P R E F A C E .

ON introducing to the Public a Directory of the City of Quebec, upon a plan which has not been heretofore adopted, as relates to the Ancient Capital of Canada, the Editor would respectfully submit a few explanatory observations, which he trusts will be favorably received, by those for whom they are intended.

Upon undertaking to bring out a General Directory of the City, it was his desire to render it as complete and perfect as such a work can possibly be made, and with that end in view, he either personally, or through competent parties, in his employ, visited (as he believes) the dwelling house, counting house, store, or office of every person residing, or carrying on business in Quebec. It is almost impossible, however, in a work of this nature, (and especially in the first edition of it,) to procure *all* the necessary information, and it is a painful fact, that *a good many persons totally refused*

to give their names or occupations, although assured that doing so would not in any way injure them, might benefit them, and at all events would not cost them anything.

Notwithstanding these drawbacks, it will be seen that the present work contains a *properly arranged* ALPHABETICAL DIRECTORY, extending to the 141st page, in which there are about FOUR THOUSAND FIVE HUNDRED NAMES.

The second part of the work gives a CLASSIFIED DIRECTORY of the principal professional and business persons, arranged under their proper heads, (*a feature altogether new in a Quebec Directory*), and the third Part gives a GENERAL DIRECTORY to all Public Institutions, and Public Offices, together with an ALPHABETICAL GUIDE TO THE STREETS OF THE CITY, and such other miscellaneous information as may be interesting or useful to the Public.

The General Index to the work will be found of considerable value, as saving time in looking up any desired information, and, taken altogether, the editor trusts that the present Directory will be found essentially useful to the Community.

In conclusion, he would return his best thanks to

such gentlemen as kindly facilitated his procuring information for the Directory, and also to his Subscribers and Advertisers, and he trusts that the sale of the work will be such as to warrant the issuing of a revised and enlarged edition in the course of another year.

ROBERT W. S. MACKAY.

THIS COMPANY is prepared to effect ASSURANCE UPON LIVES, and transact any business dependent upon the value or duration of Human Life; to grant or purchase *Annuities* or *Reversions* of all kinds, as also Survivorships and Endowments.

In addition to the various advantages offered by other Companies, the Directors of this Company are enabled, from the investment of the Premiums in the Province at a rate of compound interest much beyond that which can be obtained in Britain, to promise a *most material reduction of cost*; guaranteeing Assurances, Survivorships or Endowments for a smaller present payment, or yearly premium, and granting increased ANNUITIES whether immediate or deferred, for any sum of money invested with them. They can also point to the local position of the Company as of peculiar importance to intending Assurers, as it enables such Assurers to exercise control over the Company, and facilitates the acceptance of healthy risks, as well as the prompt settlement of claims.

Assurances can be effected either WITH or WITHOUT participation in the profits of the Company; the premiums may be paid in half yearly or quarterly instalments; and the HALF CREDIT SYSTEM having been adopted by the Board, credit will be given for one half of the first SEVEN premiums, secured upon the Policy alone.

Annual Premium to Assure £100, Whole Term of Life.

Age.	With Profits.	Without Profits.	Half Credit	Age.	With Profits	Without Profits.	Half Credit
15	1 13 1	1 6 5		40	3 6 2	2 14 8	2 17 6

35	2 16 7	2 6 4	2 9 2	60	7 10 10	6 9 11	6 13 2

The above rates, *For Life, without Participation, and Half Credit*, will, upon comparison, be found to be LOWER than the similar tables of any other office at present offering to assure in Canada, while the assured *with participation* will share in three-fourths of the whole profit of that Branch of the Company's business.

Particular attention is called to the TABLES OF DECREASING TEMPORARY ASSURANCE, by means of which parties are enabled to secure the punctual payment of all instalments falling due on Mortgaged property from the date of their decease.

Tables of Rates, Prospectuses, Forms of Application, and any further information respecting the system of the Company, or the practice of Life Assurance, can be obtained of the Secretary, or from any of the Local Agents.

THE
COLONIAL LIFE ASSURANCE COMPANY.

(INCORPORATED BY ACT OF PARLIAMENT.)

