UNION PUBLISHING CO'S

[OF INGERSOLL]

FARMERS'

—AND—

BUSINESS DIRECTORY

FOR THE COUNTIES OF

GREY, WATERLOO AND WELLINGTON.

VOL. IX.

ISSUED BIENNIALLY BY

UNION PUBLISHING COMPANY, of INGERSOLL

PREFACE.

The publishers in presenting the ninth edition of their Business and Farmers' Directory of the counties of Grey, Waterloo and Wellington, have endeavored to merit the approval of the public, by presenting a work that will be found the most complete, of the kind, ever published in the district. It will be found to contain more information of a nature valuable to business men of all branches than any other publication heretofore placed in the hands of the people.

Among the contents will be found the name of each farmer, whether owner or tenant of a lot outside the limits of each city, town or village, with post office, lot and concession ; a complete list of towns, with the business people alphabetically arranged ; also a separate list of business people classified with reference to their business. The whole combined making one of the most complete directories ever published.

Thanking those who have kindly given us information ; also the business people and the public generally who have given the work their support.

We remain respectfully yours,

UNION PUBLISHING CO., OF INGERSOLL,

PUBLISHERS,

INGERSOLL.

...Job Printing...

DEPARTMENT.

The Finest Printing of every description at Lowest possible Rates consistent with Good Work.

Do you Read? If so, read this. Our Jobbing Department has undergone a thorough re-modelling during the past year. We have dispensed with all our old type and machinery, which we considered as entirely inadequate for modern work, and replaced it with plain and ornamental type of the most useful and elegant character, and presses, both cylinder and platen, that are beauties for modern mechanism and speed. We are now in the foremost rank of Printerdom in the country—our work attests this. Our work is all done well. It is folly to think and reason that only the best work comes from the very large cities. People the world over now want better Printing than they used to and will go where they can get it. There is not so much of "Sandy's a friend of mine" in the world as there used to be, and the people will continue more and more to get their Printing where it is best and cheapest done. Our establishment is equipped with the one idea of SATISFYING our Customers with regard to quickness, quality and moderation in prices, and, in fact, all points. We can handle any work, no matter how large. We are always ready to furnish estimates on all kinds of BOOK, CATALOGUE, POSTER, AND COMMERCIAL PRINTING in plain black or colored inks. Be sure your work bears the imprint of the "Mercury Electric Press, Guelph."

To the Trade :

Having three large cylinder presses we are in a position to do presswork for the trade. If you have a job you want done quickly and cannot very well handle it, try us. We can save you money on presswork, or if you want us to do the whole job we can allow you a splendid margin.
