A Special Meeting of the Society may be called at any time by the President, or in his absence from the Diocese, or in the event of a vacancy in the See, by two of the Vice Presidents and ten other members of the Society, by a written order to the Secretary, who shall notify the same in the manner hereinbefore provided in respect of the Annual Meetings. Such Special Meetings shall be held at such places as the President shall fix, if called by his order; or otherwise at the place where the next stated meeting of the Central Board is to be held.

ARTICLE VIII.

Contributors may limit and direct any portion, not exceeding one half, of their contributions, to be applied to special objects within the designs and purposes of the Society.

Lists of the Persons so subscribing or contributing, shall be furnished by the Treasurers of the District Associations, or by the Treasurer or Treasurers of the Society where there shall be no District Association, to the Secretary of the Society, to be laid before the next meeting of the Society at which an election may take place.

ARTICLE IX.

Of the Central Board.

There shall be a Central Board for the Management of the general business of the Society, consisting of the President, the Vice Presidents, and the other Officers of the Society, the Incumbent and Church Wardens of every Church or Chapel of the United Church of England and Ireland within the Diocese, being members of the Corporation, and of such others as shall be chosen annually at the General Meeting of the Society, from among the Members of the Corporation.

The Board shall meet three times a-year, alternately at Quebec and Montreal, on the Wednesday nearest to the 15th May, and 10th October, and on the Friday next after the Annual Meeting. In the event of its being found necessary to hold a special meeting of the Board during the winter months, such meeting shall be taken to count as one of the Meetings held alternately between the two cities. The first Meeting thereof shall be held on the 23d day of October, in the present year, at Quebec. Special Meetings may be called by the President, or in his absence from the Diocese, or in the event of a vacancy in the See, by two of the Vice Presidents, and four members of the Board: and not less than seven Members present at any meeting shall form a quorum. When a sufficient number of members to form a quorum shall not assemble on the regular day of the meeting, the members present shall have power to adjourn to another day, and so on *toties quoties*, until a quorum shall be found; and business shall and may then be proceeded in.

The Central Board shall have authority to make such rules as may be necessary for the Government of its own affairs, provided that none of them be contrary to, or inconsistent with, the spirit of the Constitution or By-Laws of the Society.

ARTICLE X.

Of District Associations.

In connexion and correspondence with the Central Board, there shall be formed District Associations (except in the cities of Quebec and Montreal, and the Banlieues thereof) to be composed of the Clergy, and all other Members of the Society resident within the bounds of such Districts, a contribution of 5s. per annum, constituting membership of such District Associations. The District Associations (except as hereinbefore excepted) shall continue as heretofore settled by the Central Board of the Society, before its Incorporation, until otherwise hereafter determined by the Central Board. The senior Clergyman holding a Pastoral Charge within such bounds, and being a member of such Association, shall be, *ex officio*, Chairman thereof—they may have a Secretary and Treasurer, and shall meet at such places as they may themselves determine; at one of which meetings the officers shall be appointed and a report of the proceedings of the year read. The District Associations shall have authority to make rules for the government of their own affairs, provided such rules be not contrary to, or inconsistent with, the Constitution or By-Laws of the Society. They shall report annually to the Central Board, at least one month before the Annual General Meeting of the Society, (and at such other times as the Secretary, on behalf of the Board, shall require) a statement of their proceedings, and a detailed account of all the monies received and expended by them during the year.

ARTICLE XI.

Of the Sub-Committees of the Society.

For the more effectually carrying on the designs of this Society, the Clergyman and Church Wardens in every Parish and Missionary Station, and the Minister and Wardens of every Chapelry within the Diocese, shall be a Sub-Committee of the Society, in correspondence with the District Association, within whose bounds such Parish or Missionary Station is situated, or in the Cities of Quebec and Montreal, with the Central Board, through the Secretary of the Society. This Committee shall meet as often, and at such periods, as they themselves shall decide to be most convenient, inviting the co-operation of all the Parishioners, in their deliberations and designs. They shall collect subscriptions and donations from the members of the Church, in such manner as they shall deem most effective, and endeavour, by every means in their power, to augment the resources of the Society. One sermon at least shall be preached during the year within the limits of each Parish, Station, or Chapelry, on such Sunday as the Bishop shall appoint, in favour of some one or more of the objects of the Society; and a collection shall then be made in aid thereof, the proceeds of which shall forthwith be remitted to the Treasurer or Treasurers of the Society; any Parish, Station, or Chapelry, in which such sermon shall not have been preached, shall not be considered entitled to any grant or benefit from the Society, until a sermon shall have been so preached.

All other monies raised by such Sub-Committees, shall be remitted to the Treasurer of the District Association; or to the Treasurer or Treasurers of the Society where such monies shall have been raised within the cities and Banlieues of Quebec and Montreal.

ARTICLE XII.

One-half of all the monies paid into the hands of the Treasurers of the District Associations, respectively, and not specially appropriated by the contributors, shall be transmitted to the Treasurer of the Society, to be at the disposal of the Central Board, and the remaining half of all such collections shall, when required, be expended within the Parish or District in which they have been made, for such objects only as are specified in the Constitution of this Society—the allotment to be made by the Committee of the District Association. All monies remaining unappropriated at the General Annual Meeting of the District Association, shall be forthwith transmitted to the Treasurer or Treasurers of the Society to be at the disposal of the Central Board.

ARTICLE XIII.

Of the Lay Committee of the Church Society.

A Lay Committee, consisting of not less than twenty-six members shall be chosen at the first Meeting of the Central Board after the Annual Meeting of the Society from among the members of the Corporation, thirteen from and for the District of Montreal, and thirteen from and for the other parts of the Diocese, forming two distinct branches within those limits respectively. Three members of each branch shall form a quorum, and they shall have power to fill up any vacancies which may arise within their own body.

The proceedings of the Lay Committee shall be subject to the sanction of the Bishop of the Diocese. The clerical and other members of the Central Board may attend at any of the General Meetings of the Committee, and may propose and discuss matters therein, but shall have no vote; and the Committee shall report their proceedings to the Central Board at their stated meetings. The objects of this Committee shall be:

First—The placing the clergymen, now resident and doing duty in the Province, upon a just footing as regards the sufficiency and permanency of their incomes.

Secondly—The providing for the permanent and adequate support of an increased number of clergymen, so that, with the least possible delay, the members of the Church in every portion of the Diocese, may have the means of access to a Church within a practicable distance.

Thirdly—The building, in every place where it may be required, a Church of stone or brick, upon a well considered plan, as to dimensions, external form, and internal arrangement, keeping in view the probability of its requiring enlargement.

Fourthly—The building, in a good situation, convenient to the Church, a comfortable Parsonage of brick or stone, the plan of which should be carefully considered, with reference to size and internal arrangement, and should admit of additions being made, with the sanction of the Bishop.

Fifthly—The insuring such Churches or Parsonages against losses by fire.

Sixthly—The procuring an adequate and permanent support for all the Institutions, authorities, functionaries, suitable and appertaining to the Establishment of the Church of England in this Diocese.

Seventhly—The investing all life subscriptions (unless so far as the application of these may be otherwise limited by the contributors) in a permanent and accumulating Fund, of which the interest only shall be applied to the general purposes of the Society.

