To the Municipal Council of the County of Ontario.

The Standing Committee on County Property and Gaol Management beg to report :

That your Committee are pleased to learn that the County Engineer has been able to effect insurances on the Court House and Gaol on such favorable terms.

That the sewer recommended at the January Session has been contracted for, and is being efficiently constructed, and recommend that the Treasurer be instructed to pay for the same so soon as the Engineer shall certify that the work is completed.

Your Committee further learn with satisfaction that all other repairs and supplies required, have been made and procured on reasonable terms, the sum of eight cents per day for prison diet being sufficient evidence of economy so far as supplies are concerned.

The following accounts having been duly certified by the County Engineer, your Committee recommend that they be paid, viz:

George Cormack.....	43 29

Your Committee would not recommend any further action in regard to the construction of a Shire Hall at the present time.

Your Committee regret to learn that a prisoner lately made his escape from the gaol yard, and are of opinion that while the prisoners are in the yard, constant watchfulness will be necessary.

Your Committee have great pleasure in again testifying to the clean and orderly manner in which the Gaol is kept, and have still reason to be proud of the diligence and care of the keeper of the Court House.

The attention of your Committee has been called to the labour performed by the prisoners in the gaol yard, and a desire expressed that the County should have the benefit of it.

Your Committee learn that the present prison regulations authorize the keeper of the gaol to receive all the benefits that may accrue from such labor.

All of which is respectfully submitted.

Chairman.

REPORT OF THE STANDING COMMITTEE ON FINANCE AND ASSESSMENT.

To the Municipal Council of the County of Ontario :

Your Committee beg to report :

That the County Treasurer reports cash on hand, 1st	
June, inst.	\$4122
Estimated receipts for the remainder of the year.	3200
	\$7322

The Treasurer estimates the expenditure to 1st January next at \$11,953, showing an apparent deficiency for the current year, over the ordinary receipts, and the County Assessment of 1861, of \$4631.

In the opinion of your Committee the actual deficiency for 1862 will not exceed \$3500, exclusive, of course, of the County rates levied the present session of your Council, and which may be paid to the County Treasurer before the 1st January next. This estimated deficiency will cause no embarrassment to the County finances, inasmuch as the County Assessments are now invariably made to cover the estimated expenditure for one full year in advance, commencing the succeeding January after the summer session of the Council. A word of explanation is required to shew the cause of the above noted deficiency of \$3500.—In the report of the Standing Committee on Finance and Assessment, under date 7th June, 1861, the surplus for that year was estimated at \$5310, and subject to the disposal of the Council. The appropriations for Roads and Bridges in 1861, were \$8200, being within a trifle of \$3000 over the estimated surplus, which, with the extra expenditure on County property, fully explains this matter.

Your Committee submit the following estimate of probable receipts and disbursements for the ensuing year, 1863 :

ESTIMATED EXPENDITURE.

Debentures due 1st January, 1863.....	\$1200
“ “ 7th Sept. 1863.....	1200

ESTIMATED RECEIPTS.

Jury Fees.....	\$ 150
Magistrates Fines.....	100
Auctioneers Licenses.....	200
Hawkers Licenses.....	100
Interest.....	200
Government for Criminal Justice.....	2306
	\$3056

Leaving.....\$15000
to be provided for by assessment the present year for the current expenses of the County for 1863.

It affords your Committee much satisfaction to state, that all the Municipalities have paid in full the County Rates for 1861, with the exception of the United Townships of Mara and Rama. The amount due by those Townships is \$2000, which however is fully covered out of the proceeds of the coming sale of lands for unpaid taxes.

NON-RESIDENT TAX ACCOUNT.

Your Committee recommend that the Treasurer pay to the Township Treasurers of the several Municipalities hereinafter named, the respective amount, at the credit of each Municipality in account with the non resident tax fund, viz :

Whitby East.....	\$ 45 57
Uxbridge.....	255 27
Scott.....	255 28
Brock.....	49 90
Pickering.....	149 73
Whitby.....	51 60
Reach.....	
	\$275 39

<i>Less</i> to provide for July interest on N. R. De-	
bentures.....	105 00
	170 39

The following Municipalities are due the Non resident land fund, viz:—

Seugog.....	\$ 73 14
Mara and Rama, to provide for July interest on N. R.	
Debentures.....	25 13
Town of Whitby, to provide for July interest on N.	
R. Debentures.....	30 00
Thorah.....	1072 17
	\$1200 44

The Townships of Seugog, Mara and Rama, and the Town of Whitby, will within a very short time have funds to their credit, proceeds of Tax Sale.

