1868.

P R E F A C E .

THE first edition of the "County of Halton Gazetteer and Directory" is here presented to the public, with that degree of diffidence which a profound anxiety with regard to its thoroughness, accuracy and general usefulness would naturally occasion in the mind of its author, and yet with the consciousness that every effort has been made to ensure its fullest efficiency.

In the preparation of the book every care has been taken to meet, as far as possible, the wants of all classes of the community; and with this end in view, in addition to the alphabetical list of residents of the several towns and villages, full and complete list of farmers in each township has been given.

It is believed that the book will be found as accurate as works of this character usually are, and taking into consideration the many sources from which information had to be obtained, the compiler would ask the kind indulgence of its many patrons and the public to overlook any omissions or errors that may be found in its pages.

The printing and binding were executed at the Steam Printing House of Messrs. A. Lawson & Co., King Street West, Hamilton, and in mechanical appearance will compare favorably with any similar book published in the Province of Ontario. The embossed covers were done at the establishment of Mr. Richard Haigh, Hamilton.

The Compiler desires to present his acknowledgements to the Press of the County, to Wm. Panton, Esq., County Clerk, and other gentlemen for the facilities afforded him and kindness experienced at their hands in giving every information in their power.

To the subscribers and advertisers is especial gratitude due for the very liberal support given the enterprise.

NICHOL'S BOILER SEDIMENT REMOVER.

PATENTED JUNE 28, 1868.

The Subscriber begs to inform manufacturers and others using steam power, that he has invented a new and very useful apparatus to prevent the accumulation of sediment, incrustation, foam, &c., keeping the water thoroughly clean; and being a great saving of fuel, it is also a great preventative of boiler explosions, which we daily read of, and which arises in a great many instances from the accumulation of incrustation, &c. in the bottom of the boilers. It likewise generates much more steam with a smaller quantity of fuel than is generally used, it is also a great saving of time and trouble, as an engine can run night and day for five or ten years, without requiring any delay of stoppage to clean boilers, &c. Every person using steam power should have one, as they are without doubt, the best and most economical and cheapest invention ever brought before the public.

DARBYVILLE.

A village in the township of Nassagaweya, situated on the stage road leading from Wellington Square to Guelph, distance from the former place twenty-one miles, from the latter twelve miles, and twelve miles from Milton the County town, it is favorably situated being at the intersection of the Aberfoyle and Acton road with the aforesaid Wellington Square and Guelph line, and equal distance from Abber-

foyle and Acton, which is seven miles to either place. This village was laid out by the proprietors in 1856, and contains one church the New Connexion Methodist a handsome frame building with stone basement erected in 1847 at a cost of \$1,800, having capacity to seat three hundred. The congregation was formed in 1833. The Methodist new Connexion Congregation in this place was originally gathered by the Rev. Wm. Martin, a local elder, and worshipped in a log chapel until 1847 which then gave place to the beautiful church now occupying the same site, shortly after its formation the church was placed under the pastoral care of the regular ministers of the Body, under whose oversight it has made gratifying progress. The Rev. H. Wilkinson is the present minister, connected with the Church is a respectable parsonage, and also three other small chapels.

HALTONVILLE.

A village in the Township of Nassagaweya, situated on the stage road leading from Wellington Square to Guelph, distant from the former 20 miles, 14 from the latter, and 12 miles from Milton. It contains one church, the Canada Presbyterian Church, built of stone, of handsome appearance, in 1862, at a probable cost of \$3,000, having capacity to seat 350 persons. There is a very nice cemetery attached. Rev. Jas. Little, Minister. The congregation was formed at the time of the early settlement of the Township of Nassagaweya by the Rev. Mr. Ferguson, now deceased; the Rev. Mr. Meldrum then labored for some time, giving occasional supply till his labors in East Puslinch became so onerous that he was forced to resign, Rev. A. J. Macauley was then the choice of the congregation, who labored earnestly and faithfully for ten years, when in 1863 he was called to his rest. The congregation was vacant three years before their present pastor, the Rev. J. Little was settled over them. Generally speaking, they are all in easy circumstances, enjoying the fruits of their industry in the past. The village has a good drill shed, one first-class hotel, two stores, and a Town Hall.