Eighthly—The encouraging the formation of a Local Endowment Fund, at every station or place having a Church or Clergyman, by special contributions, or by setting apart a portion of the Pew-rents, to form an accumulating fund until the net income shall in each case amount to £50 per annum; for the more effectual promotion of which object the Society will engage, whenever such fund shall be formed and shall amount to £100, invested in Bank-stock, or other public securities, to add thereto an amount not exceeding £100; provided always that such investment shall stand in the name of the President of the Society.

Ninthly—The management and superintendence of all lands belonging to the Society.

ARTICLE XIV.

All meetings of the Society and of the Committees shall be opened and closed with the Prayers used by the two Societies in England, adapted to our situation, under the direction of the Bishop.

No alteration or amendment in the constitution or By-Laws of the Society shall be made, unless such alteration or amendment shall be proposed at one and adopted at another General Meeting of the Society, provided that not less than one month intervene between the two Meetings and that the object of the Meetings be stated in the advertisement by which they are called. At all Meetings of the Society, of the Central Board, or of Committees, the Chairman, in case of an equality of votes, shall have a double or casting vote.

ARTICLE XV.

Whereas some members of the Church, who are not unmindful of the great Spiritual wants of their own neighbourhood, still feel constrained, in pious gratitude for the blessings they enjoy, to allot something, however small, from the means with which a Gracious Providence has blessed them, towards the spread of the Glorious Gospel among the nations which still sit in darkness; the Society will gladly receive and forward to the Society for the Propagation of the Gospel, the Church Missionary Society, or the London Society for the Promoting Christianity among the Jews, whatever sums may be given for the conversion and instruction of the Heathen or the Jews.

Prayer to be used at all Meetings of the Society,

AND OF ITS SEVERAL ASSOCIATIONS.

Prevent us, O Lord, in all our doings, with thy most Gracious favour, and further us with Thy continual help ; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally, by Thy mercy, obtain everlasting life ; through Jesus Christ our Lord. *Amen.*

O merciful God, who hast made all men, and hatest nothing that Thou hast made, nor wouldst the death of a sinner, but rather that he should be converted and live ; Have mercy upon all Jews, Turks, Infidels, and Hereticks, and take from them all ignorance, hardness of heart, and contempt of Thy Word ; and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be one fold under one Shepherd. Prosper, O Lord, the labors of those Societies of the Church in the land of our Fathers, which Thou hast deigned to use in the promotion of this object, and which have nourished the Church in the Colonies : and bless in like manner with Thy Holy Spirit and Providential succour the Society in whose cause we are now met, and the undertakings which we have now in hand. “ Prosper Thou the work of our hands upon us ; O prosper Thou our handy work,” for the sake, and through the merits of the same Thy Son Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Ghost, one God, world without end. *Amen.*

Our Father, which art in Heaven, Hallowed be Thy name. Thy Kingdom come. Thy will be done in earth, As it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation : But deliver us from evil : For thine is the kingdom, The power and the glory, For ever and ever. *Amen.*

SEVENTH ANNUAL REPORT.

IN presenting the Members of the Society generally, with an account of their operations during the past year, the Central Board find themselves called upon to report to their great regret that, as far as relates to the amount of pecuniary contributions, the result will be found less favourable than could have been desired. This, however, can hardly be matter of surprise, since no one can fail to be aware of the existence of an unprecedented depression of interests in the commercial world—a cause which indeed, to a certain extent, affected the income of the Society for the years 1847–8. It was then, however, hoped that this hindrance to its success would be of no long duration. But it has pleased the Good Providence of Him who “ordereth all things well,” that this hindrance should not only continue to operate against us, but should increase in magnitude. So that a falling off in the annual income of the Society is not to be looked upon as, of necessity, the effect of any diminution of interest or zeal in its cause. On the contrary, an increased interest has been manifested in many parts of the Diocese during the past year, while in others where laudable efforts were made in the preceding year, it has been found quite impossible to sustain them. The decrease will be found principally in the sums collected after sermons. The total receipts of the Treasurers at Quebec and Montreal during the year (exclusive of remittances from District Associations) have been..... £791 4 8½

The income of the District Associations, as
far as they have reported..... 431 2 11

Total contributed in the year..... £1,222 7 7½
Being less than the amount reported last year by nearly £500.

To account, in part, for the decrease in this year's income, it is proper to mention that, both last year and in the year 1847, the Society received contributions to the amount, in each year, of upwards of £220, from quarters which can only be regarded as occasional sources of income. Last year we had to record a legacy of £100, currency, and a donation of £100, sterling, from England to the Widows' and Orphans' Fund—and, in 1847, a donation of £100, currency, from the late Rev. J. Leeds, and of £135 from the congregation of Trinity Chapel, Montreal, for the support of a Missionary, according to an arrangement which it was expected would have been continued, but which has since fallen through. So that the decrease this year is really about £270.*

The balance at the close of the last year in the hands of the

Treasurers amounted to.....	£563	3	4½
Their receipts since that period have been..	1,045	7	8

Total income for the year....	£1,608	11	0½
-------------------------------	--------	----	----

The expenditure for the year has been.....	1,011	4	10
--	-------	---	----

Balance this day.....	£597	6	2½
-----------------------	------	---	----

During the past year, £250 have been invested in Bank Stock, for the Widows' and Orphans' Fund, in addition to £1,000 funded before, of which £200 are in Government Debentures.

Since the last Anniversary, the Society has received a donation of 200 acres of land, in the Township of Halifax, from Mrs. Salter Mountain, in addition to 800 acres previously given for Church purposes in this Diocese. This last donation is intended as an endowment for Schools at Côteau du Lac.

* An amount, also, of £50, which has heretofore passed through the hands of the Treasurer at Montreal, and been included in his accounts, for the maintenance of the Incumbent of Christievillle, has not been paid to him this year.

Mr. Malcolm McPhie has also given two acres and a-half in the Township of Grenville, for the site of a church and a burying-ground.

Mr. Walton, late of Châteauguay-Basin, has also made over to the Society a valuable farm at that place—principally with the view of maintaining a clergyman upon the spot. But, at present, there is but a small field of labor there. To secure this property to the Society by a clear title, a certain outlay was necessary—the interest of this, however, is fully covered by the rent of the farm, and when the property increases in value, the surplus will be available for the purpose contemplated by Mr. Walton.

The late Baron de Longueuil had promised 500 acres of land, in the Township of Upton, to the Society, but the deed was, unfortunately, never passed. The present Baron is unable, from his property being entailed, to give a valid title, but he has liberally intimated his intention of having the land valued, and presenting the Society with the amount.

Travelling Missionaries.

The want so long and so painfully felt of clergymen to fill the important office of Travelling Missionary was partially supplied by the appointment, in December last, of the Rev. Thomas Shaw Chapman. Immediately on his appointment he proceeded through the destitute parts of the District of St. Francis, to those in the west of the District of Montreal. It was his intention, also, to have gone up the Ottawa, in conformity with the instructions given him by the Lord Bishop, but he was unfortunately taken ill, at St. Hyacinthe, with a fever, the effects of which incapacitated him from any active labour for several weeks. Upon his recovery, he proceeded again to the District of St. Francis, dividing his time princi-

pally among the Townships of Clifton, Dudswell, and Ham, where there are large numbers of church people far beyond the reach of any settled clergyman. Your Missionary met with much encouragement in his duty—his ministrations being thankfully received wherever he went, and being, we may trust, blest to the eternal good of many ; some extracts from his journal will be published with the Report. In the beginning of May, he proceeded to Grosse-Isle, to take charge of the Quarantine Station at that place—a duty which has always, since the establishment of the Society, devolved upon its Missionaries, when it has been possible to obtain the services of any. It is matter of great thankfulness to Almighty God, that the labors of the Missionary at Grosse-Isle have this year been unusually light.