LIABILITY OF THORAH.

In regard to the liability of the Township of Thorah, amounting to \$1072.17, your Committee are of opinion that this amount will not be realized on behalf of that Township at the ensuing sale.

The amount in the warrant now in the hands of the

Sheriff for Thorah is.....	\$4604 89
From which deduct the taxes on the Shortiss Property, Beaverton.....	4178 95

Leaving.....\$ 425 94
only to be realized from the non-resident sale, over and above the claim on the Village property. Even supposing the full amount of \$425.00 to be realized—which however is extremely

doubtful—and charging \$100 for advertising the Shortiss Property in 1860, Thorah would still be in debt to the County about \$750. Your Committee recommend that the County Treasurer obtain from Thorah full payment of the balance due on the account by the 20th December, next.

NORTH-HALF 5, 2ND SCOTT.

Mr. George Smith purchased from the County north-half lot 5, in the 2nd Con. Scott, on the 28th August, 1855. This lot is now advertised for sale for unpaid taxes of 1855, for \$6.59, inasmuch as the property was owned by the County at the time of the assessment in 1855. Your Committee recommend that the Treasurer withdraw the lot from sale, and cancel the taxes on his books now standing against said lot.

AUDITORS' REPORT.

Your Committee recommend that the Auditor's reports, and the accounts connected therewith, be published with the minutes of the present session of the Council.

BANK COMMISSION.

In regard to the item of \$81 22 commission charged by the Bank of Upper Canada, for payment of interest, coupons and County debentures, your Committee recommend that the Treasurer again communicate with the bank on the subject. The County Treasurer informs your Committee that the original understanding with the late Mr. Ridout, was that *no* charge would be made by the bank for such services, that arrangement should now be carried out in its integrity. The item, \$81 22, your Committee are of the opinion should be allowed the County Treasurer, and by him charged against the County.

TREASURER'S EXPENSE ACCOUNT.

The Treasurer has presented an account of \$158 14, being for

C

numerous small items of disbursements paid by him from 1853 to 1857. Those disbursements appear to have been necessary at the time, and incurred wholly for, and on behalf of the County. Therefore, your Committee recommend that the Treasurer be refunded said amount of \$158 14, and that the same be charged against the current expenses of the County.

SALE OF NON-RESIDENT LANDS FOR TAXES.

Mr. Angus Morrison, M. P. P. for North Simcoe, has introduced a Bill in the House providing for the sale of non-resident lands for two years unpaid taxes. Your Committee consider it a great injustice to the resident settler, that while he is forced to pay all taxes each year, the non-resident should have a credit of five years for his County and local rates. Mr. Morrison's measure deserves, and your Committee believe will receive, the approval of the Council.

All of which is respectfully submitted.

Chairman.

REPORT OF THE STANDING COMMITTEE ON ROADS AND BRIDGES.

To the Municipal Council of the County of Ontario.

The Standing Committee on Roads and Bridges beg to report :

1. That they find by the report of the County Engineer, that the moneys appropriated for the improvement of the Centre road in Thorah was not sufficient for the purpose, and that a further sum of two hundred dollars on that portion between the fifth and eighth concessious, and one hundred dollars on that portion between the Cameron road, and the rear of the 5th concession of the Township of Thorah, will be necessary to put those portions of the road in a state fit to be travelled. They would therefore recommend that an appropriation be made of those amounts out of the funds of the County, in order to complete those portions of the road at present unfinished.

2. Your Committee also learn that by the award of the arbitrators in the matter of the Black River Bridge, the sum of twelve hundred dollars has been awarded as the share of this County, to be paid for the erection of the bridge, that they conceive the award to be unjust towards this County, believing as they do, that the inhabitants of the United Counties of York and Peel are more interested in the construction of the bridge than the inhabitants of this County are. Your Committee would therefore respectfully recommend that the County do pay their share of the costs of the arbitration, thirty dollars, and that nothing further be done towards the construction of the bridge, until the same can be built under more just terms to this County.

