LEWIS'
Compound Syrup of the Hypophosphites

**For strengthening the Lungs and Throat
For strengthening the Nervous System. For toning the
Digestive Organs. For Chronic Cough.**

Does not constipate the bowels or produce nausea. This is an elegant Pharmaceutical preparation; does not deposit. Is a true Syrup of Hypophosphites, and will be found vastly superior to so-called Syrups of Hypophosphites. In bottles at 50c. and \$1.00.
