

PARLIAMENTARY PROCEEDINGS

IN THE

SECOND SESSION

OF THE

Fourth Parliament

OF THE

PROVINCE OF UPPER CANADA.

1806.

PARLIAMENTARY PROCEEDINGS.

ON Tuesday the 4th of February His Honor ALEXANDER GRANT Esquire, President, Administering the Government of the Province of Upper Canada, opened the Second Session of the Fourth Provincial Parliament with the following Speech :

*Honorable Gentlemen of the Legislative Council,
And Gentlemen of the House of Assembly,*

“ BY the much lamented death of Lieutenant Governor Hunter, the Administration of the Government of this Province hath devolved on me :—I most sincerely condole with you on that melancholy event ; his faithful and meritorious Services to the Public, in this part of his Majesty’s Dominions, will be long felt and remembered :—It shall be my endeavour to imitate and to follow his Example.

Since the last Session of this Legislature, Commissioners have been appointed, for carrying into effect the Provisions of an Act, for affording relief to those Persons, who may be entitled to claim Lands in this Province, as Heirs or Devisees of the Nominees of the Crown to such Lands ; I make no doubt, by the exertions and abilities of those Gentlemen, to whom that important trust is delegated, the Public will soon receive the most important Benefits from the operation of that salutary Law.

I forbear on the present occasion to point out particular Objects for your Deliberations, being convinced, that your knowledge of the respective situations of his Majesty's Subjects whom you here represent, will be the surest Guide to direct you, in the enacting of such Laws as still may be necessary for their Security and Comfort, (as well as in the continuing of Laws heretofore enacted, but now about to expire, whose beneficial effects we have already felt and experienced.)

Gentlemen of the House of Assembly,

I have ordered the Public Accounts to be laid before you, not doubting, but that you will pay that attention in the examination of them, which the nature of the subject requires.

*Honorable Gentlemen of the Legislative Council,
And Gentlemen of the House of Assembly,*

It is with the highest satisfaction that I congratulate you on the great Naval Victory, which lately hath crowned with success his Majesty's Arms ; though our joy is not unmixed, as we have deeply to regret the loss of one of the bravest and most able Defenders of his King and of his Country.

May Great Britain, our Parent State, ever have such men to fight her Battles ; and may she, by the Blessing of Providence, be enabled to defend herself and her widely extended Dominions from the assaults of her Enemies, and transmit her Territories with her invaluable Constitution, unimpaired, to the latest Posterity."

On Wednesday the 5th day of February, the Commons House of Assembly resolved itself into a Committee, to take his Honor the President's Speech into consideration, and agreed on the following Address, which was accordingly presented :—

To

To the Honorable ALEXANDER GRANT Esquire,
President, Administering the Government of the Pro-
vince of UPPER CANADA, &c. &c. &c.

MAY IT PLEASE YOUR HONOR,

“ WE his Majesty’s dutiful and loyal Subjects
the Commons of Upper Canada in Parlia-
ment assembled, beg leave to present to you our gratu-
lations on your accession to the Administration of the
Government of this Province.

We affect not to describe to you the career in which
disinterested virtue may display itself, in exercising the
high prerogative of the Representative of a gracious and
benevolent Sovereign ; but we cherish the fond hope,
that you, in your relation to Majesty, and from your ex-
perience in the public Concerns of this Country, will, in
the Administration of the Government of it, preserve
unfulfilled this important trust.

We derive much pleasure from being informed that
the Act of the last Session of this Parliament “ for afford-
“ ing relief to those persons who may be entitled to claim
“ Lands in this Province as Heirs or Devisees of the
“ Nominees of the Crown, in cases where no Patent
“ hath issued for such Lands,” will, in its operation,
prove a salutary Law ; as we feel impressed with the prin-
ciple, that the protection of the Subject and the security
of his Property, ought to be legibly evinced in every act
of legislation in which a regard to our happy Constitu-
tion can find either ascendancy or support.

We shall with cheerful assiduity devote our attention
to the Public Accounts, and shall feel ourselves happy in
submitting to you such observations as may be deemed
essential either in the retrenchment of the expenditure of
the

the public monies, or in devising the means of a more necessary application of them.

We feel more than ordinary pleasure in your Communication of his Majesty's late Naval Victory, and though we may much regret the fall of the illustrious Nelson in that Action, yet we cannot refrain from expressing in our sensations of joy:—May our Navy be permanent and its successes perpetual."

(Signed)

ALEXANDER MACDONELL, Speaker.

