANADA JOURNAL, but one, published West of Toronto. It was commenced in 1846, being then issued Semi-weekly; it is now issued Daily, Semi-weekly, and Weekly,—the two latter being the CHEAPEST PAPERS IN THE PROVINCE.

The Political leaning of the "SPECTATOR" is well known, and as a general newspaper has never been excelled. It is regularly furnished with full Telegraphic Reports of News from all parts of the World; and its facilities for giving the latest Markets, and other Commercial Intelligence, are not surpassed by any other Journal.

SUBSCRIPTIONS, PAYABLE STRICTLY IN ADVANCE, ARE

DAILY, per annum	-	-	\$5 per	copy.
SEMI-WEEKLY, per annum	-	-	2	66
WEEKLY, per annum -	-	-	3	66

Persons sending Five, or more, Subscriptions for any of the issues, will be entitled to a Copy, GRATIS.

GREAT WESTERN

MANLWIAY.

1861.

1861.

THIS Road is laid through Canada West: Terminus at Windsor, opposite Detroit. Length of main line hrough Canada, via Chatham (45 miles), London (109 miles), Paris (156 miles), Dundas (180 miles), Hamilton (185 miles, Niagara, 220 miles, with branch to Guelph, 28 miles, and one to Toronto from Hamilton of 38 miles, and one from Komoka to Sarnia of 51 miles.

Ferry-boat "Union" to and from Michigan Central R. R. Depot, Detroit, and ferry-boats "Windsor" and "Ottawa" to and from Detroit and Milwaukee R. R. Depot, Detroit.

This line, in connection with the Michigan Central, Michigan Southern, and Detroit and Milwaukee Rail Roads, transports to and from the East and the States of Illinois, Indiana, Iowa, Wisconsin, &c., the vast interchanging traffic, merchandize, produce and stock to their respective markets. The Great Western Railway has opened a continuous Railway communication between the remote West and the Atlantic Cities, and is inestimably appreciated by the public for the winter facilities of travel, which, until the completion of the line in 1854, were not existing.

GREAT WESTERN RAILWAY.

THE Great Western extends its passenger and transportation connections by the Grand Trunk Railway, and by the several magnificent Lines of Steamers which navigate Lake Ontario and the St. Lawrence to all the Cities of Lower Canada, and to the Atlantic Seaboard, both in Canada and the United States; and by the New York Central, Hudson River, Boston and Worcester, Western and the New York and Erie Railroads, to New York, Boston, &c.,—the Great Western Railway connecting with all the diverging Railway lines through Michigan, Ohio, Pennsylvania, New York, Massachusetts and Maine. To and from St. Louis, New Orleans, and United States Territories West of the Mississippi, this is a direct route from all parts of the New England States and the Canadas. The Company's Stations at Sarnia and Hamilton, now provided with grain elevators, renders that line the most eligible route for the transport of all kinds of grain from the Great West to the Seaboard.

PARTICULAR attention given to the cleaning, filling and regulating of Teeth. The best of Mineral Teeth inserted in a manner to suit the requirements of every patient. Dentists supplied with material and instruments of nearly every description.

TORONTO, C. W.,

The Metropolis of Upper Canada, is situated on the north-west shore of Lake Ontario, facing a very spacious bay, or beautiful sheet of water, somewhat oral in form; the city is laid out in the form of a parallelogram; with singular regularity. The streets intersect each other at right angles. King and Yonge are the two principal streets, the former runs parallel with the bay, and the latter intersecting it extends northward through a rich and prosperous agricultural country, forming a sort of irregular village for thirty miles in length. The public buildings are very numerous, and many of them extremely handsome, such for instance, the University Buildings, Osgoode Hall, Normal School, the General Hospital, St. James', St. Michael's, Zion, and Knox Church, the City Hall, St. Lawrence Market, the Exchange, the Mechanics' Institute, Post Office, Medical Colleges, Lunatic Asylum, and others too numerous to mention. Toronto is doing a very large business in the dry goods, hardware, groceries, boots and shoes, grain and lumber trade, which is carried on by means of the Great Western, Grand Trunk and Northern Railways, and the many steamboats, propellers and other vessels that navigate the waters of Lake Ontario; distant from Niagara Falls 50 miles, Collingwood 94 miles, Hamilton 45 miles, London 115, miles, Kingston 165 miles, Montreal 333 miles, New York 500 miles, and from Boston 593 miles. Mails daily. Population 45,156 by census of 1861.

