MESSRS. JAMES CAMPBELL & SON, *on presenting their new General Stationery Trade List, desire to state that they intend it to serve rather as an Index to their Stock than as a complete Catalogue—it being almost impossible to enumerate everything in detail. They hope, however, that their customers will find it useful for reference, and that it will prove a serviceable guide when ordering by letter.*

PRICED SAMPLES, *and every information required, given on application.*

Importing Orders from Manufacturers' Samples supplied at reduced rates.

N. B.—A large stock of the following books is always kept on hand, thus insuring regularity of supply, and preventing any delay in supplying classes which have begun to use any of the books. The prices also are much lower, and the discounts allowed to the trade larger, than any other series can be supplied for.

Those in capitals are authorized by the Council of Public Instruction for Ontario.
