One of the Testimonials.

From DR. DUNCAN MCCALLUM, Montreal:—I, the undersigned, have been suffering very much for the last two years from Rheumatism in the ankle joint, so much so that I was often prevented from attending to my calling, but three applications of Dr. Birnbaum's Rheumatism and Gout Remedy gave me that relief from pain and stiffness which I did not experience for the last two years, and after eight day's use of this remedy I find myself entirely cured.

I owe this statement to the public, to the profession and to the merits of the genuine article.

PREFACE.

The Annual labor of compiling the "DIRECTORY FOR THE CITY OF OTTAWA," has this year been much increased, by adding thereto a "CENTRAL CANADA DIRECTORY." On examining the pages under this title it will be seen that returns from one hundred and thirty-four cities, towns and villages in the surrounding Counties, are made. This work has entailed a considerable amount of labor and expense in procuring, but it is confidently believed will be found useful to those doing business throughout the Ottawa valley. The returns for Almonte, Arnprior, Brockville, Carleton Place, Pembroke, Prescott, and Renfrew, in particular, will, it is hoped, be found complete, as every effort has been put forth, in consequence of their commercial importance, to render them reliable in every respect. It will be easily understood that such an extensive correspondence, over so extended a territory, must result in some unlooked for delays, and in some measure retard the publication.

The *Street List* is corrected up to date, but it will be seen that many houses were without numbers at the time of taking the information. It would be very advisable if house-holders, and especially builders of houses, would, at their completion, apply to the proper authorities for their properly defined numbers, thus obviating this difficulty for the future.

It would almost seem unnecessary to refer again to the difficulty experienced in obtaining the required information from householders, but we have experienced the same reluctance as formerly to giving it; therefore the public must expect some short-comings, more especially in the names of *boarders*. In several cases the householders have refused giving names, other than their own, although well known to be boarding-house keepers.

With regard to Population, it will be observed that the city has returned to its average rate of increase, noticed as having taken place for the last eight years,—that is, we have again increased a thousand within the space of a year.

A new and enlarged *Map* is presented to our subscribers, being about a third larger than the one published in 1874, with the wards in colors, and having all the public buildings marked thereon, the number so noted being ninety-nine. The streets are named in accordance with the by-law passed by the City Council, so that the nomenclature is now complete,—twenty-nine changes and additions to the names of streets having been made since the last map was published.

The following figures have been carefully compiled from the returns of the City Assessors:—

POPULATION.

	1869.	1874.	1875.	1876.
Victoria Ward	3,034	3,092	2,821	2,513
Wellington "	3,664	5,598	6,864	6,849
St. George's "	3,373	4,066	4,393	4,443
By "	5,260	5,419	3,668	4,995
Ottawa "	5,350	6,458	6,516	6,414
Totals	20,681	24,633	24,262	25,214

This will bring the population of the City and its environs to about 38,000.

ASSESSMENT.

	1869.	1874.	1875.	1876.
Victoria Ward	$ 955,575	$1,608,975	$1,656,300	$1,681,750
Wellington "	1,541,285	3,849,222	4,663,925	5,039,075
St. George's "	1,103,166	1,955,675	2,313,525	2,350,950
By "	873,640	1,331,775	1,546,070	1,540,550
Ottawa "	608,013	925,073	1,074,815	1,101,145
Totals	$5,081,679	$9,670,720	$11,254,635	$11,713,470

The Assessment of the City, as appears by the above figures, exhibits an increase, although not in the same ratio with the year previous.

NUMBER OF VOTERS.

	1873.	1874.	1875.	1876.
Victoria Ward	402	558	595	553
Wellington "	715	1,263	1,610	1,668
St. George's "	675	890	970	973
By "	657	878	1,136	1,197
Ottawa "	553	904	1,195	about 1,190
Totals	3,002	4,493	5,506	5,581

[We have been obliged to *estimate* the number of voters for 1876, in the case of Ottawa Ward, as the returns have not been completed].

POST OFFICE SAVINGS BANK, CANADA.

—:o:—

1. The following Post Office Savings Banks in Ontario and Quebec are open daily for the receipt and repayment of deposits, during the ordinary hours of Post Office business.

2. The direct security of the Dominion is given by the Statute for all deposits made.

3. Any person may have a deposit account, and may deposit yearly any number of dollars, from $1 up to $300, or more with the permission of the Postmaster General.

4. Deposits may be made by married women, and deposits so made, or made by women who shall afterwards marry, will be repaid to any such woman.

5. As respects children under 10 years of age, money may be deposited—

FIRSTLY—By a parent or friend as Trustee for the child, in which case the deposits can be withdrawn by the Trustee until the child shall attain the age of ten years, after which time repayment will be made only on the joint receipts of both Trustee and child.

SECONDLY—In the child's own name—and, if so deposited, repayment will not be made until the child shall attain the age of ten years.