WHOLESALE AND RETAIL, No. 134 YONGE STREET, TORONTO, C. W.

Norris Black,

MANUFACTURER OF

ARTIFICIAL LIMBS, &c., No. 81 BAY STREET, TORONTO, C.W.

THE Artificial Legs of his manufacture combine all the latest improvements, Selfacting Knee, Side Motion at the Ankle, and India Rubber Springs: they are so constructed that they are accessible in every part for adjustment or repair. He has also invented a new apparatus for the operation through the Tarsus (Hey's or Chop int's), that moves in harmony with the natural joint, and only adds to the thickness of the foot about half-an-inch, and is sufficiently strong to answer all purposes. Hands can be supplied to restore the appearance, and to be quite convenient, when the amputation has been performed between the elbow and the wrist.

Testimonial from Dr. Hodder, President of the Medical Board, U. C.

"I have carefully examined the Artificial Leg constructed by Mr. Norris Black, of Toronto, and I have no hesitation in giving it as my opinion that it is better adapted to imitate the motions of the knee and ankle joints, and at the same time is a more simple and useful limb than any with which I am acquainted.

A Table of Premiums has been lately framed, so as to reduce the cost of Life Assurance to the lowest point. It will be observed the Rates payable for the first seven years are not much more than half the usual charge, while, for the remainder of life, they are still more moderate.

To Assure £100, payable at death, with profits after first Seven years :-

AGE.	First 7 Years.	Remainder of Life.
20	£1 1 8	£2 5 7
25	149	2 12 0
30	$1 \ 8 \ 0$	2 19 11
35	1 11 10	3 9 10
40	1 16 3	4 8 0
45	2 0 11	5 1 1
50	$2 \ 8 \ 4$	6 7 5

Premiums payable half-yearly or quarterly without extra charge. Loans granted to the assured to the amount of the value of the Policy at 5 per cent. interest.

Policies purchased by the Company at any time. Age and Interest admitted on the Policy. Thirty days of grace allowed for payment of Premiums and should assured die during that time, claim binding on Company. Assurances forfeited may be renewed within a year under certain conditions. No expense in connection with obtaining Policies. The Assured run no risk of Partnership. All information on the subject of Life Assurance will be given at the Office.

"THE LEADER,"

"The Patriot," and "News of the Week."

The favor with which The Leader has been received by the Public may be judged by the fact that since its commencement, in July, 1852, it has steadily increased in circulation until, in its various Editions, it has SEVERAL THOUSAND more subscribers than any other paper in Canada. Every exertion is being used to make it more and more indispensable for every family in the Province.

THE DAILY LEADER

Is published every morning, in time for the early trains, at SIX DOLLARS per annum, in advance. It is a large sheet and contains the earliest and most reliable intelligence that can be obtained from every part of the world.

THE SEMI-WEEKLY LEADER

Is published on Tuesdays and Fridays, at THREE DOLLARS a year, in advance. It contains all the reading matter of the *Daily Leader*; and for parties who do not reside near enough to the Post Office to call every day, this paper will supply them with all the intelligence they could receive from a Daily.

THE WEEKLY LEADER

Is published every Friday, and "THE PATRIOT" and the "NEWS OF THE WEEK" are published every Wednesday, at the rate of ONE DOLLAR, in advance. These papers are printed on a large sheet, and contain the most important part of the reading matter of the Daily Leader. Market Reports are particularly attended to in them. These are the CHEAPEST PAPERS in the Provinces.

One dollar a year is added to each Edition when not paid in advance.

TO ADVERTISERS.

THE large circulation of The Leader makes it the very best medium of publishing notices of any kind.

RATES—For Daily, four pence a line for first insertion, and one penny each subsequent insertion; for Weeklies, six pence a line for each insertion.

DIRECTS THE ATTENTION TO THE TRADE OF THE FOLLOWING:

Parents desirous of having a Fine Head of Hair on their Children, as well as on themselves, should never be without the C.H.I., deservedly so popular throughout Canada.

It is within the reach of all. It is the cheapest and the best. Try it at once.

In fragrance, delicacy and durability of odor, nothing is like it; and as a Perfume for the hair, it at once commends itself to the good taste of every lady and

gentlemen who desire a pleasing Hair preparation.

It is sure to produce new hair, when the tone of the scalp is not irretreviably lost.

