His Excellency, the Right Honorable

The GOVERNOR GENERAL, and COMMANDER-IN-CHIEF, &c., &c., &c.,
Quebec.

REPORT.

STATE OF THE VOLUNTEER FORCE.

On the 3rd May, 1862, the Deputies Adjutant General reported, for the information of the House of Assembly, that there were then organized in the Province 13,390 Volunteers, of these 29 Companies were reported by Lieut.-Col. Wily, after his tour of inspection, as having failed in their organization, and were disbanded; these 29 Companies represented 1,450 Volunteers, leaving as efficient at that date, 11,940. Since then Companies representing 13,070 Volunteers have been organized in different Sections of the Province, making in all, up to this date, a total of 25,010.

Taking population as a basis, these Volunteer Corps are distributed as follows:

Population all Canada, (census 1861) 2,506,752,—present Volunteer force, 25,010 or say 10 Volunteers for each 1,000 inhabitants.

Population—Lower Canada

1,110,664 Volunteers, 10,230,—or say 9 $\frac{1}{4}$ for each 1,000.

Upper Canada

1,396,088 Volunteers, 14,780,—or say 11 $\frac{1}{2}$ for each 1,000.

2,506,752

25,010

Population all Canada, shewing proportion of Volunteers in Cities and Counties.

Cities, 257,273 Volunteers, 8,525,—or say 33 for each 1,000.

Rural, 2,249,479 “ 16,485,—or say 7 $\frac{1}{2}$ for each 1,000.

2,506,752

25,010

Population of Cities.

Lower Canada, 153,389 Volunteers, 5,500,—or say 36 for each 1,000.

Upper Canada, 103,884 “ 3,025,—or say 29 for each 1,000.

257,273

8,525

Population of Rural Parts.

Lower Canada, 957,275 Volunteers, 4,730,—or say 5 for each 1,000.

Upper Canada, 1,292,204 “ 11,755,—or say 9 for each 1,000.

2,249,479

16,485

It will thus be seen that in the cities of Canada, those in the Upper Section of the Province contribute less, in proportion to their population, than do those in the Lower Section; while in the rural parts, Upper Canada contributes a larger number for each 1,000 inhabitants than does Lower Canada.

The Volunteering, thus far, has been the free will offering of the people, and it is gratifying to observe that in the Counties of Upper Canada, with the exception of three, nearly every one has furnished its quota of the 25,000 now organized, while in many instances they are considerably beyond the proportionate number.

In Lower Canada, until of late, Volunteer Corps have been chiefly organized in the cities, but within the last six months a considerable number of Volunteers have been organized in the Rural parts, and now evidences are not wanting that ere long applications will be received at this Department for permission to increase this number considerably.

The present Volunteer Force comprises Field Batteries, Troops of Cavalry, Foot Companies of Artillery, Engineer Companies, Rifle Companies, Companies of Infantry, and Naval and Marine Companies, and is divided properly into three classes, viz: class A, and two divisions of Class B.

Corps in Class A are those who have furnished their own uniforms, and who have been paid \$6.00, for each man uniformed, for 12 days drill performed in 1862.

First Corps in Class B who have furnished their own uniforms, and who have been aid \$6.00 in lieu of clothing, after 12 days drill performed in 1862.

Second Corps in Class B who have been organized upon the understanding that they receive no pay for the 12 days drill, but that the Government will provide them with uniforms and drill instruction.

Of the Corps in Class A, 6 Field Batteries, 11 Troops of Cavalry, 2 Companies of Foot Artillery, and 33 Rifle Companies have certified to the performance of 12 days drill in accordance with the General Order of the 4th November last, and have received from the Government \$22,672 therefor.

Of the Corps in Class B, 3 Troops of Cavalry, 8 Foot Companies of Artillery, 2 Engineer Corps, 49 Rifle Companies, 15 Companies of Infantry and one Naval Company have certified to the performance of 12 days drill in accordance with the General Order of the 4th November last, and have received from the Government \$20,952 therefor.

MILITARY DISTRICTS.

The Province being divided into 21 Military Districts, or say Lower Canada 11, and Upper Canada 10, the Volunteers in each District are under the immediate supervision of the Brigade Major, who has been appointed in accordance with the amended Militia Act of 1862, and whose duties are described as follows, in a General Order which was issued by this Department on the 17th November last:—

1. The Brigade Major of each District will superintend the Drill and Instruction of all Volunteer Companies within his District, furnishing Monthly Reports thereof to the Adjutant General's Department as to their state of discipline and efficiency, and average attendance at Drill.