6. A depositor in any of the Savings Bank Post Offices may continue his deposits at any other of such offices, without notice or change of pass-book, and can withdraw money at that Savings Bank Office which is most convenient to him. For instance, if he makes his first deposit at the Savings Bank at Cobourg, he may make further deposits at, or withdraw his money through, the Post Office Bank at Collingwood or Quebec, Sarnia, Brockville, or any place which may be convenient to him, whether he continue to reside at Cobourg or remove to some other place.

7. Each depositor is supplied with a pass-book, which is to be produced to the Postmaster every time the depositor pays in or withdraws money, and the sums paid in or withdrawn are entered therein by the Postmaster receiving or paying the same.

8. *Each depositor's account is kept in the Postmaster General's Office in Ottawa, and in addition to the Postmaster's receipt in the pass-book, a direct acknowledgment from the Postmaster General for each sum paid in is sent to the depositor. If this acknowledgment does not reach the depositor within ten days from the date of his deposit, he must apply immediatety to the Postmaster General by letter, being careful to give his address, and, if necessary, write again, because the Postmaster's receipt or entry in the pass-book is not sufficient without the further receipt for the money from Ottawa.*

9. *Every depositor must send his book, once a year, viz., on the anniversary of his first deposit, for comparison with the Books of the Department, and for insertion of interest. The book will be returned to him by first mail. At no other time should a depositor suffer his book to be out of his own possession.*

10. When a depositor wishes to withdraw money, he can do so by applying to the Postmaster General, who will send him by return mail a cheque for the amount, payable at whatever Savings Bank Post Office the depositor may have named in his application.

11. Interest at the rate of 4 per cent. per annum is allowed on deposits, and the interest is added to the principal on the 30th June in each year.

12. Postmasters are forbidden by law to disclose the name of any depositor, or the amount of any sum deposited or withdrawn.

13. No charge is made to depositors on paying in or drawing out money,

nor for pass-books, nor for postage on communications with the Postmaster General in relation to their deposits.

14. The Postmaster General is always ready to receive and attend to all applications, complaints, or other communications addressed to him by depositor or others, relative to Post Office Savings Bank business.

COUNTY OF LEEDS.

Brockville, the County Town of the united counties of Leeds and Grenville, is one of the most beautifully situated towns in Canada. It is built on gently rising ground immediately at the foot of the Lake of a Thousand Islands, in the 1st concession of the Township of Elizabethtown, and County of Leeds. It is a station on the Grand Trunk Railway 125 miles from Montreal, and is also the terminus of the Brockville and Ottawa Railway, whose head offices are located here. The streets are well laid and are assuming the style and proportions more of a city than of a country town; a very few years would seem to realise this step in its destiny. It has churches of all denominations, banks, foundries and machine shops, for the production of steam engines, stoves and machinery of every description, tanneries, mills, and factories, producing all the staple articles, and chemical works for the production of sulphuric acid and superphosphate of lime. By reference to our advertisements it will be seen that this town supports three newspapers, and has several manufactures that cannot be embraced in the usual list of mills and factories. The population is about 6,500.

GOVERNMENT HOUSE, OTTAWA,

Friday, 7th day of May, 1875.

PRESENT:

His Excellency the Governor General in Council.

WHEREAS it is provided by the 58th Section of the Act 31 Victoria, Chapter 6, intituled: "An Act respecting the Customs," that the importer of any cattle or swine may slaughter and cure and pack the same in bond, under such Regulations and restrictions as the Governor in Council may from time to time make for this purpose;

And whereas it has been found expedient to give effect to the said Section 58, in so far as regards the importation of swine, and to alter the terms of the Regulations for this purpose, adopted by Order in Council of 22nd day of May, 1868,

His Excellency, on the recommendation of the Honorable the Minister of Customs, and under the provisions of the said Act has been pleased to order, and it is hereby ordered, that the said order in Council of the 22nd of May, 1868, and the Regulations thereby established be and the same are hereby repealed, and that the following Regulations be and are hereby adopted and established in lieu thereof—that is to say.

1. Upon the importation of swine for the purpose of slaughter, the Importer shall enter the same for Warehouse, upon the usual form of such entries, stating upon its face, the number and value of the herd, and also the quantity of pork, bacon, hams and lard, which the number stated will produce when slaughtered and dressed, at 113 pounds weight for each live hog so imported, and the amount of duty to which such produce is or may be liable under the rate prescribed by the tariff in force at the time being as the proper duty on meat of that kind. Such Importer shall then execute a

bond to the Queen, in double the amount of such duty, the condition of which bond shall be, that upon the due exportation within one year of the said products of the swine so imported and converted into pork, bacon, hams and lard, or payment of the duty secured by the said bond, then the said bond shall be and become null and void, otherwise shall remain in full force and virtue.

2nd. Upon the reception into the Bonding Warehouse, the swine shall be regarded only as meat, and it shall not be lawful to remove any of them from such Warehouse alive; nor shall any part of the produce of such swine be removed therefrom, for any purpose, without a permit from the Collector or proper Officer of Customs, as in the case of all other bonded goods.