CASTILIAN HAIR INVIGORATOR! THE

T IS WARRANTED that this elegant preparation for the Toilet will be found to A excel all others ever offered to the public for the preservation and restoration of the Hair, for promoting its growth and softness, and for preventing baldness or grey hair, or its falling out. It usually prevents scurf or dandruff, and cures or removes tatter or ring-worm, and various other skin diseases which frequently attack the head; and what is of the first importance, it is perfectly harmless, but yet generally successful for the purposes for which it is recommended. Its use gives the hair a beautifully soft, smooth, rich and glossy appearance.

The CASTILIAN HAIR INVIGORATOR has been used for more than a century by the nobles of Spain, but more particularly by the ladies of that nation, who are so justly famed for their beautiful and dark glossy hair. It will retain or restore to the latest period of life the original colour of the hair, only causing it to assume a darker shade, if originally very light.

When the hair gets into a diseased state, it either loosens and falls out, or turns grey. This occurs frequently in the young, or in those about the middle period of life; and if not speedily attended to, the head becomes prematurely bald, or the hair prematurely grey. The CASTILIAN HAIR INVIGORATOR alters this condition of the hair and restores it to its original state.

New Hints for the Toilet.—The beauty, vitality and growth of the hair, depends much upon the condition of the scalp. It is therefore of the first importance that this be kept clean, and free from dandruff or other impurities. To effect this, apply the Invigorator once a day, or at least every second day, using briskly a moderately stiff brush. When dressing the hair, never force the brush against the natural course of the hair, but draw it in the direction you wish it to lie. Much injury often results from the very common and peroicious practice of raking the head rapidly, with a stiff brush in every direction—crumpling, twisting and breaking up the hair in all conceivable ways. This is wrong, and cannot be persisted in without impairing the beauty, flexibility and growth of the hair, and must ultimately produce as an inevitable consequence, a nude scalp, or a hard, lifeless, and nusstificatory head of hair.

The First USE of the Invigorator of the relieves header had improves the sight and heaving.

The FREE USE of the INVIGORATOR often relieves headache, and improves the sight and hearing. Thousands of the most flattering testimonials have been received from those who have used the above Toilet preparation; but it is not deemed requisite to give them here, as one trial will convince any one of

the superiority of the article.

Keep the bottle well corked.

TO THE DISPEPTIC & CONSTIPATED. DR. BUCHAN'S

THIS MEDICINE is well known to a large number of the most respectable families in Toronto and its neighbourhood, as well as in many parts of the Province for its superior-Health Restoring Properties. In cases of Acute, as well as Chronic diseases; especially those arising from Impurities of the Blood, Indigestion and Constipation, Loss of Appetite, Lowness of Spirits, Drowsiness, Heartburn, Flatulency, Acidity or Sourness of the Stomach, Pain in the Side, in the Stomach, in and between the Shoulders, and in the small of the Back, Bilious Attacks, Nervous, Periodical and Sick Headache, and in Chronic Hepathic affections accompanied with Indigestion. It is generally admitted to be an invaluable Medicine, also in Rheumatism, Spasms, Unpleasant Sensation of fulness after eating, Marasmus or wasting of Flesh in childhood or early youth, Chlorosis or Green Sickness, Amenorrhœas, Dysmenorrhœa, all glandular enlargements and various other complaints and disease incident to females.

The Bitters act most beneficially on the Liver as well as on the Stomach and Bowels, and in Constipation connected with long continued derangement of the biliary organs, termed Bilious Dyspepsia, it will be found a most wonderful

Medicine.

For Students and all those of Sedentary habits, it is the safest and best Medicine for preventing constipation, so troublesome and health-destroying.

To all classes of society, but especially Females, Artizans, Mechanics and all others whose employment confines them to a sitting posture, this Medicine is of

the greatest service.

In all impurities of the blood it will be found efficacious and safe, not interfering with diet or avocations—and is warranted superior to any other remedy ever offered to to the public, for the purpose for which it is recommended.

WOODSTOCK, C.W.,

An important and flourishing town, situated in the county of Oxford, between the North and South Ridings, and forming one of the municipalities of the latter. Its location is very healthy, being on the height of land of the western peninsula, and surrounded by an exceedingly rich and fertile country. Its principal business is various manufactures and commerce. The Great Western Railway has a station here. There are several first-class hotels. The principal buildings are of brick, and make a very fine appearance. Here we would call particular attention to STARK's CHEMICAL ESTABLISHMENT. Distant from Niagara Falls 91 miles, Hamilton 48 miles. Paris 19 miles, London 29 miles, and from Windsor (the western terminus of the G. W. R.) 138 miles. Mails daily. Population about 3,550, census 1861.