The Rev. E. G. Sutton, Missionary at St. Rémi, receives £50 a-year from the Society's funds, under an arrangement which was entered into when the extent of the Mission was so great as to make it properly a *travelling* Mission. The charge has been, however, subdivided, and its limits are now reduced to those of an ordinary Mission.

In order to supply, as far as might be, the deficiency arising from the want of Travelling Missionaries, the Central Board made an arrangement in October last, by which the extra services of four clergymen were provided for destitute places in their respective neighbourhoods. The Rev. J. Butler, of Kingsey, has served four places in this way, in two of which he officiated in school-houses ; in one in a private house ; and in the fourth in a log hut. The congregations ranged from six to sixty. At one of these stations he held service regularly every fortnight, and at the others occasionally—performed six baptisms, and has one adult candidate preparing for that sacrament.

The Rev. J. Flanagan, of Mascouche, has held fortnightly services in the vacant Mission of New Glasgow ; travelling on some occasions nearly 70 miles, on others 50, and on none less than 40. He administered the Lord's Supper twice, and had, in all, 43 communicants ; Baptisms, 10 ; Marriages, 2.

The Rev. Charles Forest, of Grenville, has paid a monthly visit to destitute places in the Townships of Lochaber, Petite Nation, Buckingham, and the Augmentation of Grenville, on the Ottawa. In January he travelled 116 miles, preached 4 times, paid 16 visits, baptized 5 children, and addressed 450 or 500 persons. In February, travelled 112 miles, preached 4 times, baptized 8 children, and administered the Holy Communion to 10 persons. These visits were repeated every month, except at some of the stations which were inaccessible during the breaking up of the roads. Some extracts from Mr. Forest's journal will be printed with the Report.

The Rev. Jos. Scott, Rector of Dunham, has supplied, as far as lay in his power, the Mission of Brome with Sutton, which had become vacant by his appointment to the Rector of Dunham. He has paid fourteen visits to those places, travelling on each occasion 42 miles. The Holy Communion was administered once at each place, at Brome to twelve, and at Sutton to four persons. The arrangements made with these gentlemen will continue in force until the appointment of a second Travelling Missionary, which is not expected to take place before Christmas. A candidate for the office, has, within the last few days arrived from England, having been furnished with his outfit, and sent to the Bishop, by that indefatigable friend of the Canadian Church, the Rev. William J. D. Waddilove.

Travelling Agent.

The Travelling Agent of the Society made a tour during

the past winter through the District of St. Francis and the counties of Shefford, Missisquoi, Chambly, Huntingdon, Laprairie, and Megantic. He attended the Annual Meetings of the St. Francis, Richelieu and Megantic District Associations, and sixteen parochial meetings besides—travelling about 650 miles—four other appointments which he had made he was prevented from keeping by illness, and in some few other cases local circumstances rendered a postponement necessary. Some particulars of his visits will be given in the Reports of the several Districts.

Depository.

The amount of Sales in the Depository, at Montreal, has been but small ; but the stock has been reduced considerably. A large number of the clergy have availed themselves of the arrangement, by which they were enabled to take out prayer-books for sale in their respective Missions, but have not yet accounted for the proceeds. An additional order, to the value of about £30, sterling, has been sent to the S. P. C. K., in London, for books—and tracts, to the value of £10, currency, have been procured from the depository of the Church Society of Toronto—1,728 tracts have been distributed gratuitously. Through some mistake, a case, containing books to the value of £30, sterling, a grant from the S. P. C. K., which was shipped last year, has not yet reached the Depository : but it is trusted that the stock will soon be so increased as fully to keep pace with the demand. The Depository is still in charge of Mrs. Walton, at her establishment, Great St. James Street, Montreal.

Education.

The Standing Committee on Education presented a Report in October last, containing a valuable suggestion, which was

acted upon by the Board, that the Society should be put into communication with the School Society for Newfoundland and the Colonies, which assists in the maintenance of several schools in the Diocese, with the view of effecting some arrangement, by which the two Societies, having a common object in this respect, might be made to work together, and the resources of both rendered thus productive of more good. The proposal having been favourably entertained by the Society at home, arrangements are now in progress, which it is trusted will speedily issue in a result satisfactory to all the parties concerned, and become the source of great benefit to the poorer settlements of the Diocese, in which the want of a suitable and scriptural education is very sorely felt.

Grants.

The Central Board have this year expended a larger amount than usual, in grants towards the erection of Churches, and other objects contemplated by the Constitution of the Society.

The Society, it will be seen, has thus been enabled to do something, though it be but little, towards the promotion of four out of five of the great objects of its incorporation. The Church in this Diocese is not called upon at present to make any provision for the Society's remaining object, viz. : to afford assistance, where it may be necessary, to young men under preparation for the ministry of the Gospel, as her want in this behalf is met by the never ceasing liberality of the venerable Society for the Propagation of the Gospel, the mother of the Church in the Colonies. But it is manifest that she cannot continue long in this state of dependence—and it is trusted that when the provision for this object, so all important to her welfare, shall devolve upon her, there may be seen no lack of service on her part.

By-Laws.

At the Annual Meeting in 1848, a Committee was appointed to consider the necessity of amending certain of the By-Laws of the Society. Their report was finally disposed of this day, having been previously considered at a meeting of the Society

held for the purpose in May last. Some of the alterations proposed by the Committee have been adopted, and will be seen when the By-Laws are published with the Report.

Before proceeding to give an account of the sums raised in the several Districts during the past year, the Central Board are desirous of taking this opportunity of earnestly calling the attention of the clergy to that portion of the tenth article of the By-Laws of the Society, which provides that they shall, through the Secretaries of their respective Districts, report annually to the Board, *at least one month* before the Annual General Meeting of the Society. The greatest possible degree of inconvenience arises from a neglect of this rule. The Report is necessarily made up in great haste, and from very imperfect materials, and it is not, under these circumstances, to be wondered at that some inaccuracies should be found to be the result.

In the City of Quebec the sums raised during the past year have been as follows :—

Annual Subscriptions and Donations.....	£113	17	0½
Life Subscriptions.....	50	0	0
Proceeds of Sermons for the Widows and Orphans.....	52	0	9
Proceeds of Quinquagesima Sermons.....	27	2	8
	<hr/>		
	£243	0	5½

Being less than the amount contributed last year by upwards of £80. Both the Sermons were preached in the Cathedral and all the Chapels in the Parish.

In Montreal, there has been one Life Subscription of £12 10. Annual Subscriptions and Donations, £74 7 6. Collections for Widows and Orphans in all the places of worship except Trinity and St. Anne's Chapels, £38 5 2½ (upwards of £3 of which were collected at a Military Service). Quinquage-

sima Collections, made at the Parish Church and all the Chapels except Trinity, £36 1 4½—Total, £161 4 10. The Quinquagesima Collection at St. George's, was, through some mistake, added to the Widows' and Orphans' Fund, at the request of the Chapel Warden who paid it in.

