EXCELSIOR FACE BEAUTIFIER.

**No Toilet Table
complete with-
out it.**

For beautifying the complexion and making the hands soft and velvety it stands unrivalled.

Face Massage.

By using our Toilet Anti-septic vapor bath you can destroy the microbes or germs which cause blemishes on the skin, thereby

Removing Pimples

and other eruptions. This treatment will also remove not only freckles, but will SMOOTH OUT WRINKLES, rendering the skin as soft and clear as that of a child, and giving to it the

Rose Tint

and beauty of youth and health.

Price, \$7.00. Including one bottle Excelsior Toilet Antiseptic, \$8.00.

DIRECTIONS:—Each time before using the Excelsior Face Beautifier fill the boiler half full of water [use rain water, and, if possible, boiling hot] and fill the lamp with methylated spirits or alcohol.

Never use the water in the boiler twice. Take the sponge out of the reservoir and wash it thoroughly with hot water and castile soap. Squeeze the sponge as dry as possible and return to the reservoir, then light the spirit safety lamp and place it under the boiler. As soon as steam begins to escape from the top of the reservoir, pour a teaspoonful of the Toilet Antiseptic into the reservoir. Throw over the head a piece of muslin drapery and hold the head directly over the instrument, thus allowing the Antiseptic vapor to play directly on the face. Continue the treatment from 15 to 30 minutes, or until free perspiration of the parts is produced, then bathe the face with soft water as hot as can be borne, and immediately afterwards bathe the face in cold soft water and drying with soft towel by gently patting [not rubbing]. The hands or any other part of the body can be similarly treated. Although this treatment may be used any time, more advantage can be had by using it just before retiring at night. If treating for freckles, after having dried the face rub thereon pure lemon juice.
