

STATEMENT OF MONEYS PAID  
ON ACCOUNT OF  
FRONTIER SERVICE,  
SINCE 1st JULY, 1865.

---

AUDIT OFFICE,  
OTTAWA, April 7th, 1866.

SIR,—If the interests of the Province, at the present moment, imperatively require an expenditure for Militia services, in excess of the Parliamentary vote, it is most important that the manner in which this is done should be well considered, as it will be appealed to as a precedent should similar emergencies occur in the future. It is also most important that any such expenditure, on the authority of the Executive alone, should be surrounded by such forms, as would deter any future Government from resorting to a similar expedient, except in the most pressing necessity, such as appears to exist at present.

The Audit Act (27 and 28 Vic., Cap. 6, s. 8) makes it the duty of the Auditor to prevent any expenditure in excess of Parliamentary authority, except in one specified case of emergency, viz., an unforeseen accident happening to any Public Work or Building; and the manner in which the expenditure is to be authorized in that case, is laid down in the Act. It appears, therefore, clear that if the Executive now determine to act upon another case of emergency, at least, the same forms should be adhered to. There must be a report from the Minister in whose Department the difficulty arises, stating the necessity which exists—there must be an order in Council sanctioning the view taken by the individual Minister, and directing the issue of a warrant or warrants, and the Auditor must, on the first day of the then next Session of Parliament, cause copies of the Order in Council, and of all Warrants issued on the authority of it, to be laid before Parliament. The possibility of some such case of urgent necessity occurring, beyond that provided for by the Act, had been foreseen by the Board of Audit, and the best way of dealing with the difficulty had been suggested in the Resolutions passed by the Board, June, 25th, 1864, and sanctioned by the Order in Council of June 27th, in accordance with the 9th Section of the Audit Act. By this resolution, which has the force of law, unless the Order in Council be expressly repealed, it is provided, over and above the other forms laid down by the Act in case of accidents to Public Works, that all warrants, issued on Orders in Council in excess of the Parliamentary appropriations, shall be signed by the Governor General himself. A further formality in the issue of this warrant might be observed with advantage. In ordinary cases, after the Auditor has reported upon any applications for a Warrant that there is sufficient authority and that all is correct, the Deputy Inspector General certifies that the Warrant may issue, and it is upon this certificate that the Executive Council Office issues the warrant. In these exceptional cases it would be better that the formal certificate should be given, not by the Deputy, but by the Minister of Finance himself.

I think that, with these formalities there would not be much danger of any action, which

the Executive may now determine to take, being drawn into a precedent, except in cases of similar urgency hereafter; but much practical inconvenience would arise, as to obtaining the signatures of the Minister of Finance and of the Governor General, if many Warrants were issued on the same Order in Council. I think, however, that these signatures afford so great a protection against such authority being assumed by the Executive without pressing necessity that I should be unwilling to sacrifice any part of the safeguard. The difficulty may be met by the issue of one Warrant in favor of the Receiver General withdrawing the whole sum estimated to be required from the Consolidated Fund, and placing it to a special account, against which the Auditor may be authorized to charge such unprovided expenditure as the Warrant is drawn to meet.

In order to carry out the plan above recommended, it will be necessary for the Militia Department to use an entirely different form of cheque against the general Letter-of-Credit for all expenditure, which is to be charged in the Special Account, in order that separate warrants may issue to reimburse the bank—one against the Consolidated Fund for the ordinary expenditure, and the other against the Special Account.

Besides the expenditure for Frontier Force, for which there is no Parliamentary provision at all, and which it is proposed to meet in the manner above suggested, there is this further difficulty in the Militia appropriations, that the total sum was voted by Parliament for different sub-divisions of the service, which, in consequence of the peculiar position of affairs, do not accord with the manner in which the money is at present required. It is contrary to all the principles upon which we have hitherto passed Warrants, to allow the money voted for one service, but not required, to be available for another service; and though the emergency may require this to be done now, we must guard against its being drawn into a precedent. The total vote might be re-distributed by Order in Council, and I might be instructed to guide myself by the re-distribution and not by the original votes; but this Order in Council, with the new distribution, should be submitted to Parliament on the first day of the session, in the same way as any other departure from Legislative authority.