NELIGAN'S CELEBRATED ENGLISH WORM CANDY

Is recommended by Doctors in all parts of Canada as the very best Worm Medicine ever discovered. It is made from a recipe of the celebrated Irish Doctor, Naligan. Hear what a well-known Doctor says:

PRINCETON, July 8th, 1860.

R. STARK, Esq., Woodstock:

Stark, Esc., Woodstock:

Stark, Esc., Woodstock:

Star I cheerfully recommend "Neligan's English Worm Candy" to the public. I have used it exclusively in my practice, and have found it efficacious in almost every case. It possesses none of the nauseating qualities of "orthodox" drugs, so repugnant to children, but is pleasant to the taste, and will no doubt, eventually supersede any other worm medicine now in use.

DANIEL CLARK, M.D.

From all parts of Canada I have received certificates of the wonderful cures made by

CHERRY BALM,

In Consumption, Coughs, Colds, Croup, Asthma and Bronchitis. PRICE, 75cts. per Bottle. Prepared by R. STARK, and sold by all Druggists.

As an internal and external remedy for pain of all kinds,

R. STARK'S PAIN KING

Is the most valuable remedy ever discovered, Thousands, in all parts of Canada, have given their testimony to its beneficial effects. That it has performed the most wonderful cures ever made—even when all hopes of cure were gone—in the following diseases, no one can doubt: Rheumatism, Colds, Dyspepsia, Erysipelas, Fever and Ague, Chilblains, Weakness, Giddiness, Fevers, Headaches, Loss of Appetite, Nervousness, Piles, Skin Diseases, Swellings, &c., &c. The influence it has over pain is truly wonderful: in fact, it often exceeds belief.

The great Headache Remedy, made in England by Dr. Bartee.

BARTEE'S EAST INDIAN VEGETABLE PILLS

Are before all other Medicines for Headache, Lumbago, Erysipelas, Costiveness, Piles, Billiousness, Liver Complaint, Jaundice, Indigestion, Dyspepsia, Scrofula, Pimples, &c., and they are a very valuable Female Pill. Dose, four or five. Price, 25cts, a Box. Prepared by DR. BARTEE, M. R. C. S., 275 New Bond Street, London, England.

R. STARK, Woodstock, Agent for all America.

HEAVES! HEAVES!

HAVE BEEN CURED BY

R. STARK'S MECCA HORSE CURE

It also makes the poorest and most miserable animals fine, fat and active. Dosz, one table-spoonful. Price, 25cts. a package, or Five for One Dollar.

CERTIFICATE.

MR. R. STARK, Chemist, Woodstock:

EAST ZORRA, August, 1860.

SIR.—Your Powders entitled "Mecca Horse Cure," is a Medicine that will be of the greatest benefit to Farmers, Horse Dealers, &c. as I have found it to produce the most remarkable effect upon Horses and Cattle, making the poor and unthrifty strong and healthy in an exceedingly short time. Horses like it, and I have found it a sure cure for Colds and Coughs. It is producing the best possible effect upon a horse of mine which has the Heaves, although I have not tried them long, but will let you know in a month or two.

LONDON, C. W.,

The chief seat of the county of Middlesex, beautifully situated on the River Thames; the streets are wide and well built, and run at right angles; the buildings are mostly built of brick and stone, and are beautiful specimens of architecture. London contains a large number of fine dry goods stores, hotels, foundries, &c., situated in the centre of a rich agricultural district, which furnishes a large trade in wheat and other agricultural produce, lumber, &c., &c. All the principal Banks have agencies here; the city is lighted with gas of a very fine quality. The Tecumseh House is under the popular management of Mr. James Bennett, and is capable of accommodating from three to five hundred guests. The Great Western Railway passes through the city. The Grand Trunk Railway has a branch running here from St. Mary's; there is

ST. THOMAS, C. W.,

A flourishing town, situated in the Townships of Yarmouth and Southworth, in the County of Elgin. The scenery surrounding St. Thomas cannot be surpassed by any town in Canada; it is situated in the centre of a fine wheat-growing country which furnishes a fine market for wheat and other agricultural produce; the buildings, both public and private, will compare favorably with any town in Western Canada. There are three hotels here; the St. Thomas Hotel is under Mr. Thompson's management, who is a host in himself; Laing's Hotel is conducted by Mr. Laing, who is a gentleman,—we wish we could say as much for the other house. St. Thomas is the chief station on the London and Port Stanley Railway; distant from London 15 miles, Port Stanley 8 miles. Daily mail. Population, 1,622 by the census of 1861.

