MONTREAL

To send specimens of work (often not authentic) and solicit order is the modern way of business, but, I have never had occasion to do so — It has been said that poor wood engraving will pass here and certainly numerous specimens of it are to be seen shewing a lack of the knowledge required to produce proper work—With the exception of "Transfers" from cuts already secured elsewhere, great ignorance is shewn.

Illustrated circulars and books from the States and elsewhere are freely circulated, all promising the best work at the lowest prices. — I will furnish work as good as some of them and better than others at the same and sometimes lower prices — it has become necessary to use Tinting Machines in portions of mechanical work, and I have in consequence obtained the very latest of these along with a Routing Machine — Would not mention this but false notions of these things are spread.

Orders for all kinds of wood engraving respectfully solicited.

L'homme trop préoccupé commet nécessairement certaines négligences, et ces négligences il est le premier à en souffrir. En supposant même que cet homme ait toujours agi avec la plus grande droiture d'intention, il se rencontrerait encore parmi ceux qui se croient autorisés à juger ses actes, des méchants pour le censurer et lui nuire, et même de braves gens pour partager le sentiment des premiers.— SAMUEL JOHNSON.

He who has much to do will do something wrong, and of that wrong must suffer the consequences; and if it were possible that he should always act rightly, yet when such numbers are to judge of his conduct, the bad will censure and obstruct him by malevolence and the good sometimes by mistake.—SAMUEL JOHNSON.

PREFACE

The Publisher, in presenting his THIRTIETH ANNUAL EDITION of CHERRIER'S QUEBEC CITY DIRECTORY, for 1888-89 gratefully acknowledges the substantial support extended to him, and assures his patrons that, as in the past, so in the present, every means in his power have been taxed to render this issue as thoroughly reliable as a compilation of this kind can be.

Every residence has been visited, some even three and four times, and if slight errors are discovered, the Publisher asks for a lenient criticism.

The Undersigned does not contend that it is a perfect Directory ; because, since Adam claimed a monopoly of the census, such a production has never been known ! but he is safe in asserting that it is equal to reasonable requirements, and is certainly much superior to the directories generally produced :—hence its advent need not be heralded by blare of trumpet, or word of praise from the Publisher as it will speak for itself.

The most noticeable features, in the present volume, some of which are new, are : 1st. THE GENERAL CLASSIFIED DIRECTORY where under nearly 600 different branches of business are to be found classified every tradesman, shopkeeper and professional man in general ; 2nd. Seventeen new engravings have been added to this edition ; making in all 65. 3rd. A new STREET GUIDE from page 13 to 19, a most useful compilation.

The following is a list of the engravings added : Masonic Hall, New Court House, Chateau Haldimand, Notre-Dame de la Victoire Church, Girls' High School, Christian Brothers Academy (St. Roch's), Convent of the Ursulines, Institut Canadien, English Cathedral, Frontenac-Dufferin Terrace, Bon Pasteur, Jeffery Hale Hospital, Sisters of Charity, Finlay Asylum, Academy of Music, Quebec Racket Court, and St. John's Church. These are all engraved by the Quebec Engraving Co., of which Mr. C. Montminy is the clever and able manager.

The present volume contains 540 pages. Pages 171 to 451, and 474 to 540 contain 16,000 names, an increase of nearly 550 names, equal to 2,750 souls over last year.

In the city 1168 names have been erased, 1531 have been added, and 1654 removals have been attended to ; thus making 4,353 alterations, about which a last year's directory can give no information. The number of changes in the "Miscellaneous" which contains 302 entries, must be reckoned by hundreds.

THE BUSINESS DIRECTORY, pages 23 to 56, is classified under 600 headings, in which there have been made 833 changes, viz : 350 new names, 150 erasures, and 333 removals.

In Corporative Bodies there have been added 6 and erased 4 from last year's book : and, in societies and clubs, we have added 8 and erased 6 from our last edition ; besides making several hundred changes in the names of the Officers on these pages : the last being made on the 20th of March.

The Post-Office Guide, on pages 100-101, was corrected especially for this book by the Assistant Post-Master, and can therefore be strictly relied upon.