I have the honor to be,

Your obedient Servant,

(Signed,)

JOHN LANGTON,  
Auditor.

The Hon. A. T. Galt, Minister of Finance.

*Copy of a Report of a Committee of the Honorable the Executive Council, approved by His Excellency the Governor General in Council, on the 10th April, 1866.*

On a memorandum dated 5th April, 1866, from the Honorable the Minister of Finance, submitting that on the 9th November, 1865, by Order in Council, nine Companies of Volunteer Militia were called out for Frontier service,—that on the 7th March a further force of 10,000 men was required for the defence of the country,—that it appears by the Report of the Minister of Militia that, under the last levy, 14,000 men instead of 10,000 were actually enrolled for service,—that by Order in Council of 9th November, 1865, and by subsequent orders, certain allowances for pay, rations, necessities, arms and ammunition were authorized and directed to be paid,—that the appropriations by Parliament for the service of the Militia, in the financial year ending 30th June, 1866, were as follows :—

|                                                      |           |
|------------------------------------------------------|-----------|
| Balance remaining unexpended at 30th June, 1865..... | \$108,561 |
| Total sum granted by Supply Bill, 1865.....          | 480,704   |
|                                                      | <hr/>     |
|                                                      | \$589,265 |

That the necessity for providing for the Defence of the Frontier not having been foreseen, no specific appropriation was made by Parliament for this service.

That by statement furnished by the Militia Department, it appears that up to the 8th March the sum of \$71,286 had been expended on account of the service authorized by the Order in Council of 9th November, 1865, and that the further sum of \$145,000 has been

further expended under the Order in Council of 7th March, and subsequent orders referred to.

That these payments have been made from the gross sum of \$589,265, voted by Parliament for the Militia Service, and that the Department has been thus compelled to deviate from the specific subdivisions of the amount.

That it appears the Department was unable to adhere to the specific appropriations owing to the derangements of their Estimates, caused by placing so large a force of Volunteer Militia in the field, many of the items having been largely exceeded, and others postponed.

That it now appears that the service of the Militia has nearly or quite exhausted the gross sum appropriated, while the expenditure for the maintenance of the force, and the ordinary service continue and require provision.

That under these circumstances it has become absolutely necessary for your Excellency in Council to consider the means by which the exigencies of the public service can be met.

That by the provisions of the 27-28 Vic., cap. 6 (the Audit Act), the Auditor is directed "to see that no Warrant issues for the payment of public money without the direct authority of Parliament," and that it is consequently not in the power of the Finance Department to meet any further requisitions for funds by the Militia Department.

That by statements furnished by the Minister of Militia and attached hereto, it appears that the Frontier Force, for which no appropriation exists, has already involved engagements amounting to ..... \$423,057

And that the ordinary service for the year is estimated at ..... 589,265

It further appears that the force now called out involves a weekly outlay, estimated at \$47,425; the duration of this expenditure being uncertain, and liable, as the public service may require, to be either increased or diminished.

He submits that in view of the absolute necessity of providing for the expenditure authorized, the sum already appropriated by Parliament should be considered as applicable for the ordinary service, but re-distributed to meet the requirements thereof, as modified by the calling out of the Force, and that the gross sum of \$589,265, voted by Parliament, be directed to be applied to the ordinary service of the Militia, according to the Schedule attached hereto; and that the Militia Department strictly conform to the distribution made therein for the several services.

That it is also absolutely necessary for the immediate requirements of the Volunteer Force, as well as to make good the sums already appropriated from other services for their payment, that a sum of Five hundred thousand dollars be provided from the Provincial Exchequer, and that from time to time further sums will in all probability be requisite.