MILTON.

The County Town of the Connty of Halton, was Incorporated by Special Act of Parliament, on July 4th, 1857. It is admirably adapted for the County seat, as the centre of the town has been demonstrated by surveyors to be the exact central point of the County, and the corners of the four Townships, Trafalgar, Nelson, Nassagaweya, and Esquesing, which compose the compact little County, are within a trifling distance of Milton, which is situated in the north-west corner of Trafalgar. Being incorporated as a Town, and divided into three wards, it has a Mayor, Reeve and nine Councillors, being three for each ward. The North ward contains 200 acres, being all north of Main street, consisting of Martin's survey, of lot 15 in the 2nd concession; the East ward consists of 100 acres, being all east of Commercial street, and is called Teetzel's survey; the South ward is also 100 acres south of Main street and west of Commercial street, it is called Foster's survey. The Town is regularly laid out, with streets crossing at right angles, and contains fine County buildings, Town Hall, and many fine private residences built of an excellent description of freestone, quarried in large quantities from the mountain, which is a continuation of the mountain at Hamilton, coming up through Nelson to within a mile of Milton, when it turns off to Esquesing on the north. The County buildings were erected at a cost of \$23,000, and the Town Hall, a more recent structure, cost \$5,000. It contains the offices of John Dewar, Jr., County Attorney, and Matheson & Dixon, Barristers at Law, besides a spacious reading room and Council Chamber; the whole of the upper story is reserved for a public Hall, capacious enough to hold seven hundred, seated. The Mechanics' Institute have also placed an elegant new Piano in the Hall, for their own concerts, and for rental.

The *Canadian Champion*, published by R. Matheson, every Thursday morning, for \$1 a year in advance, has a very large circulation, and is considered the best advertising medium in Halton. Five Church edifices have been erected by the Episcopalians, Presbyterian Church of Canada, Church of Scotland, Wesleyan and New Connexion Methodists, and Roman Catholics. There are also, an excellent Grammar School, and Central School, besides several private academies.

Messrs. Plewes & Warcup carry on the Milton Flouring Mill. It contains 3 run of stone and has the capacity of turning out 75 barrels daily, the Mill is built of stone and is 4 stories high. A Saw Mill and Planing Factory within the corporation, and a Woollen Factory just without the corporation situated on the Sixteen Mile Creek, a fine stream passing through the centre of the town and thence to Oakville, where it enters Lake Ontario.

An extensive Iron Foundry and Agricultural Works established by Messrs. Brothers & Hatton, who employ about twenty hands and an engine of 20 horse power. The premises are built of stone, two stories high and 40 by 50 feet, having a one story stone building in rear 100 by 25 feet, also a wing of frame 100 by 25 feet. This firm manufactures Ball's Ohio Reaper and Mower, Threshing Machines and Agricultural Implements generally.

Messrs. Lindsay and Miller employ from eight to ten hands and an engine of 15 horse power, in the manufacture of staves, barrels headings, &c.

Two carriage shops, a tannery, and a number of fine general stores, do a large business. Four excellent hotels accommodate the travelling public, and there are stages running twice a day to Georgetown, Hamilton *via* Carlisle, and twice a day to Bronte station on the Great Western Railway, about 11 miles distant. Milton does a fine local trade, being situated in the centre of a wealthy agricultural district, about 11 miles from the Great Western on the South, and 12 miles from the Grand Trunk on the North; the distance to Oakville is 16 miles, to Hamilton 25, and to Toronto about 40 miles. Population 1000.

the County town, twelve miles. It contains one church Disciples of Christ, a frame building erected in 1868. One first class hotel, one store and post office, and one temperance house. In the industrial trades there is one tailor shop, and a cabinet shop. The Disciples of Christ's meeting house is a handsome frame with stone basement, 32 by 26 feet; erected in 1868 at a probable cost of \$600, having capacity to seat 250. This church was first organized under the labours of the very talented elder, Edmund Sheppard about six years ago, since that time elders Black, Lister, Kilgour and others have labored in this church with much success.

Oakville Expansion Sought by Reeve VILLE.

"Oakville, Sept. 19th 1946 (Special).—

"Oakville must expand its land area," Reeve Charles Hillmer declared at Town Council meeting tonight. He was commenting on the number of new industries starting in the municipality.