The Publisher feels it a duty he owes to those who have advertized in the pages of this year's Directory to call special attention to the well displayed advertizements on pages I–XXIV ; the indexing of which is alphabetically arranged on page 9.

The Publisher desires to thank every body, for kindly appreciation of his efforts, and the readiness with which all information has been supplied.

A GENERAL INDEX OF CONTENTS will be found on pages 4, 5 and 6.

In our branch office, at Messrs. Dawson & Co's, 118 Mountain Hill, will be found—for *free* consultation by all—our numerous Directory exchanges of Canada, United-States and Europe.

Several of our patrons again complain that many are in the habit of constantly borrowing directories ; and, when most needed, the book is not to be found. The only remedy for this evil is not to permit the book to leave the premises. Let every business man, who requires the book, do like yourself :—purchase it.

For another twelvemonth our task is completed ; and, wishing his patrons a prosperous year, the Publisher takes his leave, hoping, in due time, to receive their support for the THIRTY-FIRST edition of his book.

The Publisher,

Quebec, June 1888. *of the C. D. P. Co.*

CHERRIER'S

GUIDE TO THE LOCATION OF STREETS

Giving the ward location, also number indices to Churches, Schools, Banks, Government and other Public Offices, Terraces and Chambers, City Hall, Police and Fire Stations, Charitable and Educational Institutions, Railway Offices, Clubs, Consulates, Newspaper Offices, Hotels, Quebec Exchange and Board of Trade, Telegraph Companies, Halls, Post Offices, Markets, Manufactures, &c.

EXPLANATIONS:

The chief object this Guide has in view is to show the location of each street, indicating also what other streets end on it, run from it or intersect it, with, whenever possible, the corner numbers where such streets end, begin or intersect. It will be noticed that the names of the streets are given in Alphabetical order indicating the course in which they run, according, as near as possible, to the points of the compass.

All streets in Jacques-Cartier and St. Roch wards, running from the Cape to the river St. Charles, that is from South to North, have odd numbers on the left or West side, even numbers on the right or East side ; running from East to West, they have odd numbers on the left or South side and even numbers on the right or North side.

In the Upper Town, St. Jean and Montcalm wards, streets running from the Cape to the river St. Lawrence are numbered from North to South, odd numbers being on the left or East side, even numbers on the right or West side.

In the Lower Town, some streets commencing at the Cape are numbered from the Cape to the river St. Lawrence or from West to East, odd numbers on the left or North side, even numbers on the right or South side ; transversal streets are numbered from South to North, odd numbers being on the left or West side, even numbers on the right or East side. Champlain and Petit Champlain streets, owing to their location are numbered from North to South, odd numbers being on the left or East side, even numbers on the right or West side.

This Guide is also intended to indicate at a glance the proximate locality of any number on any street, for example : if you desire to know where No. 221 French Prot. Church, St. Jean street, is located, the Guide tells you that being an odd number, it will be found on the left or South side of St. Jean street and about midway between St. Eustache and St. Augustin streets.

A.—denotes that there is no number on the corner.

THE CHERRIER
Directory Publishing Co.

30th ANNUAL EDITION.

CHERRIER'S

QUEBEC CITY DIRECTORY

1888 — Illustrated and published in French and English — **1889**

THE ONLY DIRECTORY EVER ATTEMPTED IN TWO LANGUAGES

Illustrated with 50 ELEGANT ENGRAVINGS of some of Quebec's Public Buildings, at a cost of $500.

When fully Illustrated will contain over **100 FINE ENGRAVINGS** AT A COST OF OVER $1000.

Until of late, the price of this book to subscribers had been $3 and $4.

But in order to meet constantly increasing outlayes, the price of CHERRIER'S QUEBEC CITY DIRECTORY had to be raised to **$4.00** to ordinary subscribers, and **$5.00** to Government offices, Corporate bodies, clubs, societies, &c., a considerable number of whom, forming part of the Miscellaneous Directory, have, or will have in course of another year or so, in the pages of this work, illustrations of their buildings.