Since the report was made up, a statement has been received of monies paid in on the 3d inst. to the Treasurer, which therefore must appear in his accounts for the ensuing year. The amount is £27 12 6, of which £12 10 are a Life Subscription and the balance Annual Subscriptions from St. George's Chapel. Including these sums the total reported from Montreal is £183 17 4, shewing a decrease upon last year of nearly £90.*

Upper Ottawa District Association.

Since the last anniversary a new Mission has been opened within the limits of this District—Templeton, with part of Hull annexed—of which the Missionary is an Annual Subscriber, being the only one in the District. The church at Aylmer is involved in financial difficulties to such an extent that the Missionary fears it would be hopeless to attempt to raise money for the Society until the local embarrassments shall have been removed. Upwards of £70, however, have been contributed within the Mission during the year for local purposes. The Mission of Clarendon has not reported. The whole amount raised in the other two for the Society has been £6.

Lower Ottawa District Association.

The Mission of the Gore has been vacant during the greater part of the past year, by the transfer of the Rev. J. McMas-

* The decrease in the amount raised in the two Cities being deducted, with the sums mentioned at page 14 and with a rent not yet paid, from the whole decrease of the year, leaves that for the remainder of the Diocese very little over £40.

ter to Templeton, so that there are now only three clergymen within the limits of this Association; and of these the Report of the District Secretary contains intelligence from only two, the Rector of St. Andrews and the Missionary at Vaudreuil. The Annual Meeting of the Association was held, on the 30th. May last, at St. Andrews, after Divine Service, at which a Sermon was preached by the Rev. Mr. Tremayne, of Hawkesbury, on the opposite side of the Ottawa, in the Diocese of Toronto. The Missionary at Grenville has since sent an independent report to the Society.

The whole sum raised for the Society in the three Missions of St. Andrews, Vaudreuil and Grenville, is £46 13 2, of which £35 13 9 are Annual Subscriptions, 5s. a Donation, £5 proceeds of Sermons for the Widows' and Orphans' Fund, and £5 14 5 Quinquagesima Collections. Nearly £200, however, have been raised within the District to meet pressing local claims, so, that although there has been a falling off in the amount contributed to the Society, there has been a marked increase in that raised for Church purposes generally. The amount remitted has been £26 16 3.*

Beauharnois District Association.

The amount collected in the five Missions in this District, after the Sermon for Widows and Orphans, was £18 11 3d—after the Quinquagesima Sermon £17 7 5—of Annual Subscriptions £18 14 7½. Total £54 13 3½.

At Côteau du Lac the people are actively engaged in the erection of a new Church, and the Missionary has, therefore,

not deemed it expedient to call upon them for subscriptions to the Society.

Meetings were held in February last in Huntingdon and Durham, for the purpose of endeavouring to excite an additional interest in the Society, at which the Secretary of the Society was present, and preached at the Services which preceded the meetings. Both Meetings were extremely well attended.

The amount of Annual Subscriptions remitted to the Treasurer at Montreal has been £14 15.

Mascouche District Association.

One of the Missions in this District has been vacant during the past year, but has been supplied, as far as possible, by the Missionary at Mascouche under the arrangement already mentioned. The Report of the District Secretary states the amount of Annual Subscriptions in the Mission of Rawdon at £17 17s 6d, being nearly twelve times as much as the amount raised last year; which evinces a highly creditable degree of liberality and zeal on the part both of the Clergyman and of the people. Besides this amount (of which £10 5, have been remitted, the remainder being appropriated for local purposes) £5 1 3, have been forwarded as proceeds of Sermons.

At Mascouche there is a subscription as usual towards the support of the Missionary, and as it amounts to no less a sum than £42 10, there is no subscription to the Society.

The Quinquagesima Sermon was preached at Mascouche, and produced £1 11 2. In the vacant Mission of New Glasgow £1 2 3, and for the Widows' and Orphans' Fund 9s. 7d.

Total in the District for the Society, £26 1 9.

Richelieu District Association.

The Annual Meeting of this Association was held at St. John in February. Nearly all the Clergy of the District were present, as well as the Travelling Agent of the Society, and a very large number of the Laity, some of whom had come from long distances. Parochial Meetings were also held at Clarenceville, Lacolle, Edwardstown, and Russelltown, and appointments were made at Hemmingford, Laprairie, and Chambly; at Hemmingford the meeting did not take place, the Missionary being absent from home: at Laprairie, the attendance was not sufficiently large, and the visit of the Society's agent to Chambly was postponed at the request of the Revd. J. P. White, as a considerable number of his parishioners had come to St. John to the District Meeting, and some others, on whose countenance and support he depended in a great degree, were absent at the time from home. Divine Service was held before the Meetings at Clarenceville and Lacolle, at both of which places the Society's Agent preached. The spirit manifested was, on the whole, encouraging, and additional subscriptions were promised at all the Meetings.

The Parishes and Missions within the limits of this District are the same as were mentioned in the Report of last year, with the addition of Sabrevois, and Russelltown which has been detached from the unwieldy Mission of St. Rémi, as already mentioned, and constituted a separate Mission. At Sabrevois it is very gratifying to observe that the interests of the Society have not been forgotten. The congregation being composed principally of French Protestants, it was hardly to be expected that, in the present infant stage of the Mission, they should co-operate in undertakings for the general good of the Church in the Diocese. But their excellent pastor has no doubt explained to them the objects of the Society and shewn them that in sup-

porting it they are contributing to the advancement of the kingdom of Christ, and the result has been that he has sent in a list of 19 subscribers, contributing together £5 3 2½.

This District has contributed altogether to the funds of the Society £175 13 0½, including two life subscriptions at Chambly. There are annual subscriptions in all the Missions except Sherrington. The Sermons for Widows' and Orphans' Fund produced £21 1 11, (exclusive of an amount believed to have been collected at Lacolle, but not remitted), and those for general purposes £26 1 1. Including the Life Subscriptions, there is an increase in this District of nearly £15.

£13 13 1 have been remitted to the Treasurer of the Society by the District Treasurer.

Missisquoi District Association.

This District has made no Report, but a memorandum received a few hours ago from the Secretary, together with letters from the different Clergy, show an amount of annual Subscriptions in all the Parishes and Missions except Shefford of £91 11 9—Widows' and Orphans' Sermons in all, £16 18 6. Quinquagesima Collections in all except Brome, where no sermon was preached in consequence of the illness of Revd. Joseph Scott, £13 5 10. Total £119 16 1.

Amount remitted to the Parent Society... £29 13 9

Meetings were held during the winter at Frelighsburgh, Phillipsburgh, Bedford, Abbotsford, Farnham, and Shefford, which were attended by the Secretary of the Society, and all, except one, preceded by Divine Service. There was also an appointment made at Dunham, which the Secretary was prevented from keeping by illness: the meeting was held, however, and Divine Service performed by the Rector.

Three Rivers District Association.

The Annual Subscriptions reported at Three Rivers, Sorel, and Rivière du Loup amount to £16 4 6. The collections for the Widows' and Orphans' Fund to £20 7 2. Quinquagesima Collections to £13 17 8. These Collections were made in all the Parishes and Missions in the District. Total £80 19 4

St. Francis District Association.