Capital, Half a Million Sterling.

GOVERNOR—THE RIGHT HON. THE EARL OF ELGIN AND KINCARDINE, GOVERNOR GENERAL OF CANADA.

Edinburgh, 1 George street; London, 4 A. Lothbury; Glasgow, 35 St. Vincent Place; Montreal, 19 Great St. James street.

DIRECTORS :

HON. PETER MCGILL, Chairman,
DAVID DAVIDSON, Esq.,
ALEX. SIMPSON, Esq.,
HEW RAMSAY, Esq.,

CHRISTR. DUNKIN, Esq.,
Hon JUSTICE McCORD,
Hon. W. B. ROBINSON.

Medical Adviser, GEORGE W. CAMPBELL, Esq., M. D.

Solicitor, JOHN ROSE, Esq.

Manager, A. DAVIDSON PARKER, Esq.

THE DIRECTORS of the COLONIAL LIFE ASSURANCE COMPANY, being desirous to afford all those advantages to their Policy-holders in this country, which are commanded by Assurers in Great Britain, have invested THE BOARD IN MONTREAL with full powers to examine into, and accept of Proposals, putting the Company on the risk, *at once*, without communicating with the Parent Board.

A party has it thus in his power to effect an assurance on his Life *immediately*, without incurring the delay to which Life Assurers in this country have hitherto been subjected, from the sanction of the Head Board being required to complete the transaction: the deliverance of the Board at Montreal being *final and irrevocable*.

This arrangement gives to the COLONIAL all the facilities of a Company *essentially local*; and combined with the additional advantages of a large Guaranteed Capital, affords the most perfect security in all Assurance transactions.

Rates by annual payments for an assurance of £100 sterling :

TABLE I.

Whole Term of Life, with Participation in the Profits of the Company.					
Age.	Annual Premium.	Age.	Annual Premium.	Age.	Annual Prem.
15	£1 14s 0d	30	£2 9s 4d	50	£4 13s 0d
20	1 18s 4d	40	3 5s 6d	60	7 7s 1d

POLICIES effected under THIS TABLE, have the benefit of participating in the profits on the Company, which will be ascertained and divided at certain intervals, when each Policy will share in the Fund to be allocated for division among the Assured.

TABLE II.

Whole Term of Life without Participation.					
Age.	Annual Premium.	Age.	Annual Premium.	Age.	Annual Prem.
15	£1 11s 2d	30	£2 5s 2d	50	£4 5s 3d
20	1 15s 1d	40	3 0s 0d	60	6 14 1d

Policies effected under THIS TABLE, secure sums of fixed amount, payable at death. This Table is frequently selected by parties to whom it is an object to transact on the lowest terms, and as well suited to assurances effected in connection with LOANS, or to cover DEBTS.

Premiums can be paid by *half yearly instalments*.

F. HALF CREDIT SYSTEM.—According to this arrangement, parties can pay **HALF** of the annual premium for the first Five or Seven years, the remain-

ing half with interest to remain as a debt on the Policy, and be paid off when convenient, or, at the option of the Assured, to be deducted at settlement of the claim;

Or, the Company will grant assurances on the following plan:—ONE-THIRD of the annual Premium to remain in the hands of the Policy-holder during the subsistence of the Assurance, the proportion of premiums thus reserved to be deducted with interest, when the sum assured becomes a claim upon the Company.

TRAVELLING LICENCE.—The arrangements of the Directors, as regards Residence and Travelling, are extremely liberal, the limits being generally very extensive, and in particular, the assured having permission to pass from ANY NORTH AMERICAN PORT TO ANY EUROPEAN PORT, *at all times*, without extra charge.

LEGAL TENDERS OF COINS.

By the Currency Act, 4th and 5th Victoria, chap. XCIII, it is provided that the British sovereign of full weight, and the American eagle of eleven dwts. six gr. troy, coined before July, 1834, and all their multiples and subdivisions, shall be a legal tender, the former at £1 4s. 4d., the latter at £2 10s.; and if not more than two grains less than full weight, each coin shall continue to be by tale to any amount, at a deduction of $\frac{1}{2}$ d. currency, for each quarter grain. Provided that, in legal tenders, if the payment exceed £50 currency, either party may insist on such coins being weighed in a lump, and to be legal tender at the rate, the British of 94s. 10d. currency per oz. troy, and the United States coins at that of 93s. currency.

