Welcome and Greetings

THE joy of a "Welcome Back at Home" will not be complete unless the story is told in the language of the Soul. "Over There" music brought home-love to the dug-out and camp fire, and now, "Over Here," when words fail in the unspeakable joy of reunited hearts and homes, music tells the story over and over again.

Columbia Records tell how the home love fires were kept burning for Daddy while he was "Over There," and through Columbia Records, Daddy, too, can tell of his struggle for their liberty, peace and happiness.

All that is beautiful, grand and glorious in the music of the world is to be found recorded on Columbia Records—and any one or every one can be in your home. Ask any Columbia Dealer for catalogue.