Commons House of Assembly,

6th February, 1806.

His Honor the President, was pleased to return the following Answer to the above Address :—

Gentlemen of the House of Assembly,

"I return you my best thanks for your respectful Address, and have no doubt, but that your deliberations and exertions will effectually promote the happiness and prosperity of his Majesty's Subjects in this Province."

On Monday the 10th day of February, the Commons House of Assembly resolved itself into a Committee, to take into consideration the State of the Province, and agreed upon the following Report :—

The Committee of the whole House on taking into consideration the State of the Province, have, pursuant to the Order of the House, proceeded to examine into the matters referred to their consideration, and have unanimously agreed upon the following Report, viz.—

RESOLVED, That it is the opinion of this Committee, that it is expedient that an Address be present e

to his Honor the President, praying that U. E. Loyalists applying for Grants of Lands, may be permitted to appear and locate Lands by Agents as heretofore ; and that the demand of extra fees, under the Table of Fees of January, 1804, be discontinued.

RESOLVED, That it is the opinion of this Committee, that it is expedient to recommend to the House, that an Address be presented to his Honor the President, praying that persons known by the description of Military Claimants, who have from inability of means, infirmity of health, or other untoward circumstances, been hitherto unable to make their Claims, or to procure Titles for Lands under the Proclamations made for that purpose, do now receive such quota or portion of Lands as they might have been entitled to receive had they made an early application, under such Privileges as Military Claimants originally obtained Grants of the Waste Lands of the Crown.

RESOLVED, That it is the opinion of this Committee, that the Roads through the greater part of this Province are in such a state, as that it is expedient to devise some means for the repair of them.

RESOLVED, That it is the opinion of this Committee, that Seminaries for the Education of Youth, are highly necessary in this Province.

The Commons House of Assembly on the 12th of February, appointed a Special Committee to prepare two Addresses to his Honor the President, upon the subject of the two first mentioned Resolutions in the above Report ;

port ; and the Committee having prepared and submitted the same to the House, they were presented to the President, and are as follow :—

To His Honor ALEXANDER GRANT Esquire, President, Administering the Government of the Province of Upper Canada, &c. &c. &c.

MAY IT PLEASE YOUR HONOR,

“ **WE** His Majesty's dutiful and loyal Subjects the Commons of Upper Canada in Parliament assembled, taking into consideration the state of this Province, and having due regard to such means, as may tend to promote harmony and tranquility, amongst all descriptions of His Majesty's People ; humbly beg leave to represent to you, that several Persons of the description of those who have adhered to the Unity of the Empire, and to whom, it has been held out, that, the Bounty of our most Gracious Sovereign, would be extended by Grant of a certain portion of Lands on applying for the same ; are precluded from receiving his gracious favor, by reason of the difficulty of access to the Seat of Government at York, and of the expence of attending therein.

We therefore entreat you, that, you in your kind consideration for their situation, and in your laudable design of carrying the Royal Promise into effect, will dispense with their personal attendance, and permit them, by their Agents, to lay their claims before your Honor in Council, and also to do such further acts towards obtaining Grants for Lands through their Agents, as the exigency of their case may require.

We also, with all due respect, beg leave to represent to you that, the infant state of Wealth and Commerce in this Country, renders persons applying for Grants of Land, incapable

incapable of paying large fees for the same to the Land granting Department, and that, the additional fee required under the table of fees of the first of January, 1804; is incommensurate with their means and has caused much discontent.

We therefore entreat that you, in your solicitude for promoting the Welfare and Prosperity of all descriptions of his Majesty's dutiful Subjects, will, in your Council direct, that they may be relieved from the payment of this fee, or, that you will take such other measures for absolving them therefrom, as to you in your wisdom may seem meet."

Commons House of Assembly
13th February, 1806.

His Honor the President, was pleased to return the following Answer to the above Address:—

Gentlemen of the Commons House of Assembly,

"It is the Sons of the persons mentioned in one of the Addresses presented by you the 13th of this month, who are required, by the Regulations of the Executive Government of this Province, personally to appear, in order to obtain Grants of the Lands bestowed on them by the bounty of the Crown.

The frauds, for some time committed by the Agents of persons assuming that character, render the personal appearance of such Claimants, a measure of the highest expediency.

But as it is my wish to contribute to the ease and accommodation of his Majesty's Subjects in this Province of every description, as well, as at all times, to pay proper attention to your representations, I shall, aided by the advice of the Executive Council, take into consideration, whether the evils above stated may not be obviated

ted consistent with indulgence as to personal appearance, to the Sons of those persons who have adhered to the Unity of the Empire, whose local situations may render it difficult for them to comply with the above regulations.