The Annual Meeting of this Association was held at Sherbrooke in January, and presided over by the Lord Bishop of Montreal, who also preached at the Service which preceded it. The Church was well filled, and all the Clergy of the District were present, except two who were prevented from coming by bodily infirmity. The Secretary of the Society also attended the Meeting. The Annual Report of the Association exhibits an amount contributed to the Society of £100 19 1½. being a slight increase over that of last year. In three Missions in this District some of the subscriptions are wholly appropriated, and are therefore not included in the sum just mentioned. The Sermon for Widows and Orphans was preached in all the Missions, and produced the sum of £16 16 6½. The Quinquagesima Collections amounted to £9 5 7, exclusive of one made, as it is believed, at Sherbrooke, but which has been neither reported nor transmitted, in consequence, probably, of the absence of the Missionary in England. £70 15 are Annual Subscriptions from all the Missions except Melbourne, and Eaton, which have not reported, and £3 12, anonymous donations from Lennoxville, to the Widows' and Orphans' Fund. Besides the proceeds of Sermons, the sum of £29 10 9, has been remitted to the Treasurer at Quebec. The Travelling Agent of the Society made appointments for Meetings to be held, if it should be desired, in all the Missions of

this District, and the District Secretary with the Clergy called Meetings at Melbourne, Eaton, Bury, and Compton. The Society's Agent was unfortunately taken ill just after the District Meeting at Sherbrooke, and was prevented from keeping any of his appointments except that at Melbourne. At the two places last named, the Lord Bishop attended the Meetings, and a good feeling was manifested at both ; some additional Subscriptions were promised, but have not yet become due. The amount reported as raised for local Church purposes in the District, is £235 1 7.

Alegantic District Association.

The Annual Meeting of this Association, was held at Pointe Levi in January, preceded by Divine Service, when a Sermon was preached by the Lord Bishop of Montreal, who afterwards presided at the Meeting. The Revds. J. Torrance, Chairman of the District, W. King, A. T. Whitten, District Secretary, J. H. Nicolls and the Secretary of the Society were also present. In March, Meetings were held at Inverness, Leeds, and St. Sylvester, at which also the Society's Secretary was present, and preached at the two first mentioned places. At Leeds some considerable addition was made to the subscription list, and at St. Sylvester a respectable list was opened, for the first time in the Mission. These subscriptions, however, are not considered as yet due.

The whole amount reported by the District Secretary is £56 9 8, of which £28 0 6, are Annual Subscriptions in the Missions of Pointe Levi, Leeds, and Ireland : the Sermons were preached in all the Missions and produced, for Widows and Orphans £15 8 11½, for general purposes, £13 0 2½. Some of these have not been paid in, and are therefore not included in the Treasurers' receipts.

Of the Annual Subscriptions £20 18 0, have been remitted to the Treasurer at Quebec.

Portneuf District Association.

From the Mission which gives name to this District, a Report has been received, for the first time since the formation of the Society, containing a list of Annual Subscribers to no less an amount than £24. It is believed that there is no Mission in the Diocese in which such cheering success has been met with as has crowned the zealous efforts of the Missionary at Portneuf. There are few places poorer—and yet few have done this year so much for the Society. This is not said in the way of reproach, or of invidious comparison, but from a desire to give honor to whom honor is due, and in the hope of provoking others to love, to be displayed in similar good works. The Val Cartier Parochial Association has contributed an amount of £2 2 6, in Annual Subscriptions. The Proceeds of Sermons in the two Missions in this District amounted, for Widows and Orphans to £2 9 11, general purposes £2 12 1½. Total in the District, £31 4 6½.

Gaspé District Association.

There are no Annual Subscriptions in this District, and nothing therefore is to be reported but the proceeds of Sermons. To the Widows' and Orphans' Fund there is no return from New Carlisle, the other two Missions shew an amount of £2 18, and the Quinquagesima Collections in all three come to £8 13 1½. Total £11 11 1½

The Society has this year to deplore the loss of one who had filled, since July last, the office of Vice President, His Excellency Sir Benjamin d'Urban, whose memory should be dear to all Churchmen from the kind and hearty interest which

during his sojourn in this country, he ever manifested in the prosperity of the Church in general, and of the Society in particular.

It is with deep regret also that the Central Board have to report that the Society has for some months past been deprived of the invaluable services of Thos. Trigge, Esq., Treasurer at Quebec, the state of whose health rendered it necessary for him to spend the winter in a milder climate. The Board in October last took the opportunity of recording their sense of the value of Mr. Trigge's services, and of his unremitting zeal and attention to the affairs of the Society—and are thankful to be enabled to state that there is now a prospect of his speedy return, and resumption of those duties in the execution of which he was so efficient and indefatigable. The Board have been fortunate enough to secure, during Mr. Trigge's absence, the services of Henry Jessopp, Esq., a gentleman who is eminently entitled to the warmest thanks of the Society as well for the kindness with which he undertook, as for the manner in which he has discharged the duties of the Treasurer. The office of Honorary Counsel to the Society in Montreal having been for some time vacant, Edward L. Montizambert, Esq., of that city has been requested, by an unanimous vote of the Central Board, to accept it—which the Board are happy to be enabled to state that he has kindly consented to do.

The Central Board, in conclusion, would call upon all Churchmen to unite in a threefold endeavour to promote the great objects of the Society:—by their prayers, by their pecuniary assistance, and by their personal exertions in the cause. If the first are offered from an honest and good heart, there can be but little doubt that the others will, by the Divine blessing, soon spring from the same source. And without the first, it is vain to look for any real blessing on the others.

We must not conceal from ourselves the fact that a great deal more than is done not only ought to be done, but can be done—nor should we forget how mortifying a result is produced from small deficiencies, here and there, when they come to be thrown together. A similar principle holds good with reference to exertions in the cause, and if all will endeavor to exert themselves only a little the result cannot fail of being satisfactory, when the efforts made are undertaken in sole dependence on the Divine blessing. But to bring our contributions up to the proper mark, there is need of, not a little, but a great deal of, exertion. The next year must make good the deficiency of this, and still increase upon the amount of last year. This then is the task before us ; let it be engaged in *at once* : it is too much the custom to postpone our operations, in the hope of an improvement in the times. The hope is disappointed : and then, as a natural consequence, we are less successful than ever ; whereas, doing what we can now in difficult times, we shall find it an easy and grateful task to increase our exertions in proportion to any amendment which the Providence of God may bring about in our circumstances. Let us set about the work then in earnest : and may the Lord prosper it in our hand. We cannot doubt but that His blessing *will* rest upon it, if only we do our part : for He regards with special favor all undertakings which have for their object the advancement of the kingdom of His dear Son. Such an undertaking is that which we have now in hand : it is not the collection of a certain amount of money that we are to set before us as our aim, but the attainment of means for extending the knowledge of Christ, and becoming instrumental in the salvation of souls. These are objects which must be dear to the hearts of all who love the Lord Jesus Christ in sincerity : all Christians who are worthy of the name must take a lively interest in their promotion, for they cannot forget

what their Lord has set forth to them as the first subject of a Christian's prayer. Let us pray that He may by His good Spirit open the hearts of many to receive the truth in the love of it, for then we may certainly hope to see the fruits of righteousness, including the highest exercise of Christian charity, love to the souls of men, brought forth in abundance.