CHATHAM, C. W.,

A town in the Township of Raleigh and County of Kent. It is the chief town of the county, and is situated on the River Thames, about 18 miles from where that river debouches into Lake St. Clair. The river is navigable to Chatham for vessels of the largest class. Chatham is in the centre of a rich agricultural county; it has some fine public buildings; the Great Western Railway has a station near its southern limits. A large business is carried on here in lumber, wheat, flour, soap, candles and pot and pearl ashes. There is also a woollen factory here that is doing a very fine business. The hotels are very fair-the Royal Exchange is the best in the town; distant from Niagara Falls 198 miles, Toronto 176 miles, Hamilton 155 miles, London 79 miles, and from Windsor 31 miles. Daily mail. Population 4,402 by census of 1861.

GUELPH, C, W.

Proprietor HAYDEN'S PATENT HUB, for the County.

GUELPH, C. W.,

An incorporated town situated on the river Speed. It is the chief town of the County of Wellington. Guelph is a first class station on the Grand Trunk. It is the northern terminus of the Galt and Guelph Railway, which connects with the Great Western. Length 271 miles. From Guelph there are regular stages to Owen Sound through Fergus, Elora, and a regular mail to Southampton Being the centre of a rich agricultural district Guelph has an extensive retail trade; its exports are chiefly wheat and flour. In the neighborhood of Guelph there are very valuable quarries of building stone, which will probably soon become a regular article of trade. We will call the attention of the public to the enterprising merchants and professional patrons of this work. By referring to their cards and advertisements you will at once see who they are. We call particular attention to Horseman Bros. advertisement; what they say can be relied upon. Horseman, Brothers, are the heaviest hardware importers in Canada West, and have one of the finest establishments in the Province. Distance from Toronto 47 miles, from Hamilton 30 miles. from Galt 151 miles, from Harrisburgh 27½ miles, Owen Sound 85 miles. Mails daily from the above places. Population 5,141, by census of 1861.

SARNIA, C. W.,

The chief Town of the County of Lambton, situated in the Township of Sarnia, at the upper end of the River St. Clair. near its junction with Lake Huron. It is immediately opposite the City of Port Huron, State of Michigan, with which it has constant communication by a steam ferry at all seasons of the year, the navigation at this point never being obstructed by ice. Sarnia was laid out in the year 1833, and has been gradually growing in size and importance. It contains several steam mills, one foundry, and other manufacturing facilities, and an enterprising class of merchants. We call particular attention to the Card of the Great Western Hotel, Mr. J. McAvoy, proprietor. With an excellent harbor and its unsurpassed facilities of intercourse by rail and water, it will doubtless become a place of considerable importance. Distance from London by the London and Sarnia branch of the Great Western Railway, (which connects with the main line at Komoka, 104 miles west of London,) 60 miles, from Detroit, (to which place first class steamers run daily during the season of navigation,) 60 miles, from Chatham, via Wallaceburg, 60 miles, from Goderich, 65 miles, to which place there are regular lines of boats. Mails daily; population, 2,022, according to census of 1861.

GODERICH. C. W.

Goderich forms the terminus of the Buffalo and Lake Huron Railway, and is situated at the mouth of the River Maitland, upon an eminence of 150 feet above the level of Lake Huron. The plan of the town deserves particular notice. An elegant town hall graces the centre of a large octagonal area round which rise up in stately dimensions, numerous stores and hotels; several churches rear their spires in the distance. The grammar school adds another ornament to the architectural structures of the place; on one side the primeval forests, and on the other the mirrored surface of Huron's inland sea form the horizon to the delighted spectator. Altogether Goderich is a desirable residence; it is said to be unsurpassed for the healthiness of its situation; the soil in its vicinity is remarkable for its fertility; the fisheries yield excellent profits to the proprietors. There are a regular line of steamers from this point to Sarnia, distance 65 miles. We call particular attention to the advertisement of Huron Hotel, J. J. Wright, proprietor. We have little hesitation therefore, in predicting an unprecedented progress for the Canadian "Queen of the West." Population 3,210 by census of 1861. Distance by railway from Stratford, where the Buffalo and Lake Huron connects with the Grand Trunk, 44 miles, from Buffalo, N.Y.. 160 miles, from Toronto by railway, 132 miles.