That he feels it his duty to state that without an infraction of the stipulations of the Audit Act, the necessary provisions for the public service cannot be made, and he respectfully submits that the position is one in which it is beyond the duty of his office to offer any advice or recommendation; but that it is for Your Excellency in Council to determine upon the course to be adopted.

The Hon. the Minister of Militia reports that, having carefully considered the present position of the Parliamentary appropriations for the Militia Department, as laid down in the above memorandum of the Honorable Minister of Finance, and the pressing necessity which exists for placing the service on a footing which was not contemplated when the Estimates were submitted to Parliament—

1st.—He concurs in the recommendation of the Minister of Finance, that the aggregate sum appropriated by Parliament for all branches of the Militia expenditure, be re-distributed by Order in Council, so as to meet the present requirements of the service: that the Auditor be instructed to guide himself by the new distribution in passing the Accounts of the Department; and that he cause to be laid before Parliament, on the first day of the next Session, copies of the Order in Council and of the new distribution authorized by it.

2nd.—That the necessity for calling out a force for the protection of the Frontier was not foreseen when the Estimates were submitted to Parliament, and that no provision was consequently made for its maintenance.

That on the 25th June, 1864, the Board of Audit passed certain Resolutions as to the manner of auditing accounts and issuing public moneys, which Resolutions were sanctioned and confirmed by an Order in Council on the 27th June, 1864, in accordance with the 9th section of the Audit Act; and that in these Resolutions provision was made for the possible occurrence of a case of urgent necessity such as the present. That in accordance, therefore, with the method laid down in the Audit Act, in case of unforeseen accidents to Public Works, and with the Resolutions of the Board of Audit, as sanctioned by Order in Council, he recommends: That towards the maintenance of the Frontier force Your Excellency be requested to issue a Warrant, signed by yourself, for five hundred thousand dollars, in favor of the Honorable Receiver General, to be placed to a special account, and to be applicable to that purpose only. That the Auditor be instructed to pass Warrants from time to time, as required, for the pay and maintenance of the Frontier force, to be charged against such special account; and to cause to be laid before Parliament, on the first day of next Session, copies of such Warrant and the Order in Council authorizing its issue, together with a statement of all sums which have been charged against the special account thereby created.

The Committee advise that the recommendations of the Minister of Militia be approved and acted on.

Certified,

WM. H. LEE,  
C. E. C.

#### ESTIMATE OF THE FRONTIER FORCE.

|                                                          |           |
|----------------------------------------------------------|-----------|
| Expense up to 8th March, 1866.....                       | \$ 71,286 |
| Do of the whole force, from 8th to 27th March, 1866..... | 290,000   |
| Do do from 27th to 31st ".....                           | 40,000    |
| Spencer Rifles, including ammunition.....                | 9,771     |
| Ammunition—ordinary.....                                 | 12,000    |
|                                                          | <hr/>     |
|                                                          | \$423,057 |

Under the G. O. 28th March, the present permanent force consists of 4,500 men—say for pay and allowances, including officers, \$5,625 per day.

Expense of 1,000 men and officers on permanent Frontier duty—\$1,250 per day.

Under the said General Order there will require to be paid:—

|              |                                                               |

Warrant No. 3734½.

SPECIAL WARRANT.

April 10th, 1866.

By His Excellency the Right Honorable CHARLES STANLEY, Viscount Monck, Baron Monck of Ballytrammion, in the County of Wexford, Governor General of British North America, &c. &c. &c.

To the Honorable the Receiver General of the Province of Canada :

Whereas the Honorable Minister of Militia has submitted to me a Report setting forth that the necessity for calling out a force for the protection of the Frontier was not contemplated when the Estimates for the year were submitted to Parliament, and that consequently no provision was made for its maintenance, and that the appropriations for the ordinary Militia Service are inadequate to meet the expenditure for this purpose which the circumstances of the Province have rendered imperatively necessary; and, whereas an Order in Council has this day been passed, on the recommendation of the said Minister of Militia, and approved of by me, wherein I am requested and authorized to issue a warrant for Five hundred thousand dollars, signed by myself, towards defraying the expense of such Frontier Force,

You are hereby authorized and required to draw the said sum of Five Hundred Thou-

sand dollars from the Public moneys in your hands, and to place it to your credit in a special account, to be called the Frontier Service Special Account; and you are further required to pay out of and charge against such special account all Warrants duly signed and attested by the proper Officers, which are certified by them to be for the pay and maintenance of such Frontier Force, but for no other purpose.