In like manner the gold coin of France of forty francs with its divisions and multiples, at 93s. 1d. currency, per oz. troy; the old doubloon of Spain, or quadruple pistole, the Mexican and Chilian doubloon, at 89s. 7d. currency, per oz. troy; the gold coins of La Plata and Columbia at 89s. 5d. currency, per oz. troy; the Gold coins of Portugal and Brazil at 94s. 6d. currency, per oz. troy;—all these if coined before Sept. 1, 1841, are legal tender for sums above £50, weighed out at the above rates.

The following silver coins are legal tender:

The silver dollar of Spain, the United States, Peru, Chili, Central America, the States of South America, and of Mexico, if coined before the year 1841, and weighing seventeen dwts. four grs. troy, at 5s. 1d. currency; and the half-dollar of the same coinages and proportionate weight, at 2s. 6 $\frac{1}{2}$ d.; to any extent, by tale.

Their subdivisions—the one-fourth dollar for 1s. 3d. currency; the one-eighth for 7 $\frac{1}{2}$ d. currency; the one-sixteenth for 3 $\frac{1}{2}$ d.; are legal tender to the extent of £2 10s. at one time, by tale, if they have not lost more than one-twenty-fifth of their weight.

The French five-franc piece coined before 1841, in tale for any amount at 4s. 8d.

The British crown at 6s. 1d. currency ; which, and other descriptions of British coin lawfully current in Great Britain and Ireland, of proportionate weight, and for proportionate sums to the amount of £2 10s. currency, and no more.

The Governor General can by proclamation include among legal tenders the more recent coinages of those nations of the values specified, having verified their pureness by assay.

£100 sterling is equal to £121 13s. 4d. currency, and is deemed par of exchange.

To bring sterling into currency, add 1-5th to the sterling amount and 1-12th to the 1-5th ; and to reduce currency into sterling, multiply by 60 and divide by 73.

The basis of the currency is the imperial gold standard, differing from sterling money in the different nominal value of the pound and its constituents.

The pound sterling is by law fixed at *Twenty-Four Shillings* and *Four-Pence* currency. At this rate all large transactions are settled, and remittances, with the correction of the day for exchange, are calculated.

One pound currency, contains four dollars.			
One dollar	do	do	five shillings.
One shilling	do	do	two sixpennies.
One sixpence	do	do	six pennies.
One penny	do	do	two coppers.

The dollar currency rather over....			4s. 1¼d.
" shilling do rather over....			9¾d.
" sixpence do rather under...			5d.

But in retail transactions an approximation is made to the value of the coins current in Britain and the United States, and in small purchases the following are the rates at which such coins are usually taken :

BRITISH.

The sovereign.....	£1 4s. 6d.
The crown.....	6s. 1d.
Half crown.....	3s. 0½d.
Shilling, called Trente-Sous.....	1s. 3d.

Eagle.....	£2 10s.
Dollar.....	5s. 1d.
Half-dollar	2s. 6½d.
Dime, or ten cents.....	6d.
Real, or York Shilling.....	7½d.

A Shilling sterling and a quarter of a dollar are taken in the stores as equal. The exchangeable value of the dollar, of course, varies with the course of exchange between the Provinces and the United States, which is principally ruled by that between New York and London. In general, its value is about 5s. 1d. currency, or 4s. 2d. sterling.

The Shilling currency is sub-divided into twenty-four copper coins, called Coppers. Coins of this metal, of Colonial, British and American origin, and of various denominations, are common, and each is pretty generally taken as the equivalent of a copper, without much reference to its intrinsic value. The English Penny, Half-penny, and Farthing, of not less than five-sixths of the weight of currency, is a legal tender to the amount of 12d.

The following coins are also usually taken at the rates specified:—

French crown	5s. 6d.
“ half crown.....	2s. 6d.