BRANTFORD, C. W.,

An incorporated and thriving town, situated on the Grand River and Buffalo and Lake Huron Railroad, in the County of Brant, at the head of navigation. Brantford enjoys direct communication with Lake Ontario and New York City, by canals. It is the most important station on the Buffalo and Lake Huron Railroad, and is celebrated for its flour, steam engines, stoneware, agricultural implements, stoves, &c. Brantford is situated in the centre of a rich farming district; the buildings, both public and private, are large and substantial. Brantford can beast of having one of the finest hotels in

Canada "The Kerby House," (See advertisement). We will also refer to the advertisements and cards of the principal merchants, manufacturers and professional men. We call particular attention to the advertisement of Messrs. Ganson. Watrous & Co., and to the hardware advertisements; among them will be found the advertisement of Messrs. A. Martin & Co., they have the largest house in Canada West. 25 feet front and 126 feet deep, occupying three floors, with a large and complete stock of shelf and heavy hardware. The stores in Brantford are not surpassed by any in Canada. There are two weekly newspapers published here, for advertising mediums, they cannot be surpassed as the circulation is very extensive; The Brantford Courier, published by Mr. Henry Lemmon, the Brantford Expositor, published by C. E. Stewart, Esq.; distant from Niagara Falls 60 miles, Hamilton 25 miles, Paris 7 miles, and from Buffalo, N. Y., 76 miles. Daily mails. Population 6,250, by census of 1861.

KERBY HOUSE,

BRANTFORD, C.W.

JAMES KERBY, PROPRIETOR.

THE PEOPLE of Canada are respectfully informed that the above Hotel is open for the reception of visitors. The House is large and commodious, second to none in Canada, being capable of

ACCOMMODATING FIVE HUNDRED GUESTS

It is built on the most approved principle—every attention having been paid to its proper Ventilation, Heating, &c. The Bedrooms are large and airy, and the Parlors, Halls and Passages constructed with a view to the comfort and convenience of Travellers. The House is Furnished throughout in the best modern style; the Upholstering and Furniture being of the most splendid and recherche description. While the Kerby House posesses all the attributes of a first-class Hotel, it will be found also to combine the more genial comforts of a home. Within, there is also in connection with the House a magnificent

CONCERT HALL AND BALL ROOM.

100 × 40 feet, to which the attention of Proprietors and Managers of Exhibitions is respectfully directed. The Hall is well lighted with Gas, and can be converted into a Theatre at the shortest notice. The LARDER and WINE CELLAR of the Kerby House are not inferior to those of any Hotel on the Continent, while the terms are reasonable.

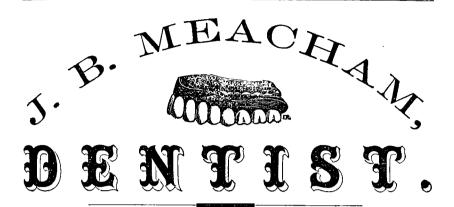

It is needless to state that Brantford is a large and growing Town, containing at present a population approximating to Eight Thousand. It is the County Town of the County of Brant, without exception the first Agricultural County of Upper Canada. The Grand River flows through the Town, affording to the Sportsman and Tourist ample means of gratifying their respective tastes, for the scenery on this noble stream is grand and beautiful, while fish of all kinds are found in its waters, and its banks abound with game.

THE BUFFALO & LAKE HURON RAILWAY,

Which has its principal Depot in Brantford, connects the Town with BUFFALO during the season, while water navigation to Lake Erie is direct; thus affording superior facilities of access from all parts of the United States and, Canada, at all seasons of the year.

The Hotel is in a central position, situate on Colborne and George Streets, facing the Market Square, the Post Office and Telegraph Office being in the Kerby House Block.

CALEDONIA, C. W.,

A thriving business town, at the junction of the Buffalo and Lake Huron and the Hamilton and Port Dover Railway. The Hamilton and Port Dover macadamized road passes through it. The Road Company are now building a new patent truss bridge across the Grand River at this point, and the road generally is one of the best in Canada, and is the main thoroughfare between Hamilton, Simcoe, &c. &c. Trains make close connections with stages for above points. Caledonia is 14 miles from Hamilton. Mails daily. Population about 1,500.