This is but a slight advance when the immense addition to cost is considered; and it is gratifying to see that its patrons, rejoicing in this carefull exhibit of Quebec's prosperity, appreciate and prefere our painstaking and thorough work at the advanced price.

Attention is earnestly called to the many and beautiful engravings contained in the pages of this volume, and also to the CLASSIFIED BUSINESS DIRECTORY, p.p. 19 to 56.

The Publisher,

A. B. CHERRIER,

of the "Cherrier Directory Publishing Company."

N. B.—Believing that a reliable Directory is of more practical benefit to our community than even the local census, we consider it would be for the good of the general public if a city by-law were enacted making it a misdemeanor for any one to refuse his name for the Directory.

Montcalm Ward.—From the Glacis to the St. Foye and St. Louis toll gates, divided by the south side of St. Jean.

Palace Ward.—From Mountain hill steps to St. Jean gate, divided by the north side of St. Jean, de la Fabrique and Buade.

St. Pierre Ward.—From Sous-le-Fort to St. Roch, and from the river to the Cape.

St. Roch Ward.—From St. Roch to St. Ours, and from the north side of St. Joseph to the river St. Charles.

When no NUMBERS appear with the NAMES, such NAMES are understood to occupy the first number preceding them.

The **STREET KEY** is presented in its most simple form, it being considered only as a reference to names. For fuller information the **ALPHABETICAL DIRECTORY** must be consulted. A few names are unavoidably left out from the Street Key—owing to the tardiness of persons in giving the required information—names which, however, appear in the Alphabetical list.

The object of the STREET Key is to enable you to find out a person's name knowing the no. and street. The object of the ALPHABETICAL DIRECTORY is to enable you to find out a person's address knowing his or her name.

In the Street Key, numbers followed by a —— are either houses *not rented* or where information *could not be secured* at the time of publication.

Names of residents in *houses* of *ill-fame not being inscribed* in the Street Key, will not as a consequence be found in the Alphabetical Directory.

At the time of puting the Street Key to press, 3rd of May, there were still 248 lodgings, stores and offices *not rented.*

The letter *p* after name means *residing proprietor*, *r* means *rear* or *residence.*

ALPHABETICAL DIRECTORY

A. B. CHERRIER
COMPILER

EXPLANATIONS:

The Names in CAPITALS are those of Subscribers and Advertisers.

ABREVIATIONS USED IN ALPHABETICAL DIRECTORY: bdg. hse. *boarding house;* bds. *boards;* r. *residence* or *rear;* sq. *square.*

The object of the ALPHABETICAL DIRECTORY is to enable you to find a person's address knowing his or her name; the object of the STREET KEY is to enable you to find a person's name knowing the street and no.

When hill, lane, place, road, square, or any other such word, does not follow the residence, the word *street* is to be understood; for example: Abgrall Victor, laborer, Champlain 813, *means* Champlain street 813.

When two numbers are given in connection with one name, and only one street mentioned, the number first given is the place of *business,* and the second the *residence,*—which is always indicated by the letter *r*—when both in the same street.

It will be noticed that the names of all members of a firm are added directly after the name of said firm. This, it must be understood, does not interfere with the regular insertion of the same names in their *Alphabetical order.*

Our advertising patrons may be found by refering to the Index. We feel justified, after many years acquaintance, in saying we believe them to be among the very best in their vocations in the Cities of Quebec and Montreal.

Names of residents in *houses of ill-fame not being inscribed* in the Street Key, will not, as a consequence, be found in the Alphabetical Directory.

There are about 1,800 proprietors in the City.

The number of landlords in each ward, including women, are about as follows: Champlain 100; St John 200; Montcalm 250; du Palais 125; St Roch 375; St Pierre 100; St Louis 190; Jacques-Cartier 450.

The number of voters in the city is as follows: for Aldermen 1708; for Councillors 3052.

☞ At the time of going to press, 19th of May, there were still 248 lodgings, stores and offices unoccupied, a fact which, to a certain extent, can account for many of the omissions that may be found during the year.

☞ To find a name, first know how to spell it. ☜