And for your so doing this shall be to you a sufficient warrant and discharge.

Montreal, this 10th day of April, in the Year 1866.

[ENDORSE.]

Ent'd Cash Book Fol.

SPECIAL WARRANT.

In pursuance of the within Warrant I have drawn the sum of Five Hundred Thousand Dollars out of the General Public Moneys in my hands, and have placed the same in a special account called "Frontier Service Special Account," which I hold, subject to such Warrants as may be issued from time to time for that service.

(Signed,) T. D. HARRINGTON,  
Deputy Receiver General.

Ottawa, this 10th day of April, 1866.

*Copy of a Report of a Committee of the Honorable the Executive Council, approved by His Excellency the Governor General in Council on the 2nd June, 1866.*

On a letter dated 2nd instant, from the Auditor of Public Accounts, calling attention to the fact that the appropriation for the Frontier Force is all but exhausted,—that in fact it would have been overdrawn had all the checks come in which, he understands, the Militia Department has issued, and if some charges properly belonging to it had been made, which were charged in the first instance to the ordinary Militia Service :

He submits the following Estimate obtained from the Militia Department :—

|                                                                                          |           |
|------------------------------------------------------------------------------------------|-----------|
| Checks drawn to May 26, including transfers to be made from<br>the ordinary service..... | \$633,000 |
| Due up to May 31, but not yet paid.....                                                  | 156,000   |
|                                                                                          | <hr/>     |
|                                                                                          | \$789,000 |
| Appropriation by Order in Council, (10th April, 1866).....                               | 500,000   |
|                                                                                          | <hr/>     |
|                                                                                          | \$289,000 |

which last mentioned amount, he states, will be required, exclusive of the expenditure for June instant.

On the recommendation of the Honorable the Minister of Finance, the Committee advise that a Warrant issue for this service for three hundred thousand dollars.

## SPECIAL WARRANT.

No. 4397.

4th day of June, 1866.

By His Excellency the Right Honorable CHARLES STANLEY, Viscount Monck, Baron Monck of Ballytramon, in the County of Wexford, Governor General of British North America, &c., &c., &c.

*To the Honorable the Receiver General of the Province of Canada :*

Whereas the Honorable the Minister of Militia has submitted to me a Report, setting forth that the necessity for calling out a force for the protection of the Frontier was not contemplated when the Estimates for the year were submitted to Parliament, and that consequently no provision was made for its maintenance, and that the appropriations for the ordinary Militia Service are inadequate to meet the expenditure for this purpose which the circumstances of the Province has rendered imperatively necessary :

And whereas an Order in Council was passed on the 10th day of April last, on the recommendation of the said Minister of Militia, and approved of by me, wherein I was requested and authorized to issue a warrant for Five hundred thousand dollars, signed by myself, towards defraying the expense of such Frontier Force :

And whereas, on the Report of the Honorable the Minister of Finance, it appears that the said sum has already been expended, and an Order in Council was passed on the 2nd day of June instant, authorizing the issue of a further warrant on the same account for three hundred thousand dollars :

You are hereby authorized and required to draw the said sum of Three hundred thousand dollars from the public moneys in your hands, and to place it to your credit in a special account, to be called the Frontier Service Special Account, and you are further required to pay out of and charge against such Special Account, all warrants duly signed and attested by the proper officers, which are certified by them to be for the pay and maintenance of such Frontier Force, but for no other purpose.

And for your so doing this shall be to you a sufficient warrant and discharge.