DUNNVILLE, C. W.

The incorporated village of Dunnville is situated on the Grand River, extending northerly to the Buffalo and Lake Huron Railway, where the dam is made to supply the Welland Canal, four miles above the mouth of the river, and the best and safest harbour on Lake Erie. By there being a dam thrown across the river, it affords excellent water privileges, although there are at present only two saw mills, two grist mills, one carding machine, and one turning factory-two saw mills and one flouring mill having lately been burnt down. In Dunnville there are five churches, some handsome and extensive stores, and a large and convenient brick school house. with tastefully laid out play-ground, &c. The soil in the neighbourhood is mostly a sandy loam, and, though not well calculated for fall wheat, yields good spring crops. The locality is healthy. Population 1,267, by census of 1861.

TAYLOR'S

INTERNATIONAL

HOTEL AND SALOONS,

COR. BROADWAY & FRANKLIN ST..

NEW YORK.

JOHN TAYLOR, PROPRIETOR.

OPINIONS OF THE PRESS.

(From the N. Y. Day Book.)

THE ELEGANCIES OF A PALACE.—Travellers abroad, and particularly those who have visited sunny Italy, are apt to expatiate upon the extraordinary combination of luxury and cheapness which that beautiful country affords; but in our own New York we can rival, nay surpass, her most gorgeous palaces in every attraction which exquisite architecture, elaborate carvings and mouldings, the most perfect combinations of colors and gold, the splendid effect of rich frescoing, the unlimited display of vast mirrors, and, indeed, in all costly embellishment which a profuse, we might almost say reckless, expenditure of money will produce, we are at this time far ahead of the most extravagant of European cities.

It is very possible that London, Paris, Brussels, Antwerp, or Florence, may possess a Hotel larger than Taylor's International, of this city, but in decorations, rich to repletion, where elegance and economy are blended, there is not its equal in all Europe. The department of cookery is unique, and we presume the claim set up by the patrons of this establishment, that it is really the most perfect Hotel in the world, on the European plan, will not for a moment be questioned. The interior of the house is on a scale as magnificent as the expenditure of half a million of dollars (the cost of the house and ground) would warrant, but the saloon, or salle de manger of the house, an immense apartment opening upon Broadway, is perfectly dazzling to the stranger who first steps upon its Mosaic stone floor.

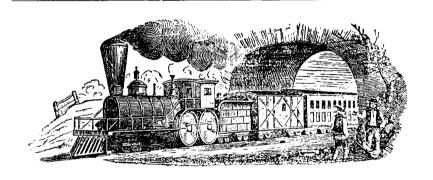

It would occupy too much space to give a picture of this splendid Saloon: but to one who has not been within its blaze of beauty by day or night, the charming effect of its blue, and green, and gold, its hundreds of gas lights, its numereus mirrors from one end to the other, the subdued play of sunlight through its stained glass aclove, the gorgeous and elaborate frescoing of wall and ceiling, the artistic labor upon each of the columns, the crowds ever to be met here, fashion, wealth, and extravagance, all. must be seen by the stranger to realize a daily or nightly picture of Taylor's International Saloon. It would seem as if the proprietors could not lavish money enough on this affair, and the last bit of extravagance we notice is a very fine clock, at the moderate cost of one thousand dollars.

The price of living at this Hotel, or that of a dinner in its saloon, may be rendered as economical as the most prudent could desire, or as extravagant as the requirements of a gourmand might result in. For all classes it is a favorite resort, and can be made to combine a good table, luxurious display, and limited expenditure.

PATENT PORTABLE

STEAM CIRCULAR SAW MILLS.

The Subscribers have the exclusive right of building the above-named Mills in Canada, under a patent granted about the 6th December, 1854.

Among the many qualifications they possess over other Mills are the following:

1st. There is no Mill built with ONE SAW that is capable of cutting lumber FASTER or BETTER.

2nd CHEAPNESS:—They can be put in operation for from Six to Eight Hundred Dollars less than other Mills of the same capacity.

3rd. PORTABILITY:—They can be moved from one locality to another at a compatively trifling expense.

4th. SIMPLICITY:—Being less liable to derangements and consequent repairs, and requiring less oil and less attention than any other Mill in use.

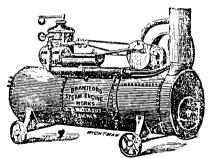

• Fig. We are now selling the above Mills at very REDUCED PRICES, giving credit on undoubted securities.