The Table of Fees of the 9th January, 1804, is under the authority of Instructions of that date, communicated by one of his Majesty's principal Secretaries of State, to the late Lieutenant Governor."

To his Honor ALEXANDER GRANT Esquire, President, Administering the Government of the Province of UPPER CANADA, &c. &c. &c.

MAY IT PLEASE YOUR HONOR,

WE his Majesty's dutiful and loyal Subjects the Commons of Upper Canada in Parliament assembled, deeply impressed with sentiments of loyalty and attachment to his Majesty's Person and Government, and studious to devise such means as may induce discord or dissatisfaction to give place in every breast, to an unity of affection for the Common Father of his People ; beg leave to represent to you that a number of persons under the description of Military Claimants, have, from inability of means, infirmity of health, or other untoward circumstances, been hitherto unable to make Claims or to procure Titles for Lands, under the Proclamations made for Compensating them in Lands for their Military Services.

We rest satisfied that, when we advert to the character of the Soldier, who exhausted his vigour and his years in the service of his King, and who fought, for nought but victory in the Battles of his Country, your feelings will be sufficiently aroused to his condition, and that you will extend to him as the reward of his zeal and loyalty, that bounty, which, was early intended by our Gracious Sovereign ;

veraign; and which neither time nor residence (much less poverty or distress) ought to suspend or diminish.

We therefore hope that you will, in your Council and Wisdom, grant to persons of this description (even at this late period) such quota or portion of Land as they might have been entitled to receive, had they made an early application, and under such privileges as Military Claimants formerly received Grants, of the Waste Lands of the Crown."

Commons House of Assembly,

February 13th, 1806.

His Honor the President, was pleased to return the following Answer to this Address :—

Gentlemen of the Commons House of Assembly,

On the first of March, the Commons House of Assembly, on considering that part of the above report which states, that a sum of £ 617 : 13s : 7d. was paid out of the public funds without the authority of Parliament, and in violation of their rights and privileges, resolved on the following Address to the President, which Address he signified his pleasure of receiving at ten o'clock on Monday the 3d of March, and the same was accordingly presented by the whole House.

To his Honor ALEXANDER GRANT Esquire, President, Administering the Government of the Province of UPPER CANADA, &c. &c. &c.

MAY IT PLEASE YOUR HONOR,

“ **W**E his Majesty's most dutiful and loyal Subjects the Commons of Upper Canada in Parliament assembled, have, conformably to our early assurance to your Honor, taken into consideration the Public Accounts of the Province ; and have, on a due investigation of the same, to represent to you, that the first and most constitutional privilege of the Commons has been violated, in the application of monies out of the Provincial Treasury to various purposes, without the assent of Parliament, or a vote of the Commons House of Assembly.

To comment on this departure from constituted authority and fiscal establishment, must be more than painful to all who appreciate the advantages of our happy Constitution and who wish their continuance to the latest posterity : but however studious we may be to refrain from stricture, we cannot suppress the mixed emotion of our relative condition.—We feel it as the representatives of a free people.—We lament it as the subjects of a beneficent Sovereign, and we hope that you, in your relation

tion to both, will more than sympathize in so extraordinary an occurrence.

We beg leave to annex hereunto a Schedule of the monies so misapplied, amounting to £617: 13s: 7d. and we trust that you will not only order this sum to be replaced in the Provincial Treasury, but will also direct that no monies be issued thereout in future, without the assent of Parliament, or a vote of the Commons House of Assembly.

The President was pleased to give to this Address the following Answer :—

Gentlemen of the Commons House of Assembly,

I learn with regret from your Address of the 1st of March, that a degree of dissatisfaction prevails in the Commons House of Assembly, with respect to the application of a sum of money stated to amount to six hundred and seventeen pounds thirteen shillings and seven pence. At the time of my accession to the Administration of the Government, I found that various items, similar to those in the Schedule accompanying your Address, had been charged against the Provincial Revenue, and acquiesced in for two years preceding, and I direct-

ed

ed the usual mode to be followed in making up the accounts which I ordered to be laid before you during the present Session. The money in question has been undoubtedly applied to purposes useful and necessary for the general concerns of the Province. As I am however desirous to give every reasonable satisfaction to the House of Assembly, I shall direct the matter to be immediately investigated, and if there has been error in stating the accounts, take measures to have it corrected and obviated for the time to come.