3. Your Committee would also beg to bring under the notice of the Council the fact that the estimate of the cost of the bridge has been greatly increased in consequence of the waters of the

river being raised by the dam of Mr. Arnold Brethour, and as they conceive that he has no right to overflow a public roadway, they would respectfully recommend that before any further action be taken towards the construction of the bridge, proper means be taken to compel him to reduce such overflow, or pay the increased cost of such bridge caused by such overflow.

4. That a claim has been advanced by Nathaniel Debois for compensation for a portion of land in rear of lot number twenty, in the ninth concession of the Township of Whitby, now used as a highway, in consequence of the allowance for road adjoining thereto being overflowed with water. Your Committee find that the land in question has been used for a number of years as a highway, with the consent of the owner, and before Mr. Debois became possessed of any portion of the land, they therefore consider that he has no claim upon the County for any compensation therefor.

5. That the sum of \$50 be granted to improve the Town-line between the Townships of Mara and Rama, in front of lot 16, and the east-half of lot 15, in the 1st Con. of the Old Survey of the Township of Rama, and that the Township Council of the United Townships of Mara and Rama, be authorized to expend the same.

6th. Your Committee having learned a house for the bridge-keeper is rendered necessary in consequence of the delapidated condition of the present one, they would therefore recommend that a sum of of \$36 be appropriated towards the erection of a house for the keeper of the bridge, provided a like amount be granted by the County of Simcoe.

7. The following accounts having been duly certified by the County Engineer, your Committee would recommend that the same be paid, viz:

To Thomas Paxton & Co., the sum of 221 25, for repairs on Seugog bridge, and materials furnished.

To John Shier, the sum of twelve dollars, for expenses attending arbitration at Toronto.

To John McKay, twenty dollars, half year's salary as bridge keeper Narrows bridge, to 1st May, 1862; also three dollars for repairs on bridge.

That an account amounting to \$32 90, has been presented by Messrs. McKay, Walls and McDougall, Commissioners appointed to superintend the expenditure of money on the Centre road in Thorah. Your Committee think that from the direct advantage secured to those gentlemen from the expenditure of the money in question, they should have willingly undertaken the expenditure of the money without making any charge upon the County therefor. They would therefore recommend that the sum of eight dollars and ninety cents, for disbursements, be allowed them, and that the remaining portion of the account be disallowed.

8. That your Committee would also recommend that an appropriation of one hundred dollars be made for the construction of a bridge on the front of the third concession of the Township of East Whitby, over Warren's creek, so soon as the Municipalities of Oshawa and East Whitby shall each contribute a like amount.

All of which is respectfully submitted.

REPORT OF THE STANDING COMMITTEE ON PRINTING

To the Municipal Council of the Corporation of the County of Ontario.

The Standing Committee on Printing beg leave to report :

That your Committee are aware that the Clerk had given out the contract for Printing according to the directions of the Council, and as Mr. Beach, who received the contract, failed in the performance of the same by some unforeseen cause, and it being necessary that the Clerk should have the work done before the June Session, the Clerk therefore was instructed by the Warden to enquire of the parties that tendered for the work last January, if they would perform the work under their tenders, and in reply, they refused to be bound under the tenders above referred to. Your Committee then learned that the Clerk gave the Printing to W. H. Higgins of the *WHITBY CHRONICLE*, upon the express understanding, that he should have all the work completed in time for the June Session, and his charges should be such as would meet with the entire approval and concurrence of the Council, and under those circumstances, the Clerk thought it advisable to hand over the printing.

That your Committee find that the accounts of Messrs. Mundy & Williams, amounting to \$4.00, also of J. Holden amounting to \$8.00, also Luke & Orr for \$6.00, and D. Beach for \$6.08, are correct, and recommend that they should be paid.

That they find the sum of \$6.12 to be due Mr. Holden, which amount they recommend should be paid, the remaining portion of the account \$14.42, being for advertising notices of Division Courts and Quarter Sessions, with which this Council has nothing to do.

That your Committee having examined the account of Mr.

