sing to authorise the expenditure of money shall
be passed by the Council, or acted upon by any
Committee or Officer of the Corporation, unless

either adequate means of meeting such expenditure are at the same time provided by the By-law or Resolution, or sufficient unappropriated money is in hand or will become payable to the Corporation before the 31st day of December in the same year, nor unless the fact of such adequacy or sufficiency appears from a certificate of the Chamberlain or a Report of the Finance Committee, presented before or at the time the By-law or Resolution is passed.

IV.

Improvements
not to be autho-
rised without
previous esti-
mate.

No work or improvement shall hereafter be authorised by the Council, without either having an estimate of the probable cost thereof, or (in the absence of an estimate,) limiting an amount therefor. And no contract shall be entered into for such work or improvement at a larger sum, or involving a larger expenditure, than the amount so estimated or limited; and if such amount is found insufficient the fact is to be reported to the Council before the work is commenced or contracted for.

V.

Chamberlain to
keep separate ac-
counts.

When money is hereafter duly authorised to be expended for any purpose, the amount to be expended is not to be credited by the Chamberlain to any Board or Committee, but he is to credit the same to an account to be opened, for the object for which the money is voted; and he shall at the same time charge the amount against the fund out of which the same is to be paid, so as to show how much of such fund is from time to time appropriated; and he shall afterwards charge against the account which is to receive the credit the sums from time to time paid of the amount so voted.

VI.

In case money appropriated to any particular purpose exceeds the amount which such purpose is afterwards found to require, the Chamberlain shall carry the surplus to the credit of an account to be opened in his books for Unappropriated Money.

VII.

No money hereafter voted or raised for any purpose shall be applied to any other purpose, without expressly rescinding or repealing the Resolution or By-law by or under which the same was voted or raised, so far as such Resolution or By-law stated the purpose.

VIII.

For the purpose of better securing to the Council full and accurate information before being called upon to authorise the expenditure of City money—every Report recommending an expenditure of money shall state the reasons and grounds on which the recommendation is made, and shall, as far as practicable, state the same with sufficient fulness to enable others to judge of the propriety of the proposed expenditure.

IX.

For the same purpose, in case the expenditure is for any work or improvement the superintendence of which, if authorised, would fall within the duty of the City Engineer, Surveyor, or some other superior Officer of the Corporation, the Board or Committee shall first procure a Report from such Engineer, Surveyor, or other Officer on the subject of the proposed expenditure, and how far the same is in his opinion necessary or expedient with reference to such of the general interests and require-

ments of the City as fall within the department of such Officer, with his reasons at large.

X.

Course in case of emergency.

No Report of a Board or Committee recommending any expenditure that should fall under the preceding section shall be received by the Council, unaccompanied by the Report of the proper Officer, save in a case of emergency, to be fully shown in the Report of the Committee, and assented to by a vote of two-thirds of the members of the Council present.

XI.

Proper officer to report before Council entertain resolution for expenditure.

No Resolution authorising any expenditure for any of the purposes embraced in the preceding section shall be entertained by the Council, without a like Report having been first obtained from the proper officer.

XII.

Course in case member or officer of Council is interested in improvements.

When any Board or Committee recommends, or any member of the Council proposes to the Council the making of any improvement or the expending of any money, for or in respect of property of any kind, it shall be the duty of such Board or Committee, or of the member introducing the proposal, as the case may be, to ascertain as far as practicable, whether such improvement passes through or along any property in which any member of the Council or Officer of the Corporation is interested or whether any such member or officer is interested in the property for or in respect of which the money is proposed to be expended, and to state to the Council how the fact is in those respects, so far as ascertainable. This in the case of a Board or Committee, shall be done in the report containing their

recommendation, and except in a case of emergency and then with the sanction of two-thirds of those present, no action shall be taken or permitted upon any such report or proposal, until information of the matters referred to in this section is laid before the Council.

XIII.

With the view of preventing Members and Officers of the Corporation from being interested in Corporation Contracts, it is hereby expressly declared that no member of the Council, and no Officer of the Corporation, shall be interested in a private capacity, directly or indirectly, in any contract or agreement for labour, or for any materials goods, wares, or merchandize, furnished to the City, wherein the City is a party interested.

XV.

No account or claim against the City, arising out of or connected with any contract, agreement, purchase or sale, made contrary to section 13, shall be certified by any Engineer or other Officer of the Corporation, or approved by any Committee, or the chairman thereof, or paid by the Chamberlain.

XVI.

interest whatever therein, and further declaring that the persons contracting, and their representatives, are to forfeit all claims under the contract, and for all work done or materials, goods, wares or merchandize furnished under it, if it shall appear that any Member of the Council or Officer of the Corporation is at the time interested therein, or if any interest therein is afterwards given or agreed to be given to him; and providing that no payment is to be required without the declaration being delivered at the time of requiring the same as hereinafter provided.

XVII.

declaration.

If in consequence of the person, or one or more of the persons, claiming, being absent, or for any sufficient cause, the required declaration cannot be obtained, the Finance Committee may, in lieu thereof, receive such other evidence of the facts to be so declared as may be satisfactory and shall in such case report what they do for the information of the council. The Committee to whose Department the account relates, or the Finance Committee may, if they see fit require the declaration in any case to be sworn to before the Mayor.

XX.