York, Upper Canada, 3d March, 1806.

On receiving the above answer, the Commons House of Assembly formed itself into a Committee to take the same into consideration, and resolved, that it was highly expedient to address the King's most excellent Majesty upon the subject thereof; and also of the two other Addresses respecting Military Claimants, U. E. Loyalists, and the extra Table of Fees; praying that his Majesty, in his paternal solicitude for his subjects in this Province, would take the same into his gracious consideration: but upon the question in the House, whether this report should be accepted? The House divided, and the casting voice of the Speaker negatived the same.—The principal reason assigned by many of those who voted against the Address, was, the want of time to deliberate thereon, as the Gentleman Usher of the Black Rod was then in waiting to command the attendance of the House before his Honor the President, in the Legislative Council Chamber. Upon the Commons House of Assembly attending in pursuance of this Command, the President gave his assent to several Bills, and then prorogued the Parliament with the following Speech:—

Honorable

*Honorable Gentlemen of the Legislative Council,
And Gentlemen of the House of Assembly,*

HAVING dedicated a considerable portion of your time to the service of the Public, I think it proper to close this Session of the Legislature.

The Bills to which I have now given the Royal Assent, contain, some of them, objects of the highest importance to the Public.

By the opening of Roads and constructing of Bridges, while the safety and comfort of the individual will be promoted, the Commerce and the Riches of this Province will necessarily be extended and increased.

The encouragement which you have given, for procuring of the means necessary for communicating of useful and ornamental Knowledge to the rising Generation, meets with my approbation ; and I have no doubt, will produce the most salutary effects.

The other Bills which have now passed, will, I trust, effectuate the beneficial purposes for which they are intended.

I dismiss you, with the pleasing hope, that the Laws enacted for the good of this Province, will derive additional strength and energy from your exertions, influence and example.

The following Bills received the Royal Assent :

An Act to make provision for certain Sheriffs in this Province.

An Act to repeal an Act passed in the Thirty-fifth year of his Majesty's reign, intituled, " An Act to regulate the practice of Physic and Surgery."

An Act to procure certain apparatus for the promotion of Science.

An Act to repeal an Act passed in the forty-fourth year

year of his Majesty's reign, intituled, "An Act for granting to his Majesty a certain sum of money out of the funds applicable to the uses of this Province, to defray the expences of amending and repairing the public Highways and Roads, and laying out and opening new Roads and building Bridges in the several Districts thereof, and to make further provision for the opening and amending the said Roads.

An Act to alter and amend an Act passed in the thirty-third year of his present Majesty's reign, intituled, "An Act to provide for the nomination and appointment of Parish and Town Officers, and also to repeal certain parts of an Act passed in the thirty-third year of his present Majesty's reign, intituled, "An Act to authorize and direct the laying and collecting of Assessments and Rates in every District in this Province, and to provide for the payment of Wages to Members of the House of Assembly."

An Act to continue an Act passed in the forty-third year of his Majesty's reign, intituled, "An Act for the better securing to his Majesty, his heirs and successors, the due collection and receipt of certain Duties therein mentioned."

An Act for applying a certain sum of Money therein mentioned, to make good certain Monies issued and advanced by his Majesty through the Lieutenant Governor, in pursuance of several Addresses.

Five Bills passed the Commons House of Assembly, and were *lost in the Legislative Council*, of which the following is the substance:—

1. A Bill to admit the affirmation of Quakers, Mennonists and Tunkers, to be received as testimony in Courts of Civil Jurisdiction and in other cases, and to enable

enable them, on taking such affirmation, to serve on Juries with certain restrictions, and also to serve as Parish and Town Officers.

2. A Bill to tolerate persons of the religious sect called Methodists, to celebrate Marriages and perform other rites, according to the Ceremony of their Secretary.

3. A Bill to enable the East Riding of York, and the Counties of Durham and Simcoe to return two Members to Parliament, and to enable Persons having Freeholds, after three years residence in the Province, to vote at any future Election.

4. A Bill to establish four Schools in each District, for the Education of Youth.

5. A Bill to enable the Inhabitants of the District of Johnstown to build a Gaol and Court House in a central part of the District.

The following Bill was reserved for his Majesty's Assent :

A Bill to enable persons obtaining Judgment in Civil Cases, to levy the Costs after Judgment.

A particular Statement of Items contained in the Schedule of Monies paid out of the Provincial Treasury in the year 1806, referred to in the last Address of the Commons to his Honor the President, as laid before the Committee of the House by the Inspector General.
