A Low Mortality is the Chief Source of Profit-Earning Power in a Life Insurance Company

"Our ratio of death losses was again remarkably low, and we believe we are still justified in claiming an unequalled record for favorable mortality in our Temperance section. Our record in this respect we put forth as our strongest plea for public support, at least for the support of total abstainers. Our experience with regard to the two sections corresponds exactly with the comparative record and experience made by every company throughout the world that has classified its risks similarly, *i.e.*, we have had a favorable mortality in our general section, and a much more favorable record in our Temperance section." —*Annual Report, Jan.*, 1900.

Our new form of policy—"THE ABSTAINERS' GUARANTEED INVESTMENT PLAN"—is being received everywhere with favor. Send age next birthday, and ask for particulars.

It reaches the buying classes.

DON'T LEND YOUR DIRECTORY!

The patrons of our Directory are frequently inconvenienced by

BORROWERS;

not the stranger or private citizen, who steps in, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are TOO MEAN to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks unless you send for it before.

These same borrowers tell our Canvassers that they have no use for a Directory.

INTRODUCTION.

We present this, the twenty-seventh volume of the Ottawa City Directory, to our patrons, with the feeling that they with the citizens generally, will fully appreciate the difficulties we had to contend with in procuring the information this year, on account of the terrible fire of April 26th and 27th last.

A much larger staff was employed and no expense was spared in our efforts to make the Ottawa City Directory as complete a work of its class as any published on the continent of America, and we believe our object has been accomplished.

The average number of vacant houses as shown by the Street Directory, from 1893 to 1899 inclusive, has been 573 and of vacant stores, 85.

This year's Directory shows only 329 vacant houses and only 45 vacant stores. When we take into consideration the large number of new buildings which have been erected in Ottawa during the last two years or so, these figures give a very good idea of the growth of the city.

The Alphabetical portion of the Ottawa City Directory, however, will give us even a closer estimate of the increase.

Taking the years 1893 to 1899 inclusive, the average yearly increase in the number of names has been 672. This year's Directory shows an increase of 854 names (exclusive of names of firms and companies).

The actual number of individual names in the Ottawa City part of this volume is 22,850. By using the usual multiple, 3, we estimate the population of Ottawa to be at the present time 68,550.

We tender our sincere thanks to those who, by their patronage and support, have materially aided and encouraged us in our work, also to those who kindly assisted in collecting some of the information required to make this volume such a complete work of reference.

DON'T LEND YOUR DIRECTORY!

The patrons of our Directory are frequently inconvenienced by

BORROWERS;

not the stranger or private citizen, who steps in, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are TOO MEAN to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks unless you send for it before.

These same borrowers tell our Canvassers that they have no use for a Directory.

DON'T LEND YOUR DIRECTORY!

The patrons of our Directory are frequently inconvenienced by

BORROWERS;

not the stranger or private citizen, who steps in, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are **TOO MEAN** to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks unless you send for it before.

These same borrowers tell our Canvassers that they have no use for a Directory.

It is a safe-guard against the Chronic Borrower, or the man who borrows the Directory for five minutes and never returns it.