W. H. Higgins, amounting to \$329.34, recommended that the same be paid.

Your Committee would further recommend that the Clerk be instructed to forthwith advertize for tenders for all printing necessary to be done for this Corporation for the remainder of the present year, and that he accepts the lowest tender if otherwise satisfactory, and that security be required for the completion of the same.

All of which is respectfully submitted.

You will take this matter under consideration, and act thereon in such manner as will govern the Auditors, and I trust, place me in a position to recover the amount.

That in the advertised list of taxes are some lots for which the patent has issued since a portion of the taxes accrued, leaving a doubt in my mind whether such lands should be sold or withdrawn from the list.

REPORT OF COUNTY ENGINEER.

To the Council of the Corporation of the County of Ontario :

The County Engineer begs leave to report :

That on the 1st day of March last, he effected insurance on the County buildings to the amount of \$32,000, as follows, that is to say :—The sum of \$5,000 on the Court House, and \$3,000 on the Jail, in each of the following offices, viz :—The Royal, the Liverpool and London, the Western, and the British America, making in all, \$20,000 on the Court House, and \$12,000 on the Jail, at a premium of one half per cent, being one eighth per cent less than formerly paid. That the unexpired policies in the Western and British America were then cancelled, and the amount paid for the unexpired term credited on the new policies.

That he has agreed with Wm. Dunkley for the construction of a brick sewer from the jail yard to Brock street for \$390, (being the lowest tender,) payable on the completion of the work. The work is now progressing favorably.

That all necessary supplies for the Jail and Court House have been obtained, and necessary repairs made, the accounts for which, having been duly examined and certified, are herewith submitted.

That during the five months, ending on the 31st of May, the Jailor's books show that 29 persons have been confined in jail for periods varying from 2 to 151 days, 25 of whom were males, and 4 females, and that on the 31st of May, there remained in jail 5 males, and 2 females. That the aggregate number of days on which prisoners were on jail allowance, during the above term, is 1514, of this number 1342 were on male allowance, and 172 on female allowance. That the aggregate cost for food dur-

ing the said term is \$121 75, showing an average of about 8 cents per day for each prisoner.

That he has estimated the expense of extending the western extension of the Court House, and raising it another story, so as to admit of a Shire Hall 30 feet square, and 3 committee rooms in the second story, at \$2750.

That the slates on a portion of the roof of the Court House are so much broken, and out of repair, that it will be necessary to have them taken up and relaid, the estimated cost of which together with the necessary quantity of new slates, is \$75.

That he has agreed with Messrs. Angus McKay and Peter Walls for the construction of a bridge over the Beaver River, on the Centre road, north of the Cameron road, in the 4th concession of Thorah, for the sum of \$440, theirs being the lowest tender. The work is now progressing favorably, and will be completed in July. That a further appropriation of \$100 will be requisite to make the road available from the Cameron road to the rear of the 4th concession.

That at the request of the Commissioners appointed in June last, to expend the sum of \$800 on the Centre road in Thorah, he inspected the said road, from the front of the 5th concession, to the rear of the 8th concession of the said Township, and find that a further appropriation of \$200 will be necessary to render that portion of the road available at all seasons of the year.

That he has examined the bridge over the Talbot River, on the Centre road, and does not find any repairs necessary at present. The floating bridge near the mouth of the Talbot river requires some new plank, and other repairs, which he has directed to be made.

That the Scugog bridge sustained some damage from the ice, and the extreme high water during the spring, all of which has

been repaired in a substantial manner. The accounts for which having been duly examined and certified, are herewith submitted.

That at the request of the Warden, he attended at the arbitration between this County, and the United Counties of York and Peel, in relation to the erection of a bridge over the Black River, on the County line, between the townships of Scott and Georgina. The award of the arbitrators is herewith submitted. That he also examined the site of the proposed bridge, and estimated the cost thereof, with the necessary embankment, at \$2,000. The water being raised to a considerable extent on the County line by a mill dam erected across the same river, on lot No. 23, in the 1st concession of Georgina. The expense of the bridge and embankment is therefore more than would otherwise be necessary.

All of which is respectfully submitted.

JOHN SHIER,
County Engineer.

County Engineer's Office,
Whitby, June 3rd, 1862.
