"QUICK-O"

Washing Tablets

"QUICK-O" the Best Washing Tablet
on the Market

EASY TO USE—EASY ON THE CLOTHES

Do Your Washing in Half an Hour

1. QUICK-O is warranted to contain nothing injurious to the clothing or skin, and to wash cleaner, and with less labor than any other preparation on the market.
2. For washing flannels it has no equal — guaranteed not to shrink them and make them softer than before washing.
3. It is recognized as a necessity and a labor saver wherever it is used, and acknowledged by experts as the best washer ever invented as it is strictly free from acids and alkalies.
4. No more tired arms ; no more backaches ; makes clothing as white as snow and makes muslin look like linen.
5. It is economy to use it because clothes are more worn out by washboards and washing machines than by actual wear, and QUICK-O requires neither one nor the other.

(See directions.) Taking out every particle of dirt, brightening the colors and making them look like new.

QUICK-O cannot be excelled for cleaning CARPETS, RUGS, FLOORS, WOODWORK, OIL CLOTH, LINOLEUMS, SILVER, NICKLE, BRASS, GILT PICTURE FRAMES, OIL PAINTINGS, CUT GLASS.

Ask your Grocer for it. Price 5c per Tablet or 6 for 25c.