**EXTRACTS from the Journal of the Revd. THOS.
S. CHAPMAN, Travelling Missionary of the Society.**

30th December, 1848. Started for the Township of Ham, where I arrived about 9½ p.m. The road bad, and the cold extreme. I intended to have preached at 10 o'clock, the next day (being Sunday) and desired Mr. Rice, my host, to give notice to that effect, but he told me (a strange concurrence of circumstances), that almost all the heads of families were away from home, and besides the day being stormy and the roads bad, I thought that it would not be worth while to have a Service.

Sunday, 31st. I however got the household together with two or three others who chanced to drop in and gave them a familiar lecture upon the importance of reading the Scriptures and Prayer, &c. I was well received here and although the people were Universalists, they gave me a hearty shake of the hand on parting and wished me God speed. In passing through the settlement, which consists of twelve families, I distributed tracts. On nearing one of the houses, I saw a man chopping away boldly at a log of wood before the door. I did not appear as if I had taken notice of him, but as soon as he saw me, guilty conscience prompted him to shrink away into the house out of observation,—I happened to have a Tract with me entitled “The Christian obligation of the Sabbath,” and upon the back of it written in a plain hand ‘ *Attend to this.* ’ When I drove opposite the house, I motioned to some persons I saw at the window, the chopper made his appearance looking very guilty. I handed him the tract, enquired his name, bid him a kind good morning and drove on. I then drove on to Dudswell, a distance of 9 miles, the road being bad and my sleigh not being constructed for the double tracks, I was 4

hours in going the distance. Preached to a Congregation of about 30 persons : the number was small on account of the short notice and the scattered population, (the only notice they had was a note which I sent in advance by the mail-boy the day before,) and a Methodist Meeting which was held at the same time in a house close by. Lodged at the house of Mr. Gavin, found him to be a very kind hospitable man and besides a staunch and intelligent Churchman.

* * * * *

January 13th, 1849. I arrived at Stanstead Plain about midnight and put up at the house of Mr. Thompson, who is the receiver of Her Majesty's Customs.

Sunday, 14th. Preached in the morning to a Congregation of 35 persons, and in the afternoon at 2½ o'clock, to a Congregation of about 55. This I was told by Mr. Thompson was well for the place. I baptised a child during divine service. The parents insisted a good deal upon having it done privately, but I showed them the Rubrick, by which I must be governed, met their scruples and explained to them the propriety of having this Sacrament celebrated in the Church. This was the first baptism which has been seen here for many years in public. The present place of Meeting is the second story of a building the lower part of which is occupied as a store. It is fitted up with comfortable forms and a large reading desk. The room is procured at a rent of \$30 per Annum. The following Statistics I procured from Mr. Thompson's family, viz : 19 families, 91 souls, Men, Women, and Children.

16th. Started for Georgeville a distance of twelve miles, the road was so badly drifted that it took nearly the whole day to get there. My horse stuck and floundered so in the snow-drifts that in several places I was obliged to take him out of the sleigh and turn horse myself. On my arrival at George-

ville, I volunteered a Service for the evening, but it so happened that there was a singing school in the place, and that evening was the one appointed for the meeting of the Class, I therefore deemed it more advisable to postpone it till my return from the Outlet, and accordingly had a notice posted on the School Room door of a Service on the evening of the 18th.

17th. Went to the Outlet distant 10 miles, the day stormy and the roads dreadful, one half bare and the rest barricaded by immense snow drifts, cold severe ; arrived about noon, spent the rest of the day visiting the families of the place to the number of 18, to all of which I gave Tracts ; they treated me kindly and appeared thankful for them. I had notice given before the School by the Master, of a Service at 7, in the evening, but it proved so excessively stormy (both wind and snow) that it deterred the people from coming out. I met about 25 persons, they were quite attentive and reverent in their behaviour. At this place I met with an aged man, the father of a large family, but amongst all the men I ever met with, or conceived of, he appeared to be the most miserable : he has given up himself both soul and body to black despair, he made my very blood chill when I saw his woe-begone countenance and heard his desperate and blasphemous language with regard to his hopeless condition. I assured him that the merits of Christ were sufficient to save the vilest sinners, and that God was ready and willing to pardon the returning prodigal, he said he knew that, but there was no hope for him, the Devil was sure of him, he could not pray, he could not repent. This is some of the fruits of Millerism. At this place there is a large meeting house belonging to the Baptists, but now deserted, which I was informed, might be purchased for a moderate sum. The place will become of considerable importance

in course of time on account of its locality and extensive water-power.

18th. Set out for Georgeville, and in consequence of the drifts had to take the ice up the Lake, the wind strong and the cold most intense. Preached in Georgeville to a Congregation of 30 persons. This place is visited by Methodists, Baptists, and Universalists, and I am informed that the Romanists are coming to carry off the spoils, while the rest are fighting with each other ; they are concerting measures about building a Church.

19th. Started for Brome, late the Mission of the Revd. J. Scott, 15 miles distant, but in consequence of misinformation at Georgeville, I went round by Mansonville in Potton, which added 15 miles of extra travel. Put up for the night with Mr. S. he gave me some valuable hints from his own experience. At my request he also gave me a particular outline for my proceedings in the tract of Country with which he is acquainted, viz : the contiguous Townships of Potton, Sutton, Brome, Bolton and Stukeley. These five include an area of at least 550 square miles, and comprise a population of 7000 or 8000, and at present there is not one settled Minister of the Church. This is an important tract of Country possessing many natural advantages : it abounds in iron ores, and water privileges, and is withal a good agricultural district : these things prospectively considered are of great importance.

20. From Brome I went to Mansonville in Potton, 15 miles, where I had made an appointment the day before. Met a Congregation in the evening of about 30. I was told that it would have been much larger but for a Rechabite Meeting which was held that evening. It is a doubt in my mind whether the good sons of Rechab of old would have allowed such a light excuse to interfere with the public duties of Religion.

They have done much *particular* good for Potton, but whether the general consequences will be for their interest is a question. The door is somewhat open here for the introduction of the Church, for the most wealthy and influential of the inhabitants are Churchmen or favourably disposed towards it.

Sunday, 21st. Preached three times in Mansonville and vicinity, the Congregations were respectively about 70, 30, and 90, they were very orderly and attentive in their behaviour. In the evening I delivered an address to the youth of the place a large number of whom were present. Made an appointment for the Sunday following.

22nd. Spent the day in visiting the people of the village, distributed some choice tracts among them.

23rd. Spent this day also in the above mentioned manner, was most kindly received.

24th. From Mansonville to Sutton Corner, distant 15 miles, road generally level, but Sutton mountain is to be crossed in this route ; had a Service in the evening at which there were about 75 persons, chiefly youth, on this account I changed my mind with regard to the Sermon I intended to deliver, to one suited for the young. Before the Service I made a few brief remarks upon the Liturgy of the Church, pointing out its main characteristics, its beauties and appropriateness for supporting the devotions of a Congregation of worshippers, they were very attentive. I made an appointment for the next day at 10½ A.M.