3. Swine imported in the carcass to be cured and packed in bond, may be entered in the usual way for Warehouse, and be placed in the premises established as a Warehouse of this class for the special purpose of curing and packing. The weight of such carcasses to be duly ascertained by the proper Officer of Customs, and the Importer shall give bonds to the Queen in double the amount of duties accruing thereupon under the tariff then in force, conditioned for the due exportation of the same, or payment of duty within two years from the date of first entry.

4. The killing pen, curing and packing houses, and all cellars, stores, or other apartments included in such Warehouse, shall be accessible at all times between sunrise and sunset to the inspection and survey of the Collector or Inspector of Customs, or any Officer of Customs to whom the duty of such inspection may be assigned by them or either of them.

5. The produce of swine imported alive and warehoused for slaughter, at the said rate of 113 pounds for each hog, and the meat of the swine imported in carcass for curing and packing, at the actual ascertained weight at first entry, shall be subject while in bond to all changes in the tariff rate of duty, and when entered out of bond for home consumption, shall pay the rate of duty in force at the date of such entry.

UNIVERSITY COURSE.

THE COLLEGE OF OTTAWA, under the direction of the Oblate Fathers of Mary Immaculate, is situated in one of the most healthy localities of the city. The play-grounds are vast, and so the students have ample room for healthy out-door exercises. The addition of a new wing, now completed, will enable the Directors to receive henceforth three hundred boarders, and afford them every desirable accommodation. The Classics and the various branches of Science and Commerce are here taught in English; but the culture of the French language is also carefully attended to; for it is, together with English, the language of the capital, and the students represent both the French and the English populations of the adjoining provinces of Quebec and Ontario.

The programme of studies comprises:—

1st. Commercial Course.
2d. Civil Engineering Course.
3d. Classical Course.

The degrees of "B.A." and "M.A." are conferred after due examination. The scholastic year is divided into two terms of five months each. At the close of each term reports are forwarded to parents. The annual vacation begins on the last Wednesday of June, and ends 1st September.

Chelsea, P. Q.—A small village situated on the west side of the Gatineau river, in the township of Hull, and county and district of Ottawa. That part of Chelsea called "Old Chelsea" is about a mile distant from the village proper, which is situated about half a mile from "Gatineau Mills." The scenery in this vicinity is very fine, and the lakes adjacent are becoming a favorite resort of the citizens of Ottawa, a number of whom are now building summer residences around the nearest lake—in an admirable location; being salubrious, contiguous to village, post office, telegraph, &c, and, at the same time, as retired and secluded as can be desired. There are four churches—Roman Catholic, in Old Chelsea, Anglican, Presbyterian and Wesleyan Methodist, in New Chelsea; a fine Town hall, and a very creditable model school house. Distant from Ottawa 8 miles. Daily stage from Ottawa; Population 250.

Hull—Is the chief town in the township of Hull, in the county and district of Ottawa, province of Quebec. It is the most important place in that province west of Montreal, and is noted for its very extensive lumber trade. It possesses unrivalled water power, which is utilized by a number of mills and factories. Prominent among the latter are E. B. Eddy's large buildings, in which sashes, doors, blinds, mouldings, pails, tubs, zinc washboards and matches are manufactured. Other important manufacturing establishments are Batson & Currier's steam saw mills; Gilmour & Co's steam saw mill, (lately destroyed by fire) now in course of re-erection; Crandall & Co's saw mills; C. B. Wright's Cement and Lime manufactory; H McCormick & Son's flour mills, &c. The City is connected with the Capital of the Dominion by means of a handsome Suspension Bridge, which spans the Ottawa river, immediately below the Chaudiere Falls, and from which a magnificent view is to be had of this second Niagara. Distant from Ottawa Post Office, one mile; from Aylmer, the county town, eight miles; from Montreal, by water, 130 miles—by rail, 167 miles Is classed with the City of Ottawa under the Exceptional Postage rates, and has ample Mail and Telegraphic accommodation, and a population of about 11,000.

L'Orignal—The county town for the united counties of Prescott and Russell, is prettily situated on the banks of the Ottawa River, 59 miles east of Ottawa City, and 66 west of Montreal. The place is one of the oldest settlements on the Ottawa, having been settled in 1798. The late Rev. Edward Johnson was the first white child born in the County of Prescott on the banks of the Ottawa River, and within the limits of the present village. The village was laid out and surveyed about the year 1810, and was established as the County town for the old eastern district, about the year 1816, although the court house and jail were not erected until the year 1822. It obtained an Act of Incorporation in February 1876, and the first village council were elected under the new Act shortly after. John Millar, Reeve, and E A Johnson, Village Clerk. The village is small, the population being about 800. The only public buildings are the Court house and jail, Mechanics' Institute, Roman Catholic and Presbyterian churches, Masonic hall, County Registry office for the County of Prescott, besides a High School,
