ONE COPY to be forwarded to:

THE OTHER to be retained by the
Library.

#### PROGRESS REPORT

Include here any special developments in the library during the year, such as alterations to building, establishment of film or record collection, publicity, etc. Also comment on trends in circulation.

- The Children's Library was completed and opened for library service in September. In addition to the normal activities, story hours and educational film shows have been featured.
- The circulation for 1950 appears to be less than that for 1949, this is actually not the case. The method for recording circulation in 1949 was found to be inaccurate.
- 7. The figures for Registration are those for patrons, who have not only registered but are actively availing themselves of library service. The 1949 figures included a number of persons, who had been registered for some time but who were not regular supporters of the Library.