25th. Travelled from Sutton Corner to the Flats, distant 5 miles. Put up with Mr. E. Kemp, an active zealous young Churchman, he has the oversight of a very pretty stone Church which is in process of building. Gave notice at the village School of a Service in the evening, in consequence of the darkness and rain not more than 20 persons came out. They

are chiefly Methodists in this place, there are however, 7 or 8 Church families. I am inclined to think that Sutton possesses advantages which will make it an important station for the Church to occupy. At Sutton Corner, they have no place for public worship, except an old dilapidated School house. They talk at present of building an "Union House," (more properly a house of discord) but they cannot agree: the Universalists are the strongest party. If there was a Clergyman in Sutton, I think that by proper attention he might get a Church erected here—the place is the centre of quite a large population.

26th. On my way from the Flats to Potton, I fulfilled an appointment made on the 24th at "The Corner"—about 25 persons present, the day was rainy, the road wet and in many places bare of snow. Dined at Mr. Spencer's, he is a man well disposed towards the Church and of some influence in the place; then I started for the Coit School House in Potton, where I intended to have had evening Service, but found the ice on the Missisco River so bad that I did not dare to cross. Travelled on to the village of North Troy, where I put up for night.

27th. Staid the most of the day at Troy. Made this halt on account of the state of the road.

Sunday, 28th. Preached twice in Mansonville to Congregations of 30 or 40 each. There happened to be two other Meetings in the vicinity at the same time which tended to make the number small.

29th. From Mansonville to the Raxford School house, distance 8 miles. Service in the evening, Congregation about 50. None of them Church people. Made a few introductory remarks upon the Services of the Church which tended to allay prejudice and excite attention.

30th. From Raxford to Knowlton's ferry opposite George-

ville on the Lake Memphramagog, distance 5 miles over Potton Mountain, Congregation about 60, none of them acquainted with the Church Service. Made a few remarks as above, people very attentive. Spent the night and part of the next day at the house of Mr. Green, a Methodist, had a very bad cold, so much so that I thought I should be quite laid up by it.

31st. Succeeded in reaching the outlet of the Lake, distance 10 miles, intended to have had an evening Service but felt too unwell to undertake it, put up at the house of R. Merry.

February 1st. Remained at the Outlet all day and had Service in the evening, about 75 persons present.

2nd. Travelled from the Outlet to Abbotsford, a distance of 41 miles, the road good, intended to reach St. Hyacinthe, and preach on the Sunday, but on coming to Granby, found that the Revd. G. Slack was then in Montreal and intended to have Service on his way home.

3rd. Made arrangements with the Revd. F. Robinson, of Yamaska, he performed Mr. Slack's duty and I his.

4th. Held two Services, at Yamaska and Rougemont.

5th. Travelled to St. Hyacinth, distance 15 miles.

6th. Went into Montreal for a quantity of Tracts, for gratuitous distributions and all I could beg and scrape together was 12 dozen. Had a Service in the evening, at which nearly all the protestant inhabitants were present : there are 12 families.

7th. Was taken ill of the Scarlet fever, and confined to bed for a fortnight.

21st. Was so far recovered as to be able to remove from St. Hyacinth, by easy stages to my father's in Windsor, distant 50 miles.

From this date to the 14th of April, I felt quite unequal to the task of regular duty and dared not to undertake it on

account of the lingering weakness which the fever left upon me. I was however, able to officiate almost every Sunday, in a back settlement in the Township of Windsor, 9 or 10 miles from my father's; here I baptized six children.

4th March. I fulfilled an appointment made by the Revd. A. W. Mountain at Melbourne, and he officiated for me in Dudswell when on his way from the Townships to Quebec.

From April the 14th, to May the 5th. I spent in the Townships of Dudswell, Ham, and Clifton. Each Sunday I had two Services. All the other days of the week I spent in visiting from house to house. There are 75 families in Dudswell, and 13 in Ham, making a total of 88, of these 30 belong to or have been brought up by the Church, or express some predilection in its favour: 16 are professed Universalists, 23 are Baptists, the remaining 19 are Miscellaneous. In Ham I had one baptism, in Dudswell one marriage, and in Clifton eleven baptisms. These people in general are very desirous of having the Church introduced among them, they appear to be heartily tired of that Monster Schism. Two of them, one a Methodist, the other an Universalist, said to me after the conclusion of my last Service in Dudswell, that if a Clergyman of the Church were sent they would contribute to his support, and that they were heartily tired of "home-made preachers," &c. The kindness and civility of these people, I can hardly find language to express.

EXTRACTS from the Journal of the Revd. C. FOREST, of visits to destitute settlements on the Ottawa River.

January 8th. Set out for the "Augmentation," 15 miles distant from Grenville, hour for Service 11 A.M. at which hour the School House was filled with anxious expectants, among whom was a large body of Presbyterians and Wesleyans, of the more rigid School. Unhappily the breaking down of my sleigh in consequence of the dreadful state of the roads, detained me far beyond the appointed time, and a rumor of my mischance having reached the Congregation, after two hours waiting they dispersed.

After a hard drive succeeded in reaching the School House at $\frac{1}{4}$ after 2 P.M., saw that a large Congregation had been there, rode on, and through the zealous assistance of Messrs. K. C. and A. assembled 30 or 40 persons by half-past three. Explained to them the purpose of the Church Society, in sending me up the Ottawa. Set before them the Non-Sectarian ambition of the Church, in seeking the welfare of themselves and their children. Read prayers, few responding, preached on the call of Abraham.

At the close of the Service, it was intimated to me that several children, whose health and age precluded the possibility of their being safely brought to the School House, awaited Baptism, at the other end of the settlement. Appointed Thursday morning at 11 o'clock, to meet them at Mr. M.'s, to baptize and to preach.

It is extremely pleasing to observe the strong attachment to Church Ministrations which is cherished by these poor people. Although for many years they have been excluded from the watchful guardianship of the Church, they still retain with fond

recollection, those impressions of her purity and truth, which were made upon their minds in earlier days. A glad smile of joy played over their features as they congratulated each other upon the prospect of a monthly Service.

There are about 40 Protestant families in this settlement, of whom 15 belong to the Church.

Left the Augmentation at 5½ P.M. Travelling toward Petite Nation, which (14 miles distant) I reached in time to be at the School House at 7½ P.M. Preached in the School House, to 180 or more persons. Several men stepped forward and recorded their names as Churchmen. 2 baptisms.

January 9th. Left at 9 next morning, reached Lochaber at 11. No Service owing to the miscarriage of my letter. This Township is a stronghold of the Baptists, and although it might form a valuable appendage to Buckingham and receive a fortnightly visit of a Missionary from thence, yet in itself it cannot be considered an encouraging field for Church of England operations. Population very poor and scattered, chiefly lumberers. About half a dozen Church families in the Township, paid 5 or 6 visits, and discoursed to the poor people on such subjects as seemed most suitable to their present circumstances. I reached Buckingham at 7¼ P.M., very large congregations, upwards of 150 persons. Gladness seemed to beam in every countenance at the thought of Church being resumed in the place. Responses duly made. Living very good. Baptism 1. Number of Church families 50. Communicants (when the Rev. S. S. Strong was last there) 18.

Buckingham, from its position, commanding all the lumber interests of the River aux Lièvres, and situated at a convenient proximity to the Lièvres Basin, which is the timber depot of

that section of the County, is unquestionably destined to become a village of considerable importance before the expiration of many years, and considered as a centre for Missionary operations (having Templeton 12 miles on the one side, and Lochaber 12 miles on the other,) no Township on the grand River, yields promise of more abundant harvest than it does. Paid 3 visits.