"Our population is increasing and we must take in more territory," he continued. "With such industries as Canadian General Electric coming here and expecting to employ 700 to 800, the town has to extend east or west or we will not have room for these people, and the population will remain at 4,800. The town has sold all its vacant lots, and I feel we should approach the Ontario Government about extending into the township."

streets intersecting each other at right good public buildings, and private mansions may be noticed:—The church of ith stone basement, spire and vane This church has capacity to seat three out three thousand dollars. There is a g to the St. Jude church; the Rev. ne Canada Presbyterian Church is a ilar capacity, and worth about two

in height, it cost about three thousand dollars and has the capacity to seat three hundred persons. Rev. J. Ryan, Roman Catholic priest.—The Wesleyan and the Episcopal Methodists have also good frame churches in the town, and large congregations. The former is in the charge of the Rev. James McCullough and Rev. T. C. Brown is the officiating minister of the latter.

The united Grammar and Common School is a good substantial two story brick building in which there are four teachers;—viz John Pepper Esq. B.A. principal; J.W. Narroway and Misses. Marcus and Mills.

The town hall and market house are built of like dimensions and material

The Roman Catholic separate school is a good two story frame building 24 by 36 feet with basement. It was erected in 1860 through the exertions and at the expense of the Rev. J. Ryan, Roman Catholic priest. The average attendance of pupils is about eighty to ninety.—Miss Ellen Higgins is teacher, assisted by Mr. M. Fitzgerald.

There is also a good temperance hall, but no organization at present. The Masonic order has a strong Lodge here known as the "White Oak Lodge, No. 198," its regular meetings are on the Tuesday evening on or before the full moon, George K. Chisholm, W. M.

Loyal Orange Lodge, No. 272 meets on the first Wednesday of each month in its hall, Edward Hillmer, Worshipful Master.

There are five good taverns for the accommodation of the travelling public where attention and ample accommodation will be found.

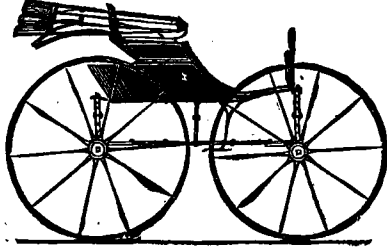

Among the manufacturing establishments we notice the large steam engine works of Mr. John Doty; Mr. Woods' planing mills, door, sash and blind factory, also manufacturer of a superior washing machine. The patent leather tannery carried on by Mr. R. B. Milbourne, Mr. Chisholm's flour mills and Mr. Townsend's brewery.

In the mechanical pursuits, the very extensive carriage factory of Mr. J. Hagaman; the Excelsior carriage works of Messrs. Harper & Helson with several others claim attention

The town of Oakville is distant from Milton the County town sixteen

WELLINGTON SQUARE.

A post village and station on the G. W. R., in the township of Nelson. It is pleasantly situated at the head of Lake Ontario, and surrounded with the most romantic and picturesque scenery. It possesses a very good harbor; a large quantity of lumber and grain is shipped from this port. The village contains some very fine church edifices and other public and private buildings.

The Church of England is a handsome frame building erected in 1835 at a cost of \$2,500, having the capacity to seat 300; the approach to the church is most tastefully decorated with ornamental and shade trees that cannot be excelled; there is in connection with the church a Rectory endowment of 400 acres—Mrs. Kerr, daughter of the late well known Captain Brandt, was the donor of the church site. The Wesleyan, and Episcopal Methodists, and the Roman Catholic churches are built of brick and cost about \$10,000 each; the Presbyterian and Baptist churches are neat frame buildings. The school house is of brick, a large two story edifice, in which there are two teachers engaged, Mr. Bradin and Miss Morrison.

There is a large brick Temperance Hall in which a division of the Sons of Temperance meet regularly. The Masonic Order has a Lodge here, viz., Burlington Lodge, No. 165, which meets at W. Square on the Wednesday on or before full moon in each month, William Kems, W. M. The Loyal Orange Lodge, No. 1182, has its regular meetings on the second Thursday of each month, Joseph Langrie, W. M.