2. He will inspect, not less than once a quarter, and as often as he may be directed, the Arms, Accoutrements, Great Coats, and other Stores issued to each Company within his District, and forward to the Adjutant General's Department Quarterly Returns thereof, or Special Reports when required, as to their general state, and deficiencies when such occur.

3. The Drill Instructors in each District will be placed under his sole control, he will distribute them through the districts and detail them for their respective duties as occasion may require.

4. He will be required to organize Drill Associations amongst the Officers and Non-Commissioned Officers of each Battalion of Sedentary Militia within his District, with a view to their acquiring such a knowledge of, and proficiency in their Drill and Military duties as will enable them to impart, as occasion may require, the knowledge thus obtained to those under their command. This branch of his duty will also include the control and supervision of the organizations for Drill contemplated by the 11th Clause of the amended Militia Act of last Session.

5. It will further be his duty to secure the enrolment of such quota as may be ordered from time to time among First Class Service Men within his District—First into Companies, and whenever practicable, next into Battalions, under Officers qualified to command them.

6. He will further be subject to such orders and regulations as the Commander-in-Chief may see fit, from time to time, to issue for his guidance and instruction. He will report direct to Head-Quarters, and be the channel of all communications therewith in each Military District, for the Militia, both Sedentary and Active.

Since the appointment of these active officers in each District, much has been done in the organization of the Militia into Companies of Volunteers and Drill Associations, but as yet a sufficient length of time has not elapsed to fully develop the new system, but judging from the results since the appointment of these Brigade Majors, the Department has every reason to believe that as regards organization and Drill in the several Districts, this branch of the Militia Staff has been decidedly successful.

DRILL INSTRUCTORS.

In August last the 46 Drill Instructors, who were sent to this country by the Imperial Government, were detailed for service in the different Districts, and the following scale of daily pay was adopted, that is to say :—

	Cavalry.	Line.
Sergeant Major.....	\$1.50	\$1.37½
Troop Sergeant Major.....	1.37½	
Color Sergeant.....		1.30
Sergeant.....	1.12½	1.00

The services of these Instructors have been of great benefit and assistance to the newly organized Corps. Since 1st of January, in order to meet the requirements of the increased number of Volunteers in all parts of the country, arrangements have been made with the Imperial authorities to furnish 28 additional Sergeants for employment in the chief cities and 40 for employment in the Rural Districts of the Province, for which service the Sergeants employed in the cities are to receive 40 cents per day, and those in the Rural parts the same rates which were agreed upon for those who were originally sent from England for this service. The whole of these Instructors, together with eight Volunteers, are actively engaged in drilling the Militia of the Province.

A R M S .

All the Corps organized since August last are armed; or are in course of being armed with the Enfield Rifle. We annex hereto a list (marked No. 2.) of the different Corps in whose favor requisitions for arms have already been issued upon the Imperial authorities at Montreal, under the provisions of the Circular of the Duke of Newcastle, under date of 14th May last.

G R E A T C O A T S .

To all organizations of Volunteers, great coats have been issued, similar to those worn by the Troops of the Line.

B U G L E S A N D T R U M P E T S .

In October last two hundred bugles and trumpets were procured, and, since then, distributed amongst the different Companies of Volunteers.

D R I L L B O O K S .

One copy of the pocket edition of the authorized book of Field Exercise and evolutions of Infantry has been furnished to each officer of the Volunteer Force.

S E D E N T A R Y M I L I T I A .

DRILL ASSOCIATIONS.

Under the provisions of the 11th Section of the amended Militia Law, 76 Drill Associations, composed of the Officers and Non-Commissioned Officers of the Sedentary Militia, have been organized as follows: say, Lower Canada, 34; Upper Canada, 42; all of which will be supplied with arms and instruction for purposes of drill. Judging from the number of rolls reaching the Department daily, it is fair to presume that during the next three months the total number of these associations will be considerably increased.

DRILL BOOKS

By arrangement with the Imperial authorities, 2000 copies of the pocket edition of the authorized book of Field Exercise and evolutions of Infantry have been procured by this Department, and sold to Officers of the Sedentary Militia, at cost. The rapidity with which orders reached the Department for these books, after they were procured, is an evidence that the Officers of the Militia are taking an active interest in the present Volunteer movement.

All of which is respectfully submitted for Your Excellency's consideration.