January 10th. Drove back toward the Augmentation (40 miles) which I reached at 10 $\frac{1}{4}$ P.M., almost frozen to death. On the 11th, at eleven o'clock A.M., preached according to appointment at the back of the settlement, and baptized two children.

Reached Grenville Parsonage in the afternoon at 5 $\frac{1}{2}$. Having travelled 116 miles since Monday at 12 o'clock.

February 12. At the "Augmentation" (which I reached after immense difficulty, a snow drift of three days continuance having so blocked up the road that, with two horses attached to my sleigh, I was two hours travelling the first five miles.) A question was put to me by the leading churchman of the place, whether, if the settlers evinced themselves zealous and diligent in getting up the walls of a Church and covering them in, (i. e. roofing,) the Church Society of the Diocese, (or the Parent Society in England,) would second them in their efforts by completing the building.

Their inquiry I promised to submit to the consideration of the Bishop and the Central Board,—and to communicate the reply.

A Mr. Jonathan Kelly, will cheerfully deed over to the Church Society a site of two acres, or more if necessary, in the very centre of the settlement. And another party will give as much as a site for a Parsonage House if a Missionary can be supplied to them. I have little doubt that, if the Cler-

gyman could, *pro tem.* submit to the inconvenience of living in a log Parsonage of comfortable dimensions, the people would strain every nerve to have one erected.

At Petite Nation, (the next station) a Baptist, formerly a Churchman, remarked to me that it was high time that the Church had awaked to a sense of her duties, otherwise a few years more would have sufficed to have robbed her of the few remaining Sons who adhered to her communion. His "impression" was not only that the Church could firmly establish herself there, to the benefit of those who possessed her faith, but also that a great body of the people who "belonged to no Church" would probably be won over by her teaching, and very many whom necessity obliged to seek instruction from dissenting teachers would retrace their steps and rejoin themselves to the Communion of the Church.

Unhappily, a great proportion of the population of Petite Nation have never been baptized. They belong to "no Church," are cared for by no Pastor, consequently many of them have grown up without any definite views of Christianity, and in many cases, they have fallen into practical, if not professed, infidelity.

Preached. Congregation about 200, and very attentive, baptized 3 children, eldest 7 years of age : paid 5 visits to poor families.

Lochaber. In front is a Scotch Presbyterian Settlement, interspersed with a few Baptists. The rear of the Township promises to be the head quarters of the Romanists before many years have expired. Visited a couple of families, preached to a Congregation of about 50 or 60 persons, and left for Buckingham.

Buckingham. Chapel crowded to excess, possibly through curiosity to witness the celebration of the Lord's Supper. 10 Communicants, all of them apparently grateful recipients of the sacred emblems. One of the ten observed to me that "it

was cheering and refreshing, it led the memory back to England to be thus privileged in the wild woods of the Ottawa." The whole Congregation (numbering about 180 people) remained to witness the administration, every individual observing due solemnity and decorum during the hour which was thus occupied.

Baptized 2 children after the second lesson. Next morning paid several visits, and baptized three more children (privately.)

A building, the gift of B. Bowman, Esq., has through the praiseworthy zeal of Mr. S. been fitted up as a Chapel of the Church of England. It has every convenience for the performance of evening Service, even to a couple of Vestries for robing. Some of the people, however, are desirous to have a Church erected, for which Mr. B. will give a site of two acres, with further assistance, so soon as there exists a reasonable prospect of Buckingham becoming head quarters of an independent Church Mission.

Visit 3rd. March 8th. Excessively bad roads, after much toil reached the Augmentation at 11½ A.M. Good Congregation, some having travelled 5 or 6 miles to join in divine Service. Two only responded.

The want of education is the chief cause why the bulk of our country Congregations do not take their part in the Responses; and it is by no means cheering to reflect that there exists no prospect of any change for the better.

Made arrangements to catechise publicly at my future visits. Visited several families.

Petite Nation. Congregation much as before, at least 120 persons.

Lochaber. No Service owing to circumstances which I had not anticipated. Visited a sick person, and four Church going families in the Settlement. The old people of this Township, with very few exceptions, are rigid Presbyterians, and

many of their sons and daughters, there being no other denomination to care for them, have attached themselves to the Society of the Baptists. Church families do not exceed half a dozen.

I may remark here, as a species of inducement to others similarly situated, that through the indefatigable exertions of two individuals in this sequestered spot, the rough untaught Society around them has been moulded into order; and a basis established for Spiritual improvement, which improvement, I doubt not, will follow in due time. Religious instruction is given with regularity and marked effect to the uneducated poorer classes, and even singing, by which I mean Psalmody, is cultivated with devotional order and gratifying effect.

Buckingham. Preached at 7 P.M. larger Congregation than before, better responses and very good singing. 1 Baptism in the Chapel. 1 privately baptized that night (tender age and weakness being alleged as the reason for her not being brought to the chapel.) Next morning two more were brought to me by a gentleman belonging to the North west Service, whom I likewise baptized.

Found great difficulty in getting Sponsors. Roads breaking up.

4th Visit. April 15th. Could not go up the Ottawa in consequence of the state of the roads and the ice. I consequently paid a visit to the outskirts of Harrington and the Augmentation, these two being the only places which could be visited with safety at this season of the year. When the Navigation is opened, I hope to visit Buckingham, once a fortnight, or once in three weeks. The other places once per month as before.

5th Visit. May 21st. The land road up the Ottawa being flooded, and impassable either on horseback or in a carriage, I could not accomplish more than a visit to Buckingham, which I did by taking the Steamer at Grenville, and proceeding by water and far as Dunning's landing—4 miles distant from the village of Buckingham.

To my great surprise I found the Hotel, (Dunning's) which is usually 10 feet or more above the level of the Ottawa, apparently afloat. The river having overflowed its banks to the distance of at least $\frac{1}{8}$ th of a mile from its natural bed, completely inundated the ground floor of all the dwelling houses, compelling the occupants to seek safety in the upper apartments.

From the place I was ferried to the main land, and then walked to the village. Visited three families. Preached in the evening of the 22nd, to a small Congregation. No Baptisms.

The reason given for the smallness of the Congregation was the swollen state of the Lièvres River, across which it were futile now to attempt to swing a boom, which is the only thing of the bridge species which has ever been attempted on this River.

The water is rapidly falling : by the first or second week of next month it will be possible to take in Petite Nation.

6th Visit. June 18th. The excessive heat rendering it all but impracticable to proceed by land, left Grenville in the Steamer and was put ashore at a landing $4\frac{1}{2}$ miles on this side of the School House at Petite Nation.

From thence, having secured a conveyance, I pressed on and was in time to preach to about 60 persons, at $7\frac{1}{2}$ P.M. Sermon on family prayer, was listened to with deep attention by all present. It is a remarkable feature in all these stations, that during a certain season of the year, scarcely any but females attend divine worship. The male portion of the inhabitants are, almost without exception, engaged in the lumber trade, and during the months of May, June and beginning of July, are absent with their rafts at Montreal or Quebec.

Next week, (D. V.) I purpose to pay a Visit to the "Augmentation," and, if possible, I will extend my run up to Buckingham.
